LPC Presentation 01.27.2026

Legalization of Installed Stoop Gate:

- The owner is requesting the legalization of an iron stoop gate installed at the bottom of the front stair. The gate was custom designed and fabricated to match the style of the existing historic stair railings.
- The gate was installed to address persistent and serious safety, security, and hygiene issues caused by people sleeping and relieving themselves on the stoop and leaving drug paraphernalia.
- The stoop gate has helped to alleviate these conditions and improve security without detracting from the townhouse or the streetscape.

Dear Sir/Madam,

I'm writing in support of the tasteful wrought iron front entrance gate which our neighbor Noah Glick has added to his brownstone at 118 W 12th Street. Owing to the rise of homelessness and the drug use which often seems to accompany it, both Noah and I have been faced with ensuring that a congregation of drug users doesn't end up on both our front entry stairways. We have been struggling with the frequent use of our stairways as a place for drug users to pause and partake of their drugs which has rendered access to our front doors, at times, unsafe. Noah's is a very elegant solution as, by matching the wrought iron work, he has made the gate appear historically of a piece with his house and has vastly improved the privacy of his front stairway. I trust that you will look favorably on this addition which in no way diminishes from the historic and beautiful aspect of both of our townhouses.

Yours faithfully,

Olivia Lewnowski

Appendix B- Proposed Automatic Closer

18

Aluminum Hydraulic Storm Door Closer

Delivers Monday

\$60.86 each
1255A14

Operating Mechanism	Hydraulic
For Door Type	Storm
Material	Aluminum
Length	2 5/8"
For Door Swing Direction	Left, Right
Opening/Closing Action	Free-Moving
Door Mount Opening Direction	Opens In, Opens Out
Weight Capacity	35 lb.
Range of Motion	180°
Mounting Hardware Included	Yes
Appearance	Dull
Diameter	1 5/8"
Opening/Closing Speed	Adjustable
Operation Type	Manual
Country of Origin	Canada
DFARS Compliance	Specialty Metals COTS-Exempt
Export Control	EAR99
Classification Number (ECCN)	
REACH Compliance	REACH (EC 1907/2006) (01/17/2023, 233 SVHC) Compliant
RoHS Compliance	RoHS 3 (2015/863/EU) Compliant
Schedule B Number	830241.3000
U.S.-Mexico-Canada Agreement (USMCA) Qualifying	Yes

A hydraulic mechanism makes these the smoothest and quietest closers we offer for storm doors. They are for right or left door-swing directions.
