

# REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Preliminary Budget Fiscal Year 2024

## Manhattan 1

The City of New York  
Eric Adams, Mayor

## **FY 2024 Preliminary Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Preliminary Budget** reports the FY 2024 Preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2024 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-6129 for more information about the community board process including consultations, and the geographic versions of budget documents.

## **FORMAT OF THE REGISTER**

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### **LAYOUT OF BUDGET REQUESTS PAGES**

#### **Column 1: Priority Number**

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### **Column 2: Tracking Code**

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

#### **Column 3: Project Information**

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### **Column 4: Response**

The Preliminary Budget recommendation for each budget request.

32	301202432C	<p><b>Request:</b> Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</p> <p><b>Explanation:</b> New Public Pool in CD1: Neighboring community boards have outdoor public pools which are free for public use during the summer, whereas CD1 has none. CD1's indoor ?community pools? such as those at Manhattan Youth, BMCC or Stuyvesant all have fees to swim, and are rarely if ever open to the general public. Swimming lessons are very expensive and few children can participate because there are limited spots even if one can afford. Especially now that +Pool will not be designed for CD1, a local public pool must be considered for the CD1 area. For example, a small pop up pool in a shipping container like Brooklyn Bridge Park in Brooklyn, or an above-ground pool to minimize costs. CD1 should have a summer pool outside, free for all like neighboring Community Districts.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>Contact the Community Board Unit at OMB for information regarding this request.</p>

47	301202447E	<p><b>Request:</b> Other expense budget request for DPR</p> <p><b>Explanation:</b> Study the addition of a floating pool. Neighboring community boards have outdoor public pools which are free for public use during the summer, whereas CD1 has none. CD1's indoor community pools such as those at Manhattan Youth, BMCC or Stuyvesant all have fees to swim, and are rarely if ever open to the general public. Swimming lessons are very expensive and few children can participate because there are limited spots even if one can afford. Especially now that Pool will not be designed for CD1, a local public pool must be considered for the CD1 area. For example, a small pop up pool in a shipping container like Brooklyn Bridge Park in Brooklyn, or an above-ground pool to minimize costs. CD1 should have a summer pool outside, free for all like neighboring Community Districts.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>Contact the Community Board Unit at OMB for information regarding this request.</p>
