Administration for Children's Services			
01	303202701E	<p>Request: Other foster care and child welfare requests</p> <p>Explanation: This is a public-private partnership that provides dedicated coaches, tutors and education, employment and housing specialists for youth in foster care ages 11 to 26. Support for expanded funding or at least continued support is needed.</p> <p>Responsible Agency: Administration for Children's Services</p>	<p>This request has already been completed.</p> <p>Explanation: Thank you for your support for this program, which is called Fair Futures. Fair Futures provides coaches and tutors for youth in foster care and with justice involvement. We have expanded the program so youth in foster care can keep their coaches until age 26.</p> <p>Given the success of this program, we invested additional resources into it this year. Starting in FY26, ACS will have \$13 million more dollars to invest in Fair Futures programming, which enhances the \$30.7 already baselined in our budget. Beginning in FY27 and beyond, another \$23.5 million will be added. Of this new funding a portion was allocated specifically for foster care providers totaling \$10.4 million in FY 26 and \$18.8 million beginning in FY27. This is in addition to the baseline funding of \$23.9M for foster care providers. The remainder of the funding will serve youth in juvenile justice programs and fund training and implementation support delivered by the Center for Fair Futures.</p> <p>Fair Futures: This first-of-its-kind program already serves more than 4,300 young people by connecting youth in foster care and the juvenile justice system between the ages of 11-26 with tutoring and coaching to build life skills, set academic, housing, career goals and more. This investment will allow an additional 2,000 youth to be served.</p>

01	303202712E	<p>Request: Increase health and safety inspections, e.g. for restaurants and childcare programs</p> <p>Explanation: It is very difficult to recruit and retain inspectors necessary to ensure public health. Increased pay parity will help narrow the salary gap</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>OMB supports the agency's position as follows:</p> <p>This request has already been completed.</p> <p>Explanation: We agree and support our inspectorial staff and those working directly with communities on the ground. Department of Homeless Services			
01	303202703E	<p>Request: Other request for services for the homeless</p> <p>Explanation: These trained specialists develop trusting relationships with homeless people. The teams connect people in need of services such as medical and psychiatric care, food and shelter, while helping them transition into permanent housing. The increase in the number of people who are homeless on CD 3 streets along with the need to have some teams expanded to 3 people for safety require additional staff require more staff. Outreach staff still have caseloads up to 50 clients per staff person due to the increase in homelessness and the difficulty in hiring and retaining staff. Increased funding for staffing is needed because of the increase in people who need to be served, and for hiring and retaining staff.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>Funding and/or headcount was recently added. Department of Sanitation			
01	303202719E	<p>Request: Provide more frequent litter basket collection</p> <p>Explanation: Litter basket service must be expanded in Community District 3, which has been designated as a rat mitigation zone. The district's high concentration of restaurants attracts heavy foot traffic and generates significant waste, leading to frequent litter basket overflows. The proliferation of Open Restaurants has further increased the volume of garbage, particularly on weekends. As a result, CD 3 streets have become increasingly dirty, with piles of trash accumulating between sidewalk sheds and outdoor dining areas. In addition, residential garbage is often placed wherever space is available, as traditional collection areas are now obstructed by restaurant structures in many locations.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>OMB supports the agency's position as follows:</p> <p>Agency supports but cannot accommodate</p> <p>Explanation: The agency supports this request, but funding is not available at this time.</p>
02	303202720E	<p>Request: Provide more on-street trash cans and recycling containers</p> <p>Explanation: By the end of FY25, 70% of all trash will be required to be containerized under new city mandates. In FY26, the City plans to begin deploying on-street stationary bins in Community Board 9. However, funding has not been allocated for this program beyond that pilot area. To effectively meet the city's containerization goals and address ongoing sanitation and rodent issues, funding should be provided to expand the Empire Bin program throughout Manhattan, particularly in Community District 3, which has been designated a rat mitigation zone.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>

03	303202721E	<p>Request: Other expense budget request for DSNY</p> <p>Explanation: The Precision Cleaning Initiative targets chronic sanitation issues such as illegal dumping, persistent littering, and debris accumulation in hard-to-maintain areas. These conditions have been a longstanding problem near the Williamsburg Bridge and in other heavily trafficked locations across the district. Expanded funding for this program will allow for more frequent and targeted cleanups, improving street conditions, reducing rodent activity, and enhancing overall quality of life for residents and visitors alike.</p> <p>Responsible Agency: Department of Sanitation</p>	Due to fiscal constraints, the availability of funds is uncertain.
04	303202722E	<p>Request: Provide or expand community composting programs</p> <p>Explanation: Current funding for community composting programs includes over \$5 million in discretionary allocations from the City Council. To ensure long-term program stability, effective planning, and continuity of service, this funding should be baselined within the City budget. Composting nonprofits not only process organic waste and reduce landfill use but also play a vital role in educating the public about waste reduction, climate action, and sustainable practices. Their outreach and education programs help residents understand and participate in the City's zero-waste goals. Establishing baseline funding will allow these organizations to continue providing these essential services and expand their community impact.</p> <p>Responsible Agency: Department of Sanitation</p>	Due to fiscal constraints, the availability of funds is uncertain.
