To Whom It May Concern:

This letter is to show our support for the application for Only Love Strangers obtaining an On-Premise Liquor License. We believe they will be a great addition to the community.

We first met the team behind Only Love Strangers while dining out at Mala Project - East Village. The atmosphere of the establishment is warm and inviting as is the staff. We were introduced initially to Christian, who guided us through the menu and eventually met the rest of the team over several visits. We both live and work in the East Village and own a boutique as well called DUO NYC. We've owned our boutique since 2008 and have established a strong sense of community amongst our neighborhood small businesses. We are excited to welcome Only Love Strangers to the East Village neighborhood to continue the growth of our small businesses community.

Due to their excellent hospitality we agree that this new project will foster an elegant and charming presence to the neighborhood.

Thank you for your time and attention to this matter.

To Whom It May Concern:

This letter is to show support for the application for Only Love Strangers obtaining an On-Premise Liquor License. I believe they will be a positive addition to the community and I am in support of their closing time of 2 AM.

Being a regular guest at their existing restaurant in the East Village - Mala Project, I've bonded with the team and I have seen the investment they make in its people and making their guests feel at home while of course creating delicious food and drinks. Everyone on the team has a hard work ethic, great communication and deep passion for what they're creating together. They would be an excellent addition to the Lower East Side neighborhood because of the innovation and the sense of community they would create. They are very respectful of the space they occupy and understand what it means to be woven into the community.

Thank you for your time and attention to this matter.

Sincerely,

Jason Corey
