2. MTS: Revisit proposed bus layover south curb of E 1st St: 7-10 am; 3-7pm and shift taxi stand from south E 1st St to north side

VOTE: TITLE: CB 3 support for MTA bus layover on E 1st Street with E 4th Street route

Whereas, MTA/NYCT (New York City Transit) has proposed an MTA Bus layover on the south curb of E 1st St between East Houston and 1st Ave that would serve as layover from: 7-10am; 3-7pm, 5 days a week, Monday through Friday. The taxi stand currently at that location would be moved to the north curb of the same block, and

Whereas, On Friday morning, June 24, an articulated MTA bus was observed to be stuck in the intersection of East 4th St and First Ave, which created hazard to public safety because that block is along a first responder's route. We have been informed by NYCT that the stuck bus had been attempting to turn onto that block as part of the route that NYCT Road Operations have been using to turn around the Houston Street buses to have them lay up on 1st St.

Whereas, DOT has analyzed that turn radius from 1st Ave onto 4th St and deemed it adequate, however it is evident that additional space would be helpful to complete the turn safely, so CB3 would like DOT to daylight that corner, by removing parking spaces near the corner of 4th St/1st Ave.

Whereas, the turn off of 4th St onto Ave A is onto one southbound lane of Ave A adjacent to the dedicated bus lane. There are conflicts with vehicles that are parking/standing in the moving lanes or bus lane at that intersection that would conflict with this layover, and we ask NYPD to take measures such as current enforcement while implementing automated enforcement. We also ask that the stop bar for the northbound traffic on Ave A at the 4th St stoplight be moved further south to create additional turning space for the turning motion of the buses.

Whereas the MTA reviewed alternate layover locations and alternate routes to get buses to this location and they were deemed infeasible. They found this layover to be necessary for the M15 route.

Therefore, be it resolved that CB3 Manhattan approves of the proposed bus layover on the south curb of E 1st St between East Houston and 1st Ave that would serve as layover from: 7-10am; 3-7pm, 5 days a week, Monday through Friday. To facilitate successful bus movement along the layover route from 1st Ave across 4th St to Ave A, we are asking for NYPD and DOT

to daylight 1st Ave and 4th St and move the stop bar for northbound Ave A and take enforcement measures to prevent illegal parking and standing at the intersection of 4th St and Ave A.

Bus Stop Applications

4. Academy Express LLC stop at existing MTA stop at 114 3rd Ave

VOTE: TITLE: Rejection of support for an Academy Express LLC stop at the existing MTA stop at 114 3rd Ave, between 13th and 14th Streets for pick up/drop off

WHEREAS NYU has an existing transportation service with shuttle routes through the community district 3 and beyond, connecting NYU facilities and residences. Academy Bus LLC, who provides that service to NYU, have applied for a DOT permit for a curbside loading and unloading permit at 3rd Ave between 14th and 13th Streets; and

WHEREAS by providing privately contracted transportation services for NYU students, faculty and employees, NYU is diverting demand away from available public transportation options including duplicating portions of MTA provided subways and bus routes, and the extensive Citi bike system. Specifically, the location of the proposed bus stop is within 0.2 miles of 8 subway lines (L, N, Q, R, W, 4, 5, 6) and numerous local and express bus lines, and

WHEREAS it would be beneficial to the community if that NYU demand for transit showed up in the ridership counts conducted regularly by MTA/NYCT. Those ridership numbers determine funding and scheduling adjustments in public transit services provided by the MTA/NYCT. By offering a redundant, private alternate to public city buses, true transit ridership numbers are misrepresented due to a dilution of the ridership pool; and

THEREFORE IT BE RESOLVED CB3 recommends that DOT does not approve this permit to Academy Express LLC for curbside loading and unloading at 114 3rd Ave because the entirety of the private transportation system operated by Academy Bus for NYU is unnecessary and harmful to community district 3.

5. Academy Express LLC stop at 212 E 14th St

VOTE: TITLE: Rejection of support for an Academy Express LLC stop at 212 E 14th St, at 3rd Ave SE corner for pick-up/drop-off

WHEREAS NYU has an existing transportation service with shuttle routes through the community district 3 and beyond, connecting NYU facilities and residences. Academy Bus LLC, who provide that service to NYU, have applied for a DOT permit for a curbside loading and unloading permit at 212 E 14th St, at 3rd Ave SE corner; and

WHEREAS by providing privately contracted transportation services for NYU students, faculty and employees, NYU is diverting demand away from available public transportation options including duplicating portions of MTA provided subways and bus routes, and the extensive Citi bike system. The location of the proposed bus stop is within 0.2 miles of 8 subway lines (L, N, Q, R, W, 4, 5, 6) and numerous local and express bus lines, and

By offering a redundant, private alternate to public city buses, true transit ridership numbers are misrepresented due to a dilution of the ridership pool; and

THEREFORE IT BE RESOLVED CB3 recommends that DOT does not approve of this permit to Academy Express LLC for curbside loading and unloading at 212 E 14th St because the entirety of the private transportation system operated by Academy Bus for NYU is unnecessary and harmful to community district 3.

SLA & DCA Licensing Committee

- 1. Approval of previous month's minutes
approved by committee
- 2. Amend guidance for license saturation areas to clarify unlicensed locations
VOTE: TITLE: Community Board 3 Guidance To Liquor License Applicants

WHEREAS, Community Board 3 offers the following guidance for liquor license applicants. This guidance will inform applicants regarding policies that inform CB 3's votes as well as create consistency in policies informing the Board's recommendations. The guidance will additionally allow meetings to be shorter and more efficient, which is a benefit to applicants, board members, and the public.

Prior to submitting your application, CB3 suggests you review previous CB3 SLA questionnaires, resolutions, and meeting recordings, which are available on the CB3 website.

- For applications subject to the 500-foot rule, full on-premises liquor license applications for locations that have never been licensed in saturated areas will generally not be supported, such as portions of the East Village (especially Avenue A and St. Marks Place) and the upper Lower East Side (Allen Street to Essex Street, East Houston Street to Delancey Street) areas, but the number of licenses and quality of life complaints in all areas will be considered. Residential streets, including those with commercial overlays, will be considered differently than busy commercial avenues.
- For applications in problem areas that are likely to be approved by the State Liquor Authority, CB 3 will consider stringent stipulations, such as early closing hours, that address persistent quality of life issues like late night noise and congested streets and sidewalks.
- CB 3 always adheres to zoning regulations when making recommendations. Before presenting a business plan, please check the zoning of the proposed location. A common mistake is applying for method of operations not compliant to residential zoning. This would include expansion of existing space at nonconforming locations in residential areas and non-compliant method of operation. Under the current Open Dining regulations, that includes any outdoor space not on municipal property. R and C-1 zoning prohibits

scheduled performances, outdoor use on private property, and ticketed events. Please check the Certificate of Occupancy for proposed locations.
