

Dear Provider Partners,

We are pleased to write that the Fiscal Year 2023 Budget includes a **\$60M baselined enhancement** for human service and legal service providers.

The City is currently working on apportioning these funds to specific contracts and determining the usage of funds. The goal is to provide flexibility for these funds as long as they support the workforce. The funding will be awarded to nonprofit providers that have **current contracts** with the City of New York. In alignment with recommendations of the Joint Task Force to Get Nonprofits Paid On Time, the City is exploring new methods to get funding to providers as quickly as possible. As this work progresses, the City will keep you informed on next steps.

We appreciate your ongoing partnership and recognize your consistent commitment to our City, especially during the pandemic.

Sincerely,

David Greenberg

Deputy Director, New York City Office of Management and Budget

Lisa Flores

Director, Mayor's Office of Contract Services and New York City Chief Contracting Officer

Update on COVID-19:
