of Contract Services

PASSPORT DIRECT | MAY 2020 | NYC MAYOR'S OFFICE OF CONTRACT SERVICES

Dear City Contractor,

As the City moves toward recovery from the current COVID-19 environment, working and contracting with our vendors and nonprofit providers will be critical to the City's health and well-being and the vitality of our business partners.

PASSPort, the City's digital end-to-end procurement platform, will be an essential hub of information for businesses that have contracts with the City and who wish to do business with the City.

In this note, we are sharing a sneak peek of the PASSPort RFX Portal - a central repository for vendors to see upcoming and open contracting opportunities across the City of New York. "RFX" is a PASSPort term that represents the range of City solicitations, including Requests for Information, Requests for Proposals and Invitations to Bid.

Check out what the PASSPort RFX Portal will look like by watching [this short video clip](#) from a recent webinar feedback session with vendors.

[Click Here To Watch Video](#)

With the RFX Roadmap, you will be able to easily sort business opportunities in a way that makes sense for your organization: by industry, contracting agency, commodity code, program and keyword. All vendors that have a PASSPort account will also receive regular emails containing a digest of new RFX opportunities.

The RFX Portal, and other new PASSPort features, will be available later this spring. In the meantime, you can stay abreast of upcoming procurements through the [City Record Online](#). Human service providers can also continue to view upcoming procurements through [HHS Accelerator](#).

You'll be hearing more from us between now and our phased roll-out of Release 3. You can learn more about upcoming key features at a glance [here](#). Please make sure your business is ready to take advantage of the upcoming enhancements by creating a PASSPort account and filing disclosures by completing the Vendor Enrollment process. For more information and support visit nyc.gov/passport or contact the [MOCS Service Desk](#).

Thank you very much.

**Sincerely,
Mayor's Office of Contract Services**
