

CARBON CALCULATOR CHECKLIST

Number of shoot dates – on location and stage days Prep, wrap days All locations used for production – soundstages, costume/prop workshops, offices, etc. All locations used for productions: Electricity use (kWh) or total area in square feet plus number of days used Antural Gas and Heating oil Amount of natural gas and heating oil used or total area in square feet plus number of days used Fuel Fuel used for cars/cooking equipment – number of gallons of total cost of fuel S. HOTELS - HOUSING Hotel stays – number of nights and type of hotel (luxury, economy, etc.) COMMERCIAL AIR TRAYEL Commercial air travel flights for all individuals involved in production Departure and arrival locations of flights All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft Fuel use amount or total hours flown or total distance flown	1. PRODUCTION INFORMATION
All locations used for production – soundstages, costume/prop workshops, offices, etc. 2. ELECTRICITY All locations used for productions: Electricity use (kWh) or total area in square feet plus number of days used 3. NATURAL GAS AND HEATING OIL Amount of natural gas and heating oil used or total area in square feet plus number of days used 4. FUEL Fuel used for cars/cooking equipment – number of gallons of total cost of fuel 5. HOTELS - HOUSING Hotel stays – number of nights and type of hotel (luxury, economy, etc.) 6. COMMERCIAL AIR TRAVEL Commercial air travel flights for all individuals involved in production Departure and arrival locations of flights 7. CHARTER AND HELICOPTER FLIGHTS All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	Number of shoot dates – on location and stage days
2. ELECTRICITY All locations used for productions: Electricity use (kWh) or total area in square feet plus number of days used 3. NATURAL GAS AND HEATING OIL Amount of natural gas and heating oil used or total area in square feet plus number of days used 4. FUEL Fuel used for cars/cooking equipment – number of gallons of total cost of fuel 5. HOTELS - HOUSING Hotel stays – number of nights and type of hotel (luxury, economy, etc.) 6. COMMERCIAL AIR TRAVEL Commercial air travel flights for all individuals involved in production Departure and arrival locations of flights 7. CHARTER AND HELICOPTER FLIGHTS All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	Prep, wrap days
All locations used for productions: Electricity use (kWh) or total area in square feet plus number of days used 3. NATURAL GAS AND HEATING OIL Amount of natural gas and heating oil used or total area in square feet plus number of days used 4. FUEL Fuel used for cars/cooking equipment – number of gallons of total cost of fuel 5. HOTELS - HOUSING Hotel stays – number of nights and type of hotel (luxury, economy, etc.) 6. COMMERCIAL AIR TRAVEL Commercial air travel flights for all individuals involved in production Departure and arrival locations of flights 7. CHARTER AND HELICOPTER FLIGHTS All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	All locations used for production – soundstages, costume/prop workshops, offices, etc.
3. NATURAL GAS AND HEATING OIL Amount of natural gas and heating oil used or total area in square feet plus number of days used 4. FUEL Fuel used for cars/cooking equipment – number of gallons of total cost of fuel 5. HOTELS - HOUSING Hotel stays – number of nights and type of hotel (luxury, economy, etc.) 6. COMMERCIAL AIR TRAVEL Commercial air travel flights for all individuals involved in production Departure and arrival locations of flights 7. CHARTER AND HELICOPTER FLIGHTS All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	2. ELECTRICITY
Amount of natural gas and heating oil used or total area in square feet plus number of days used 4. FUEL Fuel used for cars/cooking equipment – number of gallons of total cost of fuel 5. HOTELS - HOUSING Hotel stays – number of nights and type of hotel (luxury, economy, etc.) 6. COMMERCIAL AIR TRAVEL Commercial air travel flights for all individuals involved in production Departure and arrival locations of flights 7. CHARTER AND HELICOPTER FLIGHTS All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	
4. FUEL Fuel used for cars/cooking equipment – number of gallons of total cost of fuel 5. HOTELS - HOUSING Hotel stays – number of nights and type of hotel (luxury, economy, etc.) 6. COMMERCIAL AIR TRAVEL Commercial air travel flights for all individuals involved in production Departure and arrival locations of flights 7. CHARTER AND HELICOPTER FLIGHTS All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	3. NATURAL GAS AND HEATING OIL
Fuel used for cars/cooking equipment – number of gallons of total cost of fuel 5. HOTELS - HOUSING Hotel stays – number of nights and type of hotel (luxury, economy, etc.) 6. COMMERCIAL AIR TRAVEL Commercial air travel flights for all individuals involved in production Departure and arrival locations of flights 7. CHARTER AND HELICOPTER FLIGHTS All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	Amount of natural gas and heating oil used or total area in square feet plus number of days used
5. HOTELS - HOUSING Hotel stays – number of nights and type of hotel (luxury, economy, etc.) 6. COMMERCIAL AIR TRAVEL Commercial air travel flights for all individuals involved in production Departure and arrival locations of flights 7. CHARTER AND HELICOPTER FLIGHTS All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	4. FUEL
Hotel stays – number of nights and type of hotel (luxury, economy, etc.) 6. COMMERCIAL AIR TRAVEL Commercial air travel flights for all individuals involved in production Departure and arrival locations of flights 7. CHARTER AND HELICOPTER FLIGHTS All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	Fuel used for cars/cooking equipment – number of gallons of total cost of fuel
6. COMMERCIAL AIR TRAVEL Commercial air travel flights for all individuals involved in production Departure and arrival locations of flights 7. CHARTER AND HELICOPTER FLIGHTS All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	5. HOTELS - HOUSING
Commercial air travel flights for all individuals involved in production Departure and arrival locations of flights 7. CHARTER AND HELICOPTER FLIGHTS All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	Hotel stays – number of nights and type of hotel (luxury, economy, etc.)
Departure and arrival locations of flights 7. CHARTER AND HELICOPTER FLIGHTS All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	6. COMMERCIAL AIR TRAVEL
7. CHARTER AND HELICOPTER FLIGHTS All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	Commercial air travel flights for all individuals involved in production
All flights on a chartered commercial jet, small private jet, or helicopter Model of aircraft	Departure and arrival locations of flights
Model of aircraft	7. CHARTER AND HELICOPTER FLIGHTS
	All flights on a chartered commercial jet, small private jet, or helicopter
Fuel use amount or total hours flown or total distance flown	Model of aircraft
	Fuel use amount or total hours flown or total distance flown

8. EAR METRICS

WASTE

Waste type (e.g. landfill, recycling, compost)
Waste weight or volume

DRINKING WATER

Number of plastic water bottles purchased
Number of 5 gallon jugs purchased
Number of reusable water bottles purchased

DONATIONS

	Type of donation - food, set dressing/props, wardrobe, construction materials, and other, amount, and value
--	---

FUEL SAVINGS

Hybrid vehicles used and amount of hybrid fuel used or distance driven
Other fuel savings – electric cars, solar power, electric grid tie in, or other

LAUAN/MERANTI PLYWOOD

Amount and size of wood purchased	
-----------------------------------	--

RECYCLED PAPER CONTENT

1	Number of reams of paper purchased and percent
	recycled content of paper
