BACKGROUND ON INITIATIVE

In February 2019, the City of New York adopted the Cost Manual to standardize cost allocation practices for health and human service providers contracting with the City. The Fiscal Year 20 Adopted Budget established an indirect cost rate funding initiative based on the Cost Manual. The Mayor's Office of Management and Budget and [Mayor's Office of Contract Services](#) formed a City Implementation Team (CIT) to design the implementation and roll-out of the indirect initiative and established a Provider Work Group to advise them.

For more information on how to establish and claim your ICR and important timelines, please read the [Cost Manual](#). The CIT is available for questions at the [Mayor's Office of Contract Services](#).

Sincerely,
The City Implementation Team
