- Project Listings:

Things to Remember:

- New and Renewal Project Listings – all project applications must be reviewed, approved and ranked, or rejected based on the local CoC competition process.

- Collaborative Applicants are responsible for ensuring all project applications accurately appear on the Project Listings and there are no project applications missing from one or more Project Listings.

- For each project application rejected by the CoC the Collaborative Applicant must select the reason for the rejection from the dropdown provided.

- If the Collaborative Applicant needs to amend a project application for any reason, the Collaborative Applicant MUST ensure the amended project is returned to the applicable Project Listing AND ranked BEFORE submitting the CoC Priority Listing to HUD in e-snaps.

## Continuum of Care (CoC) Renewal Project Listing

**Instructions:**

Prior to starting the Renewal Project Listing, review the CoC Priority Listing Detailed Instructions and CoC Priority Listing Navigational Guide available on HUD's website.

To upload all renewal project applications submitted to this Project Listing, click the "Update List" button. This process may take a few minutes based upon the number of renewal projects submitted by project applicant(s) to your CoC in the e-snaps system. You may update each of the Project Listings simultaneously. To review a project on the Renewal Project Listing, click on the magnifying glass next to each project to view project details. To view the actual project application, click on the orange folder. If you identify errors in the project application(s), you can send the application back to the project applicant to make necessary changes by clicking the amend icon. It is your sole responsibility for ensuring all amended projects are resubmitted, approved and ranked or rejected on this project listing BEFORE submitting the CoC Priority Listing in e-snaps.

The Collaborative Applicant certifies all renewal permanent supportive housing and rapid rehousing projects listed on the Renewal Project Listing comply with program requirements and appropriate standards of quality and habitability.
