What is the Coordinated Assessment Survey?

The Coordinated Assessment Survey tells households what city, state, and/or federal housing programs/subsidies they are potentially eligible for.

The sitewide summary report shows:

- The agencies and sites creating surveys in the timeframe
- Survey activity in the timeframe
- Prior supportive housing application activity tied to households submitting surveys in the timeframe
- Supportive housing application activity in the timeframe

Report Rows:

The top peach row is total counts for all surveys created in the timeframe. Each subsequent row is activity per site.

Report Columns:

SURVEY STATS

1. The date the first survey created in the timeframe was created
2. The date the last survey created in the timeframe was created
3. The number of surveys created in the timeframe
4. The number of surveys *submitted* in the timeframe
5. Of the number of surveys created, the percentage that were *submitted*

PRIOR SUPPORTIVE HOUSING APPLICATION STATS

6. Of surveys submitted in the timeframe, how many were submitted by households with a prior submitted supportive housing application
7. Of surveys submitted in the timeframe, the percentage that were submitted by households with a prior submitted supportive housing application
8. Of surveys submitted in the timeframe, how many were submitted by households with a prior *approved* supportive housing application
9. Of surveys submitted in the timeframe, the percentage that were submitted by households with a prior *approved* supportive housing application
10. Of surveys submitted in the timeframe, how many were submitted by households with a prior *approved and active* supportive housing application
11. Of surveys submitted in the timeframe, the percentage that were submitted by households with a prior *approved and active* supportive housing application

NEW SUPPORTIVE HOUSING APPLICATION STATS

12. Of surveys submitted in the timeframe, how many were potentially eligible for supportive housing
13. Of surveys submitted in the timeframe, the percentage that were potentially eligible for supportive housing
14. Supportive housing applications submitted in the timeframe
15. Supportive housing applications **approved** in the timeframe
16. Of supportive housing applications submitted in the timeframe, the percentage that were **approved**

ROWS 17-20 show the kinds of sites submitting surveys.
