

## **Addendum #3: NYCHA PACT RFEI: Citywide Clusters**

**April 1, 2026**

The PACT Citywide Clusters RFEI is hereby amended to remove any and all M/WBE requirements and obligations of Applicants and the Prime Developer with respect to the development project including, but not limited to, the requirement that Applicants / the Prime Developer include a M/WBE Developer and/or Non-Profit Developer as part of the Applicant's Project Team.

This change is made in response to the legal requirements associated with the federal Executive Order 14171 and the March 21, 2025 and July 29, 2025 Attorney General Memorandums. NYCHA continually reviews its programs to ensure compliance with federal policies.

Please refer to the following Q&A:

Q: I have plans to submit a proposal that includes an M/WBE partner, do I need to revise my submission in light of this Addendum?

A: No, this Addendum only removes the requirement to include an M/WBE partner, it does not prohibit partnering with the entities of your choice.
