## Request for Qualifications Overview and Summary

### **1. RFQ Summary**

#### ***About NYCHA***

The New York City Housing Authority (NYCHA), the largest public housing authority in North America, was created in 1935 to provide decent, affordable housing for low- and moderate-income New Yorkers. NYCHA is home to 1 in 17 New Yorkers, providing affordable housing to 528,105 authorized residents through public housing and Permanent Affordability Commitment Together (PACT) programs as well as Section 8 housing. NYCHA serves 360,970 residents in 177,569 apartments across 335 conventional public housing and PACT developments. There are 330,118 residents in 161,585 apartments within 274 conventional public housing program (Section 9) developments, and 30,852 authorized residents in 15,984 apartments within 61 PACT developments. Through federal rent subsidies (the Section 8 Housing Choice Voucher Program), NYCHA also provides rental subsidies to 167,135 residents so they can rent apartments in the private market. In addition, NYCHA facilitates access to social services through a variety of programs.

#### ***The Heating Pre-Qualified List (PQL)***

NYCHA intends to establish a (PQL) for, Heating Services (see the “Description of Services” on p. 3). All vendors who pre-qualify according to the requirements listed in this (RFQ) will be placed on the Heating Services list and will then be able to respond to solicitations off the PQL.

#### ***About the Pre-Qualification Process***

- This RFQ will support vendors to become **Pre-Qualified to bid on project-specific solicitations for Heating Services. Hard copy applications will not be accepted. Submission of your application must be emailed to [POL@NYCHA.NYC.GOV](mailto:POL@NYCHA.NYC.GOV) with the subject line: “Heating Services PQL Application Submission/” (Add Vendor Name here)**”.
- Applications will be reviewed by NYCHA on a rolling basis. NYCHA encourages any vendor who is interested in bidding for a Heating Services contract to submit a response to this RFQ a minimum of **15 days prior to the bid submission date**.
- NYCHA will review and evaluate each application for the Heating Services PQL. Pre-qualification requirements are outlined in p.4-6.
- Only applications that are **complete and submitted with proper supporting documentation will be eligible for consideration** pursuant to this RFQ. Please carefully review the entire RFQ to ensure you have answered all questions and compiled requested supporting documentation.
- Vendors will be notified by NYCHA and upon request will be able to submit clarifications and additional information after the initial submission. However, a vendor will not be placed on the PQL until all requirements have been met.
- Vendors will be **notified via email of NYCHA’s response to their applications regarding acceptance or rejection** to the PQL.

## **Request for Qualifications Overview and Summary**

### **2. Bidding Opportunities & Priorities at NYCHA**

NYCHA's goal is to award contracts to vendors of all sizes and classes through the PQL. NYCHA reserves the right to procure Heating Services from sources other than the PQL.

Heating Services procurement awards will span various procurement thresholds and methods at NYCHA, including micro purchases, small purchases, sealed bids, and request for proposals. Bidding for individual contracts will follow the guidelines and preferences below.

#### ***Preferences for S3BCs and M/WBEs***

To fulfill its diversity initiatives, NYCHA aims to increase the participation of Minority and Women-Owned Business Enterprises (M/WBE) and Section 3 Business Concerns (S3BC) via contractual awards. NYCHA follows an "S3BC and M/WBE First Policy" for all micro and small purchases. Consistent with this policy, NYCHA reserves the right to solicit small purchases from pre-qualified vendors who are registered as S3BCs and/or M/WBEs. **Note:** NYCHA currently accepts NYC's M/WBE certification administered through NYC Small Business Services. To qualify as an M/WBE for the purposes of this RFQ, a vendor must be certified through this program. For information or to become certified, please visit the [NYC Small Business Services \(SBS\) M/WBE Certification page](#). Nothing in this preference shall be construed to require the contracting or subcontracting of a S3BC or M/WBE. S3BCs and M/WBEs are not exempt from meeting the specifications of this RFQ and any Heating Services contract.

## Terms and Conditions

### INSTRUCTIONS TO BIDDERS

#### SECTION 1 - SUBMISSION OF PROPOSALS

**(a)** Bidders will be furnished on request with a copy of the Contract Documents, and four copies of the Form of Proposal. FOR BIDDERS WISHING TO SUBMIT A PROPOSAL IN HARD COPY RATHER THAN THROUGH THE AUTHORITY'S PRESCRIBED ELECTRONIC PROCUREMENT SYSTEM, THREE COPIES OF THE FORM OF PROPOSAL EACH COMPLETELY FILLED OUT AND EXECUTED AS INDICATED THEREON SHALL BE SUBMITTED TO THE AUTHORITY AS AND FOR THE BIDDER'S PROPOSAL FOR THE CONTRACT. Each proposal must be filled out in blue or black ink or typed.

**(b)** For bidders submitting their proposal in hard copy, the three executed copies of the Form of Proposal must be enclosed in a sealed opaque envelope, plainly marked on the outside with the name and address of the Contractor, the RFQ number, the Description of the Work, and the name of the Development, as follows: "Bid Proposals for Contract No. \_\_\_\_\_ for \_\_\_\_\_ at \_\_\_\_\_"; If printed bid envelopes are furnished to bidders by the Authority, such envelopes may be used by bidders to safeguard against the possibility of inadvertent premature opening. The proposals must be verified by oath in writing by the party or parties making it, that the several matters stated therein are in all respects true.

**(c)** Documents submitted to the Authority may be subject to disclosure under the New York State Freedom of Information Law ("FOIL"), N.Y. Pub. Off. Law Sections 85-90. It is the bidder's responsibility to designate those portions of its proposal, if any, the bidder claims should be exempt from disclosure under FOIL. To the extent the law permits, the Authority will use reasonable efforts to hold the designated portions of the proposal in confidence.

#### SECTION 2 - EXAMINATION OF SITE; EXAMINATION OF CONTRACT DOCUMENTS BY BIDDER

**(a)** Each bidder must visit and carefully examine the work site to become fully acquainted with existing conditions and the nature of the work to be done and must make such investigations as are necessary and required to fully understand the cost, facilities, difficulties and restrictions involved in the execution of the work. All measurements, layouts and the exact conditions of the work must be verified by each bidder.

**(b)** If the bidder's examination reveals that site conditions differ from those set forth in any Contract Document, the bidder must promptly so notify the Authority in writing, prior to the bid opening. Except for Conditions that are not discoverable upon a careful examination of the site, if site conditions differ from conditions as shown in any Contract Document, and the bidder has not so notified the Authority, the bidder shall be deemed to have agreed to perform the Contract under existing conditions without claim for any extra compensation, but the Authority shall not thereby have waived any right that the Authority may have to a credit.

**(c)** Each bidder will be conclusively presumed to have knowledge of any and all conditions in, on, about, below or above the work site that may in any way relate to or affect the cost or the performance of the Contract work and that were observed by the bidder or should have been observed by a reasonably prudent bidder.

**(d)** Before bidding, bidders must examine carefully all of the Contract Documents, including the specifications, any drawings, and all instructions. If the bidder finds any inconsistency, ambiguity, omission or error in the specifications, drawings, instructions, or any other Contract Document, or if the bidder is in doubt as to the meaning of any term or condition of the Contract, the bidder must promptly so notify the Authority, in writing, prior to the bid opening. The failure of the bidder to notify the Authority, prior to the bid opening of any inconsistency, ambiguity, omission or error that the bidder actually found, or that should have been discovered by a reasonably prudent bidder, will preclude acceptance of the bidders claim for a bid release or for extra compensation based upon any such inconsistency, ambiguity, omission or error.

**(e)** If the Authority receives a notification from a bidder of a differing site condition or an inconsistency, ambiguity, omission or error in the Contract Documents, the Authority will, as it deems necessary or desirable, issue a written interpretation or correction to the Contract Documents as an addendum to the Contract Documents, and any such addendum will be sent by mail or delivered to each person that received a copy of the original Contract Documents, as reflected in the records of the Authority, and any such addendum will also be available at the place where the Contract Documents are available for inspection by prospective bidders. Upon such mailing or delivery, such addendum shall become part of the Contract Documents and shall be binding on all bidders, whether or not they have had actual notice of such addendum.

#### SECTION 3 - INTERPRETATIONS AND ADDENDA

No interpretation given as to the meaning of any of the Contract Documents shall be binding in any way or effective to modify any of the provisions of the Contract Documents, unless and until such interpretation is issued in writing by the Authority to all bidders and is expressly denominated as an addendum to the Contract.

#### SECTION 4 - INCORPORATION OF CONTRACT DOCUMENTS

By submission of this proposal the bidder represents to having received and examined the latest Edition of the Instructions to Bidders, the latest Edition of the General Conditions, the Specifications the Plans and Drawings, if any, and all amendments and addenda, if any, for the Work of the Contract for which this proposal is tendered as if the same were physically attached thereto at the time of submission of the proposal. Further, by such submission the bidder makes each and every representation and warranty to be made by the Contractor as set forth in the Contract Documents. All such documents are hereby incorporated

by reference and made part of this proposal. In the event such documents are not included herewith, it is the responsibility of the bidder to secure copies of all these documents from the Authority prior to the submission of his/her proposal.

## **SECTION 5 - BIDDERS' QUALIFICATIONS**

- (a)** In order to qualify as a Contractor satisfactory to the Authority, each bidder, in addition to the other requirements herein provided, must be prepared, upon demand of the Authority, to prove to the satisfaction of the Authority that the bidder has the skill and experience, as well as the necessary facilities and ample financial resources, to do the Work in a satisfactory manner and within the time specified.
- (b)** A "responsive" bid is one that conforms in all respects to the requirements of this solicitation. A "responsible" contractor is one that has the capability in all respects to perform fully the contract requirements and the business integrity to justify the award of public funds. Authority Standard Procedure 002:94:1 sets forth some, but not all, of the factors that the Authority may take into account in determining whether a bid is responsive or whether a contractor is responsible. Copies of this Standard Procedure may be picked up from the Administering Department at the address located in the Special Notices & Conditions.
- (c)** Each bidder must comply within 10 days with all requests for information or to appear for examination, and must actively cooperate with the Authority in its efforts to determine whether the bidder is qualified to receive an award under all of the requirements hereof. Any request for such information from a bidder shall not be construed as an acceptance of such bidder's proposal. Failure to submit such proof within this period, or within any extensions thereof, will be deemed a default, entitling the Authority to exercise its remedies, as described more fully in Section 9(d) below, and permitting an award to another bidder or the solicitation of new bids.
- (d)** If more than one bid submitted by a bidder is under consideration by the Authority for award, and the Authority determines that the bidder is able to meet the qualifications for the award of some, but not all, of the contracts on which it has bid, the Authority will determine which bid or bids should be rejected for failure to meet such qualifications. The Authority may also take into consideration contracts already awarded to the bidder and the extent of their completion as affecting the bidder's qualifications for the award of additional contracts.
- (e)** Upon the Authority's request, a bidder that is a corporation or unincorporated association must submit to the Authority a certificate evidencing the fact that it is authorized to do business in the State of New York. A bidder conducting business under an assumed name must submit to the Authority, upon the Authority's request, a County Clerk's certificate evidencing the filing with such Clerk of a certificate to conduct business under such assumed name. A bidder conducting business as a partnership must submit to the Authority, upon the Authority's request, a County Clerk's certificate evidencing the filing with such Clerk of a certificate of partnership.

## **SECTION 6 - BID SECURITY**

### **(a) BIDS \$150,000 OR LESS**

Unless otherwise provided, all references in the contract documents to bid security or Performance and Payment Bonds are inapplicable where the bidder's Proposal for the work of the Contract is \$150,000 or less. No bid security or Performance and Payment Bonds will be required in such case.

### **(b) BIDS OVER \$150,000**

Where the Contract for which a proposal is submitted exceeds \$150,000, bid security and Performance and Payment Bonds will be required. Bid security shall be delivered with the proposal or submitted no later than the time fixed for the opening of bids.

### **(c) AGGREGATE BIDS**

Bid Security and Performance and Payment Bonds will also be required where the proposal for the work of the Contract involves more than one base bid or is a combined base bid comprising a number of base bids aggregating, more than \$150,000. In such event, the sum of the base bids or the amount of the combined bid, whichever is greater, shall determine the amount of the bid security.

### **(d) AMOUNT OF BID SECURITY**

Bid Security shall be in the form of either a certified check made out to the Housing Authority for five percent (5%) of the amount of the proposal or a bid bond, which shall be in the form prescribed by the Authority and which shall insure the Authority to the extent of ten (10%) of the amount of the proposals for State Funded Contracts, or five percent (5%) of the amount of the proposals for all other contracts. Such Bid Guarantee, in the form prescribed by the Authority, shall be submitted by the bidder to the Authority prior to the bid opening, and the bidder's failure to do so may result in a determination by the Authority that the bidder is non-responsive and ineligible for award of the Contract.

### **(e) RETURN OF BID SECURITY**

Subject to Authority's right to retain the Bid Guarantee as provided in the Contract, the Authority will not return the Bid Guarantee to bidders until after the Contract has been awarded.

## **SECTION 7 - RECEIPT AND MODIFICATION OF PROPOSALS; OPENING OF PROPOSALS**

An officer of the Authority will decide when the bid due date has arrived, and no proposal received thereafter will be considered. Proposals received prior to the time of physical opening of Proposals will be securely kept unopened. The officer whose duty it is to open them will decide when to open the bids.

## SECTION 8 - WITHDRAWAL OF PROPOSALS

- (a) Each bid/proposal constitutes a binding offer by the bidder to perform the Contract at the bid price. No bids/proposals may be withdrawn within a period of 150 days after the date of opening of the bids. This 150-day period, as it applies to a particular bidder, shall be extended, day for day, by the period of any delay caused by or attributable to, the bidder, including, without limitation, (i) any delays resulting from the Authority's investigation of an (unsuccessful) request by the bidder for a bid release; and (ii) any delays by the bidder in submitting the insurance, performance bonds, or payment bonds required by the Contract or in providing any information requested by the Authority.
- (b) After the opening of bids, requests for the withdrawal of a bid can be made by the Contractor on the grounds that there was an arithmetic or clerical error in the bid submitted. A bidder seeking a bid release must submit a written, dated and signed request for release from the bid ("Release Request") to the Department of the Authority that issued the solicitation of the bids (the "Originating Division"). The bidder's signature on the Release Request must be duly acknowledged and witnessed by a notary public. The Release Request must set forth the reasons for the release and should be accompanied by any supporting documentation. Any additional information reasonably requested by the Originating Division must be submitted within the time period reasonably established by the Originating Division in order to expedite consideration of the Release Request. Failure of a bidder to comply with a request for information within the specified time period may result in a resolution of the Release Request without the consideration of any information subsequently submitted by the bidder in an untimely manner. Requests for withdrawal may be granted by the Authority in any case where the Authority deems the claim of mistake is justified or where the grant of such request is otherwise in the best interest of the Authority.
- (c) In the case of a bidder's first Release Request in any twelve-month period, no administrative charge shall be imposed. If the Release Request is granted, the bidder will be advised in writing that if a second request for release is made within twelve months after the date on which the first request was received by the Authority, the bidder may, in the discretion of the Director/Program Administrator of the Originating Division, be disqualified from bidding on any Authority contract for up to a maximum of one year after the second Release Request is received by the Authority. In the case of the bidder's second Release Request in any twelve month period, whether or not such Release Request is granted, the Director/Program Administrator of the Originating Division may disqualify the bidder for up to a maximum of one year from the date the second Release Request is received by the Authority, and may impose an administrative charge of up to \$500.00 against the bidder.
- (d) A bidder submitting a Release Request may be deemed to have made a second Request Release for the purposes of Section 8 (c) above if it is a successor, assignee, subsidiary or affiliate of a previously released bidder; or if any of the bidders officers, directors, partners shareholders, joint venture participants, principals or other persons substantially involved in its contracting activities was also an officer, director, partner, shareholder, joint venture participant, principal or other person substantially involved in the contracting activities of the previously released bidder; or if it was organized or established or operates in a manner designed to evade the purpose of this Section 8, any Authority procedure, or any other law, rule, regulation or Authority procedure relating to the

procurement or performance of a contract. In addition, in determining the number and timing of Release Requests submitted by a bidder, the Authority will consider Release Requests submitted by the bidder to any construction manager performing construction management services for the Authority.

## SECTION 9 - AWARD OF CONTRACT; REJECTION OF PROPOSALS

**(a)** The Contract will be awarded, to the lowest responsible bidder complying with the conditions of the Contract Documents, provided the Proposal is reasonable and it is to the interest of the Authority to accept it. The bidder to whom the award is made will be notified at the earliest possible date of the acceptance of the Proposal. The Authority, however, reserves the right to reject any and all Proposals for any reason or to waive any informality in Proposals received whenever such rejection or waiver is in the interest of the Authority. The Authority may but need not consider any Proposal on which there is an alteration of or departure from the Contract Documents.

**(b)** Prior to award of the Contract the successful bidder will be notified in writing that its proposal is being considered for an award of the Contract and directed to submit evidence of insurance coverage as called for in Sections 17 and 18 of the General Conditions, and, if required by the Contract Documents, performance and payment bonds as called for in Section 10 of the Instructions to Bidders. The insurance and bonds (if required) shall be submitted within fifteen (15) working days of notification. Bidders are advised that such notification does not constitute an award of the Contract and that award of the Contract remains subject to the Authority's rights to reject the bidder's proposal, at its lawful discretion, and the satisfaction of all of the Authority's required conditions for award of the Contract.

**(c)** By submitting a bid the bidder represents that it will cooperate with the Authority and comply with all bid process requirements. Cooperation includes providing to the Authority in a timely manner any information or documentation requested by the Authority (including, without limitation, the Statement of Contractor's Qualification for Consideration of Award and the Section 3 Hiring Plan and all related Section 3 forms and documents that the bidder is required to submit with respect to its Section 3 requirements), any form which may be requested on behalf of any agency funding any part of the Work, or any evidence relating to the obligations of others interested in the progress of the Work (such as insurance companies, sureties and subcontractors). The bidder agrees that cooperation may include providing to the Authority in a timely manner information or documentation related to bidder's organization or to its obligations under this Contract. This representation shall survive the expiration of the bid and, as to the bidder awarded the Contract, this representation shall be incorporated into the Contract and survive the termination of the Contract.

**(d)** The bidder agrees that if at any time it fails to abide strictly by the terms of the representation set forth in Section 9 (c) the Authority may find the bidder in breach of such representation and may find the bidder non-responsive and ineligible for award of the Contract. The bidder acknowledges and consents to the Authority's prompt use of any one or more of its several different types of remedy in the event of such breach or in the event the bidder fails to supply required bonds in accordance with Section 10. One remedy may be payment by the bidder to the Authority upon demand of an amount of money that may be as much as the difference between the bidder's bid price and the price at which the Contract is awarded. The bidder agrees that the Authority may collect such an amount from any monies due the bidder by the Authority under the Contract or any other contract. Another remedy may be the collection by the Authority of all sums due under any applicable bid bond or other sums securing the bid. In addition to, and not in limitation of, all other remedies available to the Authority, the Authority may treat the bidder as if it has sought a second bid release within a twelve month period and may disqualify the bidder for up to a maximum of one year and impose an administrative charge of up to \$500.00 against the bidder.

## SECTION 10 - PERFORMANCE AND PAYMENT BONDS

**(a)** In the event performance and payment bonds are to be furnished as heretofore provided, the successful bidder shall, within fifteen (15) working days after written notification from the Authority that its proposal is being considered for an award of the Contract, deliver to the Authority an executed bond in an amount equal to one hundred percent (100%) of the Contract Price to secure the faithful performance of the Contract and an executed bond in an amount equal to one hundred percent (100%) of the Contract Price as security for the payment of all persons performing labor or furnishing materials in connection with this Contract, prepared on the forms of bonds authorized by the Authority, and having as surety thereunder such surety company or companies as are approved by the Authority. The surety company that issues performance and payment bonds must be included on the current list of the Treasury Department and authorized to do business in the State of New York where an Authority Contract is funded by federal money ONLY. For all other Authority Contracts, unless otherwise specified, the surety company needs only to be authorized to do business in the State of New York.

**(b)** A notified bidder who fails to supply the required bonds within fifteen (15) working days of notification, or such extended period as the Authority may grant (based on reasons determined adequate by the Authority), shall be deemed non-responsive, and the Authority may either award the Contract to the next lowest responsible bidder or re-advertise for bids, and may charge against the bidder the difference between the amount of the bid and the amount for which a Contract for the work is subsequently executed, irrespective of whether the amount thus due exceeds the amount of the bid guaranty. In the recovering of such difference, the Authority may proceed against the surety on the bid bond or on the bidder's check as the case may be, or take such other action as it sees fit.

## SECTION 11 - UNIT PRICES

In the event that the Contract's pricing is based upon unit prices ("Unit Prices"), bidders shall quote Unit Prices for all items set forth in the Form of Proposal for which the bidder is required to provide a Unit Price quote. Where the Form of Proposal contains Unit Prices as that have been established by the Authority therein, the Bidder shall quote a multiplier to be applied to the established Unit Prices and the Unit Prices shall be as modified by the bidder's multiplier. In submitting its bid/proposal, the successful bidder agrees to be bound, as applicable, to (a) all of the bidder's quoted Unit Prices set forth in the bidder's bid/proposal or, (b) all Unit Prices established by the Authority in the Form of Proposal, as modified by the bidder's multiplier set forth in the bidder's bid/proposal. Provided, however, that the Authority may reject any quoted Unit Prices or multiplier or, by agreement with the lowest

responsive, responsible bidder, may modify the same downward.

The successful bidder shall be required to provide the specific steps under way for providing members of minority groups and women with equal opportunity in training, apprenticeship programs, journeyperson recruitment and all other aspects of employment. The result shall be to assure that to the extent feasible there are minority group members and women employed person in all trades and all phases of the Contract, as well as in the company.

### **(b) AFFIRMATIVE ACTION PLAN**

The Contractor will provide a plan that includes the Contractor's analysis of employment of the work force for the Contract and sets forth goals for employment of minorities and women by the Contractor and subcontractors insofar as they can be projected. 5. Promote apprenticeship and trainee programs as a member of a joint apprenticeship committee or as an individual, and request the building trades to give public notice that apprenticeship programs are open to everyone. Copies of such notices shall be submitted to the Authority's Department of Equal Opportunity as an example of the company's affirmative action compliance program.
6. Advertise for personnel in all categories through media most likely to reach minority groups and women or other local publications, radio, etc. and submit to the Department of Equal Opportunity copies of advertising or news releases used to accomplish this.
7. Hire minority group members and women from other sources in the event that the unions with whom the prime contractor has collective bargaining agreements are unable or unwilling to supply them.

Submit to the Authority's Department of Equal Opportunity monthly reports on Form 036.001A, Monthly Equal Opportunity Contractor Report, indicating the composition of all on-site workers, including those of subcontractors by name, race, sex, and ethnic classification. The forms may be secured from the Department of Equal Opportunity and are to be promptly submitted directly to this office at the end of each month during the performance of the contract. In addition, copies of these reports must be attached to the Requisition for Payment.

**(f) POSTERS**

#### GOALS AND TIMETABLES

Since Mar. 31, 1981 the goal has remained 6.9%

These goals are applicable to all the Contractor's construction work (whether or not it is Federal or federally assisted) performed in the covered area.

The Contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required by the specifications set forth in 41 CFR 60-4.3(a), and its efforts to meet the goals established for the geographical area where the contract resulting from this solicitation is to be performed. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the Contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor or from project to project for the sole purpose of meeting the Contractors goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total work hours performed.

3. The Contractor shall provide written notification to the Director of the Office of Federal Contract Compliance Programs within 10 working days of award of any construction subcontract in excess of \$10,000 at any tier for construction work under the contract resulting from this solicitation. The notification shall list the name, address and telephone number of the subcontractor; employer identification number; estimated dollar amount of the subcontract; estimated starting and completion dates of the subcontract; and the geographical area in which the contract is to be performed.

4. As used in this Notice, and in the contract resulting from this solicitation, the "covered area" is New York, New York.

#### (b) STANDARD FEDERAL EQUAL EMPLOYMENT OPPORTUNITY CONSTRUCTION CONTRACT SPECIFICATIONS (EXECUTIVE ORDER 11246)

1. As used in these specifications:

- a. "Covered area" means the geographical area described in the solicitation from which this contract resulted;
- b. "Director" means Director, Office of Federal Contract Compliance Programs, United States Department of Labor, or any person to whom the Director delegates authority;
- c. "Employer identification number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941.
- d. "Minority" includes:
  - (i) Black (all persons having origins in any of the Black African racial groups not of Hispanic Origin);
  - (ii) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish Culture or origin, regardless

of race);

- (iii) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and
- (iv) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

2. Whenever the Contractor, or any Subcontractor at any tier, subcontracts a portion of the work involving any construction trade, it shall physically include in each subcontract in excess of \$10,000 the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this contract resulted.

3. If the Contractor is participating (pursuant to 41 CFR 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with the Plan for those trades which have unions participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each Contractor or Subcontractor participating in an approved Plan is individually required to comply with its obligations under the EEO clause, and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other Contractors or Subcontractors toward a goal in an approved Plan does not excuse any covered Contractors or Subcontractors failure to take good faith efforts to achieve the Plan goals and timetables.

4. The Contractor shall implement the specific affirmative action standards provided in paragraphs 7a through p of these specifications. The goals set forth in the solicitation from which this contract resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the covered area. The Contractor is expected to make substantially uniform progress toward its goals in each craft during the period specified.

5. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women, shall excuse the Contractors obligations under these specifications, Executive Order 11246, or the regulations promulgated pursuant thereto.

6. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.

7. The Contractor shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the Contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:

- a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractors employees are assigned to work. The Contractor, where possible, shall assign two or more women to each construction project. The Contractor shall specifically ensure that all forepersons, superintendents, and other on-site supervisory personnel are aware of and carry out the Contractors obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.
- b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.
- c. Maintain a current file of the names, addresses and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the Contractor may have taken.
- d. Provide immediate written notification to the Director when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractors efforts to meet its obligations.
- e. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractors employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources complied under 7b above.
- f. Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where construction work is performed.
- g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decisions including specific review of these items with onsite supervisory personnel such as Superintendents, General Forepersons, etc. prior to the initiation of construction work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

- h. Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the Contractors EEO policy with other Contractors and Subcontractors with whom the Contractor does or anticipates doing business.
- i. Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the Contractors recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.
- j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and vacation employment to minority and female youth both on the site and in other areas of a Contractors workforce.
- k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR Part 60-3.
- l. Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.
- m. Ensure that seniority practices, job classification, work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractors obligations under these specifications are being carried out.
- n. Ensure that all facilities and company activities are non-segregated except that separate or single-user toilet, and necessary changing facilities, shall be provided to assure privacy between the sexes.
- o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.
- p. Conduct a review, at least annually, of all supervisors' adherence to and performance under the Contractor's EEO policies and affirmative action obligations.

8. Contractors are encouraged to participate in voluntary associations which assist in fulfilling one or more of their affirmative action obligations (7a through p). The efforts of a contractor association, joint contractor-union, contractor-community, or other similar group of which the contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under 7a through p of these Specifications provided that the contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the Contractor's minority and female workforce participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.

9. A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of the Executive Order if a particular group is employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contractor may be in violation of the Executive Order if a specific minority group of women is underutilized).

10. The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.

11. The Contractor shall not enter into any subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246.

12. The Contractor shall carry out such sanctions and penalties for violation of these specifications and the Equal Opportunity Clause, including suspension, termination and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implemented regulations, by the Office of Federal Contract Compliance Programs. Any Contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.

13. The Contractor, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph 7 of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR 60-4.8.

14. The Contractor shall designate a responsible official to monitor all employment-related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government and to keep records. Records shall at least include for each employee the name, address, telephone numbers, construction trade, union affiliation if any, employee identification number when assigned, Social Security number, race, sex, status (e.g., mechanic, apprentice, trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, contractors shall not be required to maintain separate records.

15. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g., those under Public Works Employment Act of 1977 and the Community Development Block Grant Program).

In the absence of any actual or apparent conflict, the bidder certifies, by submission of its bid, that to the best of their knowledge and belief, no actual or apparent conflict of interest exists with regard to the possible performance of this procurement.

## SECTION 15 - PROTESTS

**(a)** Any actual or prospective bidder or contractor may protest the solicitation of bids or the award of a contract on the grounds that the Authority has substantially failed to follow the standards set forth in the Authority's procurement policies and related procedures. Protesters may file a protest with respect to any phase of the solicitation or award, including, without limitation, bid solicitation; determination by the Authority of bidder responsibility or bid responsiveness; and contract award. If the protest is made by a potential bidder or proposer that has not submitted a bid or proposal, the protest shall be limited to a challenge of the notice procedures followed by the Authority. This right to protest shall not apply to protest regarding the denial of a request for a release from bid.

**(b)** The Authority may make a determination that bids or proposals received are non-responsive or that the lowest bidder is non-responsible. Upon making a determination of non-responsibility with respect to the low bidder, the Authority shall notify the affected bidder in writing of that determination. The notification shall state the reasons upon which the determination is based. In addition, the notification shall advise the bidder of the time period within which a formal written protest (the "Protest") may be filed and of the requirements for filing such Protest, as set forth in Section 15(c) below. The Authority is not required to provide written notice of determinations of non-responsiveness.

**(c)** To expedite handling of Protest, a protester shall address its envelope to the Director/Program Administrator of The Originating Division, and such envelope be labeled "Protest". The Protest should include, without limitation, the following information:

1. the name, address and telephone number of the protester;
2. appropriate identification of the procurement, including the solicitation or RFQ number;
3. a statement of the reasons for the Protest;
4. supporting exhibits and documentary evidence to substantiate any arguments; and
5. the form of relief requested.

**(d)** Protests must be filed within seven calendar days after the protester discovers or should have discovered the facts giving rise to Protest. In furtherance and not in limitation of the foregoing, (i) any Protest against a determination of non-responsibility must be filed within seven calendar days after the protester receives the notice of determination referred to in Section 15(b) above, (ii) any Protest against a determination of non-responsiveness must be filed within seven calendar days after the protester learns that its bid or proposal has been deemed non-responsive, (iii) any Protest against a solicitation must be filed before the due date for receipt of the bids or proposals in response to such solicitation, and (iv) any Protest against award of a contract must be filed within seven calendar days after contract award. A Protest is considered filed when such Protest is received by the Director/Program Administrator of the Originating Division. Protests received after the seven day period shall not be considered unless the Director/Program Administrator of the Originating Division determines, in his/her sole discretion that good cause is shown for considering the late Protest.

**(e)** Any additional information reasonably requested by the Originating Division must be submitted within the time period reasonably established by the Originating Division in order to expedite consideration of the Protest. Failure of a protester to comply with a request for information within the specified time period may result in a resolution of the Protest without consideration of any information subsequently submitted by the protester in an untimely manner.

**(f)** The Director/Program Administrator of the Originating Division (or his/her designee) shall make decision on a Protest as expeditiously as possible after the Originating Division has received all relevant information requested of the protester. The Director/Program Administrator of the Originating Division (or his/her designee) may, in his/her sole discretion, meet with the protester and any other affected party to discuss the Protest. If a Protest is granted (i.e., sustained in favor of the protester), the Authority shall so notify the protester in writing and the solicitation or award shall be canceled or revised to comply with the Protest decision.

1. If the contract has already been awarded, the contract may be terminated for the convenience of the Authority, and the contract may be awarded to the protester or to the next eligible bidder, the Authority shall so notify the protester in writing and the solicitation or award shall be canceled or revised to comply with the Protest decision.

2. If the contract has not been awarded, the contract may be awarded to the protester or to the next eligible bidder or proposer (whichever is appropriate in light of the Protest decision) or the procurement may be resolicited; provided, however, that if the Authority determines that based on compelling circumstances (e.g., a condition of emergency or serious disruption of the Authority's operations or if the contract has already been completed), either of those actions would not be in the best interest of the Authority, the Authority may let the award stand and the Authority shall pay the successful protester the reasonable costs incurred by the protester in connection with preparing and submitting its bid or proposal, along with the reasonable costs of filing and pursuing the Protest. Anticipated profit or damages for lost business opportunities of the protester shall not be paid by the Authority. If a Protest is denied, the Authority shall send to the protester a written decision stating the reason(s) for the denial of the Protest. If the decision involves a determination of non-responsibility, the Authority shall also inform the protester of its right to request reconsideration of the decision in the manner set forth in Section 15 (g) below.

**(g)** The protester may make a written request for reconsideration of a Director's/Program Administrators decision regarding non-responsibility (but not of a Director's/Program Administrator's decision regarding non-responsiveness), which must be filed by the protester not later than five calendar days after the protesters receipt of such decision. The request for reconsideration shall be considered by the Deputy General Manager to whom the Director/Program Administrator of the Originating Division reports (or such Deputy General Manager's designee) or, in the case of Originating Divisions that do not report to a Deputy General Manager, by the General Manager (or the General Manager's designee); provided that neither the Director/Program Administrator of the Originating Division nor anyone who reports to him/her may serve as a designee considering the request for reconsideration of such Director's/Program Administrator's decision. The protester shall address its envelope to the General Manager or the Deputy General Manager to whom the Director/Program Administrator reports, as the case may be, and such envelope should be labeled "Request for Reconsideration." The request for reconsideration shall contain a statement of the factual and legal grounds upon which reversal or modification is deemed warranted specifying any errors of fact or law made or information not previously considered that should have been considered. Supporting documentation should be included.

**(h)** The General Manager or the Deputy General Manager to whom the Director/Program Administrator reports, as the case may be, or his/her respective designee may, in his/her sole discretion; (i) meet with the protester and, if invited, a representative of the Originating Division to discuss the request for reconsideration, and/or (ii) hold a hearing, at which witnesses may be called and facts presented (at any such meeting or hearing, the Authority, the protester and any other affected party invited to the hearing may be represented by an attorney or other representative). The General Manager, or the Deputy General Manager, to whom the Director/Program Administrator reports or his/her respective designee, shall make a written decision with respect to the merits of the request for reconsideration as expeditiously as possible. The decision of the General Manager or the Deputy General Manager to whom the Director/Program Administrator reports, or his/her designee, with respect to a protester's request for reconsideration shall be final.

## **SECTION 16 - RECEIPT OF NOTICES**

All notices required to be filed, or sent pursuant to Sections 8 and 15 of these Instructions to Bidders shall be in writing and must be delivered by hand or sent by registered or certified mail, return receipt requested, or overnight mail service that provides a receipt to the sender. Receipt of notices by the party to whom transmitted shall be deemed to have occurred: (1) upon receipt, if hand delivered, (2) when mailed, upon receipt, as evidenced by the required receipt, or five calendar days from the date of mailing, whichever is earlier, or (3) the next business day after transmittal by Federal Express, Express Mail or other overnight delivery service that provides a receipt to the sender.

- (b)** In case of conflict between appendices and clauses contained elsewhere in the contract, the requirements of the appendices shall govern.
- (c)** The successful bidder shall be requested to completely fill out the forms in Appendices A and B.

## SECTION 2 - PERFORMANCE

The Contractor shall perform the Work in strict conformity with the Contract Documents and in a good, substantial and workmanlike manner to the satisfaction of the Authority and shall furnish at his/her own cost and expense all labor, materials, plant, equipment, tools, requisite insurance, and all taxes thereon, which are necessary in connection with the Work or incidental thereto, all for the sum as accepted by the Authority.

The Contractor shall perform on the site, and with its own organization, Work of a value equivalent to at least thirty-five percent (35%) of the total amount of Work to be performed under the Contract. This percentage may be reduced by a supplemental agreement to this Contract, if the Contractor requests a reduction and the Authority determines that such reduction would be in its best interests.

NYCHA retains the right in its sole discretion to self-perform the Work through its employees or personnel. Moreover, if NYCHA, pursuant to its termination rights set forth in the Contract, defaults the Contractor or terminates the Contract for convenience, either in whole or in part, as of the date of such default or termination, the Contractor shall have no rights with respect to performing any Work covered by such default or termination for convenience (the "Terminated Work"). Instead, NYCHA may perform the Terminated Work through alternate resources including, but not limited to, as applicable, (a) making a bond claim (to the extent applicable), (b) utilizing NYCHA employees or personnel, and/or (c) procuring or selecting a replacement contractor, and NYCHA may exercise all remedies available under the Contract or by law to recover any damages, costs, or expenses that NYCHA sustains as a result of obtaining the Terminated Work through alternate resources. For purposes of clarity, the terms of this section shall apply to Terminated Work covered by NYCHA's exercise of a partial default or partial termination for convenience including, but not limited to, if NYCHA's default or termination for convenience is limited to (i) a task order or work authorization issued under the Contract or (ii) a portion of the Contract's scope of Work.

## SECTION 3 - CONTRACT DRAWINGS

Unless otherwise specified in the Special Notice to Contractors, there are no contract drawings to this Contract. If plans and drawings are specified or incorporated by reference, they are intended to be co-extensive with the Contract Documents, including the Specifications, so that any matter or thing contained in or shown by any of them shall be of the same effect as if contained in or shown by all.

## SECTION 4 - AMENDMENTS AND ADDENDA

The Amendments and Addenda, if any, to the Contract Documents, are for the purpose of varying, modifying, rescinding, or adding to the portions of the Contract Documents to which they pertain and should be read together with them. In the event of any inconsistency or conflict between any Contract Documents or any portion thereof and any Amendment or Addendum, the Amendment or Addendum shall prevail. Where an Amendment or Addendum modifies a portion of a paragraph or a section, the remainder of the paragraph or section shall remain in force unless otherwise stated in the Amendment or Addendum.

## SECTION 5 - PARTIAL PAYMENTS

**(a)** Prior to the submission of the first requisition for a partial payment, the Contractor, if required, shall present to the Authority, for the Authority's approval, a schedule showing the breakdown of the Contract price which must contain the amount estimated for each part of the Work, and in addition, a quantity survey for each such part of the Work. The values employed in making the schedule will be used only for determining the size of the partial payments and to supply labor statistical information required by the Authority, and will not be considered as fixing a basis for additions to or deductions from the Contract Price. Notwithstanding the foregoing, In the event that the Contract's pricing is based upon a factor/multiplier, the basis for the Contractor's pricing shall be as set forth within the Form of Proposal and/or Contract Specifications.

**(b)** Progress payments, irrespective of whether the Contract is lump sum, unit price, or factor/multiplier will be made as the Work progresses in accordance with this section. Within 30 calendar days from when the Work for which the Contractor seeks a progress payment was performed (the "**Progressed Work**"), but not more often than once per month, the Contractor shall submit to NYCHA an application for such progress payment that must cover the Progressed Work and include: (1) the requested payment amount; (2) all certificates and documents on the forms acceptable to, and in accordance with the rules of, the Authority and as required by the Contract Documents; (3) all *Contractor Daily Sign-In Sheets* and all payrolls records required pursuant to these General Conditions, evidencing the Contractor's compliance with prevailing wage requirements with respect to the Progressed Work covered by the progress payment application, if not previously submitted, as the Contracting Officer will not approve any progress payment application until the Contractor has submitted such Daily Sign-In Sheets and payroll records; and (4) proof satisfactory to the Authority that the Contractor is meeting his/her obligations to subcontractors, suppliers of material and workers, if requested by the Contracting Officer. Unless allowed by the Authority, such progress payments shall not exceed the ratio to the total compensation hereunder that the portion of the Progressed Work done bears to the entire Work.

**(c)** An application for progress payments shall not include requests for payment (1) on account of changes in the Work which have not been properly authorized by a change order in accordance with the Contract Documents, or (2) of amounts the Contractor does not intend to pay a subcontractor or supplier because of a dispute or other reason.

**(d)** If a progress payment is requested on the basis of materials or equipment not incorporated into the Progressed Work but delivered and suitably stored at the site or at another location agreed to in writing, the progress payment application shall be accompanied by such bills of sale, data and other procedures substantiating the Contractor's title to such materials or equipment or otherwise protecting the Contractor's interest. Payment on account of such materials or equipment will not (1) include any amount for the Contractor's overhead or profit, (2) relieve the Contractor of its obligation to protect and install such materials or equipment in accordance with the requirements of the Contract and to restore damaged or defective Work, or (3) relieve the Contractor of any risk of loss for such materials or equipment or obligations with respect thereto as provided for in the Contract Documents.

**(e)** The Contracting Officer or his or her designee will, within seven calendar days after receipt of an application for a progress payment, either indicate a recommendation for payment or deny the application. If payment is recommended and the application is approved, the Contractor will be notified by the Authority that the application has been approved and will be provided with a copy of the Authority's payment requisition for the Contractor's signature. The date that the Contractor is notified of the progress payment approval is referred to herein as the "Approval Date." Upon notification of the progress payment approval, the Contractor must then submit the signed payment requisition along with an original invoice to the Authority's Accounts Payable Division ("**Accounts Payable**"). Such original invoice must be printed on the Contractor's company letterhead and have an original signature. The signed payment requisition and original invoice shall be submitted by the Contractor directly to Accounts Payable at:

New York City Housing Authority  
Accounts Payable  
P.O. Box 3636  
Church Street Station  
New York, NY 10008

Payment will be made to the Contractor within 21 calendar days of the Approval Date (the "**Payment Date**") provided that Accounts Payable receives the Contractor's signed payment requisition and original invoice, satisfactory to Accounts Payable (a "**Satisfactory Requisition and Invoice**"), at least seven calendar days prior to the Payment Date. If the Satisfactory Requisition and Invoice is not received at least seven calendar days prior to the Payment Date, payment will be made within seven calendar days after receipt thereof by Accounts Payable.

**(f)** If the application for a progress payment is denied, the application shall be returned to the Contractor indicating the Authority's reasons for refusing to recommend payment which may include, but not be limited to, the Authority's exercise of its right to withhold payment as provided for in the Contract Documents. If denied, the Contractor may make the necessary corrections, to the extent that corrections can be made, and resubmit the application to the Authority within 30 calendar days from the Contractor's receipt of the returned application, in which case the time and procedures for review, denial, approval, and payment, as applicable, as set forth in this subsection (f) of this section and in subsection (e) of this section above, shall apply to the resubmitted application. No such progress payments, however, will be made after the time fixed for the completion of the Work, or the time to which the completion may be extended under the terms of this Contract, until the full and final completion of all Work herein agreed upon, unless the Authority, in its discretion, directs otherwise.

**(g)** The Contracting Officer's or his or her designee's recommendation of any progress payment requested in an application shall not constitute a representation that (1) exhaustive or continuous on-site inspections have been made to check the quality or quantity of the Work, (2) an examination has been made to ascertain how or for what purpose the Contractor has used payments previously paid on account of the Work, or (3) the Contractor's construction

means, methods, techniques, sequences or procedures have been reviewed. Furthermore, any recommendation of a progress payment shall not constitute a waiver of the Authority's rights and remedies under the Contractor Documents or otherwise including, but not limited to, the right to withhold payments to the Contractor.

**(h)** In making such partial payments the Authority may retain ten percent (10%) of the estimated amount until the final completion and acceptance of all work covered by the Contract except that this may be reduced to five percent (5%) after satisfactory performance of 50% of the work. If performance and payment bonds in the full amount of the Contract Price have been furnished by the Contractor, the retention shall be five percent (5%) throughout.

**(i)** The Contractor agrees to accept payments under the Contract (progress, final, or otherwise) from the Authority by electronic funds transfer. An electronic funds transfer is any transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, which is initiated through an electronic terminal, telephonic instrument or computer or magnetic tape so as to order, instruct, or authorize a financial institution to debit or credit an account.

**(j)** Prior to the first payment made under the Contract, the Contractor shall designate one account on the books of a financial institution or other authorized payment agent and shall complete and submit to Accounts Payable the "AP Supplier Maintenance Request Form" with a voided check.

**(k)** The credit of a payment by the Authority to the account on the books of the financial institution or other authorized payment agent designated by the Contractor shall constitute full satisfaction by the Authority for the payment under the Contract.

**(l)** The account information supplied by the Contractor to facilitate the electronic funds transfer shall remain confidential to the fullest extent provided by law.

**(m)** The Authority may waive the requirements of this section for payments in the following circumstances: (1) for individuals or classes of individuals for whom compliance imposes a hardship; or (2) in other circumstances as may be necessary in the best interest of the Authority.

## **SECTION 6 - FINAL PAYMENT**

**(a)** Within thirty (30) days after the issuance of the Certificate of Final Acceptance hereinafter provided for, the Authority, subject to all contract provisions, shall pay to the Contractor, by check or otherwise, all sums remaining unpaid and due it under the Contract.

**(b)** The Final Payment shall not become due until the Contractor shall deliver to the Authority all releases required by the Authority from all liens, claims and demands arising out of any Work done pursuant to the Contract.

**(c)** The acceptance by the Contractor of the Final Payment, or any part thereof, shall be and shall operate as a release of the Authority from all claims and all liability to the Contractor for all things done or furnished in connection with the Work and for every act, omission and neglect of the Authority and others relating to or arising out of this Work, excepting only claims expressly reserved by the Contractor in writing at the time final payment is made.

**(d)** No Interest to be Paid. The Contractor agrees that no interest shall be due and payable from the Authority on any retained amounts or on any other sums deducted and withheld from the partial payments or the Final Payment or for failure to make any partial payments or the Final Payment on the date when any such payments may be due.

## **SECTION 7 - AUTHORITY'S RIGHT TO WITHHOLD MONEY OUT OF PAYMENTS; LIENS**

**(a)** If the Work is not performed in strict accordance with the Contract, or if the work of any other contract between the Contractor herein and the Authority is not performed in strict accordance with its terms, or if the Authority has a claim against the contractor herein for any other reason whatsoever, or if any claim, just or unjust (including claims for wrongful death and for injuries to person or property), which arises out of the performance of the Work is made against the Authority, the Authority shall have the right to withhold out of any payment, final or otherwise, such sums as the Authority may deem ample to protect it against delays or loss or to assure the payment of such claims on this, or any other open contract which the Contractor has with the Authority.

**(b)** In the event that wages have been paid at a rate less than the prevailing wage or the Contractor has failed to pay interest on any underpayment of wages required by the Contract, the Authority shall also have the right to withhold from the Contractor out of any payment, final or otherwise, on this, or any other open contract that the Contractor has with the Authority, so much as may be necessary to pay to laborers, mechanics, architects draftsmen, engineers and technical workers, and other workers employed on the Work, the difference between the sums such persons should have received as wages and the amounts they actually received, and to pay such sums over to such persons. All such payments shall be deemed to be payments for the Contractor's account. In addition, the Contractor shall be required to pay for the cost of any investigation conducted by or on the behalf of the Authority that discovers a failure to pay prevailing wages by the Contractor or its subcontractors. If the Authority discovers such a failure, the Contractor shall submit a certified check to the Authority for the administrative cost of the investigation, as such cost has been assessed by the Authority. The certified check shall be submitted to the Office of Prevailing Wage & Labor Standards.

The Authority shall continue to withhold funds from payments due to the Contractor until the certified check for such cost is received.

(c) The foregoing provisions shall be construed solely for the benefit of the Authority and shall not be construed to require the Authority to determine or adjust any claims or disputes between the Contractor and any other person or persons.

(d) Deductions for Defective Work as an Alternative to Requiring Corrections. If the Authority deems it inexpedient to require the Contractor to correct Work damaged or not done in accordance with the Contract, an equitable deduction from the Contract Price shall be made by agreement between the Contractor and the Authority. In the event of the failure of the said parties to reach an agreement, the amount to be so deducted shall be settled in accordance with the procedure hereinafter provided for the settlement of disputes. Until such settlement, the Authority may withhold such sum as it deems just and reasonable from monies, if any, due the Contractor on this, or any other open contract which the Contractor has with the Authority.

(e) Liens as Bar to Payment. The Contractor shall not, at any time, suffer or permit any lien, attachment, or other encumbrance, under the law of this State or otherwise, by any person or persons whomsoever, to remain on file with the Authority against any money due or to become due for any Work done or materials furnished under the Contract, or by reason of any other claims or demand against the Contractor. Such lien, attachment, or other encumbrance, until it is removed, shall preclude any payment and any and all claims or demand for any payment whatsoever under and by virtue of the Contract.

## SECTION 8 - MODIFICATIONS OF COMPENSATION; CHANGES IN THE WORK

(a) The Authority, without invalidating this Contract or any bonds or security furnished thereunder, and without notice to the sureties, if any, may, at any time after the acceptance of the Contractor's Proposal, make changes by altering or changing the Work or by ordering Extra Work, or by omitting or reducing the Work in part, or, upon five (5) days' notice to the Contractor, in whole, the Contract Price being adjusted as hereinafter provided. Such alterations, changes, extra work, reductions or omissions may be ordered by the Authority solely by written order. When Work is omitted or reduced, in whole or in part, no right to compensation or damages for any loss or cost, including loss of profit, or for any claim or cause of action, shall accrue to the Contractor for any Work so omitted or reduced, except that the Authority will pay, subject to the provisions of this Contract, for all Work actually performed.

(b) For changes resulting in Extra Work, the contract price shall be adjusted by such of the three following methods as the Authority selects:

1. Where unit prices have been established in the Contract, such unit prices may be used as a basis for computing the additions to be made; or
2. The Authority and the Contractor may agree upon unit prices or a lump sum therefor; or
3. The Contract Price may be adjusted in accordance with the following:
  - a. The Contractor shall submit an accurate current account of the actual direct and necessary production cost of the Extra Work itself, with substantiating documentation, subject to audit, as may be required by the Authority, consisting of and limited to the following: labor and items incidental to labor, including Social Security and unemployment insurance; other insurance required by reason of the performance of the extra work; necessary materials, rental value of plant and equipment.
  - b. All other items shall be considered as overhead and not as cost including, but not limited to, supervision, superintendents, timekeepers, clerks, security personnel, small tools, incidental job burdens and general office expense. To the cost calculated as aforesaid shall be added: ten percent (10%) as compensation to the Contractor for overhead and all other costs and ten percent (10%) of the resulting amount as profit.

(c) Where such Extra Work is performed through one or more subcontractors, there shall be added to the extra cost to the contractor of such work computed as above (including any overhead and profit allowed by the contractor to the subcontractor, not exceeding the percentage above prescribed for the contractor), six percent (6%) of such extra cost of the work involved in the change.

(d) For changes resulting in omitted or reduced work, any of the methods set forth in the preceding paragraph (b) shall be utilized in calculating a credit to the Authority.

## SECTION 9 - DIFFERING SITE CONDITIONS

(a) The Contractor shall promptly, and before such conditions are disturbed, notify the Authority in writing of (1) subsurface or latent physical conditions at the site differing materially from those indicated in the Contract, or (2) unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inhering in work of the character provided for in this Contract. The Authority shall promptly investigate the conditions, and if it finds that such conditions do materially so differ and cause an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this Contract, whether or not changed as a result of such conditions, an equitable adjustment shall be made and the contract modified in writing accordingly.

(b) No claim of the Contractor under this provision shall be allowed unless the Contractor has given the notice required in (a) above.

## SECTION 10 - EXTRA OR OMITTED WORK

(a) Extra Work is work required by the Authority which in its judgment is in addition to that required by the Contract in its present form. Except in an emergency, written orders must be received by the Contractor prior to the commencement of Extra Work and must expressly and unmistakably indicate the intention of the Authority to treat the Work described therein as Extra Work. The provisions of this Contract relating generally to Work and its performance shall apply to any Extra Work required and to the performance thereof except to the extent that the parties hereto may expressly provide otherwise in connection with any particular item of Extra work.

**(b)** The Contractor shall, immediately upon receipt of a written order of the Authority, proceed to comply with such written order as regards to any changes involving Extra Work or Work omitted or reduced, regardless of whether or not the adjustment in the Contract Price by reason thereof has been agreed upon.

## SECTION 11 - TIME OF ESSENCE

Inasmuch as the provisions hereof relating to the time of performance and completion of the Work are for the purpose of enabling the Authority to administer public property efficiently and economically and in accordance with a predetermined program, all such time limits are of the essence of this Contract.

## SECTION 12 - TIME FOR COMMENCEMENT AND NOTIFICATION TO PROCEED

The Contractor shall commence the Work on the date specified in the written notification from the Authority to proceed and shall complete the Work within the time period specified. This notification will be made, in general, no more than thirty (30) calendar days from the date of the Award of the Contract.

## SECTION 13 - TIME FOR COMPLETION

The Contractor agrees to complete the Work within the time specified in the Special Notices & Conditions or applicable Notice to Proceed.

## SECTION 14 - DELAYS IN PERFORMANCE; EXTENSIONS OF TIME

In the event completion of the Work is necessarily delayed beyond the time for the completion of the Work or the particular portion thereof affected, on account of unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to acts or omissions of the Authority, its officers, agents, or employees, whether occurring before or after the acceptance of the Contractor's Proposal, or of any Contractor of the Authority engaged in operations upon the project or third persons, or because of any act of God, strike, embargo upon shipments, insurrection, act of the public enemy, governmental action, unusually severe weather, fire, flood or delays of subcontractors due to such causes, the time for completion shall be extended by a period of time corresponding to the delay, provided that within twenty (20) days from the beginning of such delay the Contractor notifies the Authority of the causes of the delay.

The Authority's determination whether an extension of time is justified and how long the period of extension should be, shall be conclusive and binding upon the Contractor. Except as otherwise provided in this Contract, the Contractor expressly agrees to make no claim or maintain any action against the Authority for damages for suspension of or delay in the performance of this Contract occasioned by delays to or interruptions of the work, and agrees that any such claim shall be fully compensated for by an extension of time to complete performance.

## SECTION 15 - SUSPENSION OF WORK

The Authority may order the Contractor to suspend the Work for the Authority's convenience for such period of time it may deem appropriate, provided that where such suspension is for an unreasonable period of time an adjustment shall be made for any increase in the cost of performance of this Contract caused thereby. However, no adjustment shall be made where the work is suspended or delayed by any other cause, including the fault, negligence or improper performance of the Contractor or of any other contractor.

## SECTION 16 - RISKS; INDEMNIFICATION

1. **Indemnification.** To the fullest extent permitted by law, the Contractor (the "**Indemnifying Party**") hereby agrees to indemnify, defend (with counsel reasonably acceptable to NYCHA), and hold NYCHA, and NYCHA's Related Parties harmless from and against all "**Indemnified Losses**" (as defined below) that may arise against NYCHA and NYCHA Related Parties arising out of or in any way related to the acts or omissions of the Contractor, or the acts or omissions of its employees, agents, licensees, invitees, contractors, subcontractors or any other entity or person involved in providing the Services under the Contract except to the extent, and only to the extent, such losses arise from the acts or omissions of NYCHA.
2. "**Indemnified Losses**" are defined as incurred and potential damages, losses, liabilities, costs, expenses, obligations, penalties, fines, impositions, fees, interest, attorneys' fees (including any attorneys' fees incurred in enforcing this indemnity), consultants' fees, expert fees, levies, a decline in value, lien removal or bonding costs, claims, litigation, demands, defenses, judgments, suits, proceedings, disbursements, and settlements, of any kind and nature whatsoever.
3. The Indemnifying Party hereby covenants and agrees that the obligations, indemnities and liabilities of the Indemnifying Party in this Section shall:
  - a) incept upon the Effective Date of this Contract and shall survive the expiration, revocation, termination or expiration of this Contract;
  - b) be triggered by notice to Indemnifying Party by NYCHA, which shall include a summary of the details of the Indemnified Loss as known to NYCHA at the time of notice and NYCHA's direction as to how Indemnifying Party shall indemnify, defend or hold NYCHA harmless including, without limitation the reimbursement of costs, the assumption of legal defense and/or the extension of insurance coverage. The Indemnifying Party shall respond within ten (10) business days affirming the Indemnifying Party's agreement therewith or advising the NYCHA of any dispute or reservation of rights with respect to the Indemnified Loss. If NYCHA seeks legal defense from the Contractor or its insurer under this , NYCHA shall provide all reasonable cooperation requested by the Contractor, its insurer or either of their respective

- c) attorneys;
- c) not be limited in any way to the availability or applicability of insurance available to the Indemnifying Party, whether or not such insurance is required under this ; and
- d) apply in addition to any other indemnification provided herein.

## SECTION 17 - INTENTIONALLY OMITTED

## SECTION 18 - TYPES AND AMOUNTS OF INSURANCE REQUIRED

The Contractor shall obtain and maintain throughout the duration of the Contract the types and amounts of insurance outlined in Rider 1 hereto compliant with the terms and conditions therein as well as each of the following terms and conditions:

1. **No Services or Scope of Work Excluded** - Insurance policies shall not exclude claims arising out of or in any way related to the Work, scope of work or operations contemplated within the scope of this Contract whether or not such Work, scope of work, or operations are performed directly by the Contractor or by the Contractor's Related Parties.
2. **Severability of Interests - No Employer Exclusions** - Liability insurance policies required by this Contract must extend coverage to NYCHA and NYCHA's Related Parties as additional insureds for any employer over-action or similar claim, and must not exclude liability coverage for NYCHA, or NYCHA's Related Parties, as an additional insured arising out of a claim which alleges or in any way involves the injury of the Contractor, the Contractor's employees or the owners or employees of the Contractor's Related Party performing Work. Liability insurance policies must include an industry standard "Severability of Interests" or "Separation of Insureds" clause providing that no policy exclusion, term or condition applicable to the Contractor shall affect the availability of coverage to the additional insured.
3. **Change in Risk** - NYCHA reserves the right to revise the types and amounts of insurance required due to any temporary or permanent material change in the services, scope of work or operations which may increase the potential liability of any party, as determined at NYCHA's sole discretion.
4. **Compliance** - Certificates of Insurance and supplementary documentation demonstrating compliance with these requirements shall be submitted (i) upon execution of this Contract, (ii) upon each required insurance policy renewal, and (iii) upon demand of NYCHA. Contractor shall deliver to NYCHA or its designee, or cause its licensed or certified insurance professionals to deliver to NYCHA or its designee, Certificates of Insurance and supplementary documentation certifying compliance with any and all requirements as and when required by NYCHA, including via the online submission and certification of such documents or via email delivery. Certificates of Insurance and supplementary documentation sent through the mail (whether or not certified or notarized) will not be considered received or accepted by NYCHA unless delivered in accordance with the specific directions of NYCHA or its designee.

Requirements may only be waived in writing by an authorized representative of NYCHA's Risk Management Department.

However, NYCHA will grant the following pre-defined conditional waivers:

a. **Auto Liability Insurance Waiver** – will be granted provided Contractor covenants in writing that no vehicles will be used by Contractor or Contractor Related Party on or from any NYCHA property during the Term of this Contract.

b. **Workers' Compensation Waiver** – if Contractor (i) is a sole proprietor, (ii) has no employees or staff of any type, (iii) is legally exempt from New York State Workers' Compensation Law, and (iv) only works with contractors insured for Workers Compensation in compliance with New York State law, then NYCHA will accept New York State's CE-200 form, or any successor and equivalent form authorized by the State of New York, in lieu of the required Workers Compensation insurance.

5. **Insurance Compliance Failure** - Failure to maintain required insurance coverage for the duration of the Contract and any extension thereof, shall be deemed a breach of the Contract. In the event of failure to maintain the required insurance, and in addition to any other rights and remedies available under the Contract, at law or in equity, NYCHA reserves the right at its sole discretion to withhold payment, stop Work or terminate this Contract. NYCHA may also (a) address any gap in insurance coverage required at its own discretion at the Contractor's sole expense and/or (b) require the Contractor to provide formal financial guarantees, such as a bond or letter of credit in the amount equal to NYCHA's projection of the costs of any claim which would have been insured if not for Contractor's failure to comply.

6. **Insurers** – All insurance must be underwritten by insurance companies that are licensed, admitted, approved, or otherwise legally permitted to transact insurance business in the state of New York and which have a minimum AM Best policyholder rating of A- or greater and a minimum AM Best financial size category of VII or greater. Insurance may alternately be underwritten by a Lloyd's of London syndicate or surplus lines insurers authorized to underwrite business in the State of New York.

7. **High Retention or Deductible / Self-Insurance & Alternative Risk Financing** – Insurance policies with retentions or deductibles

in excess of ten thousand dollars (\$10,000) or insurance programs including self-insurance, captive insurance, participation in risk purchasing groups or other alternative risk financing mechanisms must be declared to and approved by NYCHA's Risk Management Department prior to being utilized to satisfy the requirements of this Contract. Such approval shall not be unreasonably withheld provided that, whichever mechanism is used, the financial resources and responsibility to pay claims in a manner consistent with the insurance required herein is lawful, demonstrable and credible at NYCHA's sole discretion. Contractor agrees to provide any documentation required by NYCHA to make such a determination and agrees that Contractor will be responsible for all deductibles, retentions, and other self-insured costs of such policies or programs, irrespective of amount.

8. **Notice of Cancellation** – Where commercially available, each insurance policy must be endorsed to provide that such policy may not be canceled without at least thirty (30) days' prior written notice to NYCHA for any reason excepting non-payment of premium for which policy must provide ten (10) days prior written notice of cancellation.

9. **Primary/Excess Policies** – Insurance requirements may be satisfied through any combination of primary and excess insurance which is otherwise compliant with these requirements.

10. **Blanket Insurance** – Insurance policies covering the Work along with other locations and operations of the Contractor are permissible, provided such policies are otherwise compliant with these requirements.

11. **Claims-Made Insurance** – If the Contractor maintains required insurance on a Claims-Made basis, meaning any insurance triggered by the date of the filing of a claim as opposed to the date of the occurrence of a covered loss, then such insurance coverage must remain in effect throughout the statute of limitations applicable to any claims which may be made under that policy.

12. **Minimum Limits** – The limits of insurance required herein are the minimum required by NYCHA and shall not be construed by Contractor or Contractor's insurer as representing any cap or limitation on Contractor's liability under this Contract nor shall such minimum limits be construed as a cap or limitation of NYCHA's right to seek any available coverage or protection under the insurance policies of the Contractor, whether or not required herein.

13. **NYCHA's Insurance** – Contractor acknowledges that NYCHA may maintain insurance policies or reserve funds which address NYCHA's liability and other risk exposure with respect to the Services. Contractor acknowledges that neither Contractor nor Contractor's Related Parties nor the insurers of Contractor or Contractor's Related Parties have any right to or expectation of insurance coverage, protection or proceeds from NYCHA's insurance policies or reserve funds.

14. **Contractor's Related Parties** – Contractor shall require by contract, and shall enforce the requirement that Contractor's Related Parties obtain and maintain no less than one million (\$1,000,000) in General Liability and Auto Liability insurance limits, and statutorily required Workers' Compensation insurance policies, subject to all of the same terms and conditions and providing equivalent protection to NYCHA as required of Contractor by this Contract, with such insurance being applicable to any incident or occurrence arising from the acts or omissions of the Contractor's Related Party with respect to the Work or this Contract.

Subject to the same terms as above, Contractor shall require by contract, and shall enforce the requirement that Contractor's Related Parties obtain and maintain the following additional types and amounts of insurance, subject to all of the above requirements if applicable, as follows:

a. Professional Liability Insurance of no less than one million dollars (\$1,000,000) for licensed or specialized professional services of design, architecture or engineering or legal, financial or medical services required by the Work and being provided by the Contractor's Related Party.

b. Pollution Legal Liability Insurance of no less than one million dollars (\$1,000,000) for any treatment, handling, transport or abatement of hazardous material required by the Work which are to be performed by the Contractor's Related Party. This insurance must name NYCHA as an additional insured.

It shall be Contractor's sole responsibility to monitor and enforce the compliance of Contractor's Related Parties with the provisions of this section. Contractor shall provide to NYCHA evidence and documentation of the compliance of the Contractor's Related Parties as and when requested by NYCHA.

## SECTION 19 - SURETIES

In the event this Contract requires the Contractor to furnish Performance and Payment Bonds, such bonds shall be in the form prescribed by the Authority and shall be deemed to include the performance of all the Contractor's obligations under the guarantees by the Contractor or subcontractors contained in the Contract Documents.

## SECTION 20 - DEFAULTS

(a) The Authority shall have the right to declare the Contractor in default on the whole or any part of the work if:

1. The Contractor shall fail to begin the Work to be done under the Contract on the date of award or the date otherwise specified in writing by the Authority, or if the Work shall be abandoned by the Contractor, or
2. The Contract shall be assigned or the Work sublet by the Contractor otherwise than as permitted by the Contract, or
3. The Contractor has unnecessarily or unreasonably delayed the Work or any part thereof, or has persistently or repeatedly refused or failed to supply enough properly skilled workers or proper materials, or
4. The Contractor has failed to make prompt payment to subcontractors, suppliers of materials, or other creditors; or has failed to display the prevailing wage poster, to provide a copy of the prevailing wage schedule when requested, to complete the General Virtual Logbook form or to submit the *Contractor Daily Sign-In Sheets* in compliance with the requirements of Section 43 of the General Conditions, below; or has failed to observe or perform the provisions of any term whatsoever of the Contract, or
5. The Contractor shall become bankrupt or insolvent, or makes an assignment for the benefit of creditors, or its affairs are placed in the hands of a receiver or trustee.

(b) Upon declaration of default in writing to the Contractor, the Contractor shall not begin or shall discontinue or not resume the work. In such event, the Authority may take over the Work and prosecute the same to completion as agent for and at the expense of the Contractor, either directly or through other contractors, with or without public advertisement, or by calling upon the surety or sureties, if any, to complete the Contract as provided for in the Performance Bond, and the Contractor and sureties shall be liable to the Authority for any loss, damage, extra cost, or detriment to the Authority thereby. The Authority may take immediate possession of and utilize in completing the Work all materials and equipment provided for the Work. The Authority may also adopt and enforce any subcontracts which may have been let for any part of the Work. The Authority's certificate as to the excess cost and excess time, if any, of completing the Work, and the amount of damage suffered, shall be binding and conclusive upon the Contractor and his sureties.

(c) The right to declare the Contractor in default for any of the grounds specified or referred to in Section 20(a) of the General Conditions shall be exercised by the Authority by sending the Contractor a written notice setting forth the ground or grounds upon which such default is declared (the "Notice of Default").

(d) The Authority's determination that the Contractor is in default shall be conclusive, final and binding on the parties and such a finding shall preclude the Contractor from commencing a plenary action for any damages relating to the Contract. If the Contractor protests the Authority's determination, the Contractor may commence a lawsuit in a court of competent jurisdiction of the State of New York under Article 78 of the New York Civil Practice Law and Rules.

## SECTION 21 - RIGHTS AND REMEDIES OF CONTRACTOR

The Contractor agrees that money damages are adequate compensation for any breach of the Contract which may be committed by the Authority, and that no default, act or omission of the Authority shall constitute a material breach of the Contract entitling the Contractor to cancel or rescind it or (unless the Authority shall so direct in writing) to suspend or abandon performance. The Contractor hereby waives any and all rights and remedies to which he might otherwise be or become entitled because of any wrongful act or omission of the Authority, saving only the right to money damages.

## SECTION 22 - DISPUTES AS TO THE WORK

A fundamental intent of the Contract is that all Work required by the Authority shall be promptly performed in accordance with its directions and to its satisfaction, but without prejudice to the rights of either party as to the proper determination of questions relating to compensation, damages, or other money payments or deductions from payments as provided in this Contract. The Contractor shall, under no circumstances, cause any delay of the Work during any dispute as to the Work or compensation or the meaning of the specifications or plans or drawings, or because of any dissatisfaction with any decision of the Authority, but shall proceed with the Work promptly, as directed.

## SECTION 23 - CLAIMS

(a) If the Contractor claims that any instructions of the Authority, by drawings or otherwise, involve Extra Work entailing extra cost, or claims compensation for any damages sustained by reason of any act or omission of the Authority, or of any other persons, or for any other reason whatsoever, the Contractor shall,

within twenty (20) days after such claim shall have arisen, file with the Authority written notice of intention to make a claim for such extra cost or damages, stating in such notice the nature and amount of the extra cost or damages sustained and the basis of the Claim against the Authority. If the Authority shall deem it necessary for proper decision, upon any notice filed hereunder, to require additional data, depositions or verified statements, the Contractor must furnish the same within twenty (20) days after written demand therefor upon him/her.

(b) The filing by the Contractor of a notice of claim and the compliance by the Contractor with the demand, if any, for additional data, depositions or verified statements, both within the time limited herein, shall be a condition precedent to the settlement of any claim or to the Contractor's right to resort to any proceeding or action to recover thereon, and failure to do so shall be deemed to be a conclusive and binding determination on the Contractor's part that he/she has no claim against the Authority for compensation for Extra Work or for compensation for damages, as the cause may be, and shall be deemed a waiver by the Contractor of all claims for additional compensation or for damages.

(c) The Authority shall have the right at any time that a claim is made or a lawsuit is brought by the Contractor on any account to audit the books and records of the Contractor with respect to all matters relating to the subject matter of the claim or lawsuit.

## SECTION 24 - USE AND CARE OF PREMISES; PARKING

(a) The Contractor shall confine his apparatus, storage of materials, and operations to the limits indicated by law, ordinances, permits, and rules and regulations, and in accordance with the directions of the Authority. The Contractor shall not unreasonably encumber the premises with his materials. The Contractor shall maintain the premises in a neat and orderly condition and shall from time to time remove all plant, surplus materials, false work, and temporary structures of every nature resulting from his/her or his/her Subcontractor's work. The Contractor and all Subcontractors must collect daily their accumulated rubbish and leave it where designated by the Authority for prompt removal. The Contractor shall assume the entire risk of loss or damage to any materials or equipment stored in any location made available at the development by the Authority.

(b) The Contractor and its Subcontractors, if any, shall not park their vehicles or otherwise use any parking spaces, grass or gravel areas, or anything of similar nature to park their vehicles, on Authority property. Vehicles parked in unauthorized areas shall be towed at the Contractor or Subcontractor's sole expense.

## SECTION 25 - PRECAUTIONS TO BE TAKEN; CLEAN AIR AND WATER

(a) The Contractor shall perform the Work with all due care and proper precaution, and in such manner as will afford the greatest protection to persons and property on or off the site of the project. The Contractor shall provide all the protection necessary for all materials and Work, whether in progress or completed, and whether incorporated in the project or not, against injury from any cause, and shall place and maintain all necessary and proper guards, lights, and other protective devices for the prevention of accidents and for the protection of workers and the public, and shall post danger signs warning against the hazards created by operations under the Contract. The Contractor shall observe all laws and regulations of the municipality in relation to obstructing the streets, keeping open passageways, and protecting the same where they are exposed and would be dangerous to the public.

(b) The Contractor at his own cost and expense shall make such arrangements as may be necessary or required to protect the Work from the time it is commenced until the Certificate of Final Acceptance is issued or until the Authority shall otherwise direct.

(c) In the event the work of the Contract is at a Federally-aided project, the Contractor shall comply with all the requirements of the Clean Air Act, as amended (42 U.S.C. Section 1857 et. seq.); the Water Pollution Control Act, as amended (33 U.S.C. Section 1251 et. seq.) and Executive Order 11738.

## SECTION 26 - PERMITS AND INSPECTION FEES

The Authority will arrange for the issuance by the proper governmental agency of all permits necessary for the performance of the Work without cost to the Contractor. The Contractor shall cooperate with the Authority in obtaining such permits, and it shall be the duty of the Contractor, prior to the commencement of the Work, to attend at the office of the issuing department or agency and receive all such permits on behalf of the Authority. All fees required to be paid by the Contractor or any Subcontractor for a license to practice their respective trades shall not be included under the heading of permits and must be obtained at the Contractor's expense. All permits are to be kept at the site of the Project until completion of that part of the Work pertaining to those permits and then turned over to the Authority.

## SECTION 27 - COMPLIANCE WITH LAWS AND REGULATIONS

- (a) The Contractor shall give all required notices and comply with all federal, state, municipal, and departmental laws, local laws, ordinances, rules and regulations, notices, orders and any requirements as to permits and licenses which affect the Work and which bear upon the conduct thereof and upon those engaged therein. All costs arising out of the performance of any Work contrary to any of these shall be borne by the Contractor. If the drawings or specifications are at variance with any of these, the Contractor shall promptly notify the Authority in writing so that any necessary changes may be made.
- (b) In furtherance of subsection (a) immediately above, Contractor represents and warrants that the Contractor, its subcontractors and sub-consultants, and all subcontractors or sub-consultants of all tiers including, but not limited to, their employees, consultants, sub-consultants, suppliers (including, but not limited to, suppliers of materials, goods, supplies, equipment or otherwise), agents, and volunteers (such employees, consultants, sub-consultants, suppliers, agents, and volunteers hereinafter referred to as the "**Parties Performing Work**") (i) are, and shall remain for so long as the Contract is in effect, in compliance with all applicable laws, ordinances and codes of the federal, state and local governments which are directly or indirectly related to the Work, including, but not limited to, licensing and compliance requirements, and (ii) shall perform the Work in compliance with all applicable laws, rules, regulations, ordinances and codes of the federal, state and local governments or agency having jurisdiction over, or interest in, the Authority or the Contract, including, but not limited to all provisions of New York State Labor Law and Public

Health Law. The Contractor is fully responsible for all subcontractors' and sub-consultants' of all tiers, and the Parties Performing Work' compliance with the terms of the Contract and the acts or omissions of all subcontractors and sub-consultants of all tiers and the acts or omissions of the Parties Performing Work.

- (c) The Contractor shall comply with, and shall cause all subcontractors and sub-consultants of all tiers and all of the Parties Performing Work to comply with, all applicable laws, rules, regulations, ordinances, and codes of the federal, state and local governments, or any agency having jurisdiction over, or interest in, the Authority or the Contract, including, but not limited to, all licensing and compliance requirements related and applicable to the Contract and the performance of the Work and all provisions of New York State law including, but not limited to, the Labor Law and the Public Health Law.
- (d) The Authority and the Contractor are the only parties to the Contract. No subcontract and no approval of any subcontractor or sub-consultant of any tier shall create or be deemed to create any rights in favor of such subcontractor or sub-consultant and against the Authority or create any contractual relationship between any subcontractor or sub-consultant of any tier or any of the Parties Performing Work. The Contractor shall ensure and cause all subcontractors and sub-consultants of any tier and Parties Performing Work under the Contract, to fully (i) perform the Work in strict accordance with the requirements of the Contract, and (ii) abide by all terms and conditions of the Contract. The Contractor shall be responsible and liable for any breach, default, or failure on the part of a subcontractor or sub-consultant of any tier and/or any Parties Performing Work to comply with the foregoing requirements.

## **SECTION 28 - ORDER OF THE WORK; BLANKET PURCHASE ORDER RELEASES**

Unless otherwise specified in writing the Contractor shall commence the Work under the Contract at the time of award. The Authority may also designate the first block, section, or area, or the first apartment or apartments or building or buildings within a block, section, or area, on which the Contractor shall commence work. All work shall be performed in such order and by such methods as will produce the best workmanship, economy, safety and speed. Notwithstanding the foregoing, if the Contract is awarded as a blanket purchase agreement or is awarded on a JOC, requirements or IDIQ basis, the Contractor shall not commence any Work under the Contract until it has received from the Authority a Blanket Purchase Order Release confirming that the Contractor is authorized to perform the Work set forth in such release at the specific site(s) listed therein. The Contractor must receive a Blanket Purchase Order Release in order to perform such Work notwithstanding the Contractor's receipt of a notice to proceed, task order, purchase order, work assignment or other direction regarding such Work ("Work orders"). For purposes of clarity, if the Contract is awarded on a JOC, requirements, or IDIQ basis, the Authority may issue multiple Work Orders during the term of the Contract. Notwithstanding the issuance of such Work Orders, the Contractor shall not perform Work pursuant to such Work Orders until the Contractor has received a Blanket Purchase Order Release confirming that the Contractor is authorized to perform the Work set forth in the Work Order(s).

## **SECTION 29 - ASSIGNMENT OF BUILDINGS**

At the time of the commencement of work, the Authority may not have all the apartments, buildings and the other spaces available. Therefore, the Contractor shall proceed immediately with the Work in such apartments, buildings and other spaces as are made available by the Authority, and will perform all other work required under the Contract in such order and at such times as the Authority will direct

## **SECTION 30 - FITTING AND COORDINATION OF THE WORK**

The Contractor shall be responsible for the proper fitting of all Work and for the coordination of the Work with that of other contractors who may be engaged in the performance of work at the development.

## **SECTION 31 - PROGRESS CHART; ATTENDANCE AT REGULARLY SCHEDULED JOB MEETINGS**

- (a) **Progress Chart.** At the time of commencement of work, the Contractor, if requested, shall furnish a satisfactory progress schedule which shall be in the form of a graph to suitable scale, indicating salient features of the work and the expected status of the work and the expected status of the work at any time. The progress schedule shall be submitted to the Authority for approval and for such modifications to such schedule as the Authority may deem necessary. The sequence of the performance of the Work may, however, from time to time, be altered by the Authority.
- (b) **Authority May Require Satisfactory Progress.** The Authority shall have the right, without any extra compensation to the Contractor, at any time when, in the judgment of the Authority and the work is not proceeding in accordance with the approved progress chart or schedule, to require the Contractor to take such measures or adopt such methods as may be necessary, in the opinion of the Authority, to obtain and maintain satisfactory progress.
- (c) **Attendance at Regularly Scheduled Job Meetings.** The Contractor shall attend (or cause its authorized representative to attend and act on behalf of the Contractor at) all job meetings regularly scheduled by the Authority. If the Contractor fails to attend or cause its authorized representative to attend any such regularly scheduled job meeting, the Authority may, in its sole discretion, charge the Contractor, and the Contractor shall pay the Authority, a fee of two-hundred and fifty dollars (\$250.00) as an administrative fee. Such fee may be charged against the Contract price or against any other contract the Contractor may have with the Authority.

## **SECTION 32 - INSPECTION AND TESTS**

- (a) **Generally.** The Authority at all times shall have access to the Work, wherever and whenever it is in preparation or progress, and the Contractor shall provide facilities for such access for the purpose of inspection. The Authority will maintain such inspectors as it shall deem necessary to inspect the materials and labor furnished and the Work done, but shall be under no obligation to do so, nor shall it assume any responsibility for defective work which inspection

may or could have disclosed. All work, materials, processes of manufacture, and all methods of construction shall at all times and places, including places of manufacture or origin, be subject to inspection and tests as may be determined by the Authority.

In the event the Contractor informs the Authority that the Work or any part of the Work is complete for inspection, whether or not as an element of any requisition for partial payment, and the Authority subsequently determines that the Work or the part thereof does not pass inspection, the Authority shall charge the Contractor and the Contractor shall pay the Authority a fee of fifty dollars (\$50.00) as an administrative fee for the time and travel of the Authority staff directed to inspect such substantially incomplete Work or part thereof. The Authority may, without limitation, credit this fee against the Contract price or any other contract the Contractor may have with the Authority.

**(b) Allocation of Costs of Tests and Re-Examination for Work:**

1. Special Tests. If the Contract Documents, the instructions of the Authority, local laws, or any public agency or officials require any work to be specially tested or approved, the Contractor shall give the Authority timely notice of its readiness for such inspection. All such tests or inspection shall be paid for by the Contractor, except as otherwise specifically provided for.
2. Other Tests. The cost of test of materials as may be required by the Authority will be borne by the Authority. If, however, the tests prove that the materials tested are not according to the requirements of the Contract, then the cost of such tests is to be borne by the Contractor.
3. Re-Examination of Work. Re-examination of questioned work may be ordered by the Authority and if so ordered the work must be uncovered by the Contractor. If such work be found in accordance with the Contract Documents, the Authority shall pay the cost of re-examination and replacement. If such work be found not in accordance with the Contract Documents, the contractor shall pay such cost. If any work be covered up without the approval or consent of the Authority, such work must, upon request of the Authority, be uncovered at the expense of the Contractor.

**SECTION 33 - CORRECTION AND REPLACEMENT OF DEFECTIVE OR DAMAGED WORK**

**Right of Authority to Reject.** The Authority may reject defective or unsatisfactory Work or materials. The Contractor shall proceed at once with the correction of rejected, defective, or unsatisfactory workmanship or materials and shall have all objectionable materials removed from the site (or any place used for storing materials for use on the Work) and replaced.

**SECTION 34 - MATERIALS AND WORKMANSHIP; PATENTS**

**(a) Quality and Suitability.** All materials, equipment and articles incorporated in the Work shall be new, unless the Authority shall otherwise direct in writing. All workmanship, equipment, materials, and articles incorporated in the Work shall be of the best grade of their respective kinds for their purposes. The Contractor shall, if required, furnish satisfactory evidence as to the kind and quality of materials.

**(b)** The Contractor shall indemnify, hold and save the Authority harmless from liability of any nature or kind, including claims, suits, judgments, costs, and expenses, for, or on account of any infringement, alleged infringement, or use of any patented or unpatented, or copyrighted or non-copyrighted invention, method, appliance, process, design, article or device manufactured or used in the performance of the Contract, and the Contractor shall defend all suits or claims by any person on account of the foregoing at its own cost and expense.

In the event another contractor defaults in or abandons his contract, then the Authority shall have a reasonable opportunity to engage others to perform the uncompleted work of the other contractor and shall not be liable for any delay, damage or loss which may be caused by the work of this Contractor in the interim.

**(b) Loss Caused to Other Contractors.** If any other contractor shall suffer loss, damage, or delay through the acts or omissions on the part of this Contractor, this Contractor hereby agrees to reimburse such other contractor for his loss or damage. If such other contractor shall assert any claim against the Authority on account of any loss, damage, or delay alleged to have been so sustained, the Authority shall notify this Contractor, who shall save the Authority harmless against all claims, losses, costs, expenses, fees, and other liabilities of whatsoever kind, including legal fees and expenses incurred by the Authority in defending any suit or suits based upon such claim or claims, and, if any judgment or claim against the Authority shall be allowed, then this Contractor shall pay or satisfy such judgment or claim and pay all costs and expenses in connection therewith.

## SECTION 39 - WORK OF OTHER CONTRACTORS

If any part of this Contractor's Work depends for proper execution or results upon the work of any other contractor, the Contractor herein shall inspect and promptly report to the Authority any defects in such work that render it unsuitable for the proper performance and execution of this Contractor's Work. The failure of the Contractor herein so to inspect and report shall constitute an acceptance by him of the work done under other contracts as fit and proper to receive his Work and to become the basis thereof, except as to defects which may develop in the work done under other contracts after the completion of the Work to be performed under this contract. In the event that any of the Work performed hereunder becomes defective, inadequate, or unsatisfactory because of defects in work done under other contracts which defects should or would have been discovered by a proper inspection of such work by the Contractor herein, then this Contractor shall be responsible and liable to replace such damaged portions of this Work as if the work of any other contractor had not been involved.

## SECTION 40 - AUTHORITY POLICY REGARDING MINORITIES, WOMEN AND SMALL BUSINESS ENTERPRISES; ASSIGNMENTS AND SUBCONTRACTING

**(a) General:** In addition to the Contractor's and subcontractor's obligations with respect to Section 3 Business Concerns, the Authority has a policy to ensure that all business entities have an equal opportunity to benefit from participation in Authority procurement, consulting and construction activities. In addition to the requirements of subsection (c) below, when issuing solicitations for subcontractors, the Contractor shall take affirmative steps to include minority-owned, women-owned, and small business enterprises since it is the policy of the Authority to ensure that all businesses have an equal opportunity to participate in all aspects of the Authority's procurement of goods and services. The Contractor shall state in all solicitations or advertisements for bids for subcontractors placed by or on behalf of the Contractor that all qualified businesses will receive consideration for subcontracts without regard to the race, color, religion, military service, national origin, sex, age, disability, marital status or sexual orientation of the owners, partners, management or stockholders of a business. In order to fulfill the Contract's Participation Goals as set forth in **Rider 2** attached hereto, the Contractor and subcontractors must be certified by the New York City Department of Small Businesses ("SBS"). Minority-owned, women-owned, and small business enterprises are defined as follows:

1. Minority business enterprise ("MBE") means a business that is at least 51% owned by one or more minority group members; or, in the case of a publicly-owned business, one in which at least 51% of its voting stock is owned by one or more minority group members, and whose management and daily business operations are controlled by one or more such individuals. For this purpose, minority group members include: (A) Black persons having origins in any of the Black African racial groups; (B) Hispanic persons of Mexican, Puerto Rican, Dominican, Cuban, Central or South American descent of either Indian or Hispanic origin, regardless of race; (C) Native American or Alaskan native persons having origins in any of the original peoples of North America; (D) Asian and Pacific Islander persons having origins in any of the Far East countries, Southeast Asia, the Indian subcontinent or the Pacific Islands; and (E) those groups of United States citizens or resident legal aliens designated by the Small Business Administration or any group designated by the Secretary of the United States Department of Housing and Urban Development.
2. Women business enterprise ("WBE") means a business that is at least 51% owned by one or more women who are United States citizens or resident legal aliens; or, in the case of publicly-owned businesses, one in which at least 51% of the stock is owned by one or more women who are United States citizens or resident legal aliens, and whose management and daily operations of the business are controlled by one or more such women.

**(b) Small business enterprise** means a business that is owned by one or more persons who are United States citizens or resident legal aliens, with a place of business located in the United States, operates primarily within the United States and is sized consistently with the requirements set forth in 13 CFR

Section 121.201, which defines size standards for small businesses, based on either annual receipts or the number of employees.

- (c) Contracting with Minority and Women-Owned Business Enterprises: In furtherance and not in limitation of subsection (a) above, and subject to subsection (c) below, for the duration of the Contract, the Contractor agrees to fulfill the Contract's contracting requirements with MBEs and WBEs (collectively, "M/WBEs") that are certified as such by the SBS. These requirements are described in greater detail in Rider 2 hereto and shall be fulfilled by the Contractor in accordance with the Contractor's M/WBE Utilization Plan submitted to the Authority as part of the Contractor's bid and made part of the Contract. A copy of the approved M/WBE Utilization Plan shall be available in e-Comply and such approved M/WBE Utilization Plan is incorporated by reference into the Contract and shall be binding on the Contractor. For purposes of Rider 2, "Agreement" refers to this Contract and "Consultant" refers to the Contractor.
- (d) In the event the Contractor requested and was granted a waiver ("M/WBE Waiver") by the Authority in connection with the M/WBE contracting requirement set forth in **Rider 2**, the M/WBE contracting requirements set forth in Section 1 in **Rider 2** shall not apply to the extent a M/WBE Waiver is granted by the Authority. A copy of the approved M/WBE Waiver shall be available in e-Comply and such approved M/WBE Waiver is incorporated by reference into the Contract and shall be binding on the Contractor
- (e) The Contractor shall not assign, transfer, convey, sublet (directly or indirectly), or otherwise dispose of this Contract, of any right, title, or interest in or to the same or any part thereof, or monies due or to become due thereunder, without the previous consent in writing of the Authority. Any such assignment made without such written consent shall be void. Nothing herein contained shall be construed to hinder, prevent or affect an assignment by the Contractor for the benefit of his creditors made pursuant to the laws of the State of New York.

## SECTION 41 - SUBCONTRACTS

- (a) The Contractor may not subcontract more than 88% of the work unless otherwise agreed in writing by the Authority.
- (b) All subcontracts made by the Contractor must be in writing. No Work may be performed by a subcontractor prior to the Contractor entering into a written subcontract with the subcontractor and complying with the provisions of this section and all other provisions of the Contract applicable to subcontractors.
- (c) The Contractor shall (1) submit to the Authority for its written approval the name, tax ID, trade, address and additional contact information of subcontractors for any part of the Work, (2) file all required disclosures regarding the subcontractor in the Contractor's PASSPort account, and (3) provide any other information requested by the Authority evidencing that the subcontractor has the necessary facilities, skill, integrity, past experience, and financial resources to perform the Work satisfactorily in accordance with the terms of the Contract. Further, if applicable, the Contractor must submit to the Authority a Letter of Assent to the PLA signed by a proposed subcontractor at the same time that the Contractor submits the name of the proposed subcontractor to the Authority for approval. The Contractor's use of any subcontractor to perform the Work including, but not limited to, any of the Proposed Subcontractors, is subject to the Authority's written approval.
- (d) If the Contractor seeks to (1) change any of the Proposed Subcontractors identified in its bid, (2) change a subcontractor that has been otherwise approved by the Authority, or (3) use a subcontractor not identified in its bid, the Contractor must submit a written request to the Authority along with the name of the proposed substitute or new subcontractor with full information as to its qualifications and ability to perform the Work satisfactorily (a "Subcontractor Change"). A Subcontractor Change is subject to, and expressly conditioned on, the Authority's written approval in accordance with subsection (a) of this section above and the Contractor's compliance with all of the submission requirements in accordance with subsection (b) of this section above. Further, any Subcontractor Change of the Proposed Subcontractors identified in a Sealed Subcontractor List, and any change in the amounts to be paid to each, may only be granted by the Authority upon the Contractor's showing of a legitimate construction need which shall include, but not be limited to, a change in project specifications, a change in construction material costs, a change to subcontractor status as determined pursuant to Section 222(e) of the New York State Labor Law, the subcontractor becoming unavailable to perform the subcontract.
- (e) The Contractor shall assume the risk of loss, damage, or delay resulting from a Subcontractor Change. A request for a Subcontractor Change shall act as the Contractor's waiver of any and all claims that the Contractor may bring, under these General Conditions or otherwise, for extra costs, expenses, equitable adjustments, and damages that the Contractor may incur as a result of the Subcontractor Change including, but not limited to, with respect to any time expended by NYCHA in reviewing the Subcontractor Change request or approving the proposed substitute or new subcontractor. Further, the Authority's acceptance of a Subcontractor Change shall not be considered a time extension for the completion of the Work, nor shall it limit the Authority's rights and remedies under the Contract with respect to any delays in completing the Work including, but not limited to, the Authority's right to assess and charge liquidated damages, pursuant to these General Conditions.
- (f) The Contractor shall, upon demand of the Authority, submit to the Authority a copy of each contract made with any subcontractor.
- (g) The Authority and the Contractor are the only parties to this Contract. No subcontract and no approval of any subcontractor shall create or be deemed to create any rights in favor of such subcontractor and against the Authority or create any contractual relation between any subcontractor or suppliers of material and the Authority.

(h) The Contractor shall not subcontract with any parties listed on the government-wide Excluded Parties List System in the System for Award Management (SAM), in accordance with the Executive Orders 12549 and 12689 and implementing regulations at 2 CFR 180.

## SECTION 42 - COMPLIANCE WITH LABOR LAWS AND REGULATIONS

The Contractor shall comply with all provisions of the New York State Labor Law and any law, rule or regulation of the federal, state or city governments, or agencies thereof, applicable to employees engaged in the performance of this Contract and their compensation, except as may otherwise be provided below.

## SECTION 43 - PREVAILING WAGE RATES

(a) The Contractor shall pay to all laborers and mechanics employed in the Work not less than the wages prevailing in the locality of the Project, as predetermined by the Secretary of Labor of the United States pursuant to the federal wage rate requirements set forth at 40 U.S.C. 3141 et seq. (formerly known as the Davis-Bacon Act) and other related laws and regulations. Notwithstanding prevailing wage rates and supplemental benefits for trades or occupations stated in the attached schedule, it is the Contractor's responsibility to become informed of, and to pay, the appropriate prevailing wages.

(b) With respect to federally-funded contracts, in the event the prevailing wages in effect at the time of the contract award are higher than those stated in the attached schedule, the Contractor shall pay, for the duration of the Contract, the prevailing wage rates and supplemental benefits in effect at the time of the award unless:

1. The contract has been awarded within 90 days after the bid opening date, or
2. No contract has been awarded, but construction has begun within 90 days after the bid opening date, or
3. The United States Department of Labor has issued an extension of the stated wage rates.
4. Notwithstanding subsections (1), (2) and (3) of this **Section 43(b)**, if a revised wage determination is issued after contract award (or at the beginning of construction where there is no contract award) then the following provisions shall apply.

1) If the Authority issues a change order to the Contract or amends the Contract to include additional, substantial construction, alteration, and/or repair work not within the original scope of work of the Contract, or the Authority requires the Contractor to perform work for an additional time period not originally obligated under the Contract, including where an option to extend the term of a Contract is exercised, the Authority shall issue a written directive (which shall be made part of the Contract without the need for further action of the parties) to include in the Contract, and inform the Contractor of, the most recent revision of any wage determination(s) at the time the Contract is so changed or such option is exercised, provided however, (a) such applicable revised wage determination(s) shall apply to the Contract by law even if the Authority does not issue the directive, and (b) the provisions of this **Section 43(b)(4)(1)** shall not apply where the Contractor is simply given additional time to complete the original scope of work of the Contract or where the additional construction, alteration, and/or repair work in the change order or amendment is merely incidental to the original scope of work of the Contract; or

2) If the scope of the Contract includes construction, alteration, and/or repair work that is covered by the Davis-Bacon labor standards, and the Contract is awarded on a requirements, IDIQ, JOC, or similar basis, or the scope of the Contract is not for a definite or fixed project, but rather provides that the Authority may issue task orders, purchase orders, or similar contract instruments for quantities of work within the scope of the Contract on an as needed basis (collectively, a "**Task Order Based Contract**"), the Authority shall issue a written directive (which shall be made part of the Task Order Based Contract without the need for further action of the parties) to include in the Task Order Based Contract, and inform the Contractor of, the most recent revision(s) of any applicable wage determination(s) on each anniversary date of the Task Order Based Contract's award (or each anniversary date of the beginning of construction when there is no award) unless the Authority has sought and received prior written approval from the United States Department of Labor for an alternative process. Provided, however, that such applicable revised wage determination(s) shall apply to the Contract by law even if the Authority does not issue the directive. Absent such approval for an alternative process, such revised wage determination(s) will apply to any construction work that begins or is obligated under a Task Order Based Contract during the 12 months following that anniversary date until such construction work is completed, even if the completion of that work extends beyond the twelve-month period. Where task orders, purchase orders, or other similar contract instruments have been awarded under the Task Order Based Contract, the applicable updated wage determination shall be included and incorporated in such task orders, purchase orders, or other similar contract instrument. Upon such inclusion and incorporation of the applicable updated wage determination revision into such task orders, purchase orders, or other similar contract instruments, such wage determination revision shall remain applicable for the duration of such order, unless the order is changed to include additional, substantial construction, alteration, and/or repair work not within the scope of work, or when the wage determination must be updated as set forth in **Section 43(b)(4)(1)**, or the order itself includes the exercise of options. Where such orders do include the exercise of options, an updated applicable wage determination revision, as incorporated into the Task Order Based Contract must be included when an option is exercised on such an order.

3) For contracts for which both **subsections (1) and (2)** of this **al Section 43(b)(4)** apply, updated wage determinations shall be incorporated pursuant to the requirements of both subsections, provided however, that when the Contract has been changed as described in **Section 43(b)(4)(1)**, including by the exercise of an option, the date of that modification will be considered the contract anniversary date for the purpose of annually updating the wage determination(s) in accordance with **al Section 43(b)(4)(2)** for that year and any subsequent years of contract performance.

4) If a revised wage determination is incorporated into the Contract pursuant to either subsections(1) and/or (2) of this **Section 43(b)(4)**, and such revised wage determination results in an increase to the applicable prevailing wage rates (the "**Revised Prevailing Wage Rates**") that the Contractor was required to pay immediately prior to the incorporation of such revised wage determination (the "**Prior Prevailing Wage Rates**"), then for any Work that is subject to the Revised Prevailing Wage Rates, and for which the Contractor's unit prices or lump sum payments for such Work are based on the Prior Prevailing Wage Rates, such unit prices or lump sum payments shall be deemed increased, pro-rata, and on a dollar for dollar basis, to compensate the Contractor for the positive difference between the applicable Revised Prevailing Wage Rates and the Prior Prevailing Wage Rates. Any such increase shall not be a basis for the Contractor to seek any other adjustment or increase in the applicable unit prices or lump sum payments including, but not limited to, with respect to overhead, profit, the cost of materials, supplies, insurance or bonding premiums, or any other costs and expenses that are factored into such unit prices or lump sum payments other than the applicable prevailing wage.

(c) The Contractor shall consult with the Authority's Office of Prevailing Wage and Labor Standards to determine the applicability of prevailing wage schedules established by the U.S. Department of Housing and Urban Development pursuant to the Housing Act of 1937 (42 U.S.C. 1401 et seq.), or by the City Comptroller pursuant to Articles 8 and 9 of the New York State Labor Law and/or Section 6-109 of the New York City Administrative Code. Where the City Comptroller's prevailing wage schedule is applicable to the Contract Work, the Contractor must pay the prevailing wages in effect on the day that the work is actually performed.

(d) Any prevailing wage rate (including basic hourly rate and any fringe benefits) determined under State law to be prevailing with respect to any employee in any trade or position employed under this Contract is inapplicable to this Contract and shall not be enforced by the Authority for employees engaged under this Contract whenever either of the following occurs:

Such non-federal prevailing wage rate exceeds

1. The applicable wage rate determined by the U.S. Secretary of Labor pursuant to the federal wage rate requirements (40 U.S.C. 3141 et seq., formerly known as the Davis-Bacon Act, and other related laws and regulations) to be prevailing in the locality with respect to such trade; or
2. An applicable apprentice wage rate specified in an apprenticeship program registered with the U.S. Department of Labor or a DOL-recognized State Apprenticeship Agency; or
3. Such prevailing wage rate, exclusive of any fringe benefits, exceeds the applicable wage rate determined by the Secretary of HUD to be prevailing in the locality with respect to such trade or position.

(e) The Contractor shall post at the Work site, in a place that is prominent, accessible and visible to all employees of the Contractor and its subcontractors during the daily time period that the Contractor and/or subcontractor performs work at the site, the poster entitled Notice to All Employees Working on New York City Housing Authority Contracts. The Contractor's display location requires the approval of the inspector assigned to the Contract by the Administering Department/Program Unit. The poster, in 11" x 17" format, will be provided by the Authority's Administering Department/Program Unit at the pre-start meeting. The poster also can be obtained at the Maintenance Office in the Development. The Contractor must indicate on the lower half of the poster, using a permanent marker, the RFQ number, the name of the Development, the type of work, the name of the Contractor, and the names of subcontractors, if any, working on the site. The Contractor must attach to the bottom of the poster a copy of the appropriate prevailing wage schedule as follows:

1. For contracts subject to the Davis-Bacon and Related Acts, the U.S. Department of Labor Wage Decision

(f) The Contractor must inform all employees, including those of its subcontractors, that they may obtain a copy of the prevailing wage schedule from the Contractor. The Contractor must provide the appropriate copy within forty-eight hours after any such request.

(g) Contractor Daily Sign-In Sheet. The Contractor shall prepare a daily report on the Authority form entitled Contractor Daily Sign-In Sheet, copies of which can be obtained at the Pre-Start Meeting or at the Maintenance Office in the Development. The Contractor Daily Sign-In Sheet, which consists of an original and two copies, shall be completed in accordance with this provision.

1. At the beginning of each workday, the Contractor shall:
  - a. fill in the top of the Contractor Daily Sign-In Sheet, including the location, date, contractor/ subcontractor name and RFQ number;
  - b. ensure that each employee, including those of subcontractors, has printed and signed his or her name and indicated his or her classifications, the last four digits of his or her social security number, and his or her starting time;
  - c. submit the Superintendent's Copy at the development's Maintenance Office within the first hour of work at the site; and
  - d. Ensure that each employee, including those of subcontractors, has signed out and indicated his or her ending time.
2. At the end of each workday, the Contractor shall:
  - a. sign the Certification Statement at the bottom of the form to indicate that the information contained in the Contractor Daily Sign-In Sheet is true and accurate;

- b. submit the original completed form to the development's Maintenance Office for pick-up by the Contract Inspector; and
- c. Keep the last copy for its records.

**(h) Pre-Check-In Form.** The Contractor, through a designated supervisor, must fully complete online the Pre-Check-In Form available at <https://forms.office.com/g/1btDLfEX41> (or at such other link or means of access that is provided by NYCHA to the Contractor in writing, which may be provided by NYCHA electronically or by email) at least 24 hours prior to any planned site visit or onsite access at a NYCHA development (a "Site Visit"). The Contractor must likewise ensure that a representative of each subcontractor fully completes online the Pre-Check-In Form at least 24 hours prior to any Site Visit by the subcontractor. Failure by the Contractor or subcontractor to fully complete the Pre-Check-In Form at least 24 hours prior to the Site Visit may result in NYCHA denying the Contractor or subcontractor access to the development.

**(i) General Virtual Logbook Form.** For each Site Visit, the Contractor, through a designated supervisor, must fully complete online the General Virtual Logbook form available at <https://forms.office.com/g/qZW4Etshy1> (or at such other link or means of access that is provided by NYCHA to the Contractor in writing, which may be provided by NYCHA electronically or by email) when checking in and checking out of the development. The Contractor must likewise ensure that a representative of each subcontractor fully completes online the General Virtual Logbook form when the subcontractor is checking in and checking out of the development. For each Site Visit, the Contractor must check-in and check-out onsite at the development, using the General Virtual Logbook form and promptly upon actual arrival and departure from the development (the "Onsite Check-in-Check-out Requirement"), and must ensure that each subcontractor fully adheres to the Onsite Check-in-Check-out Requirements. Such completion and submission of the General Virtual Logbook form shall constitute, as applicable, the Contractor's or subcontractor's certification (the "Logbook Certification") that all information entered and recorded in the General Virtual Logbook form is true and accurate in all respects, that such information does not contain any false or misleading statement or any material omission, and that the Contractor or subcontractor has fully complied with the Onsite Check-in-Check-out Requirements.

**(j)** Failure by the Contractor to display the prevailing wage poster as required, to provide a copy of the prevailing wage schedule when requested, to prepare and submit the daily report entitled *Contractor Daily Sign-In Sheet*, or to fully complete online and onsite (or failure to cause its subcontractors to fully complete online and onsite) the General Virtual Logbook form upon check-in or check-out of a development for each Site Visit shall be deemed a violation of prevailing wage law and Contract requirements. Additionally, the submission by the Contractor or its subcontractors of any false, misleading, or inaccurate Logbook Certification shall likewise be deemed a violation of the Contract requirements. Such failure (either for a single violation or for repeated violations) of these requirements shall constitute a material breach of the Contract that may result in suspension of the Work, or in termination of the Contract for default, and may also result in a finding of non-responsibility with respect to the possible award of any future Authority contracts.

**(k)** The Contractor shall make all payroll records that it is required to maintain pursuant to **SupplementalSection 50(b)**, available for inspection by authorized representatives of the Authority, including without limitation the Authority's Department of Equal Opportunity, and the Authority's Office of the Inspector General, and shall permit these representatives to interview employees during working hours on the job.

**(l)** If any Contractor or subcontractor finds it necessary or desirable to exceed the prevailing wage rates set forth in this Contract, any expense incurred by the Contractor or subcontractor because of the payment of wages in excess of those set forth in this Contract shall not be considered cause for any increase in the amount payable under this Contract. No right of recovery or claim shall be valid and enforceable against the Authority because of such payments.

**(m)** Where work of this Contract includes abatement of asbestos, the following labor classification shall apply for such work:

- 1) For removal of asbestos from mechanical systems - INSULATOR/ASBESTOS WORKERS.
- 2) For removal of asbestos from walls, ceilings, floors, columns, and all other non-mechanical structures and surfaces - LABORERS: ASBESTOS REMOVAL.

**(n)** The classification of Demolition Laborers, Tier A and Tier B shall apply only when laborers are assigned the following tasks:

- 1) TIER A: Responsible for the removal of all interior petitions and structural petitions that can consist of sheet rock, block or masonry. Also, all structural slab openings for ducts, mechanical, shafts, elevators, slab openings and exterior walls where the building is not being completely demolished.
- 2) TIER B: Responsible for shoveling of debris into containers, pushing containers from the inside to the outside of the building. Demolition Laborers shall not be used for other Contract work duties. Demolition Laborers, Tier B, shall be used only in an approved ratio to Demolition Laborers Tier A.

## SECTION 44 - EMPLOYMENT OF APPRENTICES AND TRAINEES

**(a) Apprentices.** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Manpower Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in the first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of

Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of journeypersons in any craft classification shall not be greater than the ratio permitted to the Contractor's entire work force under the registered program.

**(b) Trainees.** Trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification, by the U.S. Department of Labor, Manpower Administration, Bureau of Apprenticeship and Training. The ratio of trainees to journeypersons shall not be greater than permitted under the plan approved by the Bureau of Apprenticeship and Training.

## SECTION 45 - PAYMENT OF WAGES AND OBLIGATIONS

Prompt Payment Required. Every employee of the Contractor or subcontractor shall be paid in full, less deductions made mandatory by law, not less often than once in each week and in lawful money of the United States, or by check if the Contractor provides or secures convenient and satisfactory facilities for the cashing of such checks without cost or expense to the employee, in the full amount accrued to each individual at the time of closing of the payroll, which shall be at the latest date practicable prior to the date of payment.

## SECTION 46 - HOURS OF WORK; OVERTIME

**(a)** No laborer, worker, or mechanic in the employ of the Contractor, subcontractor, or other person doing or contracting to do the whole or a part of the Work contemplated by the Contract, shall be permitted or required to work more than eight hours in any one calendar day or more than five days in any one week, except in cases of extraordinary emergency including fire, flood, or danger to life or property. The term "extraordinary emergency" as contained herein shall have the meaning set forth in Section 220 of the New York State Labor Law.

**(b)** No contractor or subcontractor contracting for any part of the Contract work may require or permit the employment of laborers or mechanics to be employed on such work in excess of eight (8) hours in any calendar day in excess of forty (40) hours in any workweek unless such laborer or mechanic receives compensation at a rate of not less than one and one-half times (1.5x) the basic rate of pay for all hours worked in excess of eight (8) hours in any such calendar day, or in excess of forty (40) hours in any such workweek, as the case may be.

**(c) Non-Work Periods.** Unless specifically directed in writing by the Administering Department/Program Unit, the Contractor shall not perform contract work on Authority owned premises as follows:

If a Contractor wishes to obtain a waiver of this provision, a written request must be submitted to the Administering Department/Program Unit for review, not less than forty eight (48) hours before the non-work period. If the Contractor's request is approved, the Administering Department/Program Unit will communicate this fact to the Contractor in writing, as well as the name of the contract inspector who will be assigned to provide inspection services on the days approved.

All costs incurred by the Authority, related to inspection services, shall be charged to the Contractor by the issuance of a credit change order to the Contract.

## SECTION 47 - LABOR REPORTS AND PAYROLL RECORDS

**(a) Statements of Amounts Due.** Before any payments shall be made under this Contract, the Contractor and all subcontractors performing any part of the Work called for by this Contract must file in the office of the Authority a verified statement as required by any applicable prevailing wage law, verifying the amounts then due and owing from the Contractor and subcontractors filing such statements, to any and all laborers for daily or weekly wages on account of labor performed upon the Work under this Contract.

**(b) Payroll Records.** The Contractor and every subcontractor shall keep payroll records during the course of the Work and for a period of three years thereafter for all laborers and mechanics employed. Such records shall contain the name and full social security number of each such employee, the employee's correct classification, rate of pay, daily and weekly number of hours worked, deductions made, and actual wages paid. The Contractor shall submit weekly to the Authority such copies and summaries (on forms furnished by the Authority, US DOL Form WH-347, or equivalent) of all his payrolls and those of his subcontractors as the Authority may require, together with an affidavit to the effect that such payroll is correct and complete, the wage rates contained therein are not less than those required by the provisions of the Contract Documents and the classifications set forth for each laborer and mechanic conform with the work performed. The weekly summaries submitted to the Authority shall contain the laborer or mechanic's name and only the last four digits of the laborer or mechanic's social security number and shall not contain his/her full social security number. All payroll records shall be available for inspection by the Authority, the United States Department of Housing and Urban Development, the United States Department of Labor, the Industrial Commissioner of the State of New York, and the Comptroller of the City of New York and the Contractor shall permit such representatives to interview employees during working hours on the job.

The Contractor shall not employ persons or means which may cause strikes, stoppages, or similar troubles by workers employed either by the Contractor, the subcontractors, or other contractors or their subcontractors, or by other workers whose services affect the progress of the Work.

## (b) Resident Employment and Business Opportunity Generally

Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u ("Section 3") ensures that employment and other economic opportunities generated by HUD financial assistance shall be directed to low- and very low-income persons, particularly those who are recipients of government assistance for housing. The Contractor agrees to comply with the HUD regulations in 24 Code of Federal Regulations ("CFR") part 75 that implement Section 3 ("24 CFR 75"), as applicable to the Work. Specifically, the Contractor shall make, and cause it Subcontractors to make, best efforts to provide employment and training opportunities generated by the Work to Section 3 workers and to award contracts and subcontracts to business concerns that provide economic opportunities to Section 3 workers, and shall include contract language requiring compliance with Section 3 in any Subcontracts used to perform the Work. Throughout the duration of this Contract, the Contractor shall report to the Authority the number of paid hours Section 3 person(s) spent performing Work pursuant to this Contract in accordance with the Authority's reporting requirements. The Contractor acknowledges and agrees that the Section 3 regulations in 24 CFR part 75 replace, in their entirety, the Section 3 regulations formally set forth in 24 CFR 135 and therefore in the event of any conflict between the regulations and requirements set forth in 24 CFR 75 and 24 CFR 135 the regulations and requirements set forth in 24 CFR 75 shall prevail, notwithstanding any reference to 24 CFR 135 that may be set forth in the Contract Documents.

## (c) Section 3 Affirmative Action Plan

The contractor must submit, and cause each of its subcontractors to submit, a "Section 3 Affirmative Action Plan" (the "Section 3 AAP") prior to the award of the contract or any subcontract. The provisions of the subcontractor's Section 3 AAP must be consistent with stated objectives of the contractor's Section 3 AAP developed for the contract. The contractor's and each subcontractor's Section 3 AAP must have two parts:

### Part I - Opportunities for Employment and Training

Technical Services (generic template)

Under the contract and for each subcontract, the contractor and each subcontractor must review and may implement any of the various examples contained in 24 CFR Part 75, as amended, in meeting its Section 3 obligations with respect to training and employment opportunities for **Section 3 Residents**. The contractor must include any activities proposed to be undertaken by it or its subcontractor in the contractor's Section 3 AAP, which is subject to review and written approval by the Authority. The Authority may require the contractor, and cause the contractor to require each subcontractor, to undertake any of the activities contained in 24 CFR Part 75, if the Authority determines that the contractor or subcontractor may not otherwise meet the numerical goals set forth in Section 3 or otherwise set forth in this contract. In addition, each contractor and subcontractor must perform the following tasks, without limitation:

1. Identify the number of positions, by trade and skill level, required to plan and implement the work to be done at the housing development;
2. Identify the number of those positions currently filled and the number of those positions that are not filled by regular permanent employees;
3. Identify the number of positions by trade and skill level that will be targeted to be filled by **Section 3 Residents**;
4. Make the efforts required under 24 CFR Part 75 to utilize **Section 3 Residents** in filling vacant training and employment positions. In this regard, the Authority has recruited and established lists of applicants for employment, from the residents of the housing development where the work under the contract is being performed and/or from other Authority developments. The successful bidder may utilize such lists in recruiting employees to meet the goals of Section 3. In addition, the successful bidder must take steps at least as extensive as the following:
  - a. Send to each labor organization or representative of workers, which has a collective bargaining agreement or other contract or understanding, a notice advising said labor organization or workers' representative of the contractor's or subcontractor's, as the case may be, commitments under Section 3 and post copies of the notice in conspicuous places available to employees and applicants for employment or training;
  - b. Meet with applicable apprentice program administrators to request their cooperation in identifying and referring unemployed apprentices/trainees who reside in the development or other New York City public housing developments and who otherwise meet the definition of Section 3 Resident;
  - c. Prominently place a notice of training opportunities and eligibility requirements at the development where the work under the contract is being performed, and/or at other New York City public housing developments and/or other places in New York City where applications for training and employment are taken;
  - d. Meet with the resident organization or resident council at the development where the contract work is being performed to inform such resident organization or resident council of applicable eligibility requirements for existing or impending training or employment opportunities and to request the cooperation of such resident organization/council in identifying and referring eligible individuals; and
  - e. Maintain a list of all Residents who apply on their own or by referral and the ultimate disposition of those applications.
7. The contractor or subcontractor may not circumvent the requirements for employing and training new hires of **Section 3 Residents** by filling any vacant employment or training positions generated by the contract or subcontract after the proposed contractor or subcontractor is selected, but before the contract or subcontract is executed.

### Part II - Plan to Utilize Section 3 Business Concerns:

For the contract and for each subcontract, the contractor and each subcontractor must review and may implement any of the various examples contained in the 24 CFR Part 75, as amended, in meeting their Section 3 obligations with respect to utilizing **Section 3 Business Concerns**. The contractor must include any activities proposed to be undertaken by the contractor and its subcontractor in the contractor's Section 3 AAP, which is subject to review and written approval by the Authority. The Authority may require that the contractor undertake, and that the contractor cause its subcontractors to undertake, any of the activities contained in 24 CFR Part 75, as amended, if the Authority determines that the contractor or subcontractor may not otherwise

meet the numerical goals set forth in Section 3. With respect to Section 3, the contractor and subcontractor must do the following specific tasks:

1. Identify the approximate number and dollar value of subcontracts to be awarded over the duration of the contract or subcontract. This estimate should be broken down by type of business or profession; and
2. Specify a target number and value of subcontracts to be awarded to **Section 3 Business Concerns** based on an analysis of the estimated contract needs. These targets should consider the availability of **Section 3 Business Concerns** within the categories identified in the initial estimate of contract needs.
3. Take specific steps to ensure that **Section 3 Business Concerns** are notified of pending contractual opportunities; and
4. Outline a strategy for achieving the targets established for awards to **Section 3 Business Concerns**.

(I) The prohibition on the use of appropriated funds, in paragraph (b)(i) of this Section 41, does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement, if the payment is for agency and legislative activities not directly related to a covered Federal action.

(II) For purposes of paragraph (b)(ii)(A)(I) of this Section 41, providing any information specifically requested by an agency or Congress is permitted at any time.

(III) The following agency and legislative liaison activities are permitted at any time only where they are not related to a specific solicitation for any covered Federal action:

## (B) Professional and technical services.

(I) The prohibition on the use of appropriated funds, in subparagraph (b)(i) of this Section 41, does not apply in the case of:

(a) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.

(b) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(I) Discussing with an agency (including individual demonstration) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and

(II) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

- (c) Agreement. In accepting any contract, grant, cooperative agreement, or loan resulting from this solicitation, the person submitting the offer agrees not to make any payment prohibited by this clause.
- (d) Penalties. Any person who makes an expenditure prohibited under paragraph (b) of this Section 42 shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.
- (e) Cost Allowability. Nothing in this clause is to be interpreted to make allowable or reasonable any costs which would be unallowable or unreasonable in accordance with Part 31 of the Federal Acquisition Regulation (FAR), or OMB Circulars dealing with cost allowability for recipients of assistance agreements. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any of the provisions of FAR Part 31 or the relevant OMB Circulars.
