FITNESS FOR DUTY

1. Be fit for duty at all times, except when on sick report.
2. Do not consume intoxicants to the extent that member becomes unfit for duty.

ADDITIONAL DATA

All members of the service are required to remain fit for duty as specified above, and are reminded of their absolute responsibility to remain fit for duty while in possession of their firearms.

Any misconduct involving a member's misuse of a firearm while unfit for duty due to excessive consumption of, and intoxication from, alcohol will result in that member's termination from the Department. Exceptional cases will be determined by the Police Commissioner, on a case by case basis.

Furthermore, any misconduct involving members who are found to be unfit for duty due to excessive consumption and intoxication from alcohol, while armed with a firearm, will result in the inclusion of the charge of "Unfit For Duty While Armed," in Departmental disciplinary proceedings. In addition to those penalties imposed as a result of all other charges stemming from the misconduct, strict punitive sanctions will be imposed for any member upon whom the charge has been substantiated.

Additionally, a uniformed member of the service who refuses to submit to chemical testing in connection with an alleged violation of section 1192 of the New York State Vehicle and Traffic Law (Driving While Intoxicated) will be charged with violating Administrative Guide procedure 304-06, "Prohibited Conduct," "Engaging in conduct prejudicial to the good order, efficiency, or discipline of the Department."

Members of the service are also reminded of the Department's commitment to the many counseling and assistance programs available for a wide variety of problems. Members who are experiencing problems related to alcohol, or know of any other member who may be experiencing problems related to alcohol, are strongly encouraged to call HELPLINE, in order to achieve confidential assistance.

DEPARTMENT POLICY STATEMENT CONCERNING THE OPERATION OF A MOTOR VEHICLE UNDER THE INFLUENCE OF ALCOHOL

i. *Any uniformed member of the service who causes serious physical injury to another person while operating a motor vehicle and is determined to be unfit for duty due to the consumption of alcohol will be terminated from the New York City Police Department, absent exigent circumstances.*

ii. *Any negotiated penalty in a Department disciplinary proceeding, involving a uniformed member of the service who is determined to have been operating a motor vehicle while unfit for duty due to the consumption of and/or intoxication from alcohol shall include a period of Dismissal Probation. Additionally, uniformed members of the service involved in incidents either on or off duty where alcohol is deemed a contributing factor, and where pursuant to a negotiated penalty in a Department disciplinary proceeding are required to submit to ordered breath testing, the negotiated*

penalty may also include a period of Dismissal Probation. Further, any such negotiation shall include the subject officer's agreement to submit to ordered breath testing for the presence of alcohol while on duty or off duty, during the period of probation, or other agreed upon time period. Should the member be found unfit for duty or refuse to submit to breath testing, this will result in additional disciplinary action against the subject officer which may include termination.

iii. Members of the service whose alcohol consumption has caused problems for them or others are urged to self-report before they are responsible for a serious incident and the above disciplinary action becomes necessary. They can do so in complete confidence by calling the Counseling Services Unit. Additionally, members who are experiencing problems related to alcohol, are strongly encouraged to call HELPLINE or the Police Organization Providing Peer Assistance, (POPPA). POPPA is a joint labor-management cooperative effort involving the implementation of a union-operated, alternative employee assistance program. Both HELPLINE and POPPA offer confidential services.

iv. Members of the service with alcohol-related problems may also be referred to the Counseling Services Unit by supervisors, other Department units, or as the result of an alcohol related incident. However, the Department's objective, at all levels, is early detection and referral of personnel for evaluation and treatment before drinking causes problems in work performance or worse.

v. The Counseling Services Unit maintains strict standards of confidentiality as set forth in Title 42 of Federal guidelines governing alcoholism programs, and it does not act as part of the Department's disciplinary system. The Counseling Services Unit's mission is to assist in recovery and return to full and productive service those members of the Department who are experiencing problems with alcohol. The unit operates 24 hours a day, seven days a week, and will help assess the extent of the problem, and make the appropriate referrals for treatment. Treatment can range from detoxification and inpatient rehabilitation to outpatient rehabilitation and the participation in self-support groups. Counseling is available to members of the service, their families and retirees.

vi. The Police Department's policy is to encourage members of the service to seek help in a supportive, confidential environment before the consequences of alcohol abuse require the Department to take disciplinary action. In addition, to assist those members of the service experiencing alcohol related problems, all New York City Police Department personnel are encouraged to refer those with problems to any of the counseling/assistance providers indicated in number "iii" of this procedure.

vii. Members participating in these programs will not jeopardize their promotional opportunities. In addition, their current assignments will not ordinarily be changed because of their participation in these programs unless, due to the nature of the assignment, a change is deemed to be in the best interests of all parties concerned. However, participation in these programs will not exempt a member of the service from disciplinary action for specific acts of misconduct and the consequences of such disciplinary action.

SCOPE

Uniformed members of the service, and civilian members of the service assigned to the Traffic Enforcement District and School Safety Division who are authorized to wear a uniform are prohibited to grow facial hair, except if granted a reasonable accommodation due to religious beliefs or require a medical exemption. All members of the service granted a reasonable accommodation must ensure facial hair is neatly trimmed. FALSE OR MISLEADING STATEMENTS		
DATE EFFECTIVE: 08/26/21	LAST REVISION: I.O. 78	PAGE: 1 of 2

PURPOSE

To provide clear guidelines regarding written and verbal statements made by members of the service during an official investigation.

DEFINITIONS

FALSE STATEMENT - An intentional statement that a member of the service knows to be untrue, which is material to the outcome of an investigation, proceeding, or other matter in connection with which the statement is made.

MISLEADING STATEMENT - A statement that is intended to misdirect the fact finder, and materially alter the narrative by:

- a. Intentionally omitting a material fact or facts,
- b. Making repeated claims of “*I do not remember*” or “*I do not know*” when a reasonable person under similar circumstances would recall, or have been aware of, such material facts, or
- c. Altering and/or changing a member’s prior statement or account when a member of the service is confronted with independent evidence indicating that an event did not occur as initially described, will generally be considered a misleading statement.

INACCURATE STATEMENT - A statement that a member of the service knows, or should know, includes incorrect material information. There is no intent to deceive, but rather the member’s actions are grossly negligent.

MATERIAL FACT - A significant fact that a reasonable person would recognize as relevant to, or affecting, the subject matter of the issue at hand, including any foreseeable consequences, or establishment of the elements of some proscribed conduct. It is a fact that is essential to the determination of the issue and the suppression, omission, or alteration of such fact would reasonably result in a different decision or outcome. A material fact may be distinguished from an insignificant, trivial, or unimportant detail.

IMPEDING - Making false, misleading, and/or inaccurate statements, or engaging in an impeding action (e.g., failing to produce records as directed by a competent authority, etc.).

PROHIBITED CONDUCT

1. Intentionally making a false official statement.
2. Intentionally making a misleading official statement.
3. Making, or causing to be made, an inaccurate official statement.
4. Impeding an investigation.

ADDITIONAL DATA

Intentionally making a false official statement regarding a material matter will result in separation from the Department, absent extraordinary circumstances. Extraordinary circumstances will be determined by the Police Commissioner on a case by case basis.

ADMINISTRATIVE GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
304-10	08/26/21	I.O. 78	2 of 2

ADDITIONAL DATA (continued)

*Circumstances in which false or misleading official statements are made include, but are not limited to, verbal statements made pursuant to a statutory or procedural requirement, or under oath during a civil, administrative, or criminal proceeding, in addition to written statements made in a sworn document, including affirmations made in Department (e.g., **COMPLAINT REPORT [PD313-152]**, etc.) and non-Department (e.g., **New York State Domestic Incident Report [DCJS-3221]**, etc.) forms.*

Statements made during an official Department interview conducted pursuant to [P.G. 206-13, "Interrogation of Members of the Service,"](#) an interview conducted by the New York State Attorney General's Law Enforcement Misconduct Investigative Office pursuant to [P.G. 211-09 "Appearances by Members of the Service Before Governmental Agencies or Private Organizations,"](#) or an interview pursuant to [P.G. 211-14, "Investigations by Civilian Complaint Review Board"](#) are subject to the provisions of this procedure. In addition, members of the service are reminded that the Civilian Complaint Review Board has been granted broadened prosecutorial authority to investigate potential false statements and recommend penalties.

When a member of the service is afforded an opportunity to recollect with the benefit of credible evidence, and the member makes a statement consistent with the evidence, the member's prior statement will not be considered a false statement. However, it may be considered a misleading statement, or an inaccurate statement, or in cases where further investigative steps were required after the statement was made, may also be considered an action impeding the investigation.

If, during an investigation or proceeding, a member of the service intentionally makes a false statement, but then retracts the statement and substitutes a truthful statement during the same interview, deposition, or other session of oral testimony, a charge of false statement may not be appropriate.

Mistakes distinguished: Mere clerical errors may not be considered inaccurate statements when the statement error is so minor that it has little, or no effect, on the overall intent of the statement. An error will be considered to be an inaccurate statement when a member of the service does not intend to deceive, but causes a material variation. Erroneous statements, lacking in willful intent, and not so unreasonable as to be considered gross negligence, are not a basis for finding misconduct.

Members of the service have an obligation to review documents before signing, or otherwise verifying, their accuracy.

An investigation is considered impeded when a member of the service makes false, misleading, and/or inaccurate statements, or engages in impeding actions (e.g., failure to produce records as requested by a competent authority, etc.). A member of the service who impedes, or attempts to impede, an official investigation will face disciplinary action for conduct prejudicial to the good order, efficiency, or discipline of the Department.

The Department will not bring false official statement charges in situations where, as opposed to creating a false description of events, the member of the Department merely pleads not guilty in a criminal matter, or merely denies a civil claim or an administrative charge of misconduct.

- a. "Associate" is defined in Chapter 68 of the City Charter as a spouse, domestic partner, child, parent, or sibling of a public servant; a person with whom a public servant has a business or other financial relationship; and each firm in which a public servant has a present or potential interest.
11. Becoming interested, directly or indirectly, in any business dealing with the City as follows:
- (a) No Department employee may have a position in a firm that the employee knows, or should know, is engaged in business dealing with the Department.
- (b) No Department employee shall have a position in a firm which such employee knows is engaged in business dealings with the City, unless such position is in a firm whose shares are publicly traded.
- (c) No Department employee may have an ownership interest in a firm that is engaged in business dealings with the Department;
- (d) No Department employee may have an ownership interest in a firm that is engaged in business dealings with the City, unless the firm's shares are traded publicly.

ADDITIONAL DATA

Any Department employee who believes they may be covered by these provisions should immediately contact the Deputy Commissioner, Legal Matters for further instructions.

In certain limited circumstances, a member of the service may hold an otherwise prohibited position with written approval of the Police Commissioner, and a determination by the Conflicts of Interest Board that the position would not conflict with the purposes and interests of the City.

If a member of the service has a prohibited ownership interest, the member must disclose the ownership interest to the Conflicts of Interest Board within ten days of learning that such interest is prohibited and await further guidance from the Board. The Deputy Commissioner, Legal Matters can facilitate such disclosure and guidance. Members of the service may also elect to terminate such ownership interest in lieu of seeking guidance from the Board.

An ownership interest means an interest held by a Department employee, the employee's spouse or unemancipated child, that is greater than five percent of the firm or an investment equivalent to \$50,000.00. While this does include investments in corporate stock, it does not apply to any stocks or interests held in a pension plan, deferred compensation plan, or mutual fund not controlled by the Department employee, the employee's spouse or unemancipated child.

The term "firm," as defined by the Conflicts of Interest Board, means sole proprietorship, joint venture, partnerships, corporations, and any other form of enterprise. It does not include public benefit corporations or similar entities.

Many of the financial restrictions and guidelines involve conflict of interest related issues as addressed in Chapter 68 of the New York City Charter. Each member of the service should be familiar with those provisions. Conflict of interest questions or inquiries regarding waivers or orders may be directed to the Deputy Commissioner, Legal Matters or the Conflicts of Interest Board.

DEPARTMENT POLICY PROHIBITING RACIAL PROFILING AND BIAS-BASED POLICING		
DATE EFFECTIVE: 05/03/24	LAST REVISION: R.O. 24	PAGE: 1 of 3

1. Members of the service are reminded that the New York City Police Department is committed both to the impartial enforcement of law and to the protection of constitutional rights. To reinforce these commitments and to ensure that all members of the service engage only in constitutionally sound policing practices, the Department prohibits the use of racial and bias-based profiling in law enforcement actions. Conducting enforcement activities in an unbiased manner fosters and strengthens relationships between police officers and members of the community, and inspires confidence in, and support for, policing efforts.

2. Police-initiated enforcement actions, including, but not limited to, arrests, Level 3 Terry stops, frisks, searches, summonses, and motor vehicle stops, must be based on the standards required by the Fourth and Fourteenth Amendments of the U.S. Constitution, Sections 11 and 12 of Article I of the New York State Constitution, Section 14-151 of the New York City Administrative Code, and other applicable laws.

3. Race, color, ethnicity, or national origin may not be used as a motivating factor for initiating police enforcement action. When an officer's decision to initiate enforcement action against a person is motivated even in part by a person's actual or perceived race, color, ethnicity or national origin, that enforcement action violates Department policy unless the officer's decision is based on a specific and reliable suspect description that includes not just race, age, and gender, but other identifying characteristics or information.

4. The law confers on police officers the authority to stop, question, and if warranted, frisk an individual whom an officer reasonably suspects has committed, is committing, or is about to commit a felony or Penal Law misdemeanor. Police officers must be able to articulate the factors which led them to take enforcement action, in particular those factors leading to reasonable suspicion for stopping, questioning, and, if appropriate, frisking a person, or probable cause for arresting or issuing a summons to a person. Individuals may not be targeted for any enforcement action, including stops, because they are members of a racial or ethnic group that appears more frequently in local crime suspect data. Race, color, ethnicity, or national origin may only be considered when the stop is based on a specific and reliable suspect description that includes not just race, gender, and age, but other identifying characteristics or information. When an officer carries out a stop based on reasonable suspicion that a person fits such a description, the officer may consider the race, color, ethnicity, or national origin of the suspect, just as the officer may consider the suspect's height or hair color. In accordance with Department policy, when a stop is not based on a specific suspect description, however, race, ethnicity or national origin may not be used at all as a motivation or justification for the stop.

5. Section 14-151 of the New York City Administrative Code and Department policy prohibit bias-based profiling and include demographic categories in addition to race, color, and national origin. The Administrative Code and Department policy prohibit the Department and individual officers from intentionally engaging in bias-based profiling, which is defined as "an act of a member of the force of the police department or other law enforcement officer that relies on actual or perceived race, national origin, color, creed, age, immigration or citizenship status, gender, sexual

orientation, disability, or housing status as the determinative factor in initiating law enforcement action against an individual, rather than an individual's behavior or other information or circumstances that links a person or persons to suspected unlawful activity." With respect to race, color, ethnicity and national origin, the standards of conduct described in paragraphs "3" and "4" must always be met by the Department and its officers.

6. The Department complies with Federal civil rights laws and is committed to providing its programs and services without discrimination in accordance with:

- *Title VI of the Civil Rights Act of 1964*, which prohibits discrimination based on race, color, or national origin (including language),
- *Section 504 of the Rehabilitation Act of 1973*, which prohibits discrimination based on disability,
- *Title IX of the Education Amendments Act of 1972*, which prohibits discrimination based on sex in education programs or activities,
- *Age Discrimination Act of 1975*, which prohibits discrimination based on age, and
- *United States Department of Homeland Security regulation 6 C.F.R. Part 19*, which prohibits discrimination based on religion in social service programs.

7. Members of the service are reminded that it is impermissible to intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by *Title VI of the Civil Rights Act of 1964*, or because the individual has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing.

8. Commanding officers will continue to ensure that self-inspections are conducted within their commands regarding stop, question, and frisk activity. The Quality Assurance Section will continue to monitor compliance with self-inspection protocols in all of its command inspections and will continue to audit stop, question, and frisk activity Department-wide.

9. Commanding officers will ensure that members of their command comply with the Department's policy regarding investigative encounters as per Patrol Guide 212-11, "Investigative Encounters: Requests for Information, Common Law Right of Inquiry and Level 3 Stops."

10. Under Local Law 47 of 2021, The Civilian Complaint Review Board's (CCRB) has the authority to investigate complaints of bias-based policing and racial profiling by members of the service. The law states:

- a. CCRB must investigate past conduct by current and former members of the service when either the Department, CCRB, the Department of Investigation (DOI), a court, or any other body designated by CCRB has made a final determination that such member engaged in a severe act of bias, regardless of whether the act occurred on or off duty.
 - (1) Off-duty conduct may be the basis for initiating such investigation only if:
 - (a) Such conduct could have resulted in removal or discipline by the Police Department,

ADMINISTRATIVE GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:

- (b) The board reasonably believes such conduct has had or could have had a disruptive effect on the mission of the Police Department, and
 - (c) The Police Department's interest in preventing actual or potential disruption outweighs the member's free speech.
- (2) Such investigation must commence less than five years from said determination.
- b. CCRB may investigate past conduct of current or former members of the service if there has been a final determination of an act of bias that does not rise to the level of a severe acts of bias within the previous five years.
- c. The legislation defines an "act of bias" as an act stemming from a specific incident that is motivated by or based on animus against any person on the basis of race, ethnicity, religion, gender, sexual orientation or disability.
 - (1) The definition of "severe act of bias" will be determined by CCRB.

DEPARTMENT EMAIL POLICY NOTICE

Members of the Service are advised that they do not maintain any right to privacy in email communications. All email communications sent or received by Department email are subject to review without notice to the user. Members of the service should understand that any email has the potential to be Rosario material, and may be reviewed by the Department, outside agencies, District Attorneys and Criminal Defense attorneys.

All emails and attachments forwarded from or received by an NYPD email address are agency records and may be disclosed, absent an exemption or privilege, pursuant to litigation, investigation, or freedom of information requests.

All email communications may be stored and retrieved by the Department, regardless of whether a user intends or attempts to delete sent or received messages from the user's mailbox.

Email communications offer benefits such as speed and efficiency. However, they also present substantial risks because they are frequently prepared and sent quickly and without supervisory review. The facts and information contained in emails may not be as complete or accurate as more formal reports. Emails may reflect a familiar or jovial tone, which may be misinterpreted. Members of the service should exercise the same care in generating emails as they exercise when drafting more formal reports and should only write and send email communications that they would feel comfortable being displayed to a jury or in the media. Members of the service should think about the content of any email before sending it; use appropriate language; and think about whether an email should be sent in the circumstances or whether an alternative form of communication is more appropriate.

All members of the service shall use a confidential password known only to the member of the service to access Department email systems. Members of the service must keep their password secure and not disclose it to another user.

Users are responsible for the transmission of emails from their assigned email accounts and must log off or otherwise secure their account when their workstations are unattended.

All members of the service must provide a signature block at the end of their emails. This signature block must provide name, rank/title and command.

While emails may be sent from shared accounts on an official basis (i.e., [REDACTED]), all such emails must contain a signature block identifying the sender, including name, rank/title and command.

POLICY CONSIDERATIONS

Members of the service are to be cognizant of the fact that their social media activity, even on personal social media accounts, may be seen by the public as a statement on behalf of the Department. Any activity that can be linked to a member of the service, is a reflection on the Department as a whole.

Members of the service are reminded that they are strictly accountable for their conduct at all times, inside or outside of New York City, whether on or off duty, including the use of personal social media accounts. Activities and/or statements made on social media sites are done so in an online domain where no reasonable expectation of privacy exists. Members of the service creating “private” or “limited access” accounts, with customized “privacy settings,” must know that any statements, photographs, video clips or information that are sent via the internet may still be viewed and disseminated by third parties, even after the content has been edited or deleted by the user.

Most importantly, information (including digital images) released on social media may endanger the safety of members of the service and/or their family members. Members of the service are urged not to disclose or allude to their status as a member of the Department. Divulging identifying information on social media could possibly compromise ongoing investigations, as well as, limit a member of the service’s eligibility for certain assignments (e.g., work as an undercover, work in highly sensitive assignments, etc.).

LEGAL CONSIDERATIONS

The New York City Council enacted Local Laws 245 and 247 of 2017, announcing the “Identifying Information Law,” which establishes guidelines regarding the collection, retention and disclosure of identifying information.

Section: General Regulations		Procedure No: 304-21
WHEN A MEMBER OF THE SERVICE ENCOUNTERS AN INDIVIDUAL OBSERVING, PHOTOGRAPHING, AND/OR RECORDING POLICE ACTIVITY		
DATE EFFECTIVE: 06/10/21	LAST REVISION: I.O. 47	PAGE: 1 of 2

1. Individuals have a right to lawfully observe and/or record police activity including, but not limited to detentions, searches, arrests or uses of force. The right to lawfully observe and/or record police activity extends to individuals in public places, such as streets, sidewalks, and parks, as well as private property in which the individual has a legal right to be present, such as buildings, lobbies, workplaces or an individual's own property. This right to observe and/or record police action can be limited for reasons such as the safety of officers or other members of the public, or when a violation of law is committed by the individual(s) who are observing/recording. The following guidelines should be utilized by members of the service whenever the above situation exists:

- a. DO NOT:
 - (1) Intentionally prevent, or attempt to prevent, an individual from recording police activities,
 - (2) Threaten, intimidate, or otherwise discourage an observer from recording police activities,
 - (3) Command an individual to cease recording when an individual is authorized to do so under law,
 - (4) Stop, seize, search, summons, or arrest an individual solely because such individual recorded police activities,
 - (5) Seize property or instruments used by an individual to record police activities,
 - (6) Delete or seize recorded images of police activity from an individual's recording device, unless authorized by law, and/or
 - (7) Copy a recording of police activity without consent of the individual who made the recording.
- b. Absent additional actions constituting a violation of law, an individual CANNOT be arrested for:
 - (1) Taking photographs, videotaping, or making a digital recording,
 - (2) Requesting or making note of shield numbers or names of members of the service,
 - (3) Criticizing the police or objecting to police activity,
 - (4) Refusing to leave the area, and/or
 - (5) Using crude or vulgar speech.

2. An arrest for Obstruction of Governmental Administration (Penal Law section 195.05) requires probable cause to believe the person(s) is obstructing governmental administration. Actual interference with the performance of an official police function is required. Interference can include actual physical force (touching or physically interfering with the officer or the suspect, (e.g., using a camera so close to the officer's face that it intentionally obstructs their view), intruding into the physical space necessary to safely perform police operations and refusing to obey an order to move back, or purposefully engaging in passive behavior that prevents an officer from taking enforcement action (e.g., blocking a prisoner van, etc.). Members of the service are required by Administrative Code 14-189 to document instances in which an individual who was recording police activities is arrested or summonsed, as per P.G. 209-03, P.G. 209-09, and P.G. 209-12, by indicating "RTR" for "Right to Record" on the summons.

ADMINISTRATIVE GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
304-21	06/10/21	I.O. 47	2 of 2

3. This procedure is not intended in any manner to limit the authority of the police to establish police lines (e.g., crowd control at scenes of fires, demonstrations, special events, etc.).
4. When probable cause exists that a recording device contains evidence of a crime:
 - a. Inform the observer that there is probable cause to believe that the recording contains evidence of a crime,
 - b. Request consent to view the recording in a manner that elicits a clear “yes” or “no” response. If possible, use Body-Worn Camera to record request and the individual’s response. If consent is given, it may be possible for the individual to email the recording directly to the member of the service’s Department-issued smartphone,
 - c. If the observer refuses to give consent, inform them that a search warrant for the device will be requested. Inform the observer that deletion of the content of the recording may be considered tampering with physical evidence in violation of Penal Law section 215.40,
 - d. If the member of the service reasonably believes that the observer will delete the recording, obtain approval from a supervisor to seize the device if feasible (or obtain approval from a supervisor either before or immediately after seizing a device). Seize the device only for the time necessary to secure a warrant,
 - e. Do not view or delete the recording,
 - f. Obtain a search warrant, and
 - g. If there is probable cause to believe that an exigency exists and that the recording contains evidence of a crime, contact a supervisor to determine whether review of the recording absent a warrant is permitted.
5. A supervisor must be requested to respond where an observer is arrested for interference with police action or where the contents of a recording device are believed to contain evidence of a crime.
6. Members of the service may contact the Legal Bureau if they have any questions regarding an arrest for Obstruction of Governmental Administration or the seizure of a recording device that may contain evidence of a crime.
7. Members of the public are not allowed to photograph and/or record police activity within Department facilities. Members of the service may order any member of the public who is photographing or recording within Department facilities to stop such activity. If such person refuses to stop, they then should be ordered to leave the premises. If such person refuses to leave the premises, members of the service may take proper enforcement action under the trespass statutes (i.e., Penal Law sections 140.05 and 140.10).

BOARD OF GOVERNANCE – The democratically elected members of an organization who are given the title of, and/or responsibilities of, president, vice president, treasurer, secretary, and whatever other titles/roles in which the organization deems necessary. The president and vice president must be active members of the service.

FRATERNAL ORGANIZATION REVIEW BOARD – A panel of Department executives, consisting of, but not limited to, Deputy Commissioner, Employee Relations (Chairperson), Commanding Officer, Office of Equal Employment Opportunity, Deputy Commissioner, Legal Matters, Chief of Personnel, and the Commanding Officer, Family Assistance Section. This board will convene as directed by the Deputy Commissioner, Employee Relations. It is within the scope of the Board's mandate to make recommendations to the Police Commissioner on matters concerning awarding or rescinding official Department recognition.

 - (5) Keep meeting minutes;
 - (6) Provide signed proof of acknowledgment of **Conflict of Interest Statement**.

NOTE

*In order to promote harmony within the Department, discourage rivalries between groups of employees and conserve the resources of the Department hierarchy in meeting with and supervising the activities of recognized organizations, the Department discourages the formation of multiple organizations which endeavor to serve the same or similar goals and missions. Therefore, if an already recognized organization has a similar purpose to the requesting organization, a statement addressing the distinctions between the groups must be included in the **APPLICATION**.*

If an organization existed prior to February 28, 2017, it is requested that it submits a notarized letter stating the date that its constitution was ratified.

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
304-22	03/17/25	R.O.12	3 of 5

NOTE

*The Review Board will only make recommendations to the Police Commissioner regarding approval/disapproval of official status to fraternal organizations, once the **APPLICATIONS** are complete and requirements are met. Conversely, if the requirements are not met, or the **APPLICATION** is incomplete, the Review Board may recommend disapproval. The Police Commissioner retains sole discretion regarding the approval of a fraternal organization's official Department status. Official Departmental recognition may also be rescinded, at any time, by the Police Commissioner.*

Should an organization's application for official recognition be disapproved, said organization may submit an appeal, in writing, to the Police Commissioner.

RECOGNIZED FRATERNAL ORGANIZATION

 - c. Written notification of any change in organization's tax status.

ADDITIONAL DATA

The objectives and activities of an organization already recognized by the Department, as well as an organization seeking recognition, must be consistent with the goals and missions of the Department and the law. Therefore, any officially recognized organization may be decertified, with or without prior notice, at the sole discretion of the Police Commissioner, where the Police Commissioner has determined that the continued recognition of the organization is not in the best interests of the Department.

Failure to meet and/or retain these requirements may result in disapproval and/or suspension of official status, pending decertification. Organizations with a suspended status for one year or more may be decertified, at any time, by the Police Commissioner.

Fraternal organizations are reminded that they must be in compliance with relevant Department directives including, P.G. 203-10, "Public Contact – Prohibited Conduct," P.G. 203-13, "Financial Restrictions – Prohibited Acts," P.G. 203-15, "Off Duty Conduct – Attendance at Parades, Funerals, Memorial Services and Other Department-Oriented or Law Enforcement Events," P.G. 203-16, "Guidelines for Acceptance of Gifts and Other Compensation by Members of the Service," and P.G. 203-17, "Fund Raising Events." In addition, fraternal organizations will be in compliance with the Conflicts of Interest Laws in Chapter 68 of the City Charter and the rules of the Conflicts of Interest Board.

All newly-recognized organizations will be subject to a one year probationary period. This is intended to provide the organization with the opportunity to demonstrate the viability of the organization and its ability to recruit and maintain membership. At the discretion of the Police Commissioner, during the pendency of the probationary period, organizations will have the same access to Department resources as tenured fraternal organizations.

ADMINISTRATIVE GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
304-22	03/17/25	R.O.12	4 of 5

ADDITIONAL DATA (continued)

If a recognized organization changes its officers, or adds, deletes, or changes any portion of its by-laws or constitution, it will, within 30 days, forward a complete copy of its by-laws or constitution to the Deputy Commissioner, Employee Relations, noting the changes/amendments.

If a recognized organization seeks to change its name, logo, primary goals, or mission, it must immediately notify the Deputy Commissioner, Employee Relations in writing. Proposed changes will be reviewed and forwarded to the Police Commissioner for a determination as to whether the continued recognition of the organization remains in the best interests of the Department. During the pendency of the Police Commissioner's determination, organizations may continue to use the previously approved name and logo.

Non-recognized organizations are not permitted to use the names, "New York City Police Department," "NYPD," or any other associated logos, etc. Organizations that are not officially recognized may request limited access to Department resources. All requests for resources must be made at least 30 days in advance to the Deputy Commissioner, Employee Relations (through channels).

COMMAND LEVEL PEER SUPPORT		
DATE EFFECTIVE: 06/10/21	LAST REVISION: I.O.47	PAGE: 1 of 2

1. Command level peer support ensures that trained peers (uniformed members of the service of any rank and civilians of any title) in commands are available to assist and proactively check in with fellow members of the service experiencing stressful or difficult moments in their professional or personal lives by asking, listening, encouraging, and following up. Command level peer support is independent from similar Department units and personnel, including those that offer peer and crisis support (e.g., Employee Assistance Unit, Chaplains Unit, Psychological Evaluation Section, etc.). As such, it serves as an additional resource for members of the service, and it is not intended to replace any of the existing support services.

2. Peer support members help to bridge the gap by connecting those in need with both internal and external mental health resources. Peer support members are command level, readily available, and able to offer a co-worker confidential, informal support and guidance. The peer support member is guided by the “Ask, Listen, Encourage, and Follow Up” guidelines:

- a. Ask: The peer support member engages the person by asking questions in a private, informal setting to gather a greater understanding of the issues the person is experiencing,
- b. Listen: The peer support member utilizes active listening skills to demonstrate empathy, build rapport, and de-escalate negative emotions the person is experiencing. In addition, the peer support member does not judge, minimize, or tell the person what to do. Rather, the peer support member helps the person develop the best, positive course of action,
- c. Encourage: When appropriate, the peer support member provides guidance on available internal and external resources, and encourages the person to seek further assistance, and
- d. Follow Up: The peer support member follows up in the near future to see how the person is doing, if the support options (if offered) were used and were helpful, and if necessary, helps the person to explore other options.

3. Peer support members must work collectively with command training staff to ensure there is clear and consistent messaging regarding member health and wellness. If a peer support member is unavailable, the person/unit requesting may contact the Employee Assistance Unit via telephone at (646) 610-6730, 24 hours a day, seven days a week, for assistance. Communications between a peer support member and a member of the service must be treated as confidential, except for matters that involve:

- a. Harm to self or others, and/or
- b. Serious misconduct or crimes.

ADMINISTRATIVE GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION	PAGE:
304-26	06/10/21	I.O.47	2 of 2

4. Any member of the service in good standing may apply to become a peer support member and will undergo a selection process. Peer support members serve on a voluntary basis, while maintaining their current positions and continually share information on mental and physical health, mental illness, suicide prevention, creating and maintaining resilience, handling the potential stigma associated with seeking help and/or treatment, and other related resources. Peer support members must have an interest in supporting others and must attend initial training and periodic refresher training from the Department while on-duty. Members of the service may also choose to end their participation as peer support members at any time, with or without prior notice, by notifying the Commanding Officer, Health and Wellness Section via Department email.

5. Commanding officers are responsible for ensuring that peer support members are provided with adequate resources to appropriately disseminate information pertinent to member health and well-being. In addition, commanding officers and supervisors may not make adverse personnel decisions against a peer support member (e.g., tour changes, denial of transfer, etc.) based solely on their participation as a peer support member.

6. The Health and Wellness Section provides administrative support and questions should be directed to the Commanding Officer, Health and Wellness Section via email at wellness@nypd.org or via telephone at (646) 610-4862.

CRITICAL INCIDENT STRESS MANAGEMENT

DATE EFFECTIVE:

06/10/21

LAST REVISION:

I.O.47

PAGE:

1 of 4

PURPOSE

To ensure members of the service who are involved in critical, traumatic, or high stress incidents receive proper stress management support, mental health education, and guidance.

SCOPE

Members of the service who can benefit from prevention and early intervention following a critical and/or traumatic incident are encouraged to use all of the Department's available resources. The Department has implemented a critical incident stress management program that is administered by the Health and Wellness Section. In addition, ongoing support will be provided in a confidential environment by a Health and Wellness Section qualified mental health professional (QMHP), including peer support counselors from the Employee Assistance Unit (EAU). The program is supplemental to, and not intended to replace, the psychological services the Department currently provides under the auspices of the Medical Division.

DEFINITIONS

Critical Incident: For the purpose of this procedure, is an unusually challenging event that has the potential to create significant human distress and interfere with one's normal coping mechanisms.

Traumatic Incident: A mentally and emotionally distressing event that has the potential to overwhelm an individual's normal stress-coping mechanisms. A traumatic incident is defined by an individual's unique reaction to that event, not necessarily by the external magnitude of the event. This event may or may not be life-threatening.

Involved Member of the Service: Any individual that was directly or indirectly involved in the critical incident. This definition was expanded in an effort to recognize the prevalence of vicarious trauma in law enforcement work and provide involved members of the service with proper stress management support, mental health education, and guidance.

Qualified Mental Health Professional (QMHP): A licensed psychologist, licensed social worker, or licensed mental health counselor.

Critical Incident Stress Management (CISM): A formal, comprehensive, integrated, systematic, crisis intervention approach to manage critical incident stress after critical and/or traumatic incidents to promote healthy functioning and recovery. This approach involves coordinated supportive tactics that provide individual and group support, stress education, and coping strategies.

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION	PAGE:
304-27	06/10/21	I.O. 47	2 of 4

DEFINITIONS (continued)

Critical Incident Stress Management Debriefing: A mandatory confidential group discussion conducted by a QMHP and an EAU peer counselor that is designed to help members of the service achieve healthy recovery and functioning after involvement in a critical and/or traumatic incident. It aims at reduction of stress and to promote group cohesion. This process does not constitute any form of psychotherapy and it should never be utilized as a substitute for psychotherapy. This is not a stand-alone process. It will be provided along with crisis support services that may include pre-incident education, crisis management briefing, defusing, individual crisis intervention/wellness check-in, referrals for ongoing professional care, if indicated, and post incident support and psychoeducation.

Individual Critical Incident Stress Management Wellness Check: An individual appointment with a QMHP that is offered to all members of the service approximately one month after the critical incident stress management group debriefing. This voluntary follow up is part of the critical incident stress management continuum to provide additional crisis intervention support, referral assistance, and further psychoeducation or other resources as needed.

Crisis Management Briefing (CMB): A structured group meeting designed to provide information about the event, identify leadership support, educate about typical stress reactions, offer information regarding basic stress management, coping strategies and resources. This process typically starts with an introduction conducted by command leadership, fact phase, reaction phase, and teaching. This meeting may involve participation by command leadership, a QMHP, EAU peer counselor, and, if available, a member of the Chaplains Unit.

Critical Incident Stress Management Defusing: A confidential meeting to review the critical incident, and an overview of self-care strategies to enhance the healing process, promote resiliency and wellness. A defusing may be conducted by a QMHP and/or EAU peer counselor, and/or members of the Chaplains Unit. A defusing is typically conducted at the involved command immediately following a critical event.

PROCEDURE

When a critical incident has been identified by the health and wellness critical incident coordinator, director, or other member of the service:

HEALTH AND WELLNESS CRITICAL INCIDENT COORDINATOR OR DESIGNEE

1. Review incident details, identify involved member of the service, and notify the operations coordinator at member's command to schedule debriefing.

ADMINISTRATIVE GUIDE

OPERATIONS COORDINATOR

2. Ensure critical incident stress management support is offered to member of the service involved, as close to the event as possible.
 - a. Facilitate availability of involved member of the service for participation in the group debriefing.

MEMBER OF THE SERVICE INVOLVED

3. Report to Health and Wellness Section at 90 Church Street, Room 1231, New York, N.Y., 10007 for group stress management debriefing at assigned meeting time.

NOTE

Attendance at the mandatory preliminary critical incident stress management debriefing or any individual support is confidential. No information related to the debriefing, or other service, shall be conveyed to other members of the service, including members of the service assigned to disciplinary and/or investigative units, other than attendance records. Participation will in no way jeopardize the member of the service's job security, promotional opportunities, and/or career potential. The debriefing process is not a critique of any actions taken by the member of the service, but rather, it is an attempt to alleviate elevated levels of anxiety and/or emotional distress that a member of the service may be experiencing in response to a critical and/or a traumatic incident.

HEALTH AND WELLNESS TEAM

4. Provide outreach to member of the service, approximately one month from the date of the group debriefing, to offer additional support and resources.
 - a. Offer EAU supportive follow up, an individual critical incident stress management wellness check-in with QMHP, or resources, as requested.

ADDITIONAL DATA

- a. *An actual or perceived threat to one's life or of serious physical harm,*
- b. *Suicide or suicide attempt,*
- c. *Serious injury inflicted on, or death of a member of the service,*

**ADDITIONAL
DATA
(continued)**

The services provided by the Health and Wellness Section are designed to be preventative in nature. The Health and Wellness Section proactively seeks to identify members of the service who are involved in critical and/or traumatic incidents. However, individual reactions to adverse incidents are often best assessed by command level personnel who have intimate, firsthand knowledge of the specific details of the incident and the members of the service involved. Therefore, any supervisor may refer a member of the service who they believe has been exposed to a critical and/or traumatic incident to the Health and Wellness Section by calling (646) 610-4862. In addition, if a member of the service feels they may benefit from critical incident stress management, the member may call the Health and Wellness Section for further support and/or follow up.

ADMINISTRATIVE GUIDE

Section: General Regulations		Procedure No: 304-28
EMPLOYEE ASSISTANCE UNIT		
DATE EFFECTIVE: 06/10/21	LAST REVISION: I.O.47	PAGE: 1 of 2

1. The Employee Assistance Unit (EAU) is the Department's primary resource for peer support. EAU is comprised of uniformed and civilian members of the service in various ranks and titles who have undergone specialized training/education in peer support, suicide prevention and education, and critical incident response. EAU assists members of the service with problems that may be causing concern, either at work or within their personal lives, and are available 24 hours a day, seven days a week, via telephone or in person. EAU peer counselors are not mental health practitioners and they are not intended to replace professional mental health counseling.

2. EAU serves to support members of the service who may be directly involved in an on or off duty critical incident. For the purpose of this procedure, a "Critical Incident" is defined as an unusually challenging event that has the potential to create significant human distress and interfere with one's normal coping mechanisms. In the event of a critical incident, any supervisory member of the service may request the immediate response of EAU to provide peer support and post-critical incident stress management. When an immediate response by EAU is necessary, EAU can be reached directly via phone at (646) 610-6730. A critical incident may include, but is not limited to, the following events:

- a. Suicide or line of duty death of a member of the service,
- b. Serious line of duty injury to a member of the service,
- c. Officer involved shooting (including an accidental discharge that results in an injury),
- d. Significant event involving children,
- e. Any mass casualty incident or natural disaster, and/or
- f. Any incident in which the circumstances are unusual or distressing, and that witnessing or participating in the event is likely to produce a significant emotional reaction.

3. EAU accepts referrals made by supervisors, coworkers, friends and family members. A supervisory referral to EAU does not relieve supervisory members of the service of their obligations, which are outlined elsewhere in the Department Manual. In addition, members of the service may seek peer assistance for themselves or someone else, and they may remain anonymous. Referrals should be made as a preemptive measure when a member of the service is experiencing stress and/or may benefit from peer assistance or appropriate professional referrals. EAU is not part of the disciplinary process or any investigative unit within the Department, and referrals will not be accepted for the purpose of disciplinary action.

4. Members of the service should be aware of behavioral indicators that suggest personal stress. Those who observe behavioral indicators may consult with EAU, or they may remain anonymous and refer a member of the service to EAU. Such indicators include, but are not limited to:

- a) Excessive civilian complaints, particularly regarding use of force,
- b) Excessive lateness or absenteeism,

ADMINISTRATIVE GUIDE

- c) Abnormal impatience, irritability, aggressiveness, or overreaction,
- d) Irrational or bizarre thoughts/actions,
- e) Changes in work habits,
- f) Erratic mood swings,
- g) Significant changes in hygiene, and/or
- h) Indications of alcohol or drug use.

5. EAU does not maintain any records detailing information shared during peer support interactions, and will not disclose the content of conversations or interactions with peer counselors to the member of the service's command, supervisor, or other Department units/personnel. Exceptions to confidentiality include:

- a. A member of the service who is a danger to themselves or others,
- b. Suspected or actual child, elder or domestic abuse,
- c. In other cases, where law or Department policy requires disclosure (e.g., criminal activity, employment discrimination, etc.), and/or
- d. Where disclosure is requested by the member of the service seeking peer assistance.

6. Promotional and assignment opportunities will not be jeopardized by participation in or utilization of EAU peer counseling services or provided external resources.

PURPOSE

To inform members of the service (uniformed and civilian) types of Command Disciplines (CD) and the penalties that may be imposed.

SCOPE

There are three types of CDs: Schedule A; Schedule B; and Schedule C. The Schedule A and Schedule B permit the commanding/executive officer of the unit involved to address minor misconduct/rule violations and set the penalty within the established ranges for each type of CD as described in the *NYPD Disciplinary System Penalty Guidelines* (available on the Department Intranet). The Schedule C is only issued by the Department Advocate for certain enumerated offenses and utilized in lieu of Charges and Specifications.

DEFINITIONS

SCHEDULE A COMMAND DISCIPLINE - A Schedule A is non-judicial discipline that can be issued by a commanding/executive officer for any minor violation, not specifically listed as a Schedule A, in order to correct deficiencies. Examples of minor violations (i.e., absence from post or assignment, improper uniform, etc.) are listed in the *NYPD Disciplinary System Penalty Guidelines*, available on the Department Intranet.

Penalties for a Schedule A may be one of the following:

A commanding/executive officer must confer with the patrol borough/bureau adjutant, prior to adjudicating a third command discipline for the same member within a six month period, to determine if charges and specifications should be instituted. ADDITIONAL DATA

Uniformed members of the service who are suspended or modified due to being unfit for duty as the result of a drug that is legally prescribed will be subject to an immediate post suspension/modification evaluation conducted by the Medical Division.

A member of the service (uniformed or civilian) presently on suspension, or a uniformed member of the service on modified assignment pursuant to either steps "2" or "3" above, MUST be re-suspended or suspended, as applicable, for any subsequent violation of the subject steps.

The Department will commence an investigation immediately upon becoming aware of misconduct, or an allegation of misconduct, that includes a serious physical injury, or allegation of a serious physical injury, caused by a member of the service. The Internal Affairs Bureau will evaluate each allegation and assign the investigation to the appropriate investigative authority, or ranking officer in the rank of captain or above. Members of the service may be suspended during the course of a Departmental investigation prior to a hearing and final determination of the charges. A captain or above may suspend a member of the service, or place a uniformed member of the service on modified assignment, when they deem it necessary given the nature of the misconduct alleged, and because disciplinary action is being taken or contemplated. The captain or above in-charge will make an initial determination as to the member of the service's duty status upon completion of the preliminary investigation, typically within 24 hours, but no more than 48 hours, of the Department becoming aware of the incident. Given the complexity of some investigations, a duty status determination may be deferred until such time as sufficient evidence is gathered supporting the conclusion to suspend or modify the member concerned.

In all cases in which the investigating commanding officer/duty captain is contemplating changing the duty status of a member of the service (i.e., suspension, modification or restricted duty pending evaluation of duty status), they should confer with the Internal Affairs Bureau Command Center to ascertain any relevant information pertaining to the member(s) of the service, PRIOR to making this decision. This conferral is to obtain background information that may assist in the investigation. All decisions regarding the investigation, as well as any resulting determination regarding the member's duty status, remain the responsibility of the commanding officer/executive officer/duty captain concerned.

DISCIPLINARY PROCESS RECUSAL GUIDELINES

DATE EFFECTIVE:

02/16/22

LAST REVISION:

I.O. 18

PAGE:

1 of 1

PURPOSE

To provide members of the service with guidelines regarding recusal from involvement in a Department disciplinary proceeding, or its investigatory process, when there is an actual or perceived conflict of interest due to a personal or familial relationship with a subject.

DEFINITIONS

FAMILIAL RELATIONSHIP – A relationship with a respondent, including a spouse, sibling, child, parent, cousin, aunt or uncle, close relation by marriage, or a past/present romantic relationship, that requires recusal from involvement in a Department investigation or disciplinary proceeding.

PERSONAL RELATIONSHIP – A close and substantial connection normally viewed as likely to induce partiality (e.g., friend, neighbor, business/financial, close colleague, etc.). Whether such relationships should result in recusal from a Department investigation or disciplinary proceeding are determined on an individual basis.

PROCEDURE

When a member of the service identifies an actual or perceived conflict of interest from involvement in a subject's investigation or disciplinary proceeding due to a familial or personal relationship:

MEMBER OF THE SERVICE CONCERNED

1. Notify, immediately, commanding officer or executive officer upon discovery of a familial or personal relationship with a subject of an investigation or disciplinary matter that may cause an actual or perceived conflict of interest.
 - a. If uncertainty exists as to whether recusal is appropriate, member concerned should consult with the Legal Bureau.

COMMANDING OFFICER/ EXECUTIVE OFFICER

2. Notify bureau chief or deputy commissioner for determination of whether recusal is necessary.

BUREAU CHIEF/DEPUTY COMMISSIONER

3. Make final determination regarding recusal, and indicate in appropriate Department record (e.g., case folder, etc.).

ADDITIONAL DATA

All members of the service involved in the operation of a disciplinary process are reminded to be aware of the applicable portions of the New York City Conflicts of Interest Law, New York City Charter, New York City Administrative Code and Annual Disclosure Laws of the City of New York.

All attorneys involved in the operation of a disciplinary process are reminded of their obligations under the New York Lawyer's Code of Professional Responsibility, and ethical rules governing the practice of law.

INTEGRITY MONITORING FILE		
DATE EFFECTIVE: 05/03/24	LAST REVISION: R.O. 24	PAGE: 1 of 4

PURPOSE

To identify locations where there is potential for members of the service to engage in corrupt practices or misconduct.

DEFINITIONS

DESIGNATED OFF-LIMITS LOCATION - a location operating legitimately that a commanding officer may place off-limits because of some police misconduct related activity, and the need to avoid the appearance of impropriety by members of the command (see Additional Data).

UNLAWFUL LOCATIONS - premises, whether in a member's command or elsewhere, that are involved in illegal activities which would preclude the presence of a member of the service, except in the line of duty (see Additional Data).

COOPING PRONE LOCATIONS - locations or premises where members of the service may engage in unauthorized interrupted patrol (see Additional Data).

PROCEDURE

When a premises or location has been identified as a “Designated Off-Limits Location”, “Unlawful Location”, or a “Cooping Prone Location” in a command under the jurisdiction of the Patrol Services, Housing, or Transit Bureaus:

COMMANDING OFFICER

1. Direct integrity control officer to maintain an Integrity Monitoring File.
2. Document and have on file for review the reason(s) for including a location in the Integrity Monitoring File.

NOTE

Documentation should include, but not be limited to criminal history, arrests, summonses, reports to the State Liquor Authority, organized crime information, corruption, Civilian Complaint Review Board/community complaints, etc. Dates of reports and serial numbers should be included. For further information to be maintained for off-limits and unlawful locations see "Additional Data."

3. Determine schedule to be utilized by commanding officer, executive officer, and integrity control officer when making visits to Designated Off-Limits Locations.
 - a. Patrol supervisors will make observations, but not visits, to all locations as directed by the integrity control officer.
4. Direct preparation and maintenance of an Integrity Monitoring Log for the recording of observations and visits to subject locations.

INTEGRITY CONTROL OFFICER

5. Maintain Integrity Monitoring File.
6. Maintain Integrity Monitoring Log and record all visits and observations, as well as police action directed at identified locations.

NOTE

The Integrity Monitoring Log will be in a Department record book divided equally into three separate sections entitled:

- a. “Designated Off-Limits Locations”
- b. “Unlawful Locations”
- c. “Cooping Locations.”

Each section will be captioned across a double page as follows:

FIRST PAGE

SECOND PAGE

REMARKS

(Summons, arrest,
Intelligence Division notification, etc)

COMMANDING OFFICER

7. Evaluate, every six months, the command's Integrity Monitoring File for accuracy and relevance.
8. Add/delete locations by forwarding a report, on **Typed Letterhead**, to overhead bureau concerned, through channels.
 - a. Indicate reason for addition/deletion.
 - b. Include an updated Integrity Monitoring File with report.
9. Prepare three copies of updated Integrity Monitoring File on March 1st each year, and forward to overhead bureau concerned, through channels.
 - a. An accompanying report will be prepared indicating that the commanding officer concerned has reviewed the file and the locations on each list are in conformance with this procedure.

BUREAU COMMAND

10. Review reports (both interim and annual) submitted by subordinate commands.
 - a. Forward copy of report to the Investigation Review Section, Office of the Chief of Department.
 - b. Forward copy of report to the Internal Affairs Bureau.

ADDITIONAL DATA

The Investigation Review Section will act as the central repository for Designated Off-Limits Locations, Unlawful Locations, and Cooping Prone Locations. Annually, the Investigation Review Section shall forward an updated citywide list of these locations to the Operations Unit and the Office of the Chief of Department. Furthermore, the Quality Assurance Section shall conduct audits of precincts, transit districts, police service areas and borough command counterparts to ensure updated lists are maintained in accordance with the provisions of this procedure.

*If it becomes necessary for a uniformed member of the service to enter a location listed in the Integrity Monitoring File because of assignment by competent authority, i.e., radio dispatcher/serious police emergency, the member concerned will immediately notify the patrol supervisor. The patrol supervisor will respond and make a digital **Activity Log** entry of the circumstances.*

The duties performed by units in the Transit Bureau, the Chief of Transportation and the Special Operations Division may present integrity hazards that are unique to their specialties, i.e., marinas, riding academies, parking garages, etc.

ADMINISTRATIVE GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
318-28	05/03/24	R.O. 24	3 of 4

ADDITIONAL DATA (continued)

Therefore, commanding officers of each unit will identify such locations and, using the criteria below, compile a Designated Off-Limits Location list for their unit's Integrity Monitoring File. Furthermore, they will obtain, and personally review off-limits locations within other commands where their members perform patrol. These locations will be included in their own lists of locations considered integrity hazards for their personnel.

CRITERIA FOR INCLUSION IN INTEGRITY MONITORING FILE

DESIGNATED OFF-LIMITS LOCATION

- a. Some documented police misconduct-related activity, such as:
- (1) Any substantial acts of misconduct, or
 - (2) The failure of integrity tests, or
 - (3) The commanding officer's professional judgment after review of corruption allegations, or
 - (4) Intelligence from Detective Bureau or Intelligence and Counterterrorism Bureau, particularly at locations involving organized crime, or
 - (5) The location's past history of repeated crimes or violations.

PLUS

- b. Illegal conditions associated with locations, or the inference or appearance of preferential treatment.

Conditions listed in paragraphs a or b above are both required in order for a location to be included in the "Designated Off-Limits Locations" portion of the Integrity Monitoring File.

Members of the service are prohibited from entering all Designated Off-Limits Locations within their command of assignment, whether on or off duty. Because of these limitations, commanding officers will be very judicious when designating a location off-limits. In addition, they must be able to articulate the reasonable basis used for selecting each location. Additionally, they should avoid listing general areas such as entire streets, plazas, parks, etc., unless there are some extraordinary circumstances that would justify the off-limits provisions of this procedure.

The following information should be included in interim or annual reports regarding Designated Off-Limits Locations:

- (1) Date declared off-limits
- (2) Number of visits/observations by commanding/executive/integrity control officers or other supervisors
- (3) Notifications to investigations unit concerned
- (4) Any disciplinary/criminal action taken against members of the service re: location concerned (including results)
- (5) Date location closed or business sold
- (6) Date removed from list and reason (passed integrity test, etc.)

ADMINISTRATIVE GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
318-28	05/03/24	R.O. 24	4 of 4

ADDITIONAL DATA (continued)

UNLAWFUL LOCATIONS

- a. Premises (licensed or unlicensed) where a member of the service MUST be suspended for having an interest in, associating with or patronizing as indicated in A.G. 318-05, "Cause for Suspension or Modified Assignment"
- b. Unlicensed premises (neighborhood tavern or restaurant with an expired/suspended license) where the sale of alcohol is the only apparent illegal activity and a member of the service may be suspended or placed on modified assignment for patronizing such a location as per A.G. 318-05, "Cause for Suspension or Modified Assignment."

The following information should be included in interim or annual reports regarding Unlawful Locations:

- (1) Date declared unlawful
- (2) Number of visits/observations by commanding/executive/integrity control officers or other supervisors
- (3) Any notifications made to Internal Affairs Bureau or any unit/agency relative to vice enforcement, narcotics, civil enforcement, etc.
- (4) Any disciplinary/criminal action taken against members of the service re: location concerned (including results)
- (5) Date business sold
- (6) Date location closed and reason (civil enforcement, vacated business, fire, etc.)

If a member of the service becomes involved in an incident in an Unlawful Location outside of their command, and upon investigation it is discovered that the location has been previously deemed unlawful, and is still carried as such in the command's Integrity Monitoring File, the commanding officer/duty captain will determine whether or not the member involved should have been aware of the unlawful status of the location in question.

COOPING PRONE LOCATIONS

Consideration for designating a location as cooping prone should be based on past history of allegations of cooping, or locations where, in the commanding officer's judgment, there is likelihood that member(s) will engage in interrupted patrol. Cooping prone locations apply to on-duty members only. However, members will not be prohibited from performing authorized patrol within such locations, when necessary.

CONDUCTING ORDERED BREATH TESTING OF UNIFORMED MEMBERS OF THE SERVICE FOR THE PRESENCE OF ALCOHOL

DATE EFFECTIVE:

05/03/24

LAST REVISION:

R.O. 24

PAGE:

1 of 8

COMMANDING OFFICER, PERSONNEL BUREAU INVESTIGATIONS UNIT

1. Maintain a listing (including duty charts, vacation selections and complete information such as home phone numbers, cellular phone numbers and e-mail addresses) of all uniformed members who have been placed on Dismissal Probation, or have been the subject of other disciplinary action, and have agreed to submit to ordered breath testing for the presence of alcohol as a result of a negotiated penalty in a Department disciplinary proceeding.

NOTE

Subject members have signed a Negotiated Settlement which contains the following wording: "I agree to submit to and to make myself available, on or off duty, for ordered breath testing for the presence of alcohol during a probationary period or other agreed upon time period pursuant to A.G 304-04, "Fitness for Duty." I understand that this will entail unannounced visits to my personal residence. In addition, I am fully aware that if said testing of my blood alcohol level is .04 or more that I shall be presumed unfit for duty. I also understand that should I be found unfit for duty or should I refuse such testing I will be subject to further disciplinary action up to and including summary termination. I acknowledge that I have received and understand the provisions within A.G 304-04, "Fitness for Duty." and A.G. 318-29, "Conducting Ordered Breath Testing of Uniformed Members of the Service for the Presence of Alcohol."

2. Schedule each member whose name appears on the listing to be periodically tested during each quarterly period during which the member is subject to ordered breath testing. For the purposes of this procedure, the calendar year will be divided into four quarterly periods as follows: January through March, April through June, July through September and October through December. Nothing in this procedure shall preclude a subject member from being tested more than once during a quarter. However, at least one of the tests conducted during the year must be conducted during the subject member's off duty hours.

NOTE

If the period that the member is subject to ordered breath testing begins on February 15th, for example, the initial testing of the subject member will commence during the quarterly period that runs from January 1st through March 31st.

3. Ensure that all supervisors assigned to the Personnel Bureau Investigations Unit and the Medical Division's Absence Control & Investigations Unit have been trained by the Highway District in the operation of the hand-held Portable Breath Test (PBT) device.
4. Arrange for a supervisor assigned to the Personnel Bureau Investigations Unit or the Medical Division's Absence Control & Investigations Unit to conduct a breath test using a PBT device whenever a subject member is scheduled to be tested. Both units will assist each other in the testing process as necessary.

NOTE

If the subject member is a ranking member of the Department, a supervisor of an appropriate rank assigned to one of the sub-units of the Personnel Bureau will be designated to assist with the administration of the breath test.

8. Notify the commanding officer/desk officer at the subject member's command to have the subject member transported by a higher-ranking member to the Medical Division or the Personnel Bureau Investigations Unit in an expeditious fashion.
9. Respond to the Medical Division, or the Personnel Bureau Investigations Unit, as appropriate, on the date and time that the subject member was notified to appear.

NOTE

All times relating to the testing process will be carefully documented.

10. Advise the subject member that he or she may be tested by a number of different means, such as the PBT device and the Intoxilyzer.
11. Direct the subject member to prepare an **Ordered Breath Test Questionnaire** form.
 - a. The **Ordered Breath Test Questionnaire** form will be retained in the subject member's file maintained at the Personnel Bureau Investigations Unit office. 13. If the reading on the PBT device is less than .02 and there are no related indicia of intoxication (see *Additional Data* statement for a listing), no further action is required at this time.
- a. If the reading on the PBT device is less than .02 and the subject member appears to be intoxicated (i.e., there are related indicia of intoxication) or under the influence of a prohibited substance, the supervisor concerned will confer with the Commanding Officer, Personnel Bureau Investigations Unit who will notify the Office of the Personnel Bureau in regard to obtaining authorization to test the subject member using the Intoxilyzer, or to conduct a drug screening test for cause under the procedures contained in *P.G. 332-06, “Drug Screening Tests for Cause for Uniformed and Civilian Members of the Service.”*
14. In the event that alternate arrangements must be made, the Intoxilyzer test will be conducted at the closest I.D.T.U. facility. In such a case, the subject member will not be permitted to transport themselves to the I.D.T.U. facility. NOTE

The I.D.T.U. technician conducting the test must observe the subject member for at least 20 minutes prior to initiating the test to ensure that the member does not engage in any activities that may skew the test results.

- b. The supervisor concerned shall carefully record and then take into account the Intoxilyzer reading along with any other related indicia of intoxication in coming to a conclusion that the subject member is apparently unfit for duty. As part of this process, the supervisor should use a blood alcohol level of .04 or greater on the Intoxilyzer as the threshold for a presumption of lack of fitness for duty.
- c. If the supervisor concerned has reason to conclude that the subject member is apparently unfit for duty, the supervisor will notify the Commanding Officer, Personnel Bureau Investigations Unit, who will notify the Office of the Personnel Bureau. In addition, the supervisor will be guided by the procedures contained in *A.G. 318-10, "Removal of Firearms from Intoxicated Uniformed Member of the Service."*

NOTE

If the subject member is determined to be unfit for duty, the I.A.B. Command Center will be notified and a log number will be obtained.

23. Ensure that the subject member is transported back to his/her residence after all testing, administrative and related matters have been completed.

**ADDITIONAL
DATA**

Since most members of the service who will be subject to the provisions of this procedure will be on full duty status with no driving restrictions, the Performance Monitoring Unit will institute procedures to remind the concerned members' Commanding Officers of the importance of remaining particularly alert to the members' fitness for duty during the members' dismissal probation period or the agreed upon period during which the member will be subject to ordered breath testing.

Commanding officers will ensure that all members of the service assigned to their command are made aware of the manner in which sick leave records for civilian members are to be maintained in accordance with this procedure.

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
319-07	05/03/24	R.O. 24	6 of 7

ADDITIONAL DATA (continued)

Civilian members are granted one day sick leave for each month of service. Sick leave may be used as it accrues. Some civilian employees hired on or after July 1, 2004 may accrue sick leave at a lesser rate. Sick leave is granted to permanent, provisional or temporary members who work a regularly scheduled, standard work week of seven, and seven and one half or eight hour days and can only be used for personal illness of member (see exceptions below regarding care of ill family members).

The normal minimal unit of sick leave which may be charged against the member is one half day. However, sick leave, which is approved by the commanding officer, may be taken in units of one hour. In such case, a member will be considered sick "one time" when the units accumulated amount to one half day.

When a civilian member has been recommended for relief from duty by a medical practitioner acting on behalf of the Medical Division, the time granted shall be considered documented sick leave for the day of the relief from duty only, unless otherwise specified by the Medical Division.

*Commanding officers are required to requisition a sufficient number of **CIVILIAN SICK LEAVE REPORT** forms from the Quartermaster Section and ensure that each civilian member assigned to his command receives several copies of the form for subsequent use.*

The following section shall apply only to civilian members who work OTHER THAN a regularly scheduled standard work week consisting of five days, seven hours, seven and one-half hour or eight hours per day:

<i>WORK WEEK</i>	<i>MONTHLY ACCRUAL</i>	<i>CONVERSION RATE</i>
<i>40 hours</i>	<i>8 hours</i>	<i>7 hours per day</i>
<i>37 ½ hours</i>	<i>7 ½ hours</i>	<i>7 ½ hours per day</i>
<i>35 hours</i>	<i>7 hours</i>	<i>8 hours per day</i>

All requests for leave shall be in terms of hours.

All part time, per annum, per diem, per session, hourly and seasonal members who regularly work at least one half the hours in the required work for full-time members in the same title, shall accrue sick leave credits of one hour of leave for every twenty hours actually worked with no maximum sick leave balance.

Sick leave may be granted by the Chief of Personnel provided civilian members submit proof of disability.

A civilian member's annual leave shall be changed to sick leave during a period of verified hospitalization. In addition, if a member is seriously disabled, but not hospitalized while on annual leave, the Chief of Personnel may, at his discretion, approve a change of such leave to sick leave.

Sick leave credits cannot be earned for the period a civilian member is on leave of absence without pay. For the earning of sick leave credits, the time recorded on the payroll at the full rate of pay and the first six months of absence while receiving Worker's Compensation payments shall be considered as time "served" by the member.

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
319-07	05/03/24	R.O. 24	7 of 7

**ADDITIONAL
DATA
(continued)**

In the calculation of sick leave credits, a full months credit shall be given to a member who has been in full pay status for at least fifteen calendar days during that month, provided however that:

- (a) Where a member has been absent without pay for an accumulated total of more than thirty calendar days in the vacation year, the member shall lose the sick leave credits earnable in one month for each thirty days of such accumulated absence even though in full pay status for at least 15 calendar days in each month during this period and:*
- (b) If a member loses sick leave credits under this duty for several months in the vacation year because the member has been in full status for fewer than 15 days in each month, but accumulates during said months a total of thirty or more calendar days in full pay status, the member shall be credited with the sick leave credits earnable in one month for each thirty days of such full pay status.*

At the discretion of the Chief of Personnel, civilian members, except provisional and temporary members who have exhausted all earned sick leave and annual leave balances due to personal illness may be permitted to use unearned sick leave allowance up to the amount earnable in one year of service, chargeable against future earned sick leave. Such requests must be forwarded to the Chief of Personnel, through channels and approved prior to advancement.

At the discretion of the Chief of Personnel, permanent civilian members may also be granted sick leave with pay for three months after ten years of city service after all credits have been used. In special instances sick leave with pay may be further extended, with the approval of the Chief of Personnel, who shall be guided in this matter by the nature and extent of illness and the length and character of service. Such requests must be forwarded to the Chief of Personnel through channels. If this type of leave is approved, the member DOES NOT earn any annual or sick leave while on this special leave. In cases of protracted illness, a health practitioner's certificate shall be presented at the end of each month of continued absence.

The commanding officer/supervisory head of members who have exhausted all sick and vacation leave and who will be on sick leave for thirty days or more will contact the Military and Extended Leave Desk for instructions relative to transferring such members to that unit.

The commanding officer/supervisory head of members requesting the advancement of sick leave or the discretionary sick leave with pay grant should contact the Employee Resources Section, Civilian Employee Services Unit for instructions relative to these procedures.

Article V, Section 5(a)(ii) of the 1990-92 Citywide Agreement is amended as follows:

Notwithstanding the provision of Section 5 (a) (I), members may use three days per year from their sick leave balances for the care of ill family members. Approval of such leave is discretionary with the agency, and proof of disability (illness or injury) must be provided by the member satisfactory to the agency within five days of the member's return to work.

approved by the supervisor, at the straight time rate when the employee performs ordered involuntary overtime between the maximum of that work week and forty hours. An employee who is granted a shortened workday and who performs overtime for work performed between thirty and thirty-five hours a week when the shortened schedule is in effect, will be compensated in time only at the straight time rate. An employee who works between thirty-five and forty hours during the time that the shortened schedule is in effect will be compensated in cash or time as approved by the commanding officer/unit supervisor at the straight time rate.

If a civilian employee is receiving straight time compensation in cash (i.e., working ordered, involuntary overtime paid in cash only for the first five hours and is working from 1800 to 0800 hours), the employee will receive night shift differential for those hours. However, if the commanding officer or civilian unit supervisor requests the member not take such time or any portion thereof, within the specified period, that portion will be carried over until such time as it can be liquidated.

No rescheduling of days off and/or tours of duty is permitted to avoid the payment of overtime compensation. Any work performed on a scheduled day off will be covered by this procedure.

Time during which an employee is in FULL PAY STATUS, WHETHER OR NOT SUCH TIME IS ACTUALLY WORKED, will be counted in computing the number of hours worked during the week.

No credit shall be recorded for unauthorized overtime. Credit for all authorized overtime beyond the normal work week, shall accrue in units of one-quarter hour to the nearest one-quarter hour and only after one hour, except for an employee covered by the provisions of the Fair Labor Standards Act (FLSA) who actually worked in excess of forty hours in said calendar week.

Employees recalled from home for authorized ordered involuntary overtime work, shall be guaranteed overtime payment in cash for at least four hours, if eligible for cash payment. When an employee voluntarily responds to a request to come from home for voluntary authorized overtime work, such overtime shall be compensated in time off on an hour-for-hour basis but with a minimum compensatory time of four hours.

*All commanding officers and integrity control officers will review the **Total Dollar Earnings Cap Report (500)** provided by the Payroll Section and will ensure that the command's payroll clerk is aware of the contents of this procedure. The **Total Dollar Earnings Cap Report** is forwarded by the Payroll Section on a monthly basis when a civilian member of the command is within twenty-five hundred dollars (\$2,500.00) of the cash overtime cap.*

CIVILIAN MEMBER - LATENESS POLICY		
DATE EFFECTIVE: 11/18/21	LAST REVISION: I.O. 110	PAGE: 1 of 2

PURPOSE

To record, monitor, and discipline civilian lateness.

SCOPE

At the beginning of a scheduled tour, a civilian member of the service will be granted a five minute grace period and the lateness will be classified as “excused.” When the lateness extends beyond the five minute grace period, the full period of time between the scheduled reporting time and the actual reporting time shall be charged against such member. A civilian member whose starting time is 0900 hours, and who reports to work at 0905 hours would not be “late”. A civilian member of the service with such a starting time who reports to work at 0906 hours would be charged with six minutes of lateness. The only exception to the above is lateness found by the unit supervisor/commanding officer to have been caused by transportation circumstances beyond the control of the tardy civilian member of the service. This would be considered an “excused” lateness. The tardy civilian member may be required to furnish proof of the lateness and a request for excusal shall not be unreasonably denied. A refusal to excuse a lateness may be appealed to the Deputy Commissioner, Labor Relations, through channels.

NOTE

Civilian members of the service on a flextime schedule do not have a grace period beyond their flex.

PROCEDURE

When a civilian member of the service reports to work after scheduled starting time, upon return from meal, or other scheduled non-work period:

COMMANDING OFFICER/UNIT SUPERVISOR

1. Determine whether lateness is to be classified as “excused” or “unexcused.”
2. Have entry made on the calendar and interview portion of the **ABSENCE AND TARDINESS RECORD (PD433-145)**, indicating “unexcused” latenesses.

NOTE

*All unexcused tardiness must be recorded since this information may be used to form the basis for subsequent disciplinary action, termination proceedings, and when preparing **PERFORMANCE EVALUATION-CIVILIAN (SUB-MANAGERIAL) (PD439-152)**.*

3. Deduction for unexcused lateness shall be made on a minute for minute basis from any compensatory time standing to a member’s credit and then, if there is no such credited time, from the member’s annual leave balances.
4. Have member’s immediate supervisor notify member of amount of leave deducted, within two days of unexcused lateness.
5. Review member’s attendance record, for at least the preceding twelve month period, prior to conducting an interview.
6. Conduct an interview with member concerned regarding the Department’s lateness policy.

(continued)**

7. Enter details of interview as required on the **ABSENCE AND TARDINESS RECORD**.
8. Issue warnings to member concerned for unexcused lateness, under the following circumstances:
 - a. FIRST WARNING: Upon fourth occurrence within a twelve month period. Determine methods to assist the employee to improve (i.e., tour change, chart change, etc.), consistent with the needs of the Department.
 - b. SECOND WARNING: Upon fifth occurrence within a twelve month period. Advise member that additional unexcused lateness may result in disciplinary action.
 - c. THIRD WARNING: Upon sixth occurrence within a twelve month period. Advise member that a seventh or subsequent unexcused lateness within a twelve month period will result in disciplinary action.

NOTE

*The results of these interviews will be recorded on **ABSENCE AND TARDINESS RECORD**.*

9. Institute disciplinary action for seven or more unexcused latenesses within a twelve month period.

**ADDITIONAL
DATA**

These regulations do not prohibit a commanding officer/unit supervisor from taking appropriate disciplinary action when a member's unexcused lateness is for an excessive length of time or where overall attendance record warrants such action prior to the seventh occurrence in a twelve month period.

This procedure does not apply to managerial/confidential members, police communication technicians, and members required to relieve another member of the service in order to maintain continuity of operations.
