***BILL TO PROTECT THE CONFIDENTIALITY OF DOMESTIC VIOLENCE
SURVIVORS' VOTER REGISTRATION RECORDS SIGNED INTO LAW***

New York, NY – The NYC Mayor's Office to End Domestic and Gender-Based Violence issued the following statement today after [Int. 565-2024A](#) was signed into law.

“This law will make it easier for survivors of domestic violence to exercise their right to vote without fear. Protecting the confidentiality of domestic violence survivors' voter registration information is critical to ensuring their safety. This is an often-unseen consequence of domestic violence, and we're glad that the New York City Charter has been updated to reflect that reality.”
