

NYC EAP Services for Managers and Supervisors

The NYC Employee Assistance Program (EAP) offers various supports to NYC agency's leadership. In addition to individual services for personal matters, we can assist you in your responsibilities to promote work responsibilities, employee relations and professional growth.

Supervisors and managers can contact the NYC EAP to consult with an EAP counselor for guidance and support. The NYC EAP offers managers and supervisors other support services such as:

-  Consultation on how to support employees whose challenges are affecting their job performance
-  Education on best communication for addressing performance issues
-  Workshops and presentations on various mental health topics
-  Support groups for experiences such as loss, trauma or overall stress
-  Short presentations of EAP's services for your staff

Reach out to NYC EAP to learn more about these offerings. Our team will consult with you to create services tailored to you and your employee's needs.
