ART IS LIFE

WorkWell NYC believes that every person should have the opportunity to live their healthiest life, regardless of their age, race, ethnicity, gender identity, sexual orientation, or ability. To recognize and promote the well-being of our diverse workforce, WorkWell NYC launched our yearly employee artist exhibition - Art is Life.

The theme of this year's exhibition is "Building Understanding," a key aspect of WorkWell NYC's Project B.U.I.L.D. programming. "Building Understanding" creates environments that value and respect differences so that we can consider different viewpoints, uncover complexity, create connections, and foster healthier communities.

WorkWell NYC is proud to present a wide selection of art at our 2024 Employee Artist Showcase. This exhibition is a testament to the talent of our New York City workforce, and their contributions to the culture and energy of our vibrant city.

The art shared by our workforce should spark thought and conversation. We recognize that art, in all its forms, is used to communicate ideas through creative expression. Even if audiences do not share these ideas, these artworks help us understand the perspectives of others. Please enjoy this exhibition, and congratulations to all of our artists.
