[8. Can I use my Flexible Spending Account towards Weight Watchers?](#)

Is Weight Watchers an allowable expense to be paid from a Flexible Spending Account (FSA)?	Pursuant to City of New York policies and IRS regulations, Weight Watchers may be a reimbursable expense for people who have been advised by their doctor that they are obese and need to lose weight provided certain conditions are met. You need a doctor's letter that 1) states your diagnosis of a specific disease such as obesity, hypertension, or heart disease, that would be improved with weight loss and 2) states the doctor's recommendation that you lose weight. You also need a record of your covered expenses, such as paid invoices, receipts, or your Membership Book that is stamped with your attendance and payments. IRS Publication 502 states that you cannot include the cost of diet food or beverages in the medical expenses because the diet food and beverages substitute for what is normally consumed to satisfy nutritional needs. For reimbursement through an FSA, you must submit a doctor's letter or medical necessity form provided by the claims payer and proof of payments for treatment with your claim. Visit nyc.gov/fsa for a Claims Form.
