FY 2018 Preliminary Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Preliminary Budget reports the FY 2018 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2018 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

As part of this agreement, DEP will develop 10 waterbody-specific LTCPs plus 1 citywide LTCP to reduce CSOs and improve water quality in NYC's waterbodies and waterways. The goal of each LTCP is to identify appropriate CSO controls necessary to achieve waterbody-specific water quality standards, consistent with the Federal CSO Policy and the water quality goals of the Clean Water Act (CWA).</p>

03	101201803C	<p>Request: Renovate or upgrade an elementary school</p> <p>Explanation: Funding for the placement of critical air circulation and conditioning system in PS1 located at 335 East 152nd Street, the Courtlandt School. Community Board 1 is within the most profound asthma corridor of our City. We voice our concerns about the current conditions for learning in all of our schools. However, in PS1 the air quality and circulation is extremely poor. Its over heated conditions are not conducive for learning and is having an adverse impact on the learning environment for our children. We advocate for the allocation of Capital funding for construction of an air condition system within the school.</p> <p>Responsible Agency: Department of Education</p> <p>Location Site Name: PS1</p>	Unable to prioritize funding for this project request at this time.
04	101201804C	<p>Request: Repair or provide new street lights</p> <p>Explanation: Upgrade illumination on existing street lighting in the District. Street lighting throughout the entire District at night does not appear to be providing the proper illumination to support public safety. The Board requests for an upgrade and increase in foot-candles on the existing lamp poles, including within all pedestrian underpasses in the District.</p> <p>Responsible Agency: Department of Transportation</p>	The agency will accommodate this issue within existing resources.

06	101201806C	<p>Request: Upgrade or create new step streets</p> <p>Explanation: Create a new step street. The development of a Step Street at East 159th Street and ST. Ann's Avenue provides a connection for residents in the area above St. Ann's Avenue. This Step Street is one the Board has advanced over 15 years and continues to support. It's development provides for residents of major developments such as St. Ann's Terrace, a development of 350 units accessibility from this portion of the District. It is important as it will connect an area cutoff from direct walking and connection to bus routes and other features with the important housing corridor of the District.</p> <p>Responsible Agency: Department of Transportation</p> <p>Project Id(s): NN-XP2019</p> <p>Location Cross Street 1: East 159th Street Cross Street 2: St. Ann's Avenue</p>	DOT has requested funding for this project.
07	101201807C	<p>Request: Rehabilitate bridges</p> <p>Explanation: The reconstruction of the East 153rd Street Bridge. Previously at this location the past Administration had approved a design for a cable-less Bridge at East 153rd Street and the money was taken out of the budget. Due to increased population in Bronx County in Boards 1 and 4 there is a need for a new bridge to be built at this location. The increased density and strained traffic conditions in the District along 149th Street, the Grand Concourse and on to East 161st Street has created limited options for drivers. The East 153rd Street Bridge is presently in the projected Capital Plan. Our Board supports development of the East 153rd Street Bridge which can reduce congestion in our District.</p> <p>Responsible Agency: Department of Transportation</p> <p>Project Id(s): HBX199</p> <p>Location Site Name: 159th Street Bridge</p>	DOT has requested funding for this project.

A component of the City's HPD RFP and selected redevelopment plan for 425 Grand Concourse is an allocation of Capital monies. Additionally, the Borough President's Capital Allocation for FY2017 includes \$500,000 for the reconstruction of the adjacent Garrison Playground. The averse closure and subsequent demolition of the former PS31 in 2015 devastated the educational capacity in the District while also creating a serious void of passive and active recreation space. The theme and the importance of science will uplift and inspire young persons of the District while providing a 21st century recreational and learning experience.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Garrison Playground</p>	<p>This project was funded in a prior fiscal year and the preliminary design contract has been let.</p>

01	104201801C	<p>Request: Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Corporal Irwin Fisher Park is approximately 1.5 acres of gated, unimproved NYC Parks green space that has never been accessible by the community since its acquisition some twenty years ago. The Community and the Community Board urge the city to fund the design and development of this park and target pre-teens (teenagers can use the ample Nelson Avenue Park facilities two blocks away.) This park will serve a community that continues to grow and provide recreational space that our children rightfully deserve.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Block: 2520 Lot: 19</p>	<p>Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.</p>
02	104201802C	<p>Request: Improve access to a building in a park</p> <p>Explanation: Grant Park was to be completed in stages to permit continued use by children of some areas of the park. However, the development of a series of large sink holes in the children's play area in the park's southwestern quadrant has effectively shut down the entire park indefinitely. This adversely impacts the entire community the park has historically served. Clearly capital funds are needed on an expedited basis, at a minimum, to restore access to the children's park and restore the park to its full capacity for utilization for area residents.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Grant Park</p>	<p>This project was funded in a prior fiscal year and the preliminary design contract has been let.</p>

03	104201803C	<p>Request: Provide a new or expand an existing middle/intermediate school</p> <p>Explanation: The FY 2015-2019 Proposed Five Year Capital Plan Amendment identifies funding for design and construction for 456 seats in School District 7 (Highbridge) and another 572 unfunded in Highbridge South (School District 9). Community Board Four request that the city allocate funding for design and construction of all 1,028 seats identified in the current capital plan, and allocate funding for design and construction of an additional 1,000 seats in the next capital plan. The current estimate is based on projections that do not account for the anticipated growth that will result from the Jerome Avenue Neighborhood Study. The City needs to plan better for site selection and construction related to the education of the youth in Community District Four.</p> <p>Responsible Agency: Department of Education</p> <p>Location Site Block: 2490 Lot: 1</p>	<p>Community District is located in a School District with identified seat need. 05	104201805C	<p>Request: Renovate, upgrade or provide new community board facilities and equipment</p> <p>Explanation: Board Four has requested DCAS facilitate relocating our office to better serve the needs of our Community District. This request is denied annually. Community Boards are the most local form of government, and as such, we should be more accessible to the public at large. Our current location does not allow for such engagement, as mandated by the NYC Charter. With a Community District with high levels of unemployment, recipients of social services, poor health indicators, and quality of life issues its imperative that we are situated in an area with access to the community.</p> <p>Responsible Agency: Department of Citywide Administrative Services</p>	DCAS has not received a request from the agency for this project. They need to initiate such an action and DCAS will respond to their real estate needs.

The public programming at our existing libraries has pushed the space to its usage capacity. We are requesting consideration of a new branch location in our district. There is no central library and this addition would be able to serve multiple constituents throughout the District.</p> <p>Responsible Agency: New York Public Library</p> <p>Project Id(s): LNEA16MLR</p> <p>Location Address: 840 Gerard Avenue Site Block: 2474 Lot: 32</p>	Further study by the agency of this request is needed.

13	104201813C	<p>Request: Provide more housing for medium income households</p> <p>Explanation: To increase the Districts economic index, we support the development of affordable housing for moderate and middle-income individuals and families as an added element to our new housing stock. The lack of affordable housing at these income levels contributes to the flight of moderate and middle-income families from our district. It is in the interest of our Community District to promote economic diversity within our community. We strongly advocate for City and State funds for the middle-income new construction program and the creation of assisted living housing for seniors.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.

24	104201824C	<p>Request: Other requests for park, building, or access improvements</p> <p>Explanation: Additional BBQ zones within the District are requested along with better signage clearly stating the Parks Departments barbeque policy. Mill Pond is the only park within the entire District that is designed with barbeque grills on the park grounds. Mill Ponds limited grills, which are greatly enjoyed, fall short of the demand for such amenities throughout the District. This unmet demand is compounded by the fact that Mill Pond is remotely situated under the Major Deegan Expressway which, assuredly serves as a deterrent to travel to the location. Consequently, every weekend from late Spring through the end of Summer, the Districts marquis parks (Claremont, Franz Sigel, Mullaly and Joyce Kilmer) are overrun with unmanageable barbeque gatherings.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	Further study by the agency of this request is needed.

06	104201806E	<p>Request: Reduce rat populations</p> <p>Explanation: As we continue to approve new construction and infrastructure projects throughout the District we will disturb the natural habitat of rats increasing their prevalence throughout the District. DOHMH should collaborate with DOB and other agencies to create a comprehensive strategy for baiting in these areas before, during and after completion of major capital/construction projects. Consider creating a fund that developers pay into to fund baiting.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>In recent years, DOHMH has undertaken a new and innovative approach to rodent control. Our Bronx Rat Indexing Pilot Project has led to an 83% decrease in the number of properties with rodents in many areas through rapid screening inspections of every block and lot. We have expanded this pilot to Manhattan. We will continue to answer complaints about rats, conduct inspections, exterminate and issue violations for rats and garbage. Going forward lot-cleaning staff will more effectively target properties contributing to neighborhood rat infestation and clean the most severely infested lots.</p>
07	104201807E	<p>Request: Create or promote programs for education and awareness on nutrition, physical activity, etc.</p> <p>Explanation: Actions to assist in the reduction in obesity and diabetes among residents in the district 1. We support programs such as the DOHMHs Shop Healthy Initiative help to educate store owners on how to provide positive messaging, setup healthier alternatives, and work with distributors to bring healthier foods to the stores. b. We also ask the NYCEDC to support the DOHMHs mission of expanding access to healthier foods by considering significant modifications to the Food Retail Expansion to Support Health (FRESH) program. 21	104201821E	<p>Request: Assign additional uniformed officers</p> <p>Explanation: The 44th precinct is one of the most active in the city. We recently received new recruits from the academy but as the District grows we need growth in our key service sectors to keep pace. We request the City allocate funding for more permanent new officers in the next fiscal year. The Community Affairs Division is fantastic and with more officers in the division there is a great opportunity to increase their presence and awareness district wide and increase positive relations between police and the community. We request an increase in officers as well in the next fiscal year.</p> <p>Responsible Agency: Police Department</p>	The NYPD has implemented the NCO program to address community concerns. Commands under the NCO program have had a sizable increase in staffing compared to prior years.

Many of these are individuals with a history of mental illness. While we do not advocate for any additional facilities of this type in our district we want to ensure that the individuals that are here receive proper care. This benefits the individuals and their families as well as area residents. DOHMH should work with DHS to identify these facilities and target those that would benefit from additional programming and/or services.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	DOHMH shares your concern and is committed to helping New Yorkers with mental illness live safely in our communities. DOHMH funds and manages many programs for people with mental illness, and would be happy to discuss any specific programs.

HRA should work with Con Edison, DEP and HPD to create literature and conduct outreach educating tenants on how to save energy and lower energy costs. Additionally, HPD should target older buildings in need of upgrades and offer low interest loans to upgrade energy systems throughout - with the understanding that the cost of these upgrades are not to be shouldered by tenants.</p> <p>Responsible Agency: Human Resources Administration</p>	The Agency will continue to explore this request; please contact HRA's Office of Advocacy and Outreach for continued discussion.
28	104201828E	<p>Request: Provide more public art</p> <p>Explanation: DCA should support organizations and local artists to produce more permanent and temporary installations throughout the district. 30	104201830E	<p>Request: Increase transportation services capacity</p> <p>Explanation: Access and mobility is a major concern for seniors in the District. DOHMH in collaboration with existing senior centers and care providers should create additional programs to allow seniors to get out for shopping, exercise and entertainment. Mid-Bronx Senior Citizen Council, Highbridge Community Development Corporation and BronxWorks all work with seniors and operate senior facilities in the District.</p> <p>Responsible Agency: Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.</p>
31	104201831E	<p>Request: Provide more HIV/AIDS information and services</p> <p>Explanation: While we continue to make great strides in terms of education related to HIV, (according to the DOHMH health profile 82 percent of adults were tested for HIV) we must continue to do more related to prevention and testing. We advocate for more programming, testing, mobile health van particularly in neighborhoods such as Highbridge where residents are somewhat isolated from major hospitals and health centers.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>Preventing the spread of HIV/AIDS and other STDs is a top priority for DOHMH. We were pleased to announce last year that the number of new adult AIDS cases is declining. Through a variety of condom distribution and community-based programs, we work to give communities the tools they need to stay safe. While additional services would be contingent upon available funds, please feel free to contact us to discuss available services in your community.</p>
32	104201832E	<p>Request: Provide, expand, or enhance rental assistance programs</p> <p>Explanation: Homelessness has reached historic levels in NYC. In May 2016, there were 60,067 homeless people, which includes 14,097 families and 23,298 children. We recommend the reinstatement of the Advantage Program and funding to the Homeless Eviction Prevention Program to ensure that residents secure permanent housing and decrease the number of transient individuals and families in our districts.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>Homelessness prevention is one of the Agency's priorities. 33	104201833E	<p>Request: Provide, expand, or enhance job training</p> <p>Explanation: Unemployment plays a key role in the socio-economic status of local residents. While unemployment both nationally and in the Bronx has hit record lows (5.5 percent and 6.6 percent) respectively, the residents of Community Districts Four are still contending with this issue. Unemployment in Community District Four is roughly 9.2 percent, nonetheless underscoring the need to create jobs and economic opportunities for area residents. It should also be noted these numbers do not account for the tens of thousands of residents who are underemployed. Community District Four advocates for HRA to work with SBS, EDC and community based organizations to create better employment opportunities for area residents.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>HRA has issued an RFP for improving how the agency helps its clients develop job skills, obtain employment and build sustainable careers that provide a path out of poverty. The improved employment plan included Education, Training and increase Program Participation. With this plan, we can do a better job helping clients develop skills and find work that pays enough to support their families and leave public assistance for good.</p>
34	104201834E	<p>Request: Provide more frequent garbage or recycling pick-up</p> <p>Explanation: As we increase density and activities again there should be coordinated efforts with other city agencies to ramp up frequency of collection in target locations (i.e. new residential construction, parks and entertainment, events)</p> <p>Responsible Agency: Department of Sanitation</p>	<p>This is not a budget request. The matter in question is an issue of service delivery and/or agency policy. Contact the Department of Sanitation to determine how best to resolve this issue.</p>
35	104201835E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: As stated previously we have one of the highest teen birth rates and some of the lowest numbers in terms of English and Math proficiency. Providing positive reinforcement to our youth is important and Summer Youth Employment is desperately needed particularly in a District with a meager Area Median Income (\$27,237) and nearly 40 percent of the population living at the poverty level. DYCD should increase funding for Summer Youth Employment. DYCD should work with local organizations and the Bronx Borough President's office to create additional work places to host youth for the summer and throughout the school year as well.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>DYCD has increased funding in this service area.</p>

38	104201838E	<p>Request: Create or promote programs for education and awareness on nutrition, physical activity, etc.</p> <p>Explanation: As nearly forty percent of our population is under the age of 25 it is important to underscore the importance of nutrition, healthy eating and physical activity. We request that DOHMH increase outreach and education related to food and nutrition. There should be a focus on targeting middle schools and working with community-based organizations with youth programs and active tenant associations and groups. Bronx Lebanon Hospital and Hostos Community College should be leveraged as resources.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	DOHMH is committed to helping New Yorkers live healthier lives and plans to continue funding for obesity and physical activity programming contingent upon available resources.

Providing healthier choices to our children in school particularly our low-income children is imperative. The Bronx in general and CD #7 specifically has seen a rise in new building construction, major capital improvements and other DOB related repairs. In light of the rise in the number of incidents and complaints about unscrupulous owners and contractors, the board is imploring the DOB to increase the number of inspectors in the Borough to meet current and projected demand.</p> <p>Responsible Agency: Department of Buildings</p>	The agency will accommodate this issue within existing resources.
09	107201809E	<p>Request: Provide more frequent litter basket collection</p> <p>Explanation: The office receives many complaints about infrequent or inconsistent pickup of litter baskets across the district. Additional personnel and more frequent pickup would be helpful in addressing this ongoing issue.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.
10	107201810E	<p>Request: Provide more on-street trash cans and recycling containers</p> <p>Explanation: While certain areas of the district have many on-street trash cans, there are also large portions of the district in which none are available. Providing additional on-street trash cans and recycling containers would help to keep our streets cleaner.</p> <p>Responsible Agency: Department of Sanitation</p>	More information is needed from the community board before making a funding decision. The community board should contact the agency.

11	107201811E	<p>Request: Assign more non-teaching staff, e.g., to provide social, health and other services</p> <p>Explanation: School aides provide a vital service in assisting teachers and principals with many issues in our public schools. The department should increase funding for aides and other non-teaching staff to improve education outcomes and to proactively address social, health and other issues that affect students and the school environment.</p> <p>Responsible Agency: Department of Education</p>	<p>Principals have direct control over their respective school-based staffing needs and will make their decisions accordingly.</p>
12	107201812E	<p>Request: Provide more HIV/AIDS information and services</p> <p>Explanation: The Bronx continues to have one of the highest rates of HIV/AIDS infections and death in New York City. Additional services targeted at education and treatment in the borough would help to address this long-standing issue.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>Preventing the spread of HIV/AIDS and other STDs is a top priority for DOHMH. We were pleased to announce last year that the number of new adult AIDS cases is declining. Through a variety of condom distribution and community-based programs, we work to give communities the tools they need to stay safe. While additional services would be contingent upon available funds, please feel free to contact us to discuss available services in your community.</p>
13	107201813E	<p>Request: Create or promote programs for education and awareness on nutrition, physical activity, etc.</p> <p>Explanation: According to the most recent Community Health Survey, many residents are either overweight or obese and suffer disproportionately from related diseases such as diabetes. The Department of Health needs to partner with other agencies such as the Department of Education to ensure that nutrition and physical education programs are included in our schools. Additionally, the DOH should conduct targeted nutritional education programs to at-risk populations in the community.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>DOHMH is committed to helping New Yorkers live healthier lives and plans to continue funding for obesity and physical activity programming contingent upon available resources.</p>

14	107201814E	<p>Request: Other community board facilities and staff requests</p> <p>Explanation: Provide additional Funding for Community Boards to fulfill Charter mandated Responsibilities. We are grateful for the recent increase in the budgets of community boards. However, we are requesting that the city increase the community boards budget to \$350,000 each to assure that they can provide the mandated services to the districts such as a part time city planner, youth coordinator, and other employees or consultants.</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p>	The community boards' budgets will be maintained in FY 2018.
15	107201815E	<p>Request: Expand programs for housing inspections to correct code violations</p> <p>Explanation: Provide additional Personnel for HPD Inspections. There are many community residents who do not live in quality housing because of non-compliance with housing regulations. The primary cause is not that complaints are not recorded by HPD but the heavy reliance of self-certification for determining compliance. We request that HPD move away from relying heavily on self certification and hire additional enforcement personnel to deal with the large number of outstanding violations.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	The agency will try to accommodate this issue within existing resources.
16	107201816E	<p>Request: Provide additional patrol cars and other vehicles</p> <p>Explanation: The 52nd Precinct has a large coverage area which requires additional patrol cars. Areas in the northern half of the precinct often do not receive patrols due to a combination of high crime rates in the south and a lack of available equipment. The purchase of additional patrol cars would ensure that all areas of the precinct receive much-needed attention.</p> <p>Responsible Agency: Police Department</p>	<p>New equipment must be requested by the NYPD commanding officer.</p> <p>Vehicles are purchased on a replacement cycle. The Commanding Officer, Borough Commander and Chief of Patrol have input into the mix of replacement vehicles. Specific funding is unknown until budget adoption.</p>

17	107201817E	<p>Request: Other garbage collection and recycling requests</p> <p>Explanation: Increase the number of Sanitation Field Workers. With an increase in new housing construction and the overall population of Community Board #7, there is a need for additional sanitation workers to provide regular garbage, recycling and snow removal operations.</p> <p>Responsible Agency: Department of Sanitation</p>	The agency will accommodate this issue within existing resources.
18	107201818E	<p>Request: Support nonprofit cultural organizations</p> <p>Explanation: Provide additional funding for the Lehman College Performing Arts Center. LCPAC needs additional funding to involve a greater number of community residents in their ticketed programs, young people performance series.. In addition, the center needs a stage lighting upgrade. Additionally, the city has previously cut funding to LCPAC which already threatens to reduce programming opportunities for the arts. We ask that the city restore funding so that our community can also benefit fro the local arts programming.</p> <p>Responsible Agency: Department of Cultural Affairs</p> <p>Location Address: 250 Bedford Park Blvd W,</p>	Funding was approved by the Department of Cultural Affairs for FY 2018.
19	107201819E	<p>Request: Expand funding for fire prevention and life safety initiatives</p> <p>Explanation: Increase Fire Prevention Prevention and Education Programs. Due to an increase in new construction and renovation of buildings throughout the district as well as an older housing stock, we believe that there is a need to highlight the importance and distribution of Carbon Monoxide and smoke detectors throughout the district.</p> <p>Responsible Agency: Fire Department</p>	Approval of this request is contingent upon the receipt of private funding and/or budgeted through elected officials' funding.

20	107201820E	<p>Request: Address traffic congestion</p> <p>Explanation: As development continues to increase in the district, traffic congestion has become an ever increasing area of concern. The department should explore opportunities for reducing traffic congestion across the district.</p> <p>Responsible Agency: Department of Transportation</p>	More information is needed from the community board before making a funding decision. The community board should contact the agency.
21	107201821E	<p>Request: Assign additional transit police officers</p> <p>Explanation: The district is home to three subway lines and there are nine stations in the district. The large number of stations and lines has strained the ability of transit officers to address ongoing issues in the subway. Common complaints include panhandling, card swiping and vandalism. Additional officers would allow these complaints to be addressed quicker and more efficiently.</p> <p>Responsible Agency: Police Department</p>	NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.
22	107201822E	<p>Request: Expand street outreach</p> <p>Explanation: While New York City as a whole has continued to see an increase in street homeless, the problem has become serious in the Mosholu Parkway area. Residents have long complained that benches and secluded areas of the Parkway have become home to increasing number of street homeless who make camp in the area.</p> <p>Responsible Agency: Department of Homeless Services</p> <p>Location Site Street: Mosholu Parkway Cross Street 1: Van Cortlandt Avenue Cross Street 2: Webster Avenue</p>	It is important to understand that the Street Homeless population are the most resistant to coming inside. These clients for the most part refuse to go to transitional shelter for a myriad of reasons. the public may see the clients on the street and may feel like nothing is being done because they seem them at the same location. In working with the street population it often takes time (months and in some cases years)to build trust with the individuals on the street. We need additional transitional opportunities to move those clients on the street who want to come in off the street.

23	107201823E	<p>Request: Provide or expand district marketing, branding, and promotion</p> <p>Explanation: Several years ago, the Community Board and other stakeholders collaborated to create the Webster Avenue Vision plan which sought to transform Webster Avenue into a vibrant mixed-use district that serves the needs of culturally diverse neighborhoods and world class institutions. Since the passage of this plan, the city has made little effort to attract the types of retail establishments that would support this vision plan. The city needs to reengage with the board to create a marketing and business attraction plan for the area.</p> <p>Responsible Agency: Department of Small Business Services</p> <p>Location Site Street: Webster Avenue Cross Street 1: Fordham Road Cross Street 2: Gun Hill Road</p>	<p>Sponsor group should apply to SBS through the funding process. Please visit nyc.gov/SBS for more information.</p>
24	107201824E	<p>Request: Assign additional school safety officers</p> <p>Explanation: Community Board 7 has a high number of schools compared to neighboring districts, particularly in the number of high schools in the community. Additional school safety officers are needed to ensure the safety of students at these facilities, particularly as new residents move in and increase school populations.</p> <p>Responsible Agency: Police Department</p>	<p>The future funding for civilian personnel depends on decisions made in the Preliminary and Executive budget process.</p>
25	107201825E	<p>Request: Promote Quit Smoking Programs</p> <p>Explanation: According to the New York City Department of Health, our neighborhoods have some of the highest percentages of smokers in the entire city. The city should make a concerted effort at targeting smokers in our neighborhood with a particular focus on multi-lingual outreach to target specific communities.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>DOHMH will review and assess the request regarding this important health issue. However, the implementation for the requested service will be subject to the availability of the Department's limited funds.</p>

26	107201826E	<p>Request: Expand graffiti removal services on private sites</p> <p>Explanation: The average wait-time for graffiti removal is far too long and many residents no longer bother to report graffiti under the mistaken belief that it will not be addressed. It is clear additional resources are needed to cut-down wait times and allow for proactive graffiti removal.</p> <p>Responsible Agency: Economic Development Corporation</p>	The agency will try to accommodate this issue within existing resources.
27	107201827E	<p>Request: Provide, expand, or enhance rental assistance programs</p> <p>Explanation: The current availability of programs such as the one shot deal help to keep New Yorkers in their homes. However, far too many residents are still falling through the cracks and ending up in shelters across the city. There is a pressing need to provide additional resources for rental assistance programs that can help stem the growing tide of homelessness in the city.</p> <p>Responsible Agency: Human Resources Administration</p>	Homelessness prevention is one of the Agency's priorities. Funds have been allocated in the budget for these services.
28	107201828E	<p>Request: Other educational programs requests</p> <p>Explanation: There is an acute need for physical education programs in neighborhood schools, both to assist in combating childhood obesity and in creating a more stimulating learning environment.</p> <p>Responsible Agency: Department of Education</p>	Through the Mayor's multi-year, \$100M PE Works initiative, every district public school in the City will receive a needs assessment and collaborate with PE specialists to create a multi-year action plan to address barriers to quality PE, and receive a range of supports to help ensure that students receive high quality physical education instruction that meets State requirements. As part of PE Works, we are also helping to hire about 500 PE teachers over the next few years to ensure that all elementary schools have a certified PE teacher on staff.

29	107201829E	<p>Request: Other request for services for vulnerable New Yorkers</p> <p>Explanation: In our experience, many of the housing facilities for special needs population do not provide the case management services that these populations need. Three-quarter housing continues to be a particular issue of concern as these facilities bring mentally ill and recovering addicts into the community without providing the resources to help these populations thrive.</p> <p>Responsible Agency: Human Resources Administration</p>	The Agency provides services for people who are eligible under certain guidelines.
30	107201830E	<p>Request: Provide rental assistance/vouchers for permanent housing</p> <p>Explanation: The growing homeless population has forced the Department of Homeless Services to develop new shelters with a disproportionate share being sited in or around Community Board 7. In order to better serve the homeless and to prevent the proliferation of new shelters, the city must do more to provide rental assistance and vouchers to help the homeless transition to permanent housing.</p> <p>Responsible Agency: Human Resources Administration</p>	Homelessness prevention is one of the Agency's priorities. Funds have been allocated in the budget for these services.
31	107201831E	<p>Request: Other park maintenance and safety requests</p> <p>Explanation: Purchase mechanical broom, mini-packer, grass cutter, and pickup truck for the Parks Department to address pathway maintenance and ensure frequent garbage collection in Community District #7 parks. A mechanical sweeper would provide better maintenance of the paths and parkways such as Mosholu Parkway and Aqueduct Park.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	Department of Parks and Recreation funds are insufficient for this project. 32	107201832E	<p>Request: Provide or enhance rental subsidies programs</p> <p>Explanation: The lack of affordable housing and the continuing decline in the number of Section 8 vouchers has made it impossible for many residents to find affordable housing options. While the construction of new affordable housing would most precisely address this issue, additional rental subsidy programs would also be helpful in creating housing options for these residents.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
33	107201833E	<p>Request: Provide a new bus service or Select Bus Service</p> <p>Explanation: The Bx41 currently services Webster Avenue, but the service does not extend north of Gun Hill Road. In recent years, the area north of Gun Hill Road has experienced tremendous development with the addition of hundreds of new units of housing. The Bx41 service should be extended to ensure these new residents have access to transit and are connect to the lower portions of Webster Avenue.</p> <p>Responsible Agency: Transit Authority</p> <p>Location Site Street: Webster Avenue Cross Street 1: Gun Hill Road Cross Street 2: East 233rd Street</p>	For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.

Only through proper resiliency management will these parks be saved in the event of a Hurricane Type 3 storm.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	Department of Parks and Recreation funds are insufficient for this project. 05	110201805C	<p>Request: Reconstruct or upgrade a building in a park</p> <p>Explanation: The Board is home to the Hammond Cove Marina, a New York City Department of Parks and Recreation property. The property is leased to a private concessionaire. The inlet to the Marina is silted up. This makes the passage of boats in and out of the Marina difficult. 18	110201818E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: There is a critical need to adequately fund and staff the Forestry Unit of the DPR to prune the many trees in the Board's service area. Over 70% of the Board is green cover. Every year tree limbs become entangled in the overhead power lines or diseased limbs fall on people's homes and cars. More tree pruning staff re needed to take care of these matters. There is a need to adequately fund and expand the sidewalk tree root program. the root syste of the old growth trees causes the sidewalks to buckle, creating trip hazards. To eliminate this problem, this program must be adequately funded.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
19	110201819E	<p>Request: land re-use</p> <p>Explanation: As far as EDC controlled site in CB #10, the Corporation maintains ownership of a site on Bartow Avenue in the middle of the Bay Plaza Mall. For several years, this site has been used by the NYPD to store evidence in trailers. There are quite a few trailers on the site and the area is unattractive. Our Board believes that EDC should ask the NYPD move the trailers elsewhere and allow the site to be developed for other purposes.</p> <p>Responsible Agency: Economic Development Corporation</p>	Further study by the agency of this request is needed.

20	110201820E	<p>Request: Reduce mosquito populations</p> <p>Explanation: Many of the communities in our Board service area are surrounded by water. The mosquito population is generally high. When spraying takes place, it is usually in the marshland areas around Pelham Bay Park and that only occurs when there is evidence of an infestation. We in Community Board #10 would like to see the NYC DOH and MH take a more proactive view of the situation and treat the shoreline communities of Edgewater Park, Silver Beach, Co-op City, City Island, Throggs Neck and Ferrypoint, as a matter of course, whenever the West Nile Virus season occurs.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>DOHMH continues to increase the number of inspections performed annually. We also continue to respond to all 311 complaints and readily participate in walk-through events requested by the community in areas of concern. We also work to control the spread of mosquitos in a variety of ways. Feel free to contact us for a pest control walk-through or to discuss specific mosquito concerns. Additional inspections would be contingent upon available resources.</p>
21	110201821E	<p>Request: Other animal and pest control requests</p> <p>Explanation: As property developers move forward with construction projects in the areas north of our Community Board in Westchester County, entire habitats for animals are destroyed. This forces the animal population of deer, skunk, possum, raccoon and coyote to move toward the safer and food plentiful environments of the northeast Bronx. Throughout every neighborhood in our Community Board, we have received reports of animals foraging and making homes in parks and people's backyards. There is no City program to deal with this situation. Our Board believes that NYC DOH and MH should partner with known humane organizations to develop a capture and release program, to move the animals to more suitable environments, when they are encountered in human population centers.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>DOHMH will review and assess the request regarding this important health issue. However, the implementation for the requested service will be subject to the availability of the Department's limited funds.</p>

22	110201822E	<p>Request: Expand bus service frequency or hours of operation</p> <p>Explanation: Several years ago the MTA New York City Transit had to reconfigure the bus service within Co-op City, because of fiscal constraints. The resultant situation was that the northern portion of the development saw service on the BX 26 and BX 28 truncated. A new bus known as the BX 38 was created to link up with the BX 26 and BX 28. Over the years, there have been concerns expressed by the community over the schedules and long waiting periods between buses. The Board would like to learn of the wait times between these intersecting buses. Additionally, the Board has heard from commuters that night service on the BX 26 needs to be expanded to serve late night health care workers.</p> <p>Responsible Agency: Transit Authority</p>	For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.

24	110201824E	<p>Request: Upgrade existing facilities for the homeless</p> <p>Explanation: Security at the three homeless shelters in the Board, Crystal's Place at 555 Hutchinson River Parkway, Town and Country at 2244 Tillotson Avenue and the Acacia shelter at 1564 St. Peters Avenue should be reviewed. The Board has received concerns about the ability of the contractual security staff to handle situations at the shelter. In the case of the shelter at 555 Hutchinson river Parkway, DHS Police visit the site already. However, in light to the recent killing of a staffer at another shelter not in our Board, we believe that the entire security set up should be reviewed.</p> <p>Responsible Agency: Department of Homeless Services</p>	Based on an evaluation conducted by NYPD, the Agency has increased the number of Security Guards and Peace Officers in the DHS shelters throughout NYC.

The reason we are requesting this study is because there is a need to alleviate traffic congestion in the vicinity; and there will be an even greater need in the near future. 02	111201802E	<p>Request: Expand or improve nutritional programs, e.g., school meals</p> <p>Explanation: All public school students should be able to receive a free, healthy lunch regardless of income. Students should not be encouraged to buy and eat junk food just because it is cheaper. Public school students are not charged for admission. Why should we then charge students for lunch?</p> <p>Responsible Agency: Department of Education</p>	Further study by the agency of this request is needed.

The City of New York
Bill de Blasio, Mayor

FY 2018 Preliminary Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Preliminary Budget reports the FY 2018 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2018 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Preliminary Budget recommendation for each budget request.

05	201201805E	<p>Request: Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p>Explanation: Request: Increase Significantly the Department of Youth and Community Development Agency's Community Board Fair Share, After School, and Summer Recreation Funding Allocation for CD #1. Explanation: Over 32% of CD1's population is 18 years of age or younger, and many of these individuals require education, recreation and counseling programs to enable them to escape from an environment of crime and poverty. The inadequate levels of Youth Bureau funding available to CD1 severely undermines the ability of these programs to effectively serve this population. The significant expansion of all Youth Bureau allocations should be implemented as promptly as possible. 46	202201846E	<p>Request: Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws</p> <p>Explanation: The sidewalk outside many restaurants is covered with grease due to improper storage of trash and failure to clean after pick-up. This action provides a feeding ground for rodents.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.
47	202201847E	<p>Request: Improve snow removal</p> <p>Explanation: Enforce failure to remove snow on properties that are either vacant or under construction. This makes the sidewalks a hazard for pedestrians in the wintertime and needs an appropriate penalty to discourage property owners from neglecting this duty.</p> <p>Responsible Agency: Department of Sanitation</p>	This request is the property owner's responsibility. 01	203201801C	<p>Request: Provide new or upgrade existing sanitation garages or other sanitation infrastructure</p> <p>Explanation: Request: Construct a Sanitation Garage in Community District 3 (S-186). Explanation: Community Board 3 continues to advocate for a Sanitation Garage within the district's boundaries. We have done so for the past thirty-three (33) years, in and out of economic distress, to no avail. Once again we are requesting that we have a Sanitation Garage that is housed in the CD3 catchment area. For the last two Budget Consultation audiences, we were told that we will be on the top of the list once the fiscal crises has lifted. We eagerly await funding being made available for a garage.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Budget Line: S-186</p> <p>Project Id(s): S-186-224</p> <p>Location Site Name: BK3 Sanitation Garage Address: Nostrand & Park Avenue</p>	<p>This program is currently funded and the Department of Sanitation recommends its continued support.</p>

It has also come to our attention that Block 1557 Lots 3,4,23,28, and 31 to 37 totaling 25,616 square feet is also under the purview of HPD. Community Board 3 strongly supports the selection of a development project which will offer the community affordable housing, expanded retail access and/or strong youth services.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p> <p>Location Site Block: 1549 Lot: 19</p>	<p>This request includes more than one proposal. Explanation: Community Board 3 is requesting that the Sumner Armory be renovated in the same manner as the ones in Park Slope, Union Street, Bedford Avenue, Harlem and more recently in the Bronx at Kingsbridge. Renovation of the armories is a well thought out and comprehensive use of space to benefit the communities in which they are housed. The Community Board recognizes the work of the Department of Homeless Services and we welcome an opportunity to work with them concerning the use of the Armory collectively, with no disruption of services on their part. 05	203201805C	<p>Request: Repair or upgrade subway stations or other transit infrastructure</p> <p>Explanation: The Nostrand Avenue subway station on the "A" and "C" line is a major subway hub that should resemble a 21st century subway station. This station should be completely renovated and made ADA accessible. The rezoning of Fulton street will bring higher density apartment buildings with more retail. This will increase the usage of the station, which is why we are also requesting for the Bedford entrance to be re-open.</p> <p>Responsible Agency: Transit Authority</p> <p>Supported by: Assemblyman Walter Mosley</p> <p>Location Site Name: Nostrand Ave Subway Station</p>	<p>For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.</p>

Explanation: Community Board 3 is requesting for this infrastructure work to address the ongoing flooding and damage to property occurring along this corridor. It is critical that this project be completed so the city avoids and/or mitigates a host of damages and associated liabilities for which it is ultimately responsible for. Explanation: This project has been long overdue. The facility is only used two months a year and sits unused for the remaining ten months. As we stated for the last two years, the pool is housed on a site that can be used as a pool/recreation center with programs occupying a portion of the site and the rest of the area as community spaces with various uses. P.S. 256 is located across the street and it has been suggested that the site be transformed into a continuous campus abutting the school. Explanation: Community Board 3 is pleased that Charlie's Place Playground was renovated, except for the basketball courts and the garden. Our request is to have those two components completed as well. Charlie's Place Playground is adjacent to PS 37K, Brooklyn Transitional Center for developmentally challenged students ages 9-12. It is named after Charles Lubin, the founder of Sara Lee. It is situated in a relatively new community of families with young children. This playground is situated in the middle of two NYCHA developments and other playgrounds in the area are an uncomfortable distance away, where parents would not feel secure sending their children.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Councilman Robert Cornegy</p> <p>Location Site Name: Charlie's Place Playground</p>	<p>Department of Parks and Recreation funds are insufficient for this project. 11	203201811C	<p>Request: Create a new senior center or other facility for seniors</p> <p>Explanation: Brooklyn Community Board 3 would like funding to be made available for an assisted living facility within the catchment area of this community. We have a large senior population and we would like to afford them the opportunity to age in place. Our duty is to honor our elders, many of whom continue to play an active role in community affairs, by showing that they are the foundation of this community and that we want them to stay here. Explanation: With childhood obesity continually rising in our urban setting, the longer children can be active in a park the better. 01	203201801E	<p>Request: Assign additional housing police officers</p> <p>Explanation: Community Board 3 acknowledges that there has been an increase in officers in PSA3. However, we are still requesting additional officers as gun violence and other crimes like robbery are increasing. Our request is to have an adequate number of officers so that they will not be spread so thinly and can take a proactive stance with NYCHA residents and mend the deteriorating relations with PSA 3 officers. This would eliminate some of the confrontational behaviors that exist, instead of always being reactive. Community Board 3 still requests additional officers for PSA 3.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: Councilman Robert Cornegy Councilman Stephen Levin</p>	<p>The NYPD has implemented the NCO program to address community concerns. 03	203201803E	<p>Request: Provide additional juvenile justice programs</p> <p>Explanation: Request: Provide Funding for a Feasibility Study for a Bedford-Stuyvesant Community Justice Center. Explanation: Current violent crimes statistics, gun violence and assaults committed by young people demand that we consider new alternatives to the existing public safety measures. A Bedford-Stuyvesant Community Justice Center would provide a viable alternative system to the current juvenile detention driven programs. The completion of the feasibility study is a first step in fostering a healthier, crime-free community. Community Board 3 is requesting that funding be made for a comprehensive feasibility study for a Community Justice Center.</p> <p>Responsible Agency: Mayor's Office of Criminal Justice</p>	Center for Court Innovation manages Community Justice Centers in Red Hook, Brownsville, Harlem, Queens, and Staten Island. We recommend that the CB approach CCI to see what information may already be available.
04	203201804E	<p>Request: Expand code enforcement</p> <p>Explanation: There is a tremendous amount of construction going on in Bedford-Stuyvesant. In light of that, we are requesting that there be funding made available for additional inspectors for housing code compliance. We often hear of collapses, fires, toxic contaminations and such in connection with development projects. It is not uncommon for developers to take short cuts but this city, as a responsible overseer, should provide adequate personnel to monitor development throughout our community. The citizens of this city deserve to be safe.</p> <p>Responsible Agency: Department of Buildings</p>	In the Preliminary Budget, Citywide personnel/program/ equipment funds are increased in FY 2018. 05	203201805E	<p>Request: Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws</p> <p>Explanation: Request: Hire Additional Manpower for Sanitation Enforcement. Explanation: We need additional manpower to deal with dumping in lots, vacant buildings, parks, closed businesses and even at our litter baskets. This happens late at night or in the early hours of the morning. Dog excrement is everywhere. All of this contributes to dirty sidewalks. Without adequate enforcement covering multiple shifts, this condition cannot be obliterated. Community Board 3 is requesting that funding be made available for enforcement officers.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.

08	203201808E	<p>Request: Create or promote programs for education and awareness on nutrition, physical activity, etc.</p> <p>Explanation: Request: Continue Funding for Obesity Prevention and Outreach Programs. As statistics continue to be bleak, our children in Head Start programs and public elementary schools are obese. Public high school students are obese and let's not forget the adults in Bedford-Stuyvesant. In this community, most people and children exercise little or not at all and eat inadequate servings of fruits and vegetables per day. Obesity is a major health concern. It causes health problems across generations, i.e., diabetes, high blood pressure, high cholesterol, cancer and heart disease. It is imperative that DOHMH provide funding to support community based activities that promote active living and healthy eating habits.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p> <p>Supported by: Councilman Robert Cornegy Assemblywoman Annette Robinson</p>	<p>DOHMH is committed to helping New Yorkers live healthier lives and plans to continue funding for obesity and physical activity programming contingent upon available resources.</p>
09	203201809E	<p>Request: Provide, expand, or enhance housing assistance for youth that are leaving foster care</p> <p>Explanation: There are too many teens aging out of foster care system without an adequate plan for housing. Many of these teens however are facing crisis or have experienced crisis in such a way as to affect their decision making abilities as it pertains to housing and other critical matters in their lives. In addition to caseworkers/case planners, funding should be allocated to create housing specialists for each teen, as soon as they reach the age of 14 or 15 years old. Housing specialists would identify housing options for teens, so that case planner can focus solely on helping the teen address crisis. Housing options and/or additional housing subsidies should be available for teens leaving foster care.</p> <p>Responsible Agency: Administration for Children's Services</p>	<p>ACS is happy to discuss this request in detail with the community board or arrange a meeting. 11	203201811E	<p>Request: Support storefront / facade improvements</p> <p>Explanation: Bedford-Stuyvesant is undergoing a business renaissance and we want to make sure that the businesses which have stabilized our economy are properly presented. 03	206201803C	<p>Request: Reconstruct streets</p> <p>Explanation: Sufficient funds are requested for the design and construction of new traffic medians on 4th Avenue between Pacific Street and 8th Streets that would improve pedestrian and vehicular safety along this busy traffic corridor. New medians would include protected pedestrian refuge areas and raised, planted medians with irrigation systems, that would prevent unsafe and unpredictable pedestrian behavior which occurs frequently and is likely a contributing cause to high accident rates along the corridor.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Forth on Forth Avenue</p> <p>Project Id(s): NNHWK1669B</p> <p>Location Site Street: 4th Avenue Cross Street 1: Pacific Street Cross Street 2: 8th Street</p>	DOT has requested funding for this project.
04	206201804C	<p>Request: Other workforce development requests</p> <p>Explanation: Sufficient funds are requested for the acquisition (if necessary), design and construction of a Red Hook workforce development center. Red Hook has seen the creation of hundreds of new jobs in the last few years from large-scale retail development, introduction of tourism-related industries, and induced commercial development. Its residential population is in need of a local job center where employment training, recruiting and referral services can be offered in addition to courses that promote local entrepreneurship, and generally support the development of the local workforce preparing them for jobs. Because of its geographic isolation and transportation hurdles, Red Hook residents cannot easily access services in Downtown Brooklyn.</p> <p>Responsible Agency: Department of Small Business Services</p> <p>Supported by: South Brooklyn Industrial Development Corporation Red Hook Initiative</p>	Further study by the agency of this request is needed.

05	206201805C	<p>Request: Renovate or upgrade NYCHA community facilities or open space</p> <p>Explanation: Sufficient funds are requested to undertake a complete renovation of the Gowanus Community Center, including an enlargement of the building and interior structural renovations that would maximize the available space for educational and recreational programming and use. Renovation items to include upgrade to HVAC system, installation of motion-sensitive alarm system, security upgrades and window replacements. Once renovated, we would like NYCHA to issue an RFP to identify and select an operator who would engage the community and maintain the site as an active recreation, education and cultural center.</p> <p>Responsible Agency: Housing Authority</p> <p>Supported by: Gowanus Houses Tenants Association</p> <p>Location Site Name: Gowanus Houses</p>	Further study by the agency of this request is needed.
06	206201806C	<p>Request: Improve accessibility of transit infrastructure, by providing elevators, escalators, etc.</p> <p>Explanation: Sufficient funds are requested for the identification, design and construction of handicapped access elements, preferably elevators, for the Smith-9th Street subway station, which happens to be the highest elevated public transit point in the entire world. Despite a recent comprehensive station rehabilitation, escalators at this station are still prone to frequent service disruptions which not only inconveniences riders but makes station access impossible for physically-challenged individuals. This station is also the only subway stop nearest to the Red Hook community, a neighborhood woefully under-served by transportation options.</p> <p>Responsible Agency: Transit Authority</p> <p>Location Site Street: Smith St Cross Street 1: 9th St Latitude: 40.67 Longitude: -74</p>	For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.

09	206201809C	<p>Request: Invest in piers or other capital projects to improve access to the waterfront</p> <p>Explanation: Sufficient funds are requested for the design and construction of a solar collection array at Piers 6-12. Such an array should include the pier shed rooftops, other structure rooftops (such as the cruise ship terminal, containerport and PANYNJ office buildings, etc.), and canopy arrays over parking lots at cruise ship terminal, office buildings, etc. A solar collection array would take advantage of the open space/lack of shadow lines from buildings and trees, to harvest solar energy which would be used to defray operating costs as a clean energy sustainability measure, and can be made available to the community as part of a community microgrid under development (Red Hook Community Microgrid) to help power local critical facilities in the event of an electrical grid failure.</p> <p>Responsible Agency: Economic Development Corporation</p>	This request is not recommended for funding.

11	206201811C	<p>Request: Create a new, or renovate or upgrade an existing public library</p> <p>Explanation: A total of \$6.35M is requested for infrastructure upgrades to the Carroll Gardens branch library, to specifically include exterior renovation and windows (\$1.0M), new boiler (\$750k), interior renovation (\$3.0M), new furniture & equipment (\$750k), and safety and security enhancements (\$250k). The Carroll Gardens branch is an unrenovated, heavily-utilized Carnegie branch. The building's critical infrastructure needs to be upgraded.</p> <p>Responsible Agency: Brooklyn Public Library</p> <p>Supported by: Friends of the Carroll Gardens Library</p> <p>Location Site Name: BPL - Carroll Gardens Branch Address: 396 Clinton Street</p>	BPL supports this project as requested by the community board. 12	206201812C	<p>Request: Reconstruct streets</p> <p>Explanation: Funds in the amount of \$26,300,000 are requested to undertake a reconstruction of the Union Street Bridge (HBK1213), a double-leaf Scherzer Bascule bridge which spans the Gowanus Canal. This bridge received a FAIR rating yet is one of the few east-west connectors that provide access and mobility throughout our district. It is a vital corridor that links our waterfront to inland points. Deferred public investment increases the vulnerability of this structure as unanticipated structural failures may occur, resulting in increased cost and time of repair and unwarranted impacts on the surrounding community. We would also like a modified riding surface for the bicycle lane section of the bridge to make it safer and more comfortable for the cyclists who use this segment of the network.</p> <p>Responsible Agency: Department of Transportation</p> <p>Project Id(s): HBK1213</p> <p>Location Site Name: Union Street Bridge Latitude: 40.68 Longitude: -73.99</p>	This project is in design by DDC.

Having a permanent site in the Gowanus watershed area, proximate to the canal, will go far in ensuring that such practices and values are regularly and widely taught and shared, making them more likely to affect the broader surrounding populations. The site should be able to accomodate both locally-based and visiting groups of all ages, including school children who could use more access to environmental education in our urban environs.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Gowanus Canal Conservancy</p> <p>Location Site Name: Gowanus "Salt Lot" Site Block: 977 Lot: 3</p>	<p>More information is needed from the community board before making a funding decision. 14	206201814C	<p>Request: Reconstruct or upgrade a building in a park</p> <p>Explanation: Sufficient funds are requested for a comprehensive facility rehabilitation project for the Red Hook Recreation Center. Scope of work to include at a minimum upgraded programming space for users, office space for department personnel (i.e., painting, electrical, windows, lighting, etc.), perimeter improvements and outfitting with new recreation and office equipment to support both users and staff. Features of a renovated building would include better signage, lighting, fencing, landscaping and a more inviting entryway so that residents feel welcome and encouraged to use this site for positive interactions with the police. 18	206201818C	<p>Request: Rehabilitate bridges</p> <p>Explanation: Sufficient funds are requested for a full rehabilitation of the 3rd Street Bridge (HBKC068), a double-leaf Bascule Bridge spanning the Gowanus Canal, to improve long-term viability of the structure. For the sake of access and mobility through the district, there are only a handful of east-west connectors that span the Gowanus Canal, on which the community is wholly reliant. Deferred investment increases the likelihood of structural failures, more costly repairs, and longer periods of disruption and inconvenience to the community when the bridge is out of service. The Park Slope library was recently reopened after an extensive interior renovation. 22	206201822C	<p>Request: Reconstruct streets</p> <p>Explanation: Sufficient funds are requested to remediate the problems associated with the Brooklyn-Queens Expressway Trench running through our district parallel to Hicks Street. The BQE Trench inhibits local access and mobility between the Columbia Waterfront, Carroll Gardens and Cobble Hill neighborhoods. The concentration of traffic flowing through the trench creates vibrations, noise, odors and other air emissions that impact the residential communities adjacent to the trench. Prior to the opening of Pier 6, this area was generally unused by pedestrians and was almost exclusively a southbound route used by commuters seeking to avoid the Brooklyn-Queens Expressway. This space is widely used by the 78th Precinct Community Council, Community Board, and other groups, and provides essential local meeting space which promotes positive interactions between police and the community. A comprehensive refurbishment should include the installation of energy efficient lighting, painting, new floors, repair/refurbishment of auditorium seating, with consideration of a possible redesign to maximize the use of the space. This 1936 building still has the original single-paned and uninsulated windows making them highly inefficient energy-wasting devices which negatively contribute to the building tenants' comfort and safety. Modern, energy-efficient windows appropriately designed to area's historic district would go a long way toward reducing heating and cooling costs, improving safety, and creating a vastly improved work environment for the State, City and non-profit entities that occupy the space in this City-owned building. Radar Speed Signs can provide a constant monitoring presence to help raise awareness and act as a potential deterrent. Compliance with the City's new 25MPH speed limit relies on an enforcement presence which, at best, can be challenging given limitations of manpower and competing deployment priorities; to some degree these signs can help augment these limitations.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: 78th Precinct Community Council</p>	<p>The Department can not fund this request at this time and recommends that the Community Board contact elected officials for the funding.</p>

Not only is bluestone a more durable material with significantly longer life expectancy, it also serves to enhance the historic integrity and value of the community. Transportation is one of the most significant obstacles to growth in the region, as our bridges, tunnels and highways experience on a daily basis. Without taking advantage of the area's features - its waterfront and untapped rail potential - further economic growth in the region is threatened. 36	206201836C	<p>Request: Reconstruct streets</p> <p>Explanation: Sufficient funds are requested for the acquisition, mapping, design and construction of a new City street which would extend Conover Street northward from Pioneer Street to Hamilton Avenue in Red Hook. This new street will not only provide additional capacity to handle the new traffic volumes destined for the cruise ship terminal under construction at Pier 12, but will also provide an alternative for the relocation of the Van Brunt Street leg of the City's local Truck Route network in Red Hook. It will ensure that the local street grid is not only not negatively impacted by the cruise terminal traffic but that it will benefit from relieving Van Brunt Street of trucks and removing the existing conflict by directing trucks closer to the industrial section of the neighborhood.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: NYC Economic Development Corporation</p> <p>Location Site Street: Conover St Cross Street 1: Pioneer St Cross Street 2: Hamilton Ave</p>	<p>Please contact the Borough Commissioner's office to discuss this request.</p>

37	206201837C	<p>Request: Provide new or upgrade existing sanitation garages or other sanitation infrastructure</p> <p>Explanation: Sufficient funds are requested for the relocation of BK2 District Sanitation Garage and Broom Garage into the Community Board 2 district to comply with coterminality requirements of the Charter. In the interim, we encourage the department to explore alternatives at the current garage location at 127 2nd Avenue including the reconstruction of the existing garage (addition of a story?) to fully accommodate all fleet vehicles and equipment off the street and sidewalk and under one roof.</p> <p>Responsible Agency: Department of Sanitation</p>	DSNY will evaluate this request.
38	206201838C	<p>Request: Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Sufficient funds are requested for the design and construction of a new park--Columbia Waterfront Park--on the City-owned properties along the westside of Columbia Street between Kane and Degraw Streets. These properties are currently in the Department of Transportation's portfolio but they have agreed to release them for the development of a future park to be built there. Much work has already gone into conceptualizing a park use of the space which, with an adequate budget, can be easily adapted into designs and construction plans.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Brooklyn Greenway Initiative</p> <p>Location Site Street: Columbia St Cross Street 1: Kane St Cross Street 2: Degraw St</p>	Department of Parks and Recreation funds are insufficient for this project. 39	206201839C	<p>Request: Renovate site component</p> <p>Explanation: Funds in the amount of at least \$150,000 are requested for the design and construction of a soundproofing project at the PS 39 cafeteria at 417 6th Avenue in Park Slope. The tiny cave-like basement cafeteria is the largest open space in the school. The low tin roof and cement walls do little to absorb the loud whirl of giant freezers or the noise of the fans used to cool the space due to the lack of air conditioning and window space. When you add more than 350 students during lunchtime the sounds reverberate around the room. The noise drowns out any conversations happening at the tables. By adding wall & ceiling mounted sound panels, extraneous noise will be lessened to manageable levels.</p> <p>Responsible Agency: Department of Education</p> <p>Supported by: Participatory Budget outcome for Council District 39</p> <p>Location Site Name: PS 39 Address: 417 6th Avenue</p>	Unable to prioritize funding for this project request at this time.

The poor acoustics in the gymnasium prevents it from being effectively used a multi-purpose space in a school that is historically crowded and in need of additional space. CS	206201841C	<p>Request: Other water supply system maintenance requests</p> <p>Explanation: Sufficient funds are requested to fully fund project #SEK20068 for preliminary design investigations, final design and ultimate repair of the 9th Street and Second Avenue corridors abutting the Gowanus Canal. Issues that need to be addressed include negative and insufficient curbs that have resulted in flooding and drainage problems, defective and missing sidewalks and episodic infrastructure failures on 2nd Ave. Frequent and substantial roadway ponding occurs along 9th Street--a mapped Coastal Evacuation Route--which, coupled with new and growing demands in pedestrian and vehicular traffic, requires that the street be a more reliable emergency traffic conveyor and able to withstand rainfall events without flooding.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Gowanus Alliance</p>	Please contact the Borough Commissioner's office to discuss this request.

CS	206201843C	<p>Request: Invest in piers or other capital projects to improve access to the waterfront</p> <p>Explanation: Sufficient funds are requested for the design and construction of a maritime cultural use at the Atlantic Basin, as we previously suggested, discussed and promised by EDC during and since the development of their Piers 6-12 study for the Brooklyn Waterfront. Many years have lapsed since the study, yet there is no cultural use in place despite the agency's commitments to the community. Funds are needed to provide suitable docking facilities, upland connections and necessary infrastructure (electrical, water, sewage, etc.) to support such a use.</p> <p>Responsible Agency: Economic Development Corporation</p> <p>Location Site Name: Atlantic Basin</p>	Further study by the agency of this request is needed.
CS	206201844C	<p>Request: Provide new or expand green infrastructure, e.g. greenbelts, bio swales</p> <p>Explanation: Sufficient funds are requested for the area wide installation of green infrastructure including, but not limited to, bioswales, offline retention capacities, rain barrels, pervious surface treatments, and other best management practices, to aggressively prevent storm water from entering into the sewer system. Reduction of storm water entry into the system is necessary to reduce the amount of Combined Sewer Overflow events that occur, particularly within the Gowanus watershed area.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Gowanus Canal Conservancy</p>	The agency will try to accommodate this issue within existing resources.

CS	206201845C	<p>Request: Other FDNY facilities and equipment requests</p> <p>Explanation: Sufficient funds are requested to equip every firehouse with an emergency generator to ensure continuous electrical supply. Firehouses serve as cooling stations during heat emergencies and, in general, serve the public as a critical local public safety facility for emergency and medical services. Maintaining electrical supply is essential both from an operational standpoint and to maintain a high degree of public confidence in the department's ability to provide a safe haven during times of crisis. We lost service to one of our firehouses in Red Hook during Hurricane Sandy, and would suggest that this site become an immediate priority.</p> <p>Responsible Agency: Fire Department</p>	<p>Emergency generators are being installed throughout firehouses on a yearly basis, priority established by Fire Operations, funding is reliant on Federal Grants. Repairs and upgrades to facilities must be scheduled carefully so overall (and local/neighborhood) emergency response operations are not negatively impacted. Additionally, these requests must be prioritized so more critical issues (e.g., health and safety or operational response issues) are addressed first. We repair all facilities as resources and priorities allow.</p>

01	206201801E	<p>Request: Other NYPD staff resources requests</p> <p>Explanation: Sufficient funds are requested to recruit and restore police patrol strength to safeguard the impressive strides in public safety over the past decade. Historically, as crime decreases and budget pressures increase, police staff suffers which begins the downward spiral of public safety and increasing crime. Maintaining a strong police force is even more necessary in the aftermath of 9/11 to ensure public safety and restore a high degree of confidence in keeping and attracting residents, businesses and tourists to the City - all essential to the City's economy. Over the past few years we have seen a dramatic decrease in the size of the police patrol strength at the precinct level and this has the community most alarmed.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: 76th Precinct Community Council 78th Precinct Community Council</p>	<p>NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.</p>
02	206201802E	<p>Request: Provide more community board staff</p> <p>Explanation: Funding in the amount of \$450,000 is requested in order for Community Boards to fulfill their Charter mandated roles to plan and advocate for neighborhood needs. An increase in funds will be used to fund the hiring of a full-time urban planner, to keep pace with cost of living adjustments which have never been applied to Community Boards, to upgrade complaint systems software which was previously supplied and supported by prior Administrations and to expand District Office functionality with the purchase of additional equipment and supplies. Increases to budget due to collective bargaining agreements and maintaining the budget at its current level do not address this request; both are effectively negative responses which should trigger a separate letter explaining the agency's position.</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p> <p>Supported by: The Community Boards of New York City</p>	<p>The community boards' budgets will be maintained in FY 2018.</p>

03	206201803E	<p>Request: Expand child care services</p> <p>Explanation: Sufficient funds are requested to maintain current levels of day care services provided to the district. ACS had previously suggested that an incredibly disproportionate share of cuts be applied to day care services in the Brooklyn CB6 district. 4 out of the 15 centers citywide slated for closure were specifically targeted to the district. Most of these slots are located in facilities directly adjacent to public housing (Red Hook and Gowanus Houses), whose residents rely on these services to enable them to work and/or attend school. Eliminating day care services removes one of the most important safety nets in the community. ACS had not attempted to renegotiate day care center leases, or otherwise lower their operating costs, before deciding to eliminate the service altogether.</p> <p>Responsible Agency: Administration for Children's Services</p>	<p>Please contact the Office of Intergovernmental Affairs at 212-341-0999.</p>
04	206201804E	<p>Request: Create a new senior center or other facility for seniors</p> <p>Explanation: Sufficient funding is requested to increase baseline operating budget allocations in existing senior centers. At a minimum, additional funding is sought to help keep pace with cost of living increases which over time take more and more resources away from the base operating budgets from programming and salary monies. Effectively, by not providing for regular, modest increases the senior centers' budgets are being decreased over time as basic costs only go up. This need is especially pressing with an aging population, as more and more "baby boomers" will be placing increasing demands on these facilities, which is anticipated to increase in the near future.</p> <p>Responsible Agency: Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.</p>

05	206201805E	<p>Request: Other workforce development requests</p> <p>Explanation: To combat high levels of unemployment, particularly in our Gowanus and Red Hook neighborhoods, coupled with significant Federal changes in the existing public assistance programs, additional focus must be placed on preparing persons for work and expanding work opportunities. Given the far- reaching impact of unemployment and its undesirable effects on health, education and social welfare, it is imperative that front-end investment in human capital occur to ensure local economic utility.</p> <p>Responsible Agency: Department of Small Business Services</p>	The agency will accommodate this issue within existing resources.
06	206201806E	<p>Request: Increased Funding for COMPASS NYC Programs.</p> <p>Explanation: Youth programs continue to play a vital role in the cognitive, social and physical development of our young. Front-end positive investment in our youth defers avoided costs as preventative measures. Community Boards are the best decentralized mechanisms for recommending allocations to locally sponsored programs designed to meet specific neighborhood needs. Additional programmatic funding is requested to expand services to a broader population of youth.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	Presently, there are a variety of agency-funded programs in the district for this target population. 07	206201807E	<p>Request: Creation of Quality of Life Detail at 78th Precinct</p> <p>Explanation: Sufficient funds, personnel and equipment are needed to create a dedicated Quality of Life Detail for the 78th Precinct to address the ongoing issues related to the increases in night-time activities--especially at local bars and restaurants--which have increased tensions between our residential and business communities. Despite having ample personnel available for details related to large-scale events at the Barclays Center, no such details exist to regularly monitor the impacts of a changing commercial environment as a result of new trends in business land uses, especially in the northern Park Slope area. The precinct must have sufficient resources available to ensure that the quality of life for everyone in the neighborhood is maintained and improved.</p> <p>Responsible Agency: Police Department</p>	NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.
08	206201808E	<p>Request: Other NYPD programs requests</p> <p>Explanation: Sufficient funds are requested to provide for a substantial increase in dedicated Truck Enforcement Program personnel to meet the overwhelming demand in our community for aggressive truck enforcement. 11	206201811E	<p>Request: Provide more frequent garbage or recycling pick-up for schools and institutions</p> <p>Explanation: Sufficient funds are requested to restore the frequency of litter basket service to a minimum of two collections per day, especially on weekends, along busy commercial corridors such as Van Brunt Street, Columbia Street, Court Street, Smith Street, 5th Avenue, 7th Avenue, Atlantic Avenue, and Flatbush Avenue. Overflowing litter baskets create additional work for the department in discretionary cleaning, contributes to the clogging of catch basins, and results in the unfair issuance of summonses to victims of the strewn litter. Litter on commercial strips negatively contributes to the consumer's shopping experience, detracts from the residents' quality of life, and forces the businesses to shoulder the burden for the City after the mess.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Park Slope Chamber of Commerce Park Slope Civic Council</p>	This is not a budget request. Current practice involves placing excessive numbers of garbage bags in the street late afternoons, which are sometimes not collected until the next day, which attracts vermin and vectors, creates odors, and has a tendency to attract additional loose litter and debris. Containerized collection would resolve all of these problems and restore neighbor's quality of life.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Location Site Name: John Jay Educational Campus Address: 237 7th Avenue</p>	<p>This is not a budget request. 13	206201813E	<p>Request: Other traffic improvements requests</p> <p>Explanation: Sufficient funds are requested for restoration of full-time (non-seasonal) work gangs to respond to year-round routine maintenance calls for potholes and street depressions. There has been a noticeable decrease in productivity and increase in response times in this area attributable to significant loss of manpower. There has also been a significant delay in pothole response times during the winter-spring transition which could be remedied by maintaining more year-round personnel to respond to complaints.</p> <p>Responsible Agency: Department of Transportation</p>	<p>In the Preliminary Budget, Citywide personnel/program/ equipment funds are maintained in FY 2018. 16	206201816E	<p>Request: Other NYPD staff resources requests</p> <p>Explanation: Sufficient resources are requested to restore NYPD bicycle patrols. Bicycle patrols provide a low-cost option for policing that combines the best elements of vehicular access with flexible patrol routes. With increased bicycling, and the call for better enforcement of bicycling rules, it would also provide a more convenient way for police to engage other bicyclists in the proper education and enforcement of the rules of the road. Previous bicycle patrols involved the use of voucherred and donated bicycles making this a cost-effective program that should be reinstituted.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: 78th Precinct Community Council</p>	<p>Additional NYPD resources for this project are unavailable at this time due to funding constraints. Such features as our historic brownstone residential communities (Carroll Gardens, Cobble Hill and Park Slope), Columbia Street, Gowanus and Red Hook waterfront features, Prospect Park, and other local points-of-attraction, are growing in popularity as tourists are flocking more and more to our district. 15	207201815E	<p>Request: Provide, expand, or enhance job training</p> <p>Explanation: CB 7 believes community-based employment training programs for special needs populations should be restored.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>Workforce development is one of HRA's priorities. While the budget has not increased in this area, the Agency has developed a more customized workforce development model. In November 2016, HRA announced contract awards for its three new employment programs -- CareerCompass, YouthPathways, and CareerAdvance. The new workforce development approach includes services for youth and other groups with specialized needs, such as those experiencing homeless or those with Limited English Proficiency.</p>
16	207201816E	<p>Request: Provide more frequent garbage or recycling pick-up for schools and institutions</p> <p>Explanation: Restore 5 day-a-week pick up at all schools district-wide. Most schools do not have appropriate facilities to store garbage for several days and often end up storing curbside 7 days a week.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>This is not a budget request. The matter in question is an issue of service delivery and/or agency policy. Contact the Department of Sanitation to determine how best to resolve this issue.</p>
17	207201817E	<p>Request: Provide more frequent litter basket collection</p> <p>Explanation: Increase funding for corner basket pick up. Corner baskets in CD 7 are overflowing and BK - 7 has responded, in part, by reducing the number of baskets. CB 7 believe more frequent pick ups can alleviate the problem.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.</p>

19	207201819E	<p>Request: Other cleaning requests</p> <p>Explanation: Allocate additional personnel for manual street sweeping in CD 7 on commercial streets.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.
20	207201820E	<p>Request: Enhance educational and recreational programs</p> <p>Explanation: CB 7 believes city senior centers are now in competition with for-profit facilities that have access to federal reimbursement. Programs at city facilities should be enhanced in order to compete.</p> <p>Responsible Agency: Department for the Aging</p>	DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.
21	207201821E	<p>Request: Other park maintenance and safety requests</p> <p>Explanation: Increase Parks Department budget by 5% for maintenance personnel in CD 7</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.

26	207201826E	<p>Request: Assign additional uniformed officers</p> <p>Explanation: Increase patrolman service at 72nd Precinct. We commonly hear from constituents that there are only two or three cars patrolling, particularly on weekends. A smaller police force, special assignments and borough-wide agencies have contributed to a steep decline of local officers in the past decade.</p> <p>Responsible Agency: Police Department</p>	<p>The NYPD has implemented the NCO program to address community concerns. Commands under the NCO program have had a sizable increase in staffing compared to prior years.</p>
27	207201827E	<p>Request: Provide, expand, or enhance adult literacy programs services</p> <p>Explanation: Increase funding for adult ESOL, adult literacy and adult education programs in CD 7.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>HRA has issued an RFP for improving how the agency helps its clients develop job skills, obtain employment and build sustainable careers that provide a path out of poverty. The improved employment plan included Education, Training and increase Program Participation. With this plan, we can do a better job helping clients develop skills and find work that pays enough to support their families and leave public assistance for good.</p>
28	207201828E	<p>Request: Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p>Explanation: Allocate and ensure funding for afterschool music and arts programs city-wide.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>This service area is incorporated into existing programs.</p>

01	208201801C	<p>Request: Provide more housing for special needs households, such as seniors, or the formerly homeless</p> <p>Explanation: Seniors, the disabled, and the homeless are often left out of housing conversations. As vulnerable populations, they need to be watched carefully and catered to just as much as families. Many seniors and disabled individuals live on fixed incomes of minimal amounts, and are thus unable to afford the current housing market. This leads them to homelessness and homeless shelters. Housing needs to be created specifically for these populations to prevent the vicious cycle of people entering homeless shelters.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
02	208201802C	<p>Request: Provide more housing for extremely low and low income households</p> <p>Explanation: Too many city dwellers are living well below the poverty line. As such, many families are forced to combine households in units that are way too small for the capacity they are designed for. Having additional low-income housing opportunities will help rectify this problem of apartment sharing and overcrowding.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
03	208201803C	<p>Request: Provide more housing for medium income households</p> <p>Explanation: Medium income households are usually forgotten about--especially for singles. The rent rates charged are usually unaffordable despite being within the federal standard. Additional units need to be created for this demographic that is often the forgotten demographic.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.

09	208201809C	<p>Request: Provide a new or expand an existing middle/intermediate school</p> <p>Explanation: There is a glaring need for parents for middle school aged children in Prospect Heights. The greatest municipal need is for a zoned middle school in District 13 to serve the western part of Community District 8. According to Census data, in 2012, there were 613 children of middle school age living in the census tracts of Prospect Heights, and the population of the neighborhood will continue to grow as the Atlantic Yards project aka Pacific Park are completed and other infill development in the eastern part of Prospect Heights becomes occupied.</p> <p>Responsible Agency: Department of Education</p> <p>Budget Line: 2364</p> <p>Project Id(s): A00351662</p> <p>Location Site Name: B15 building Address: 37 Sixth Avenue</p>	<p>Community District is located in a school district with identified seat need. 11	208201811C	<p>Request: Enhance park safety through design interventions, e.g. better lighting</p> <p>Explanation: Install lamp posts around Dean Street Playground. Currently, there is a lighting issue in Dean Street playground. The playground does not have an operating system and in the past relied upon stadium lights to illuminate the area. Light posts placed strategically around the park will illuminate the playground without creating a nuisance situation for the park's residential neighbors.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Dean Street Playground</p>	Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.
12	208201812C	<p>Request: Increase energy efficiency and environmental performance of NYCHA developments</p> <p>Explanation: The Brownsville power grid is insufficient to support its service base. Con Ed has identified that NYCHA develops place most of the strain on the grid. An audit of energy efficiency and environmental performance should be conducted to ensure that NYCHA developments are running efficiently and using as little energy as possible to function effectively. This will not only help the environment, but will also help the City save money and could possibly prevent brown/blackouts.</p> <p>Responsible Agency: Housing Authority</p>	Further study by the agency of this request is needed.
13	208201813C	<p>Request: Rehabilitate or renovate existing fire houses or EMS stations</p> <p>Explanation: Continue restoring Fire Houses in District 8. Many of the engine and ladder companies are turn of the century buildings that need upgrades such as new roofs, apparatus floor replacements, water proofing, pointing, electrical upgrades, as well as kitchens and bathrooms.</p> <p>Responsible Agency: Fire Department</p>	Repairs and upgrades to facilities must be scheduled carefully so overall (and local/neighborhood) emergency response operations are not negatively impacted. Additionally, these requests must be prioritized so more critical issues (e.g., health and safety or operational response issues) are addressed first. We repair all facilities as resources and priorities allow.

21	208201821C	<p>Request: Enhance park safety through design interventions, e.g. better lighting</p> <p>Explanation: Install lights around playground area in Brower Park. 22	208201822C	<p>Request: Provide new or expand green infrastructure, e.g. greenbelts, bio swales</p> <p>Explanation: If the recently installed bioswales prove to be effective, we advocate for timely installation of additional bioswales in our district.</p> <p>Responsible Agency: Department of Environmental Protection</p>	Bioswales are installed in the public right-of way and each location is selected based on a number of factors. In addition to meeting DOT pedestrian and vehicle clearance and safety requirements, the bioswale must be precisely located to collected stormwater runoff from the street. It also must be installed in an area where the underlying soil can absorb water. DEP is building the maximum number of bioswales to manage stormwater runoff and improve water quality in local waterways. Where we can install bioswales we will.

26	208201826C	<p>Request: Expand programs to support local businesses and entrepreneurs</p> <p>Explanation: A Local Development Corporation (LDC) is needed to oversee development in the manufacturing district. The LDC would work with local businesses to retain and build industry and commerce, create jobs and improve economic opportunities for local residents and neighborhood enterprises while overseeing a newly created affordable housing stock. As we formulate a strategy for the M1 zone, we need an agency to oversee it. We need recruitment services to recruit manufacturers and oversee attraction, development, and planning in the zone.</p> <p>Responsible Agency: Economic Development Corporation</p>	Further study by the agency of this request is needed.
27	208201827C	<p>Request: Other requests for park, building, or access improvements</p> <p>Explanation: As the number of people with dogs increases in the community, it is imperative that we have a park with a dog run that allows pet owners a safe and friendly environment to give their pets exercise. Specifically for Brower Park and Lincoln Terrace Park.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	Department of Parks and Recreation funds are insufficient for this project. 01	208201801E	<p>Request: Provide or enhance rental subsidies programs</p> <p>Explanation: As the affordable housing market continues to be stressed, more financial rental assistance services are needed to assist tenants with maintaining their housing independence.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
02	208201802E	<p>Request: Provide rental assistance/vouchers for permanent housing</p> <p>Explanation: The gap between affordability and unaffordable continues to rise. Programs need to be instituted for a wider range of people to help stem this tide. It is not only families facing a crisis of unaffordability; it is also single individuals with no children that hover in the ranges that are not covered by the "so-called" affordable units coming online. The income ranges leaves out a large population.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	The agency will accommodate this issue within existing resources.
03	208201803E	<p>Request: Provide programs for homeless veterans</p> <p>Explanation: After serving our country, no veteran should be in a position facing homelessness. Services and programs are needed to prevent veteran homelessness and joblessness. Our veterans deserve to be treated with a dignity and respect that they simply are not receiving at this time. Their valor and honor in serving our country should be rewarded, and they should not be looked down upon as scourge.</p> <p>Responsible Agency: Department of Homeless Services</p>	The Agency has established Master Leasing to support homeless veterans which includes programs and services to address client's individual needs.

04	208201804E	<p>Request: Expand homelessness prevention programs</p> <p>Explanation: As rent rates in District 8 continue to increase, more and more families and individuals are on the verge of homelessness. Programs should be expanded to help them avoid entering the shelter system and becoming statistics. Rental assistance programs are in dire need to help cover the gap between affordability and unaffordable.</p> <p>Responsible Agency: Department of Homeless Services</p>	Homelessness prevention is an Agency priority. Funds have been allocated in the budget for these services.
05	208201805E	<p>Request: Expand code enforcement</p> <p>Explanation: As more and more landlords succumb to the greed of being able to collect market rate rents, they let currently occupied apartments drift into the ranks of inhabitability to push out long term tenants while gut renovating recently vacated apartments. We need to ensure that enforcement agents use their full power to encourage landlords to make repairs for long term tenants rather than just focusing on improving the habitability for higher rent paying tenants.</p> <p>Responsible Agency: Department of Buildings</p>	In the Preliminary Budget, Citywide personnel/program/ equipment funds are increased in FY 2018. Allocations are scheduled by the agency only after adoption.
06	208201806E	<p>Request: Expand tenant protection programs</p> <p>Explanation: More and more landlords are resorting to illegal tactics to evict tenants from their homes or make them want to leave on their own so that they can raise rents. Tenant education services and legal services to inform tenants of their rights are in high demand.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	HPD will accommodate this issue with existing resources as it pertains to the Housing Maintenance Code. Other legal support services may be provided via other agencies.

07	208201807E	<p>Request: Other zoning and land use requests</p> <p>Explanation: Study the rezoning of the manufacturing district bounded by Grand and Franklin Avenues between Atlantic Avenue and Bergen Street (blocks 1125, 1126, 1133, 1134, 1141, and 1142), as well as the south side of Atlantic Avenue between Grand and Vanderbilt Avenues (block2 1122 and 1124) for mixed residential and manufacturing use according to Community Board 8s M-CROWN proposal as amended and submitted to the Department of City Planning.</p> <p>Responsible Agency: Department of City Planning</p> <p>Supported by: Councilwoman Laurie Cumbo</p>	The agency will accommodate this issue within existing resources.
08	208201808E	<p>Request: Other NYPD staff resources requests</p> <p>Explanation: Increase staffing levels of Detective Units, especially at the 77th and 78th Precincts and PSA2. This will help officers solve crimes faster and eliminate the backlog of cases.</p> <p>Responsible Agency: Police Department</p>	NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.
09	208201809E	<p>Request: Reduce rat populations</p> <p>Explanation: With the large number of development projects scattered throughout the District, and renovation projects ongoing in our historic districts, the number of rodent complaints has skyrocketed. A greater number of exterminators are needed to quickly address baiting concerns and identify rodent havens and burrows.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	DOHMH continues to increase the number of inspections performed annually. We also continue to respond to all 311 complaints and readily participate in walk-through events requested by the community in areas of concern. Feel free to contact us to request a walk-through. Additional services would be contingent upon available resources.

10	208201810E	<p>Request: Other community board facilities and staff requests</p> <p>Explanation: In FY 2016, the Boards' budgets were slightly increased to accommodate the collective bargaining agreement. However, the operating budget for Community Boards are still woefully inadequate, not keeping pace of inflation and any increased operating costs. The costs for acquiring much needed newer technology, computer software, upgraded hardware, as well as internet/web access capabilities is expensive. In addition, according to Chapter 70, Section 2800 (21f) of the City Charter, we are required to have experts such as planners to assist us in our Charter mandated duties. We do not currently have the funds available to hire such experts and/or consultants. It is consequently imperative that all the Community Boards' budgets be increased.</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p>	The community boards' budgets will be maintained in FY 2018.
11	208201811E	<p>Request: Create or promote programs to de-stigmatize mental health problems and encourage treatment</p> <p>Explanation: There is a growing need for outpatient mental health services among children and adults alike. The stigma of admission of having a mental illness such as depression, anxiety, or bipolar disorder to name a few is great, thus preventing those suffering from symptoms to seek help. People should not be forced to suffer in silence lest they be stigmatized by their family and peers. Educational and support services are essential to maintaining the well-being of our residents regardless of age. Services geared toward assistance coping with mental stresses from a myriad of sources should be instituted. These services should include treatment and counseling for grief and bereavement issues, societal stress, anxiety, depression, low self-esteem, anger problems, and others.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	DOHMH contracts with and oversees a wide variety of mental health and substance abuse services throughout NYC. Feel free to contact the Department with specific questions about services.

12	208201812E	<p>Request: Enhance home care services</p> <p>Explanation: Services should focus on the forgotten population that earns too much to be eligible for Medicaid, and consequently do not qualify for Medicaid paid services as well as those that earn too much to qualify for low income senior housing opportunities. The home-care emphasis will help reduce costly institutional care and the burdens placed upon kin and will also provide additional freedom to relatively self-sufficient individuals.</p> <p>Responsible Agency: Department for the Aging</p>	DFTA continues to advocate for seniors and senior related issues on all levels.
13	208201813E	<p>Request: Provide or expand community composting programs</p> <p>Explanation: Composting is a viable way to bring in additional revenue to the City and also to cut garbage disposal costs.</p> <p>Responsible Agency: Department of Sanitation</p>	This is not a budget request. The matter in question is an issue of service delivery and/or agency policy. Contact the Department of Sanitation to determine how best to resolve this issue.
14	208201814E	<p>Request: Other cleaning requests</p> <p>Explanation: Provide additional street cleaners to assist in keeping the streets clean and free of debris. This will ensure that private homeowners will not be forced to bear the brunt of dirty commercial strips as there will be no trash to swirl about.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.

15	208201815E	<p>Request: Provide, expand, or enhance fatherhood programs for non-custodial fathers, e.g. parenting skills training</p> <p>Explanation: Too many of our children are being raised in single parent households. Efforts must be made to give non-custodial parents skills to help rear their children into productive and studious adults. Non-custodial parents should not be allowed to feel that their role in child rearing is either negligible or unnecessary.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	Program siting decisions are based on the Request for Proposals process, area needs and available funding. Sign up at DYCD's website to learn when solicitations for services are released
16	208201816E	<p>Request: Provide, expand, or enhance funding for youth programs for 18 to 21 year olds who have aged out or been discharged from foster care services</p> <p>Explanation: Young adults who have aged out of foster care are an extremely vulnerable population. Funding is needed to allow them the opportunity to obtain adequate and safe housing and have money for basic necessities.</p> <p>Responsible Agency: Administration for Children's Services</p>	ACS does not anticipate a decrease in funding.
17	208201817E	<p>Request: Enhance park safety through more security staff (police or parks enforcement)</p> <p>Explanation: Park Enforcement Personnel (PEP officers) are needed to enforce the rules of the park such as no littering, no fire (BBQ), and no off leash dogs during specified hours and many others. Funding must be provided in order to rectify these problems and make our parks and playgrounds safe and enjoyable for all.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.

18	208201818E	<p>Request: Provide more programs in parks or recreational centers</p> <p>Explanation: Organized sports and exercise programs in our parks should be strongly considered. Organized sports activities will not only keep our youth grounded and occupied while fighting the obesity epidemic, but they will also contribute to a structured nurturing environment and a healthier lifestyle. In addition, organized activities should be structured for adults as well to encourage community building and a stronger neighborhood foundation.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
19	208201819E	<p>Request: Provide, expand, or enhance educational programs for adults</p> <p>Explanation: Fund HRA's plan for improving how the agency helps its clients develop job skills, obtain employment, and build sustainable careers that provide a path out of poverty. If the program is adequately funded, HRA would be able to do a better job of helping clients develop skills to find work that pays enough to support their families and leave public assistance for good.</p> <p>Responsible Agency: Human Resources Administration</p>	Workforce development is one of HRA's priorities. While the budget has not increased in this area, the Agency has developed a more customized workforce development model. In November 2016, HRA announced contract awards for its three new employment programs -- CareerCompass, YouthPathways, and CareerAdvance. The new workforce development approach includes services for youth and other groups with specialized needs, such as those experiencing homeless or those with Limited English Proficiency.
20	208201820E	<p>Request: Expand or improve nutritional programs, e.g., school meals</p> <p>Explanation: As obesity issues continue to plague our youth, we must ensure that they receive healthy school meals to help them understand the value of eating properly. This will transfer to their home lives where they will be able to teach other family members to make better eating choices.</p> <p>Responsible Agency: Department of Education</p>	This is not a budget request.

21	208201821E	<p>Request: Create or promote programs for education and awareness on nutrition, physical activity, etc.</p> <p>Explanation: District 8 is severely plagued by other health ailments including diabetes, heart disease, asthma, stroke, obesity, and many other conditions that require substantial medical care for those afflicted. The inability to afford healthy food options only compounds these problems. Residents should be trained in healthy living without exceeding their budget as obesity continues to plague the less wealthier residents of our community and also those that do not have the means or access to healthy food options. Programs stressing proper nutrition should be provided for families.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	DOHMH is committed to helping New Yorkers live healthier lives and plans to continue funding for obesity and physical activity programming contingent upon available resources.
22	208201822E	<p>Request: Expand tax incentive programs to help neighborhood businesses construct or improve space</p> <p>Explanation: Grant and tax incentive programs must be implemented to attract manufacturing businesses to our manufacturing (M1-1) district. Technological capacities of the M1 district need to be increased as well. These in turn can assist in closing the jobless gap for young men and women and recently retired (but still need employment) in the District. This will also assist recently released felons in obtaining gainful employment and stemming the criminal element in the District.</p> <p>Responsible Agency: Economic Development Corporation</p>	Additional detail on this request is required before EDC can make a recommendation.
23	208201823E	<p>Request: Provide, expand, or enhance adult protective services</p> <p>Explanation: We must keep in mind that our elderly population is at risk for abuse from family members and home health aides seeking to take advantage of their frail emotional and physical states. Our elderly population is the most vulnerable and often forgotten. They require considerable attention to maintain their safety and well-being, thus preventing them from being subjected to unnecessary hardship, pain, and mental aggravation in the form of fear.</p> <p>Responsible Agency: Human Resources Administration</p>	HRA continues to maintain funding for Adult Protective Services which assists individuals who are in need of services.

24	208201824E	<p>Request: Provide more frequent garbage or recycling pick-up</p> <p>Explanation: The housing developments that are located on the eastern end of the District create a messy eyesore daily with their improperly placed trash. Garbage is placed curbside daily--sometimes twice daily--thus creating an unsightly mess. Additional collection services are needed to prevent this practice from continuing. Specifically for Weeksville Houses and Kingsboro Houses.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Location Site Name: Kingsboro, Albany, & Weeksville</p>	Implementation of this request would be dependent upon DSNY receiving additional funding from NYCHA.
25	208201825E	<p>Request: Provide or expand NYC organics collection program</p> <p>Explanation: Separate organic collection is useful in diminishing the amount of trash sent to landfills daily. Bio-digesters should be installed in manufacturing districts around the city to make this possible. It is time to start thinking more environmentally.</p> <p>Responsible Agency: Department of Sanitation</p>	This program is currently funded and the Department of Sanitation recommends its continued support.
26	208201826E	<p>Request: Assign additional staff to address specific crimes (e.g. drug, gang-related, vice, etc.)</p> <p>Explanation: Drug and gang related violence has always been an issue for the eastern end of District 8. We need additional officers to specifically handle these types of complaints and issues before the inevitable violence follows. We believe preventative measures should be implemented so that crime does not occur. For the area bounded by Atlantic Avenue to Eastern Parkway from Albany to Ralph Avenues</p> <p>Responsible Agency: Police Department</p>	NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.

27	208201827E	<p>Request: Assign additional housing police officers</p> <p>Explanation: The housing developments of Community Board 8 may not be as many in number or as large as other developments across the borough or citywide. However, additional patrol is needed, especially along Sterling Houses on the eastern end of the district. This small scale development has higher rates of crime due to lack of patrol because they seem to be ordinary apartment buildings.</p> <p>Responsible Agency: Police Department</p> <p>Location Site Street: Sterling Place Cross Street 1: Ralph Avenue Cross Street 2: Utica Avenue</p>	<p>NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.</p>
28	208201828E	<p>Request: Provide resources to train officers, e.g. in community policing</p> <p>Explanation: NYPD officers should be provided with sensitivity training to deal with the rapidly evolving community. The training should encompass measures of bridging the gaps between old residents and new residents to prevent conflicts.</p> <p>Responsible Agency: Police Department</p>	<p>This NYPD request is funded.</p>
29	208201829E	<p>Request: Increase resources for other crime prevention programs</p> <p>Explanation: The Crime Prevention unit does its best to help educate the community on ways to reduce their propensity for falling victim to crimes of opportunity. However, additional resources are needed to help spread the reach of their educational tools.</p> <p>Responsible Agency: Police Department</p>	<p>Additional NYPD resources for this project are unavailable at this time due to funding constraints. 30	208201830E	<p>Request: Increase resources for youth crime prevention programs</p> <p>Explanation: The densely populated and yet to be gentrified eastern end of the District is rife with youth crime. It is imperative that funding be allotted for youth crime prevention programs to prevent the onslaught of a lost generation of youth offenders.</p> <p>Responsible Agency: Police Department</p>	Additional NYPD resources for this project are unavailable at this time due to funding constraints. However, the program will continue to operate within current funding levels.
31	208201831E	<p>Request: Increase resources for domestic violence prevention programs</p> <p>Explanation: Funding should be provided for preventative services to educate women and men of all ages on the telltale signs of all forms of abuse physical, emotional, sexual, and psychological and how to exit a situation that could be potentially life threatening, not only for her- or him-self, but for any children in the home as well. This will provide pre-emptive services and prevent further destruction of familial ties and bonds.</p> <p>Responsible Agency: Police Department</p>	This NYPD request is funded.
32	208201832E	<p>Request: Increase resources for vandalism prevention programs, such as anti-graffiti initiatives</p> <p>Explanation: Graffiti is blight on the community. Not only do we need to clean existing graffiti, we need to educate the community on why tagging and graffiti is so bad for the community.</p> <p>Responsible Agency: Economic Development Corporation</p>	This request is not recommended for funding.
33	208201833E	<p>Request: Assign additional uniformed officers</p> <p>Explanation: A greater number of officers policing the community will help reduce crime and the potential for criminal activity.</p> <p>Responsible Agency: Police Department</p>	NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. 36	208201836E	<p>Request: Other educational programs requests</p> <p>Explanation: Our teachers also need additional staff development days to better assist them not only with traditional lesson planning and classroom management, but also in the use of modern technology for both.</p> <p>Responsible Agency: Department of Education</p>	This request has already been funded.
37	208201837E	<p>Request: Provide more funds for teaching resources such as classroom material</p> <p>Explanation: While we understand that the Children First Initiative ensures that the DOE provides textbooks and curriculum materials to support the Children First core curriculum in schools, DOE funding should also include the most up-to-date instructional aids and manipulative materials to better assist teachers in their daily lessons and lesson planning.</p> <p>Responsible Agency: Department of Education</p>	This request has already been funded.

38	208201838E	<p>Request: Provide, expand, or enhance residential services</p> <p>Explanation: These shelters provide a safe and welcoming temporary shelter, providing immediate short term (up to 30 days) accommodations to homeless youth (16 to 20 years in age) while they receive assistance in obtaining a long term housing agreement.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	DYCD has increased funding in this service area.
39	208201839E	<p>Request: Provide, expand, or enhance job training</p> <p>Explanation: Job training opportunities need to be expanded beyond those living in NYCHA housing. These programs are needed to help the impoverished gain self-sufficiency and move away from a life on welfare and public services.</p> <p>Responsible Agency: Human Resources Administration</p>	HRA has issued an RFP for improving how the agency helps its clients develop job skills, obtain employment and build sustainable careers that provide a path out of poverty. The improved employment plan included Education, Training and increase Program Participation. With this plan, we can do a better job helping clients develop skills and find work that pays enough to support their families and leave public assistance for good.
40	208201840E	<p>Request: Provide, expand, or enhance preventive services</p> <p>Explanation: Early intervention is the key to saving the future of our youth. It is well documented that inner-city children have a higher risk for crime, dropping out of school and other educational deficits, gang involvement, drug use, and incarceration. We urge funding for activities that target at-risk youth. Funding for youth development and delinquency and prevention programs is necessary to serve our youth and quell the growing trend toward life-ruining activities.</p> <p>Responsible Agency: Administration for Children's Services</p>	ACS currently offers services for youth and families. 41	208201841E	<p>Request: Provide, expand, or enhance the out-of-school youth program for job training and employment services</p> <p>Explanation: These programs provide a structured environment where these young men and women resume their education, acquire high school equivalency diplomas, and obtain skills needed to go on to college and obtain employment.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	DYCD has a number of youth workforce development programs to encourage both youth who are attending school, or disconnected to obtain vocational skills and employment. Additionally, the agency has worked with the Mayor in funding to the Summer Youth Employment program through City-tax levy funding and private donations to make up for the significant loss in federal funding. Expansion of the program depends on the availability of state and federal funding.
42	208201842E	<p>Request: Provide, expand, or enhance adolescent literacy programs and services</p> <p>Explanation: Students in poorly performing schools have a higher chance of falling behind their peers in higher rated schools. Every effort must be made to bring these youth up to speed so that they can have a successful education career and be vital in the work environment. They must have the proper skills and tools for entrance into the work force and not be relegated to menial tasks that require little to no skill and pay minimum wage, thus keeping them locked in poverty.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	This service area is incorporated into existing programs.
43	208201843E	<p>Request: Provide, expand, or enhance skills training and employment services for high school students at risk of dropping out</p> <p>Explanation: Most jobs nowadays require at least a high school diploma or GED. The high drop out rate of students at risk of dropping out of school in already impoverished communities only increases the risk of continuing the vicious cycle of poverty and joblessness.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	This service area is incorporated into existing programs.

44	208201844E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: The Summer Youth Employment Program (SYEP) has proven to be invaluable to our youth in terms of the job experience, training, and responsibility given to its participants. Jobs, along with participation in the arts, music, dance, theater, and sports help foster higher self-esteem, positive self-motivation, and elevated levels of self-confidence. It is our firm belief that our youth will excel as a result of their experience with the SYEP. Therefore, we recommend that baseline funding should be adjusted annually to allow for inflation and the number and type of jobs available through SYEP be increased.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	DYCD has increased funding in this service area.
45	208201845E	<p>Request: Provide, expand, or enhance street outreach services</p> <p>Explanation: A large portion of homeless youth belong to the lesbian, gay, bisexual, transgendered, and queer (LGBTQ) population. They are often ostracized by their families. Efforts should be made to reach out to these youth to remove them from abusive situations and prevent them from becoming part of the homeless population.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	DYCD has increased funding in this service area.
46	208201846E	<p>Request: Provide additional juvenile justice programs</p> <p>Explanation: For youth that unfortunately find themselves entangled in the criminal justice system, the Close to Home program was started in 2012 as an alternative to sending New York City youth offenders to upstate facilities which separates them from family and familiar surroundings. Rather, Close to Home keeps youth offenders in NYC-based facilities and provides various services to the youth and their caregivers. We ask for quarterly reviews of current operations and results as well as public hearings to ensure the program realizes its mission and objectives as it is better that the youth learn how to adapt and function effectively in their community and with their community.</p> <p>Responsible Agency: Administration for Children's Services</p>	Each year, the Division of Youth and Family Justice issues an annual report that details the data, trends, and outcomes of the Close to Home program for the previous calendar year. The latest report will be made available on ACS' website. In addition, the NYC Council regularly holds public oversight hearings on ACS' juvenile justice programs and services. We encourage our community stakeholders to attend and participate in the hearings.

47	208201847E	<p>Request: Provide, expand, or enhance the young adult internship program</p> <p>Explanation: Each year, there is no shortage of youth participating in the SYEP program; however, there is a shortage of quality jobs. More outreach needs to be done to obtain quality internship positions, especially in technical and business realms so that young adults can obtain invaluable experience.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>Presently, service providers develop SYEP worksite placements in this area. Organizations wishing to be a worksite are encouraged to apply.</p>
48	208201848E	<p>Request: Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p>Explanation: Primary school is an important time in our children's lives. It is in primary school that the foundation for education is laid. After school programs are effective tools in enhancing and enriching education as well as providing social skill building opportunities.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>Presently, there are a variety of agency-funded programs in the district for this target population. 49	208201849E	<p>Request: Provide, expand, or enhance after school programs for middle school students (grades 6-8)</p> <p>Explanation: Middle school years are important times in our children's lives. It is during middle school that most children begin to veer down the wrong path and begin dabbling in drugs and mild criminal activity that lead to much worse things. Adequate after school programs will aid in keeping kids out of trouble and on keeping them on the right path.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>Presently, there are a variety of agency-funded programs in the district for this target population. 50	208201850E	<p>Request: Provide, expand, or enhance adult literacy programs services</p> <p>Explanation: The result of poor performing schools, poverty, and the effects of dropping out of school is never more present than in the high adult illiteracy rate. Functionally illiterate adults cannot be expected to succeed in life. Efforts must be made to give them the necessary skills to elevate themselves.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	Program siting decisions are based on the Request for Proposals process, area needs and available funding. 51	208201851E	<p>Request: Other educational programs requests</p> <p>Explanation: Provide funding for a feasibility and site identification study for a culturally relevant standalone academic enrichment center that can be partnered with middle schools. Less programming space is available for a number of reasons, including the co-location of district and charter schools within public school buildings.</p> <p>Responsible Agency: Department of Education</p>	Further study by the agency of this request is needed.
52	208201852E	<p>Request: Expand financial incentives for job creation and retention</p> <p>Explanation: We need to ensure that new businesses have the means to create and retain jobs that can be made available to our residents. This will help ensure that our unemployment rate decreases over time.</p> <p>Responsible Agency: Department of Small Business Services</p>	The agency will accommodate this issue within existing resources.
53	208201853E	<p>Request: Provide or expand district marketing, branding, and promotion</p> <p>Explanation: District 8 has a plethora of opportunities for tourists to explore unique cuisine and a bustling nightlife scene in addition to many valuable cultural institutions.</p> <p>Responsible Agency: Department of Small Business Services</p>	Sponsor group should apply to SBS through the funding process. 54	208201854E	<p>Request: Provide or expand retail attraction and retention assistance</p> <p>Explanation: There is a high turnover ratio of businesses in District 8 and very little longevity for newly opening businesses. Assistance needs to be provided to help business owners attract business so they can become community staples rather than relics.</p> <p>Responsible Agency: Department of Small Business Services</p>	Sponsor group should apply to SBS through the funding process. Please visit nyc.gov/SBS for more information.
55	208201855E	<p>Request: Other commercial district revitalization requests</p> <p>Explanation: Provide industry focused events similar to "Restaurant Week" for various other types of businesses. Assistance needs to be provided to help increase the visibility for businesses other than in the food industry across the city as these businesses suffer from a lack of exposure.</p> <p>Responsible Agency: Department of Small Business Services</p>	Sponsor group should apply to SBS through the funding process. Please visit nyc.gov/SBS for more information.
56	208201856E	<p>Request: Support merchant organizing</p> <p>Explanation: Commercial strips struggling to keep up with their more developed counterparts need assistance in marketing themselves as a palatable and cheaper alternative. Specifically for Kingston Avenue, Utica Avenue, and Nostrand Avenue.</p> <p>Responsible Agency: Department of Small Business Services</p>	Sponsor group should apply to SBS through the funding process. 57	208201857E	<p>Request: Provide or expand occupational skills training programs</p> <p>Explanation: As the community evolves, some of our residents are being left behind. 58	208201858E	<p>Request: Enhance programs for elder abuse victims</p> <p>Explanation: Too often, our elders are too ashamed or afraid to speak up for themselves. Additional services must be provided to ensure that they do not fall prey to scam artists and abusive individuals that will take advantage of their frailty.</p> <p>Responsible Agency: Department for the Aging</p>	The agency will try to accommodate this issue within existing resources.
59	208201859E	<p>Request: Other domestic violence services requests</p> <p>Explanation: We support expanded funding for existing Domestic Violence Victim and Intervention Programs. It is extremely important that we protect our families welfare and well-being from destructive forces within the community, regardless of whether it comes from the home or local environment. Preventive, protective, and counseling services for families must be provided in order to maintain the health and security of our youth, elderly, and overall family structure. Funding should be provided for preventative services to educate individuals of all ages on the telltale signs of all forms of abuse physical, emotional, sexual, and psychological and how to exit a situation that could be potentially life threatening, not only for themselves, but for any children in the home as well.</p> <p>Responsible Agency: Human Resources Administration</p>	HRA continues to welcome proposals for domestic violence services as they are developed by service providers. However, acceptance of proposals is contingent upon available funding and other programmatic considerations. Please note that for safety reasons individuals will not be referred to a domestic violence shelter located in their district.
60	208201860E	<p>Request: Enhance educational and recreational programs</p> <p>Explanation: As informational resources proceed further into the digital era, and fewer services are provided without the use of online tools, it is imperative that our older population acquire the technical skills needed to navigate the world wide web to gain access to services. Too often, seniors do not possess the technical savvy to research their problem online or access the help available from online resources. Computer literacy programs and purchase assistance programs will help remedy this.</p> <p>Responsible Agency: Department for the Aging</p>	DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.

61	208201861E	<p>Request: Provide more HIV/AIDS information and services</p> <p>Explanation: Central Brooklyn is still considered the epicenter for HIV/AIDS infections. As such, adequate education should be provided regarding the use of prophylactics and engaging in safe sexual practices.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>Preventing the spread of HIV/AIDS and other STDs is a top priority for DOHMH. We were pleased to announce last year that the number of new adult AIDS cases is declining. Through a variety of condom distribution and community-based programs, we work to give communities the tools they need to stay safe. While additional services would be contingent upon available funds, please feel free to contact us to discuss available services in your community.</p>
62	208201862E	<p>Request: Increase home delivered meals capacity</p> <p>Explanation: The Home Delivered Meals program has proven to be a success. 63	208201863E	<p>Request: Increase transportation services capacity</p> <p>Explanation: The elderly have a difficult enough time traveling. Unreliable public transportation options are at times their only choice. An increase in senior transportation, whether via para transit or some other form of transport, should be provided--especially for those that live alone and have minimal contact with the outside world.</p> <p>Responsible Agency: Department for the Aging</p>	<p>DFTA will continue to advocate for increased funding support for aging services.</p>

64	208201864E	<p>Request: Provide funding for Kinship and Caretaker care programs</p> <p>Explanation: Additional services are needed for the homebound elderly to limit the burdens placed on kindhearted friends, significant others, spouses, and other relatives who assume complete responsibility for the care of their loved ones. Support services must be provided to these individuals who do an invaluable service to the community. These additional services will reduce the stress of having to care for semi-incapacitated individuals and can also reduce the risk of abuse by overworked and anxious relatives and friends encumbered with the financial and mental cost of care. We urge the Department to provide funding for the Kinship and Caretaker care programs.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>All clients are regularly assessed for home care/home making needs. If the agency determines that the person is eligible and the need for such services exists, the services will be provided. HRA is committed to ensuring that all client needs regarding ambulation and activities of daily living, self-reliance and independence will be addressed.</p>
65	208201865E	<p>Request: Expand options for kinship foster care services</p> <p>Explanation: To prevent children from entering the foster care system and living with strangers, it is imperative that we garner a greater appreciation for kinship care programs so that the child(ren) will have some semblance of family structure.</p> <p>Responsible Agency: Administration for Children's Services</p>	<p>ACS does not anticipate a decrease in kinship care resources.</p>

67	208201867E	<p>Request: Provide more frequent litter basket collection</p> <p>Explanation: Corner baskets are prone to become victims of improper use as people dump household trash in them regularly. This causes the baskets to overflow and create unsightly messes in the community. More trash collection for corner baskets would help reduce this problem. 6 day a week service is requested. Currently, baskets are collected 4 times per week.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.
68	208201868E	<p>Request: Increase vacant lot cleaning</p> <p>Explanation: Lots that are not used as community gardens are havens for illegal dumping. Better efforts should be made to monitor vacant lots and ensure their cleanliness to avoid vermin and blight.</p> <p>Responsible Agency: Department of Sanitation</p>	Resources are available to clean vacant lots. The turn-around time for cleaning vacant lots depends on whether the lot is owned by NYC or a private owner and whether or not the lot is accessible. If the vacant lot is privately owned and not accessible to DOS equipment, a court order is required to gain entry into the lot. The legal process for obtaining these court orders delays the process further. If you have specific locations that need to be processed, contact DOS.
69	208201869E	<p>Request: Increase enforcement of illegal dumping laws</p> <p>Explanation: Illegal dumping creates blight and makes it appear as though the community does not care about itself. It must be stopped and penalties strengthened for the act.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.

70	208201870E	<p>Request: Increase enforcement of canine waste laws</p> <p>Explanation: Canine waste has the potential to create health hazards for humans and other dogs. Dog owners must be held responsible for properly caring for their pets. The District office has received numerous complaints of dog feces strewn about the community. It is imperative that Pooper Scooper laws be enforced and that signs alerting dog owners that it is their responsibility to clean up after their dogs are installed. As a result, we are asking that funding to re-instate the signage unit be provided. Furthermore, additional Sanitation Police Officers are also needed to issue summonses to dog owners who do not clean up after their dogs.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.
71	208201871E	<p>Request: Improve trash removal and cleanliness</p> <p>Explanation: Too often, we get complaints about trash in neighborhood parks and playgrounds. We urge the Parks Department to increase efforts to keep our parks and playgrounds litter free. Of course, this request does not absolve those that utilize our parks and playgrounds from doing their part to keep the parks clean as well.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
72	208201872E	<p>Request: Extend library hours or expand and enhance library programs</p> <p>Explanation: Financial/economic literacy programs for teens are direly needed. Learning to save and invest is essential for economically disadvantaged residents. This information needs to be learned during adolescence so that as adults, residents will be financially stable. The Brooklyn Public Library should engage residents with financial literacy programs and make such programs accessible to all.</p> <p>Responsible Agency: Brooklyn Public Library</p>	BPL supports restored and/or increased library funding to allow for additional hours and days of service, the purchase of books and other library materials and improved maintenance of its facilities.

73	208201873E	<p>Request: Provide a new bus service or Select Bus Service</p> <p>Explanation: Re-instate the B 71 bus line. This line serviced an array of cultural institutions along Eastern Parkway and was an integral part of accessing the cultural icons of the Brooklyn Museum of Art, Brooklyn Botanic Gardens, Grand Army Plaza Library, and Prospect Park.</p> <p>Responsible Agency: Transit Authority</p>	For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.
74	208201874E	<p>Request: Expand bus service frequency or hours of operation</p> <p>Explanation: Weekend service along the B45 and B 65 has been a source of complaint for users of the bus lines for many years. We encourage additional service, especially on the weekends when there is a lot of subway work being done.</p> <p>Responsible Agency: Transit Authority</p>	For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.
75	208201875E	<p>Request: Other child care requests</p> <p>Explanation: Expand funding for Safe Sleep Program to increase awareness among parents and other caregivers about the potentially fatal risks of sharing a bed with an infant, and how to prevent injuries and deaths associated with other unsafe sleep practices, such as excessive bedding, bumpers and toys in cribs.</p> <p>Responsible Agency: Administration for Children's Services</p>	The agency will accommodate this issue within existing resources.
76	208201876E	<p>Request: Provide or expand assistance to obtain licenses and permits</p> <p>Explanation: Certain individuals with the desire to establish a business lack the essential knowledge of what they need to do in order to open their business. They do not know which permits are needed and/or where to get them from. They need this type of assistance to help them establish a successful business.</p> <p>Responsible Agency: Department of Small Business Services</p>	This project was funded in a prior fiscal year and the scope is now underway.

77	208201877E	<p>Request: Support immigrant, minority, veteran and women-owned, as well as local and new small businesses</p> <p>Explanation: Support is needed at different levels of development. Mid range and transitional businesses (inter-generational businesses) need just as much assistance as start-up businesses.</p> <p>Responsible Agency: Department of Small Business Services</p>	SBS is available to provide technical assistance. Please visit nyc.gov/SBS for more information.
78	208201878E	<p>Request: Improve public housing maintenance and cleanliness</p> <p>Explanation: NYCHA properties are often the greatest source of garbage complaints from our residents. Either the garbage needs to be stored in a fit facility or picked up daily at a set time. The unsightly mess it creates causes an increase in dirt and litter on the street and decreases the scorecard. For Albany Houses, Weeksville Houses, and Kingsboro Houses.</p> <p>Responsible Agency: Housing Authority</p>	The agency will try to accommodate this issue within existing resources.
79	208201879E	<p>Request: Expand opportunities for electronic waste collection and disposal</p> <p>Explanation: The Department should have a weekly or even monthly regular pick up day for electronics just as it has for glass, aluminum, plastic, and paper. This would increase the likelihood of people actually recycling their electronic waste rather than placing it in a black garbage bag for disposal.</p> <p>Responsible Agency: Department of Sanitation</p>	This program is currently funded and the Department of Sanitation recommends its continued support.

80	208201880E	<p>Request: Provide more frequent garbage or recycling pick-up for schools and institutions</p> <p>Explanation: Most schools have no separate space to house their garbage and recycling. As such, it is put curbside daily, creating an unsightly mess. Daily pickup of garbage and recycling will reduce this problem.</p> <p>Responsible Agency: Department of Sanitation</p>	This is not a budget request. The matter in question is an issue of service delivery and/or agency policy. Contact the Department of Sanitation to determine how best to resolve this issue.
81	208201881E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: We are pleased with the number of new trees that have been planted in the district over the last few years. However, many of the recently planted trees are either dead or dying. Better street tree maintenance is needed to prevent these issues from plaguing a valuable resource. Additionally, older trees need better care such as pruning and larger tree pits to remain healthy and vibrant.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
82	208201882E	<p>Request: Provide emergency housing for households displaced by fires or City-issued vacate orders</p> <p>Explanation: People displaced by fires and City-issued vacate orders are a unique population. No one ever expects to be in a position to suddenly find themselves homeless and in need of housing. The shelter should not be their only option; programs that assist with providing emergency housing for stable individuals are needed to prevent taxing the system even further.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	The agency will try to accommodate this issue within existing resources.

83	208201883E	<p>Request: Other services for immigrants and immigrant families requests</p> <p>Explanation: Efforts must be made to bridge the cultural gaps between families of immigrants and their Americanized children. Family ties will be strengthened if and when children of immigrant parents are able to learn more about their home culture while also learning how to deal with their new American culture.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	This service area is incorporated into existing programs.
84	208201884E	<p>Request: Other programs to address public health issues requests</p> <p>Explanation: Out-patient health clinics that cater to womens health are scarce in the community. Lack of sufficient gynecological, prenatal and post-natal care, cancer screening, and attention to other womens health issues forces women to wait longer than necessary for care. In many cases, this prolongs treatment and contributes to unwarranted suffering and unnecessarily early death. Ample health provisions and treatment centers for women in each neighborhood is crucial. As the number of dementia and Alzheimers disease cases grow in the community, additional funds to maintain services are required. Asthma rates have increased due to harsh conditions within the community (i.e. massive construction projects, demolition, and renovation efforts). Longer clinic hours need to be initiated.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	This is a very broad request. Please contact DOHMH to discuss further.

85	208201885E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: The recently planted trees and grass along historic Eastern Parkway between Washington Avenue and Grand Army Plaza are severely neglected and in dire need of TLC. 86	208201886E	<p>Request: Address traffic congestion</p> <p>Explanation: At many intersections within our District, traffic congestion abounds. 87	208201887E	<p>Request: Increase enforcement of alternate street parking cleaning rules</p> <p>Explanation: ASP rules are designed to help the city keep its streets clean. In conjunction with property owners doing their part and sweeping in front of their property and 18 inches into the street, it is an effective tool. However, there are areas where vehicle owners feel compelled to disobey ASP parking regulations. Additional enforcement is needed to ensure that they adhere to the regulations.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Location Site Street: St. Marks Avenue Cross Street 1: Schenectady Avenue Cross Street 2: Rochester Avenue</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.

07	209201807C	<p>Request: Provide new or upgrade existing sanitation garages or other sanitation infrastructure</p> <p>Explanation: There are major problems with Community District 9's existing sanitation garage. Not only is it in an unsuitable location at 356 Winthrop Street (close proximity to Kings County Hospital, SUNY Downstate Medical Center; SUNY Dialysis Center; SUNY Biotech Facility) but it is also too small. The results being the parking of garbage filled sanitation trucks on the district's streets in close proximity to residences, as well as imposing unsafe conditions for pedestrians. This district has endured these problems for many years. We would like to see the allocation of funding to renovate and expand this facility to provide a much needed state of art facility to address the district's needs and eliminate the existing conditions which impact negatively on the community.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Hon. Currently, because of the lack of parking facilities, vehicles are parked on city streets, illegally parked on sidewalks outside the precinct making it unsafe for pedestrians. The agency must acquire the necessary space to remedy this situation</p> <p>Responsible Agency: Police Department</p> <p>Supported by: Hon. Laurie Cumbo Hon. Mathieu Eugene, Hon. 15	209201815C	<p>Request: Renovate or upgrade a high school</p> <p>Explanation: Medgar Evers Prep School is in dire need of a gymnasium as well as an auditorium. This is a high school, and Physical Education is required for graduation. The students are being denied the opportunity to participate in a proper physical education class. To fulfill these requirements, children often do "jumping jacks" in the hallways; that is not acceptable.</p> <p>Responsible Agency: Department of Education</p> <p>Supported by: Hon. Laurie Cumbo Hon. Mathieu Eugene</p> <p>Location Site Name: Medgar Evers Preparatory School Address: 1186 Carroll Street</p>	Unable to prioritize funding for this project request at this time.

In addition, there is also a critical need for senior citizen housing. There is presently city owned property on the grounds of Kingsboro Psychiatric Center that can be used for the provision of new homes for this segment of our population. The site is currently unused and begging for development. Community Board 9 would much prefer that this property be used to address the desperate need for housing that is truly affordable to our constituents.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p> <p>Supported by: Council Members Darlene Mealy and Mathieu Eugene Council Member Laurie Cumbo</p> <p>Location Site Name: Kingsboro Psychiatric Center Address: 681 Clarkson Avenue</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.

24	209201824E	<p>Request: Provide, expand, or enhance job search and placement support</p> <p>Explanation: An expansion in the provision of job training programs is necessary to meet the need of our constituency who are in need of skills training leading to job opportunities. Job training programs should be in the areas where there is a demand for workers, for example, in the environmental field, construction industry, technology, culinary, etc. Job search and placement support should be enhanced to recruit well trained persons in jobs that really exist.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>Workforce development is one of HRA's priorities. While the budget has not increased in this area, the Agency has developed a more customized workforce development model. In November 2016, HRA announced contract awards for its three new employment programs -- CareerCompass, YouthPathways, and CareerAdvance. 25	209201825E	<p>Request: Provide, expand, or enhance anti-eviction legal services</p> <p>Explanation: Too many tenants are being victimized by predatory landlords who are offering preferential leases, withholding repairs and essential services, harassing low-rent tenants into taking cheap buy outs so they can rent to higher rent paying. 29	209201829E	<p>Request: Other runaway and homeless youth requests</p> <p>Explanation: Hundreds of 16 and 17 year olds in our community face homelessness each year with no available respite shelter. Adult homeless shelters cannot admit 16 and 17 year olds without a parent or guardian. Homelessness forces young people into exploitive and dangerous situations each and every day. Adolescent shelter spaces in Manhattan turned away 5000 young people in 2014. There are absolutely NO adolescent shelter spaces in Brooklyn. The need is critical for shelter and services for homeless youth.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	DYCD has increased funding in this service area.

01	212201801C	<p>Request: Renovate or upgrade existing precinct houses</p> <p>Explanation: 66th Precinct - The need for a new facility to house the 66th Precinct is crucial and imperative. This is our oldest budget request. Generations of Police Officers have had to "live " in a decrepit, antiquated "House" with absolutely no amenities and with conditions that would be considered substandard and inferior for the criminals and derelicts, but are accepted and condones at this Station House as suitable for our Police Officers. Although some reconstruction has occurred at the Precinct, these modest renovations are only band-aid in nature and do not suffice, much more is needed. The new Precinct can be built on the footprints of the present site. Money saved by not having to acquire land will pay for a new state of the art building.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: Community Board 12</p> <p>Location Site Name: 66th Police Precinct</p>	<p>The Department can not fund this request at this time and recommends that the Community Board contact elected officials for the funding.</p>

09	212201809C	<p>Request: Build new, expand or repair storm sewers</p> <p>Explanation: SEWERS - In as much as the installations of the sewers in Community Board 12 District were done over 80 years ago, many sewer lines in our Board need rehabilitation and/or replacement. In some instances, defective sewers have caused sagging roadbeds. Several of our existing sewers are in poor condition and in imminent danger of collapse.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Community Board 12</p>	<p>The need for capital projects is determined either through internal DEP studies or in compliance with state or federal mandates. 11	212201811C	<p>Request: Repair or provide new street lights</p> <p>Explanation: New Utrecht Avenue is a commercial strip located under an extremely low elevated structure. 12	212201812C	<p>Request: Other FDNY facilities and equipment requests</p> <p>Explanation: HYDRANTS - State of the Art fire hydrants should be installed through the Community Board 12 District. Present hydrants are over 80 years old and many are in disrepair, leaking, knocked down or inoperable. These damaged, old hydrants present a threat to the safety and well-being of our community. Hydrants should be inspected on a regular basis. Summer use of hydrants is abused. Spray caps are rarely utilized. Most of the time, the hydrants are opened to full capacity, with extensive water waste that creates hazardous conditions for drivers and pedestrians. Open hydrants are not toys and the public abuse of it should be curtailed or eliminated entirely.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Community Board 12</p>	Further study by the agency of this request is needed.

We are requesting a traffic study to determine the feasibility of certain ideas. 04	212201804E	<p>Request: Conduct traffic or parking studies</p> <p>Explanation: THIRTEENTH AVE -Thirteenth Avenue is the commercial shopping Mecca in Community Board 12. 05	212201805E	<p>Request: Provide more frequent garbage or recycling pick-up for schools and institutions</p> <p>Explanation: Provide daily garbage and recycling pick-up for Private Schools. CB 12 has about 80 private schools serving approximately 100,000 or more children. The District has 16 public schools which serves approximately a third of the total enrollment of the private schools. The student enrollment in some of the public schools has been dwindling rather than increasing. Most of these private schools have year round lunch programs with perishable foods. However, the private schools only receive two pickups per week while the public schools are picked up daily. The student enrollment in private schools far outnumber the enrollment in public schools in this district and because of the amount of garbage generated from these schools each day, daily pickups must be implemented.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Community Board 12</p>	<p>This is not a budget request. 10	212201810E	<p>Request: Increase enforcement of illegal dumping laws</p> <p>Explanation: There has been a major increase of illegal dumping on avenues and street corners all across the district. Sanitation Police Officers should be assigned to our district to catch violators and enforce Sanitation laws. Specific locations are 13th Avenue, 16th Avenue and Avenue J.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Community Board 12</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.
11	212201811E	<p>Request: Increase cleaning of dump-out/drop-off locations</p> <p>Explanation: Increase vacant lot cleaning and known dumping locations. Specifically, South-side of 61st Street has become a dumping ground for all bulk and trash debris due to the fact that there are no houses on that side of the street from 8th Avenue to 14th Avenue. Due to constant dumping the area is full of rats etc. and has become a health hazard.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Community Board 12</p> <p>Location Site Street: 61st Street Cross Street 1: 8th Avenue Cross Street 2: 14th Avenue</p>	The agency will try to accommodate this issue within existing resources.

Specifically on 60th Street and 13th Avenue showing northbound traffic must turn either left or right as traffic flowing on 13th avenue southbound up to 60th street is ONE-WAY. We have at least 5 cars a day going the wrong way southbound from 60th street to 59th Street. Also, signage is needed that cars travelling east and west on 60th Street cannot make turns onto 13th avenue going northbound.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Community Board 12</p> <p>Location Address: 13th Ave 60th Street</p>	Further study by the agency of this request is needed.
13	212201813E	<p>Request: Other cleaning requests</p> <p>Explanation: Two extra broom routes for the months of August through December are needed to alleviate heavy litter. Heavy traffic in the area creates an overabundance of litter and causes delays in completing some routes. These brooms would benefit the district by keeping it cleaner and easier to keep up with finishing routes and eliminate missed sweep 311 calls during heavy leaf season and throughout the year of the day shift.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Community Board 12</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.

27	212201827E	<p>Request: Other business regulatory assistance requests</p> <p>Explanation: Successful economic development depends on the dollar structure remaining in the community. Small businesses owners should be incentivized to employ local people to insure that jobs and funds remain in the Community. Local banks must make mortgage loans, home improvement loans, business loans, etc. easily available to the local community, thereby insuring that investment dollars remain in the Community. Additionally, these local banks of which we have a lot should be encouraged to hire from the community through incentives (this goes for many other businesses, corporations and institutions).</p> <p>Responsible Agency: Department of Small Business Services</p> <p>Supported by: Community Board 12</p>	<p>More information is needed from the community board before making a funding decision. 29	212201829E	<p>Request: Provide better park maintenance</p> <p>Explanation: OCEAN PARKWAY MALLS - Ocean Parkway is a main thoroughfare and is highly trafficked. In addition, Ocean Parkway is a Special District. The beauty of Ocean Parkway must not be allowed to deteriorate. Some of our elected officials have designated monies for the upgrade and beautification of the Malls. Maintenance must be ongoing to make sure the upgrades and beautification remains intact. In order to maintain this arena in a sanitary and groomed condition, a crew should be assigned to maintain the malls of this thoroughfare. An additional crew cab truck is requested to transport the men the length and breathe of this roadway. The Malls and trees must receive regular and concentrated attention so that the Parkway can be properly maintained.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Community Board 12</p>	<p>The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.</p>

31	212201831E	<p>Request: Other senior center program requests</p> <p>Explanation: In the Community Board 12 District, we have one of the largest senior populations in the country, as well as the largest population of holocaust survivors. There is an unmet need for adequate home care, particularly if the seniors live alone. Since people are living longer, additional assistance must be available. Services must be increased and not reduced. Eligibility for public assistance needs to be re-evaluated.</p> <p>Responsible Agency: Department for the Aging</p> <p>Supported by: Amico Senior Center Councilman Greenfield</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. 32	212201832E	<p>Request: Other street trees and forestry services requests</p> <p>Explanation: GREEN STREETS - The Kensington area itself has welcomed many new families with young children. However, the Kensington area is devoid of Parks or Green streets. Parks that are in our district are too far away for young children to go alone and play and use the recreational facilities. The Parks are also too far for seniors to travel and to sit and enjoy the greenery rather than cement. This is a quality of life issue that must be addressed.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Community Board 12</p>	<p>Department of Parks and Recreation funds are insufficient for this project. This causes a safety concern for emergency vehicles that cannot move if the traffic is backed up.</p> <p>Responsible Agency: Department of Transportation</p>	City parking facilities are being sold by NYCDOT in conjunction with NYCEDC. The community board should contact the agency.
99	2132018B9E	<p>Request: Assign additional school safety officers</p> <p>Explanation: We need to assign additional school safety officers to the community to teach the children about safety in the street.</p> <p>Responsible Agency: Police Department</p>	NYPD's funding is currently available to maintain school safety. There is no funding to support increased staffing levels. The availability of future funding depends on decisions made in the Preliminary and Executive Budget process.
99	2132018C0E	<p>Request: Increase transportation services capacity</p> <p>Explanation: Fund Jewish Community Council of Greater Coney Island Senior Citizen Transportation (Project Ride) and other access a ride services for the Frail Elderly population. Traveling for seniors are limited due to their limited mobility. More funding are needed to address this in a growing NORC area.</p> <p>Responsible Agency: Department for the Aging</p> <p>Supported by: Councilman Mark Treyger Councilman Chaim Deutsch</p>	DFTA will continue to advocate for increased funding support for aging services.
99	2132018C1E	<p>Request: Provide or expand community composting programs</p> <p>Explanation: We would like to provide community composting programs for our neighborhood. We understand that composting organic items will be keep the environment cleaner.</p> <p>Responsible Agency: Department of Sanitation</p>	This program is currently funded and the Department of Sanitation recommends its continued support.

01	214201801C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: The Cortelyou Road tot lot is heavily utilized by the growing number of families with young children in the area. However, due surface sinking and damage, every time it rains this small play area floods and must close. DPR frequently sends workers out to literally broom sweep the water to the drain. This is not how a park should be maintained. It should be repaired by DPR. While it is reasonable to request that an elected official to rehabilitate or redesign a part, it should be the Department's own responsibility to maintain its assets. Umma Park is also in need of updating - the equipment is antiquated and the surface is in disrepair. A mural was recently painted through a collaborative effort. This will hopefully provide momentum to rehabilitate Umma Park.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Lt. Federico Narvaez Tot Lot</p>	<p>This project was funded in a prior fiscal year and the preliminary design contract has been let.</p>
01	214201802C	<p>Request: Expand public programming and activation of public spaces on City-owned sites</p> <p>Explanation: Continue development of Caton Market to include incubation programs for small businesses and a headquarters for the Caribbean American Chamber of Commerce. Develop the property at 2274 Church Avenue. Provide additional funding for the Kings Theater to support continued development and enable on site retail. Enhance the RFP incentive to develop 851 East 15th Street.</p> <p>Responsible Agency: Economic Development Corporation</p>	<p>Additional detail on this request is required before EDC can make a recommendation.</p>

01	214201803C	<p>Request: Other sewer maintenance requests</p> <p>Explanation: Install catch basins where needed.</p> <p>Responsible Agency: Department of Environmental Protection</p>	Catch basin installations are determined in accordance with drainage plans promulgated by DEP according to our engineering standards, appropriate zoning and other variables. New catch basins are only installed as part of a capital project for an entire street or intersection.
01	214201804C	<p>Request: Renovate or upgrade existing precinct houses</p> <p>Explanation: In 2015 an allocation was made in a first step toward relocating the 70th Police Precinct House. The history of our efforts to relocate this aging facility goes back almost three decades. In 2006, DCAS began property acquisition at 1326 Ocean Avenue. In 2007 the NYPD capital plan set aside \$30 million for the acquisition of property, OMB stated its commitment to identify additional funding. onstruction was set to begin in 2013. Relocating the precinct house continues to be a priority despite the loss of the Ocean Avenue site. In the meantime, the current precinct house floods and leaks and does not have adequate lockers, storage, or parking, nor it is handicap accessible.</p> <p>Responsible Agency: Police Department</p> <p>Location Site Name: 70th Precinct</p>	NYPD is conducting a Capital Project Scope Development in order to determine the cost/feasibility of constructing a new command.
01	214201805C	<p>Request: Provide a new or expanded health care facility</p> <p>Explanation: This request is based on the fact that CB 14 has a lower bed to population ratio than Brooklyn- and City-wide averages, and that the population within the District is aging. Given the diminishing number of hospitals and acute care beds in Brooklyn, the provision of new or expanded facilities would help ensure local care.</p> <p>Responsible Agency: Health and Hospitals Corporation</p>	More information is needed from the community board before making a funding decision. The community board should contact the agency.

01	214201806C	<p>Request: Provide new or increase number of sanitation trucks and other equipment</p> <p>Explanation: With 54 dead in streets, several streets with malls in the middle and several very narrow blocks, BK 14 requires haulsters and FELs and spreaders. Given that CD 14 boasts one of the largest concentration of old growth trees, leaves become an issue for the brooms (in nearly all seasons). Newer brooms in good working order are a pressing need.</p> <p>Responsible Agency: Department of Sanitation</p>	This is not a budget request. The matter in question is an issue of service delivery and/or agency policy. Contact the Department of Sanitation to determine how best to resolve this issue.
01	214201807C	<p>Request: Reconstruct streets</p> <p>Explanation: Fund trench restoration projects to address the increasing number of sink holes on our city streets. The number of complaints have increased in the District and the reporting process lacks efficiency and accountability. DEP should have either a proactive plan to repair sinking streets before they become dangerous holes, or at least an efficient complaint driven response plan. 564 East 29th Street; 1781 Ocean Avenue/SE corner of Avenue M; 715 Ocean Parkway Service Road; Waldorf Court between East 17 and Dead End; Hillel Place and Kenilworth Place intersection; 464-476 East 16th Street.</p> <p>Responsible Agency: Department of Transportation</p>	Please contact the Borough Commissioner's office to discuss this request.
01	214201808C	<p>Request: Provide a new or expand an existing elementary school</p> <p>Explanation: There are 22 public elementary and secondary schools in the District serving more than 20,000 students. One half of the public schools in our district are near or over capacity. The City is building a K-8 school for School District 22 students, however the school will be physically located in Community District 12 and will not have an adequate number of seats to meet the need of our residents children.</p> <p>Responsible Agency: Department of Education</p>	Community District is located in a School District with identified seat need. 01	214201809C	<p>Request: Repair or upgrade subway stations or other transit infrastructure</p> <p>Explanation: The renovations on the Brighton Line must be extended to the Church Avenue stop, which is the most heavily utilized in the District. This line has had the most requests for security cameras. Recently, MTA entered into an agreement to allow a group to plant a community garden on the exterior side of the station house. This stop is currently scheduled for capital improvements and is well situated to included accessibility as one of the improvements.</p> <p>Responsible Agency: Transit Authority</p> <p>Location Site Name: 18th Avenue Culver Line Station</p>	For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.
02	214201812C	<p>Request: Other street trees and forestry services requests</p> <p>Explanation: Fund a more robust stump removal program. It is currently taking up to three years to remove stumps. Including the addition of a station house generator at one of these fire stations. There are no firehouses in CD 14 with a generator.</p> <p>Responsible Agency: Fire Department</p>	<p>Emergency generators are being installed throughout firehouses on a yearly basis, priority established by Fire Operations, funding is reliant on Federal Grants. 01	214201801E	<p>Request: Assign additional crossing guards</p> <p>Explanation: The Community Board defers to the Police Precinct to assign additional crossing guards to new locations. Two new schools are being built to serve the community. This will add to the student body of approximately 27,000 who attend school in the district currently.</p> <p>Responsible Agency: Police Department</p>	NYPD funding is currently available to maintain both the School Crossing Guards and School Safety Agents headcounts. The availability of future funding depends on decisions made in the Preliminary and Executive budget process.
01	214201802E	<p>Request: Provide more community board staff</p> <p>Explanation: Additional resources would enable community boards to bring specialists on board, such as planners, policy analysts, and IT specialists to name some. It would also be helpful to have funding for temporary project related staff. This would enable CBs to introduce more initiatives such as our CBO roundtable and then develop longer range projects that build from those gatherings. Ultimately, this enables Community Boards to complement it's reactive, complaint driven role with a more proactive, grass roots effort.</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p>	The community boards' budgets will be maintained in FY 2018.

01	214201804E	<p>Request: Ensure adequate funding for preventative and child protection services</p> <p>Explanation: The agency has made positive strides in reducing caseloads. This effort should be continued. This request results from information on the Mayors Management Report, and agency budget consultations.</p> <p>Responsible Agency: Administration for Children's Services</p>	ACS appreciates support from the Community Board.
01	214201805E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: The lack of public green space also underscores the need for maintenance of street trees including a more frequent pruning cycle especially for our older growth trees and ongoing care for the many very welcome newly planted trees. In addition funding must be provided to remove tree stumps even when a new tree cannot be planted for any reason. We are gratified that the pruning cycle of 7 years is beginning to approach the five year guideline for most trees. DPR should continue to maintain trees within 15 feet of the sidewalk on the property side of buildings. Ensuring the greening and upkeep of Greenstreets and malls would add much needed tree and foliage.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
01	214201806E	<p>Request: Ensure local input on Street Activity Permits</p> <p>Explanation: As the Mayor's Office of Citywide Event Coordination and Management and the Street Activity Permit Office move to change rules and increase permitted street activities, it is imperative that community board recommendations be respected. Community Boards have a unique and highly valuable perspective on public safety concerns, local tolerance for street closures and traffic rerouting, local religious and cultural customs, street work, and inter group dynamics that inform the balance between community celebrations and events and public convenience. Ensuring that funding is adequate to ensure that SAPO can give all permit applications due and timely consideration in consultation with all 59 community boards. There might be utility in moving the approval process to the Borough</p> <p>Responsible Agency: Department of Transportation</p>	This request is not recommended for funding.

01	214201807E	<p>Request: Provide more firefighters or EMS workers</p> <p>Explanation: Fund adequate new firefighter and EMS hires sufficient to address attrition rates. Additionally and specifically, provide funding to hire 36 Fire Marshalls citywide; 18 dedicated to Brooklyn.</p> <p>Responsible Agency: Fire Department</p>	In the Preliminary Budget, Citywide personnel/program/ equipment funds are maintained in FY 2018. Allocations are scheduled by the agency only after budget adoption.
01	214201808E	<p>Request: Expand street outreach</p> <p>Explanation: Reports on homeless encampments and regarding individuals who appear to be homeless have increased over the past year. Common Ground is the current contractor and provides excellent service. Given the increase in calls to the Community Board, the Police and 311, an increase in outreach services is warranted.</p> <p>Responsible Agency: Department of Homeless Services</p>	Implemented in March 2016, HOME-STAT is the nation's most comprehensive street outreach program, with nearly 500 workers to help transition homeless individuals from the streets and into shelters. Funding has also been enhanced for additional safe haven beds, drop in centers, and supportive housing units to ensure that those living on the streets have opportunities to come inside and connect to the support services they need.
01	214201809E	<p>Request: Provide more frequent litter basket collection</p> <p>Explanation: The District once had six day a week dedicated basket collection. It is now allotted one in the southern end of out District. This is woefully inadequate and the level of frustration expressed by merchants associations, community based organizations, residents and elected officials is increasingly expressed. The arrangement by which NYC Councilmembers are given an allotment to then give back to the city for basic services is inefficient and requires collections to occur on overtime. This funding could be applied to augmented services rather than basic collection services.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports restoration of this program, due to fiscal constraints the availability of funds is uncertain.

01	214201810E	<p>Request: Other sewer maintenance requests</p> <p>Explanation: DEP must improve their community notification system. 01	214201811E	<p>Request: Improve subway station or train cleanliness, safety and maintenance</p> <p>Explanation: Provide funding to assume responsibility for maintenance of Newkirk Plaza. The station is beneath this commercial Plaza and tax maps and common sense indicate that the Plaza is MTA's property. However the Authority will only maintain the station house and the subterranean areas. This leaves a busy, commercial plaza under the auspices of no agency, which makes maintenance difficult and makes it impossible to acquire street activity permits or sidewalk caf permits.</p> <p>Responsible Agency: Transit Authority</p> <p>Location Site Name: Newkirk Plaza Address: Newkirk Plaza</p>	For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.

01	214201814E	<p>Request: Enhance or expand noise pollution abatement and enforcement programs</p> <p>Explanation: Noise complaints rank very high in both CD 14 service delivery requests and in the 311 system.</p> <p>Responsible Agency: Department of Environmental Protection</p>	The agency will accommodate this issue within existing resources.
01	214201815E	<p>Request: Create or promote programs to de-stigmatize mental health problems and encourage treatment</p> <p>Explanation: There were approximately 657 (per 100,000 adults) psychiatric hospitalizations last year, compared to 743 Brooklyn wide and 684 citywide. In addition alcohol and drug related hospitalizations were 836 and 649 per 100,000 respectively.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	DOHMH contracts with and oversees a wide variety of mental health and substance abuse services throughout NYC. 01	214201819E	<p>Request: Expand programs for housing inspections to correct code violations</p> <p>Explanation: Four out of five top 311 requests are for HPD inspections and violation enforcement.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	Work on this project/program has either been completed or will be finished in FY 2017.
01	214201820E	<p>Request: Address illegal conversions and uses of buildings</p> <p>Explanation: Many single and two family homes in the District are large and lend themselves to commercial use. Complaints range from manufacturing to retail storage to transient use, homes in residential districts. Enforcement is difficult and slow. However, illegal commercial use can be dangerous in addition to the quality of life issues. Increased enforcement is needed.</p> <p>Responsible Agency: Department of Buildings</p>	In the Preliminary Budget, Citywide personnel/program/ equipment funds are increased in FY 2018. 02	214201822E	<p>Request: Other foster care and child welfare requests</p> <p>Explanation: Continue funding evidence-based models for foster care and foster family support. 02	214201823E	<p>Request: Expand homelessness prevention programs</p> <p>Explanation: Community District 14 ranks 13th of 59 in the percentage of severely rent burdened household, according to the most recent NYU Furman Center report. The District ranks 5th in the percent of renter households that are severely overcrowded. Over 47% of renters in the District pay over 50% of their household income on monthly rent. In addition, there is only a 4.9% rental vacancy rate and the number of new residential building permits ranks 58th of 59 in the City. These figures, attest to the dire need for homeless prevention programs.</p> <p>Responsible Agency: Human Resources Administration</p>	Homelessness prevention is one of the Agency's priorities. 02	214201824E	<p>Request: Other services for homebound older adults programs</p> <p>Explanation: Case management, home care, legal services, and transportation services are generally intertwined. There is no way to prioritize the needs of one senior citizen over those of another and it would be folly to provide transportation over home care for a senior who is need of both. The funding of these services must be designed with the approach that support services are inextricable.</p> <p>Responsible Agency: Department for the Aging</p>	DFTA continues to advocate for seniors and senior related issues on all levels.
02	214201825E	<p>Request: Enhance park safety through more security staff (police or parks enforcement)</p> <p>Explanation: Fund additional park enforcement personnel.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
02	214201826E	<p>Request: Address traffic congestion</p> <p>Explanation: Provide adequate funding expedite response to street light complaints, traffic calming requests, and signage requests. Good repair would help to ensure the flow of traffic. There are a number of congested corridors in the District: Flatbush, Caton, Coney Island Avenue and nearly all east/west streets become congested at certain times of day. The congestion in the area of the Police Precinct actually rises to the level of a public hazard as it can take nearly one half hour to get to and from the Precinct house to a through street. 02	214201827E	<p>Request: Provide, expand, or enhance food assistance, such as Food Stamps / SNAP</p> <p>Explanation: Fund outreach efforts to ensure that those eligible but not receiving benefits are served. The agency has done a good job recognizing and beginning to address this issue with the elderly. CB 14 recommends sustaining those efforts while also increasing outreach to singles with no children - an under-enrolled population.</p> <p>Responsible Agency: Human Resources Administration</p>	The Agency provides services for people who are eligible under certain guidelines.
02	214201828E	<p>Request: Increase resources for youth crime prevention programs</p> <p>Explanation: Over 35% of the population in CD 14 is under the age of 24. There are three large high schools in the District. There is only one youth officer in the 70th Police Precinct. The 70th Precinct Explorers program has grown over the past two years. Additional resources to continue this positive trend and to reduce youth perpetrated crime are needed.</p> <p>Responsible Agency: Police Department</p>	Additional NYPD resources for this project are unavailable at this time due to funding constraints. However, the program will continue to operate within current funding levels.
02	214201829E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: According to our Youth Conference attendees survey the biggest draw for the 600 youth who attended out annual conference was "jobs". However, it has become increasingly difficult to schedule the conference in tandem with the Summer Youth Employment application deadline because funding is always so uncertain. Given the very small percentage of applicants who are placed in summer jobs, it is imperative that the program be expanded and dependably funded.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	DYCD has increased funding in this service area.

02	214201831E	<p>Request: Upgrade existing facilities for the homeless</p> <p>Explanation: The Breaking Ground expansion and transition to a more supportive program at 800 East 12 Street is promising. It is important that other transitional housing facilities be maintained.</p> <p>Responsible Agency: Department of Homeless Services</p> <p>Location Site Name: 40 Clarkson; Midwood Safe, 19 D</p>	DHS has restructured to better monitor the capital and maintenance related issues that may develop at shelters and SROs. 02	214201832E	<p>Request: Increase enforcement of illegal dumping laws</p> <p>Explanation: Illegal dumping at commercial baskets, at dead ends, on one-block back streets, and in tree pits is an increasing complaint in the District. Residents bring garbage to corner baskets, there is an increase in televisions and other electronics being dumped, construction and other commercial debris is often found under elevated train tracks. Stake outs or more ability to enforce on the basis of evidence is needed to address this very difficult issue. The problem occurs throughout the community but there are several chronic locations: Avenues K, L, N & O btw. E. 15 & E. 17 Sts (under elevated B/Q subway tracks); Caton Ave & St. Pauls Pl; Avenues J & M btw. Coney Isl Ave & Ocean Ave (commercial strips); East 16th Street and Church Avenue; 892 East 7 Street.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.

02	214201833E	<p>Request: Provide new traffic or pedestrian signals</p> <p>Explanation: The intersection of Church Avenue and Flatbush Avenue is one of the highest crash locations in the Districts. DOT has been working on plans to improve pedestrian and traffic safety. Preliminary proposals include left turn arrows and/or prohibitions, changing pedestrian lead times and adding right turn bays. Funding to implement these changes is imperative.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Site Street: Church Avenue Cross Street 1: Flatbush Avenue</p>	Further study by the agency of this request is needed.
02	214201834E	<p>Request: Assign more non-teaching staff, e.g., to provide social, health and other services</p> <p>Explanation: Given the large immigrant population of students and the poverty rate in our District, such service would promote and support learning and educational attainment.</p> <p>Responsible Agency: Department of Education</p>	Principals have direct control over their respective school-based staffing needs and will make their decisions accordingly.
02	214201835E	<p>Request: Expand funding for fire prevention and life safety initiatives</p> <p>Explanation: It is gratifying that the number of prevention presentations has been on the increase. 03	214201836E	<p>Request: Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p>Explanation: The ethnic and socio economic factors cited above demonstrate the need for after school programs for both elementary and middle school age students.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	Presently, there are a variety of agency-funded programs in the district for this target population. Additional programs are contingent upon available funding and will be distributed through an RFP process. Organizations are encouraged to apply.
03	214201837E	<p>Request: Create a new senior center or other facility for seniors</p> <p>Explanation: Open an RFP to enable a Senior Center to service the northern end of CD 14.</p> <p>Responsible Agency: Department for the Aging</p>	The Department for the Aging (DFTA) continues to fund senior centers in this CD and does not have additional funds for new centers.
03	214201838E	<p>Request: Improve the delivery of emergency food and shelter in case of a disaster</p> <p>Explanation: Food pantry and soup kitchen services are highly utilized in the District. The need for cultural as well as nutritional requirements are important, especially in response to a disaster.</p> <p>Responsible Agency: Human Resources Administration</p>	The Agency currently has in place emergency contracts to address the need of food delivery in case of a disaster.
03	214201839E	<p>Request: Other cleaning requests</p> <p>Explanation: There are 1200 road segments in CD 14 and two supervisors. Given the number of dead ends, overpasses, and road bridges, cleaning is a persistent need. The scorecard rating indicates that additional personnel for cleaning is a warranted request.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.

01	215201801C	<p>Request: Renovate or upgrade an existing health care facility</p> <p>Explanation: Coney Island Hospital located at 2601 Ocean Parkway is the closest Hospital to our district, it is near every major road artery in the community, the Belt Parkway and Ocean Parkway. Severely affected by Super Storm Sandy, the hospital is currently under renovations and is in the process of constructing a new flood-proof tower. With the new tower underway, Coney Island Hospital should be given the additional funding it needs to become a Level 1 Trauma Center, they currently don't have the equipment needed to designate them as such. Community Board 15 would like to see them properly funded to achieve this trauma care designation.</p> <p>Responsible Agency: Health and Hospitals Corporation</p> <p>Location Site Name: Coney Island Hospital</p>	<p>The costs and efforts needed to submit and operate a Trauma Center would make this an unsustainable proposition. The hospital administration appreciates the CB's support of the capital and expense requests being made annually and for its overall support of the Hospital's programs.</p>

03	215201803C	<p>Request: Provide a new, or new expansion to, a building in a park</p> <p>Explanation: Brigham Park, a new park being constructed in the next year, located on Emmons Avenue and Brigham Street does not have adequate funding to provide a comfort station. The lot is in extreme disrepair and needs repaving. The gate that secures this lot has fallen into ruin and is in need of being replaced. 07	215201807C	<p>Request: Improve parking operations</p> <p>Explanation: Our community is in need of on street parking. We are in desperate need of additional municipal lots or to expand on the ones we have. With so much construction increasing our population density we are in need of parking. This community has households with up to 3 or 4 cars and we are in desperate need of parking. We have 2 municipal lots in Sheepshead Bay, Voorhies Avenue and East 15th Street and East 17th Street and Avenue Z, which would benefit greatly by building more levels.</p> <p>Responsible Agency: Department of Transportation</p>	City parking facilities are being sold by NYCDOT in conjunction with NYCEDC. CS	215201820C	<p>Request: Provide new or upgrade existing sanitation garages or other sanitation infrastructure</p> <p>Explanation: Community Board 15's Sanitation garage is a temporary structure of trailers located on Knapp Street. CS	215201821C	<p>Request: Reconstruct streets</p> <p>Explanation: Gerritsen Beach was a heavily damaged area during Super Storm Sandy. Flooding and Ponding have been an issue in the old section of Gerritsen, (South of Gotham Avenue), for many years, during the aftermath of Sandy it is critical these upgrades be made. We are requesting a new sewer system to be installed and in doing so it is imperative that DOT works hand in hand with DEP to reconstruct the streets of this community with each installation of a new sewer system.</p> <p>Responsible Agency: Department of Transportation</p> <p>Project Id(s): HWL2013GB</p> <p>Location Site Street: Gerritsen Avenue Cross Street 1: Bartlett Avenue Cross Street 2: Plumb Beach Avenue</p>	This project is in design by DDC.

CS	215201823C	<p>Request: Build new, expand or repair storm sewers</p> <p>Explanation: In Gerritsen Beach, a new sewer system is needed. The streets in Gerritsen do not have proper storm drainage. They are on an antiquated system that no longer works for this community. It was a seasonal bungalow community that has grown over the decades into a larger yearly occupied neighborhood. The infrastructure never followed suit, particularly south of Bartlett Avenue to the dead end. In addition, the neighborhood of Sheepshead Bay is also in need of upgraded sewer lines. The current lines are not large enough to handle the capacity needed, where one family home once stood, a mutli-family building with a community facility now stands. With more capacity and density upgrades are needed and should be made, specifically along Emmons Avenue from East 15th Street to Knapp Street.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Location Site Street: Bartlett Avenue Cross Street 1: Gerritsen Avenue Cross Street 2: Plumb Beach Avenue</p>	This project was funded in a prior fiscal year and the scope is now underway.

01	215201801E	<p>Request: Assign additional uniformed officers</p> <p>Explanation: Community Board 15 is in need of additional police officers at our 61st Precinct, located at 2575 Coney Island Avenue. Although our crime rates are low, issues such as minor traffic accidents, car break ins and mischief in our school yards and parks can go hours before an officer is able to respond because the department is currently spread too thin handling more urgent calls.</p> <p>Responsible Agency: Police Department</p> <p>Location Site Name: 61st Precinct Address: 2575 Coney Island Avenue</p>	<p>NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.</p>
02	215201802E	<p>Request: Address illegal conversions and uses of buildings</p> <p>Explanation: Many properties in our district have been illegally converted, turning one or two family homes into 6 family homes, with people residing in basements and attics causing hazardous living conditions. Department of Buildings need the necessary man power and take a proactive role in stopping these conversions from taking place and once in place violating the property owners before something tragic occurs.</p> <p>Responsible Agency: Department of Buildings</p>	<p>In the Preliminary Budget, Citywide personnel/program/ equipment funds are increased in FY 2018. Allocations are scheduled by the agency only after adoption.</p>
03	215201803E	<p>Request: Other sewer maintenance requests</p> <p>Explanation: Community Board 15 is requesting the installation of back-flow preventors throughout the district. This community experienced many sewer back up issues after Sandy and these preventors would help with the back-ups. The neighborhoods of Manhattan Beach, Sheepshead Bay and Gerritsen Beach are the areas most affected. On Avenue Y from McDonald Avenue to Ocean Avenue going south the area was inundated with sewer back-ups and back-flow preventers would prevent that from happening again.</p> <p>Responsible Agency: Department of Environmental Protection</p>	<p>Backflow devices prevent contaminated water or chemicals from flowing back into the drinking water supply if there is a sudden or unexpected change in water pressure. If a property requires a backflow prevention device, they must be installed on all water service lines to the property. 04	215201804E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: Community Board 15 receives numerous complaints about trees not being pruned, maintained or planted in a timely fashion. More money needs to be allocated to provide better forestry services to our community, waiting 4 or 5 years is a ridiculously long time to have a tree planted and tree pruning can take 7 - 10 years, allowing it to become a hazard. We need to expedite this procedure, so adequately funding this division with additional trained staff and equipment would help to streamline this too long a process.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
05	215201805E	<p>Request: Provide more firefighters or EMS workers</p> <p>Explanation: Currently Kingsborough Community College at 2001 Oriental Blvd, during the Summer Months from May through October houses an FDNY fireboat. This fireboat is currently not manned 24/7 and we believe it would be in the best interest of the community if it could be. With a dry season, brush fires seem to have been more prevalent this year. Being a beach and boating community, rescues on the water are another challenge that a 24/7 fireboat would be well equipped to assist in. Pulling a boat from further away can be critical when time is of the essence. Being that this is a strategic location, we feel keeping it staffed and accessible 24/7 during the summer months would be a true asset to saving our residents and visitors lives.</p> <p>Responsible Agency: Fire Department</p>	This request is not recommended for funding.

06	215201806E	<p>Request: Other traffic improvements requests</p> <p>Explanation: Many commercial facilities on Coney Island Avenue have parking lots that empty into Coney Island Avenue, a consumer exiting an establishment enters Coney Island Avenue and often attempts to make an illegal U-Turn. We are requesting flexible delineators to deter consumers along Coney Island Avenue from Avenue Z to Avenue P from making illegal U-turns. The main areas where offenses occur are at the 7-11 Store located at 2800 Coney Island Avenue, Burger King -2425 Coney Island Avenue and McDonalds 2410 Coney Island Avenue. We are requesting these 3 locations, since delineators proved a successful deterrent on Ocean Avenue and Avenue Y, where a Staples store is located.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Site Street: Coney Island Avenue Cross Street 1: Avenue Z Cross Street 2: Avenue P</p>	Further study by the agency of this request is needed.
07	215201807E	<p>Request: Assign additional traffic enforcement officers</p> <p>Explanation: All of our commercial corridors are backed up with traffic due to illegal double parking. Additional traffic enforcement is needed along Coney Island Avenue from Avenue P to Avenue Z, on Avenue U from McDonald Avenue to Nostrand Avenue, on Sheepshead Bay Road from East 14th Street to Emmons Avenue and on Kings Highway from McDonald Avenue to Ocean Avenue.</p> <p>Responsible Agency: Police Department</p>	The future funding for civilian personnel depends on decisions made in the Preliminary and Executive budget process.
08	215201808E	<p>Request: Assign additional crossing guards</p> <p>Explanation: All the schools in the District are in need of additional crossing guards. With the severe traffic around schools at dismissal, crossing guards are imperative. Currently when a crossing guard is out sick, a uniformed officer is pulled away to take their place, taking an officer away from other critical policing work.</p> <p>Responsible Agency: Police Department</p>	NYPD funding is currently available to maintain both the School Crossing Guards and School Safety Agents headcounts. 12	215201812E	<p>Request: Increase home delivered meals capacity</p> <p>Explanation: Additional funding needs to be allocated to DFTA to provide more Meals on Wheels services to homebound seniors on fixed incomes. With an aging population the demand for healthy meals has also increased and we want to make sure that no one in our community is left hungry. The Meals on Wheels program, not only provides food but also acts as a safeguard for Seniors alerting the property authorities if a senior is not responding or allowing them access. 18	215201818E	<p>Request: Expand street outreach</p> <p>Explanation: Community Board 15 has seen a major increase of homeless people on our streets, underpasses, parks and train stations. We would like to see more money allocated to do community outreach and get these people the help and services they need and return these public areas back to the community. We have a concentration of people under the train station at Sheepshead Bay Road and East 15th Street, Voorhies Avenue and East 16th Street -(Near the Municipal Parking Lot), Ocean Avenue & Shore Parkway under the overpass of the Belt Parkway.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>Implemented in March 2016, HOME-STAT is the nation's most comprehensive street outreach program, with nearly 500 workers to help transition homeless individuals from the streets and into shelters. Funding has also been enhanced for additional safe haven beds, drop in centers, and supportive housing units to ensure that those living on the streets have opportunities to come inside and connect to the support services they need.</p>
19	215201819E	<p>Request: Improve bus cleanliness, safety or maintenance</p> <p>Explanation: Transit should have a designated maintenance crew responsible for cleaning the exterior entrances of all transit stations. Our underpass at Sheepshead Bay is a chronic mess, as is Avenue U and Kings Highway. Avenue X and McDonald Avenue is extremely filthy.</p> <p>Responsible Agency: Transit Authority</p>	<p>For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.</p>
20	215201820E	<p>Request: Increase vacant lot cleaning</p> <p>Explanation: Several empty lots in the district are becoming havens for west Nile and now maybe Zika. Examples: the corner of Avenue V and Ocean Avenue, 1882 East 12th Street, 1610 Avenue S to name a few. These are lots have been neglected for years and are filled with debris and becoming breeding grounds for vermin and disease.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Location Address: 1610 Avenue S</p>	<p>Resources are available to clean vacant lots. The turn-around time for cleaning vacant lots depends on whether the lot is owned by NYC or a private owner and whether or not the lot is accessible. If the vacant lot is privately owned and not accessible to DOS equipment, a court order is required to gain entry into the lot. The legal process for obtaining these court orders delays the process further. If you have specific locations that need to be processed, contact DOS.</p>

21	215201821E	<p>Request: Conduct a commercial district needs assessment</p> <p>Explanation: Sheepshead Bay Road, a once thriving commercial district took a large hit after super storm Sandy and never truly recovered. Many of the stores are lying vacant and are still in ruins.</p> <p>Responsible Agency: Department of Small Business Services</p> <p>Location Site Street: Sheepshead Bay Road Cross Street 1: East 14th Street Cross Street 2: Emmons Avenue</p>	Due to funding restrictions, SBS does not have the ability to approve this request.
22	215201822E	<p>Request: Improve public housing maintenance and cleanliness</p> <p>Explanation: We have been receiving an influx of calls emanating from The Sheepshead / Nostrand Houses located in our district because of long waits for repairs, from broken front doors, broken appliances, plumbing issues and unsanitary living conditions. One particular resident from 3004 Avenue V has been waiting over a month to be able to use her refrigerator. The maintenance system in public housing is broken, the prolonged waits are unacceptable and perhaps additional maintenance crews need to be added to expedite the warrant of habitability.</p> <p>Responsible Agency: Housing Authority</p> <p>Location Site Name: Sheepshead / Nostrand Houses Address: 3004 Avenue V</p>	The agency will try to accommodate this issue within existing resources.

25	215201825E	<p>Request: Increase enforcement of illegal dumping laws</p> <p>Explanation: Our underpasses which are dimly lit attract chronic illegal dumpers. We need to stop this.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.
26	215201826E	<p>Request: Other water supply system maintenance requests</p> <p>Explanation: In both Sheepshead Bay and Gerritsen Creek we are asking for periodic maintenance to remove all floatables in the Bay and in the Creek. This pollution is a severe health hazard, as well as making these heavily visited locations undesirable and unsightly for the community to fully enjoy.</p> <p>Responsible Agency: Department of Environmental Protection</p>	More information is needed from the community board before making a funding decision. 32	215201832E	<p>Request: Increase health inspections, e.g. for restaurants</p> <p>Explanation: Increase the amount of health inspectors to shorten the process of receiving a restaurant grade.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	Restaurants are inspected at least once every year. As a result of the grading program, restaurants with a B or C grade are more frequently inspected. In addition, DOHMH conducts inspections when complaints are made. More restaurants are earning A's as a result of our focus on poorer performers, and the overall number of inspections are going down.

11	218201811C	<p>Request: Provide new or expand green infrastructure, e.g. greenbelts, bio swales</p> <p>Explanation: Construct bio swales with flowers and shrubberies along the eastern right-of-way of Flatbush Avenue along the Toys R Us building and the city-owned lot fronting Four Sparrows Marsh, north of the Westbound Belt Parkway ramp onto Flatbush Avenue. Flatbush Avenue just north of the Belt Parkway is the gateway to Community Board 18 neighborhoods and to Southern Brooklyn. This section of roadway is without a storm water filter system, thus storm water runoff from the road flows unfiltered into Mill Basin. The construction of bios wales presents an opportunity to both beautify Flatbush Avenue as well as filter storm water.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Council Member Maisel Council Member Williams Mill Island Civic Association Marine Park Civic Association</p> <p>Location Site Street: Flatbush Avenue Cross Street 1: Belt Parkway</p>	<p>More information is needed from the community board before making a funding decision. Register of Community Board Budget Requests

For The Preliminary Budget
Fiscal Year 2018

Manhattan

The City of New York
Bill de Blasio, Mayor

FY 2018 Preliminary Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Preliminary Budget reports the FY 2018 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2018 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Preliminary Budget recommendation for each budget request.

06	302201806C	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: Allocate funds to study and institute safety improvements at 7th Ave. S., Carmine, Varick and Clarkson Sts. intersection, including neckdowns, traffic signal changes and repositioning, daylighting, lane reconfiguration, and other geometric improvements. Excessively long pedestrian crossings, poor visibility, motorists driving on the sidewalk, gridlock, blocked crosswalks, hazardous turning movements, intermittent speeding, irregularly angled design and chaotic Holland Tunnel-bound traffic create exceptionally dangerous conditions for the many pedestrians (residential, working, tourists/seniors and children) using this area. A promised improvement plan presentation is awaited.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Hudson Square BID</p> <p>Location Site Street: 7th Avenue South Cross Street 1: Carmine Street Cross Street 2: Clarkson Street</p>	The agency will accommodate this issue within existing resources.

07	302201807C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Request for funds to be allocated for resiliency efforts to shore up the west side of Community District 2 along the Hudson River Park to prevent another disaster like in the aftermath of Hurricane Sandy.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	Further study by the agency of this request is needed.
08	302201808C	<p>Request: Create a new senior center or other facility for seniors</p> <p>Explanation: Allocate funds for an adult day care center in Community District 2 for elders with dementia. This is particularly important for the Chinese elders because families are especially hesitant to bring to residential care even the poorest and oldest elders who are no longer able to care for themselves (especially those with Alzheimer and other dementias). Day care is often provided by people who are elderly themselves or by children and youth. A day care center would benefit family members of all ages, as well as seniors and reduce elder abuse and institutionalization among this vulnerable group.</p> <p>Responsible Agency: Department for the Aging</p>	DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.
09	302201809C	<p>Request: Create a new, or renovate or upgrade an existing public library</p> <p>Explanation: Allocate funds to provide ADA accessibility to the landmark-quality Hudson Park branch from the 7th Avenue South entrance, including the creation of an interior ramp and vestibule, installation of a ne elevator, modernization of toilet facilities, and modifications to mechanical and electrical system components required for the installation of the new elevator.</p> <p>Responsible Agency: New York Public Library</p> <p>Project Id(s): LNCA13HUD</p> <p>Location Site Name: Hudson Park Library</p>	This project was funded in a prior fiscal year and the scope is now underway.

The ball field is showing signs of wear and tear. Portions of the fence are missing. Portions of the fence are in disrepair. Additional fencing is needed to protect neighbors' property.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Passannante park</p>	<p>Department of Parks and Recreation funds are insufficient for this project. 11	302201811C	<p>Request: Repair or upgrade subway stations or other transit infrastructure</p> <p>Explanation: Allocate funds to refurbish walls, floors and ceilings in the West 4th Street subway station. This station, the ninth busiest in the City and a major hub for seven subway lines, suffers from peeling walls, leaky ceilings, and broken wall tiles. These conditions not only affect local and transient users but also have negative impacts on Greenwich Village's role as an important center of business, tourism and major institutions and needs to be quickly addressed by the MTA's Station Renewal Program.</p> <p>Responsible Agency: Transit Authority</p> <p>Supported by: Village Alliance</p> <p>Location Site Name: West 4th Street Subway Station</p>	<p>For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.</p>

A separate green light phase for pedestrians and shortened crossings are needed to safeguard the many people traversing West St. to Pier 40 and the Hudson River Park. NYC DOT is urged to work together with NYS DOT on signalization and geometric improvements.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Site Street: West Street Cross Street 1: Houston Street Cross Street 2: Houston Street</p>	The agency will accommodate this issue within existing resources.

When vehicular traffic turns left from W. 4th St. onto 6th Ave., it seriously threatens the safety of pedestrians crossing 6th Ave. at the same time (since both have the green light), exemplified by a left-turning tour bus recently striking and seriously injuring a man crossing with the light on 6th Ave.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Site Street: West 4th Street Cross Street 1: 6th Avenue Cross Street 2: Cornelia Street</p>	Further study by the agency of this request is needed.

(This Action Should Be Coordinated With the Capital Phase of the 9th Avenue Pedestrian Project.) The restoration of these streets would be in keeping with the historic nature of the area. The Gansevoort, Greenwich Street, Little West 12th Street convergence represents one of the few remaining artistically paved, large Belgian block areas that can best be described as a New York City "Piazza". 22	302201822C	<p>Request: Plant new street trees</p> <p>Explanation: Allocate funds to plant three hundred trees in tree pits where trees are missing or dead on streets and in parks and playgrounds within Community District 2. Trees are very important to the quality of life along our heavily trafficked streets. Many trees have died over the years and have not been replaced. This causes trip hazards to pedestrians and creates an unmanaged appearance. Property owners eventually remove the pits causing the loss of a valuable tree location and an additional cost to the City when the tree is replanted.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency will try to accommodate this issue within existing resources.
23	302201823C	<p>Request: Repair or construct new sidewalks, curbs or pedestrian ramps</p> <p>Explanation: Allocate funds for capital replacement of Bluestone and brick pavers on the Avenue of the Americas from Houston to West 14th St. (excluding the Jefferson Market Library and Ruth Wittenberg blocks) with tinted concrete, along with new granite curbs and uniform tree pit treatment. Twenty-six years ago, DOT fully funded a capital improvement project at this locale, including 3-ft. bluestone pavers, curbs, tree pits, storm water catch basins, ramps and other amenities, intending to maintain them, but this was not done. At this point, the bluestone and pavers have severely deteriorated. Despite significant amounts of money raised by the Jackson Square Alliance to maintain the park, there has been serious deterioration that can only be remedied with a capital upgrade. Some of that includes: insufficient electricity for the holiday lights (at times, an extension cord must be run into nearby buildings); the fountain has a large crack that must be repaired; the drinking fountain and benches are not ADA accessible; the Belgian block pavers have deteriorated creating a tripping hazard; and the perimeter fence is rusting and needs to be repainted.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Jackson Square Alliance</p> <p>Location Site Name: Jackson Square Park</p>	<p>Construction should begin in FY 17 and be completed in FY 18.</p>

In addition, educational and vocational needs are often unmet, resulting in hostility and distress among the youth as well as our residents. 07	302201807E	<p>Request: Other cleaning requests</p> <p>Explanation: Allocate funds to study the quantity and condition of trash containers and evaluate pick-up schedules and adjust them as necessary to reduce overflowing containers, especially in high-traffic areas not serviced by the BIDs. Many parts of Community Board 2 attract large numbers of visitors. Collecting trash in sidewalk containers and picking up trash from those containers is a major concern both for maintaining a clean appearance and discouraging rodents. Regularly, containers overflow, especially in the most trafficked areas.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.
08	302201808E	<p>Request: Allocate funds to hire additional enforcement agents to address taxi and car-for-hire violations in CD2.</p> <p>Explanation: There are many areas in Community District 2, including the Meatpacking District, the Bleecker Street area, SoHo, NoHo, Little Italy and Chinatown, that attract a large amount of taxi traffic. We have seen a dramatic increase in the number of complaints about taxi cabs blowing their horns, especially late at night and in the early morning hours, as they cruise the Meatpacking District in search of passengers leaving the late-night clubs. We need more TLC enforcement agents on the street to target violations, particularly noise violations, that adversely impact area residents.</p> <p>Responsible Agency: Taxi and Limousine Commission</p>	The agency will try to accommodate this issue within existing resources.

LGBT youth need a shelter where they are safe from those who would harm them.</p> <p>Responsible Agency: Department of Homeless Services</p>	The Agency is continually evaluating shelter facilities across the boroughs. New shelter facilities are being brought online routinely to meet the needs of the client population.
11	302201811E	<p>Request: Expand code enforcement</p> <p>Explanation: Allocate funding for the research and drafting of proposed standards and code revisions that would mitigate the negative effects of roof-top and other exterior mechanical equipment. Community Board 2 receives numerous complaints when exterior mechanical equipment is installed that creates unacceptable noise levels in surrounding residences and businesses. More often than not, the problem is discovered only after the equipment is installed, and recourse is complicated and costly. NYC codes should establish standards and procedures, so that the potential negative impacts of such equipment are identified and appropriate solutions are found during the design process and before permits are issued, be they through equipment standards and/or sound attenuation treatments.</p> <p>Responsible Agency: Department of Buildings</p>	The agency will accommodate this issue within existing resources.

14	302201814E	<p>Request: Other services for homebound older adults programs</p> <p>Explanation: Allocate funds for programs that allow the elderly to function in the community, such as senior centers, daily meal delivery, Village Visiting Neighbors, Assisted Living, etc. These programs result in happier and healthier seniors, as well as save hospital and nursing home costs. Current cuts have short-changed the needs of our elderly. Reorganization and strategic prioritizing of city/state/federal agencies may be needed.</p> <p>Responsible Agency: Department for the Aging</p> <p>Supported by: Village Visiting Neighbors</p>	DFTA is aware of the growing aging population and continues to fund programs in this CD, as well as advocate for increased Federal, State, and City funding to enable seniors to remain independent, and to support homebound frail seniors and their caregivers. 15	302201815E	<p>Request: Assign additional traffic enforcement officers</p> <p>Explanation: Allocate funds to increase traffic enforcement in CD 2 (e.g. traffic policing near the Holland Tunnel, enforcement of idling engine laws and enforcement of motor vehicle laws for trucks and enforcement of distracted driving rules vs. calling and texting on cell phones). CB 2 is hopeful at the prospect that the agency (NYPD) will try to accommodate this enforcement need within existing resources. The need for enforcement near the Holland Tunnel (whose entrance is reported to have the highest concentration of particulate matter in the City) continues to be of great concern, as it is throughout CD 2, in terms to both alleviate congestion (and thereby air pollution) and avoid pedestrian/vehicular, as well as vehicular/vehicular conflicts.</p> <p>Responsible Agency: Police Department</p>	This NYPD request is funded.
16	302201816E	<p>Request: Other educational programs requests</p> <p>Explanation: Allocate funds for increased arts education, faculty and classrooms in our service area's public schools. Two recent studies, one by the NYC Comptroller ("State of the Arts") and the other by the Manhattan Borough President ("ArtsForward"), identified deficiencies in arts programs in public schools. While some funds were allocated in FY 2015, we ask the City to baseline that and provide additional funding to hire more dedicated arts faculty and provide adequate infrastructure for arts education.</p> <p>Responsible Agency: Department of Education</p>	Principals have direct control over their respective school-based staffing needs and will make their decisions accordingly.
17	302201817E	<p>Request: Enhance or expand noise pollution abatement and enforcement programs</p> <p>Explanation: Allocate funds to hire additional enforcement agents to respond to the growing number of noise complaints. Community Board 2 has the second highest number of noise complaints in Manhattan. The Department of Environmental Protection (DEP) needs to hire additional enforcement agents so they can do more than respond to a call made to "311." When a hot spot is identified, DEP should proactively send enforcement agents into the area to address the problem.</p> <p>Responsible Agency: Department of Environmental Protection</p>	The agency will try to accommodate this issue within existing resources.

18	302201818E	<p>Request: Allocate funds to hire additional inspectors to work nights and weekends</p> <p>Explanation: A major weakness in the enforcement of the sidewalk cafe rules by the Department of Consumer Affairs is the lack of inspectors working regular shifts on the weekends and at night when many violations occur. These are peak sidewalk caf times and it is imperative that DCA has inspectors in the field at these times. Many of the complaints we receive regarding sidewalk cafes pertain to illegal activity at these times.</p> <p>Responsible Agency: Department of Consumer Affairs</p>	NYPD is the primary enforcement agent for this request. DCA will coordinate with the NYPD as appropriate.
19	302201819E	<p>Request: Increase transportation services capacity</p> <p>Explanation: Allocate funds to provide supplemental transit for senior citizens who need to get to a hospital. With the closing of St. Vincent's Hospital, an additional burden has been placed on residents of Community District 2 to get to a hospital when necessary. This burden falls most heavily on our senior citizens. We feel that funds should be allocated to transport these individuals to hospitals in non-emergency situations (i.e. when an ambulance should not be called), but when Access-A-Ride would not be a viable option.</p> <p>Responsible Agency: Department for the Aging</p>	DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.
20	302201820E	<p>Request: Expand code enforcement</p> <p>Explanation: Allocate funds to increase the number of inspectors employed by the Department of Buildings. Approximately two-thirds of Community District 2 is landmarked. We believe there is a need for additional DOB inspectors to respond to complaints about illegal alterations made without proper approvals by the Landmarks Preservation Commission and complaints about violations of the Building Code.</p> <p>Responsible Agency: Department of Buildings</p>	The agency will accommodate this issue within existing resources.

21	302201821E	<p>Request: Other affordable housing programs requests</p> <p>Explanation: Allocate funds for a study for the creation of low to moderate income housing for LGBT families in Manhattan Community District 2. This type of housing is already in other cities, such as Philadelphia, San Francisco, Los Angeles and Portland. Affordable housing should be available to all our residents.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	Further study by the agency of this request is needed.
22	302201822E	<p>Request: Improve trash removal and cleanliness</p> <p>Explanation: Allocate funds to increase litter patrol and basket pick-up in CD 2. Keeping the parks and playgrounds clean should be a primary goal of the Department of Parks and Recreation. Consequently, CB 2 strongly urges the Department to allocate funds to increase the litter patrol and basket pick-up throughout the district, especially on the weekends.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
23	302201823E	<p>Request: Provide more frequent litter basket collection</p> <p>Explanation: Allocate funds to increase litter patrol and basket pick-up in CD 2. Keeping the streets clean is a primary goal of the Department of Sanitation. Consequently, CB 2 strongly urges the Department to allocate funds to increase the litter patrol and basket pick-up throughout the district, especially on the weekends.</p> <p>Responsible Agency: Department of Sanitation</p>	Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.

24	302201824E	<p>Request: Assign additional staff to address specific crimes (e.g. drug, gang-related, vice, etc.)</p> <p>Explanation: Allocate funds to provide an increased and continuous police presence along the Bleecker Street Corridor (between LaGuardia Place and Sixth Avenue) and in the Gansevoort/14th Street area during the late evening and early morning hours. CB 2 is concerned about quality-of-life issues stemming from the increase in nightlife activity in these areas. In particular, there has been a steady stream of noise complaints from problem bars along Bleecker and Macdougall Streets.</p> <p>Responsible Agency: Police Department</p> <p>Location Site Street: Bleecker Street Cross Street 1: LaGuardia Place Cross Street 2: Sixth Avenue</p>	NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.
25	302201825E	<p>Request: Other NYPD staff resources requests</p> <p>Explanation: Allocate funds to improve training for traffic enforcement agents to make pedestrian safety their highest priority.</p> <p>Responsible Agency: Police Department</p>	This NYPD request is funded.
26	302201826E	<p>Request: Reconstruct or upgrade a building in a park</p> <p>Explanation: Allocate funds for the installation of benches in Minetta Green, Minetta Triangle, and Golden Swan. These three luscious oases of green amid our asphalt jungle would be enhanced by benches that allow pedestrians to sit and relax in these enclosures. Some benches have already been installed and have proven very popular. Our request is that more benches be installed.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Minetta Triangle. Golden Swan</p>	Further study by the agency of this request is needed.

27	302201827E	<p>Request: Assign additional traffic enforcement officers</p> <p>Explanation: Allocate funds to conduct a pilot program using marked and unmarked police motorcycles and scooters to enforce distracted driving laws. Distracted driving, including inattention from increased mobile phone calling, texting and use of other electronic devices while driving, has become one of the major causes of auto collisions, injuries and fatalities. A Western Australian Police program utilizing marked and unmarked motorcycles moving easily through congested traffic reports significant success in ticketing drivers using mobile phones, reduction in mobile phone use while driving, and catching other driving offenses</p> <p>Responsible Agency: Police Department</p>	The Department can not fund this request at this time and recommends that the Community Board contact elected officials for the funding.
28	302201828E	<p>Request: Provide or expand NYC organics collection program</p> <p>Explanation: Allocate funds to expand the program for residential and commercial composting in Community District 2. Residents of CD2 were pioneers in the recycling movement, and Community Board 2 urges the Department of Sanitation to expand its composting program in our district.</p> <p>Responsible Agency: Department of Sanitation</p>	This program is currently funded and the Department of Sanitation recommends its continued support.
29	302201829E	<p>Request: Improve safety at homeless shelters</p> <p>Explanation: Fund a "Safe Space" Shelter Program for homeless transgender individuals in the NYC Shelter System. Transgendered individuals are special targets for abuse and violence within the shelter system as constituted now and require separate facilities.</p> <p>Responsible Agency: Department of Homeless Services</p>	Implemented in March 2016, HOME-STAT is the nation's most comprehensive street outreach program, with nearly 500 workers to help transition homeless individuals from the streets and into shelters. Funding has also been enhanced for additional safe haven beds, drop in centers, and supportive housing units to ensure that those living on the streets have opportunities to come inside and connect to the support services they need.

02	303201802C	<p>Request: Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Allen Street / Pike Street Malls Explanation: Six malls have been completed and seven malls remain to be reconstructed. This is a highly visible location, and currently unconstructed malls attract garbage and dead bikes. This has a negative impact on local businesses and does not address the lack of amenities needed by the community and tourists. Additionally, \$2 million has been allocated for the Delancey Street Comfort Station. If this project does not move ahead, the Parks Department should reallocate the funding to the remaining malls.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Allen Street and Pike Street</p>	Department of Parks and Recreation funds are insufficient for this project. 09	303201809C	<p>Request: Renovate interior component</p> <p>Explanation: Funding for Enhancements to the Kitchen Facilities at PS 188 (The Island School) Explanation: M188 serves the most meals in D1, in one of the smallest cooking/serving spaces. The kitchen is in need of a renovation to improve food service for students of the three schools in the building, which could be achieved by an expansion to the cooking/preparation area by removing the wall separating the kitchen and service area. The service area can be expanded by creating 2 separate serving lines, for better and faster service, and through installation of a walk-In refrigerator/freezer to replace refrigeration units in service and storage areas. And, according to the DOE's September 2015 report on Accessible Schools, of the 10 schools in CSD1 that serve 6-8 grade students, only two are even deemed "Functionally Accessible." 01	303201801E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: Funding for Summer Youth Employment Explanation: The Summer Youth Employment Program (SYEP) provides New York City youth between the ages of 14 and 24 with paid summer employment for up to six weeks in July and August. This year, we had over 54,000 jobs available, but more than 130,000 applications are received each year. In the current economy, more slots are needed for our low- and moderate - income youth; 50% are turned away each year. These teens need job opportunities instead of environment that does not encourage them to be productive.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	DYCD has increased funding in this service area.
02	303201802E	<p>Request: Other facilities for the homeless requests</p> <p>Explanation: Increased funding for Social workers in family shelters Explanation: there are 362 social workers in 72 families with children sites. CB 3 has social workers in only 2 facilities.</p> <p>Responsible Agency: Department of Homeless Services</p>	The Agency is evaluating all families with children shelters to allocate adequate social workers to meet the ideal client to social worker ratio.
03	303201803E	<p>Request: Enhance home care services</p> <p>Explanation: Baseline Homecare Funding \$4.8 million was added to achieve paid parity for DFTA case managers and \$1.8 million to address the case management waitlist. Next year, the paid parity funding will increase to \$7.3 million. This means DFTA will see an increase in the number of people who will require homecare. Homecare programs must be fully fund homecare programs so no seniors will have to be on a waitlist for homecare.</p> <p>Responsible Agency: Department for the Aging</p>	DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.

04	303201804E	<p>Request: Improve public housing maintenance and cleanliness</p> <p>Explanation: NYCHA Staffing: Housing maintenance staff: ground and building maintenance and skilled trades Explanation: There is a serious backlog of repairs and maintenance</p> <p>Responsible Agency: Housing Authority</p>	The agency will try to accommodate this issue within existing resources.
05	303201805E	<p>Request: Other services for homebound older adults programs</p> <p>Explanation: Create funding stream for unpaid care givers Explanation: DFTA currently receives \$4 million from the federal government to provide support for unpaid caregivers. With the passage of Intro. 1081, which requires DFTA to survey and create a plan to support unpaid caregivers, the Administration create a funding stream to ensure that programs supporting caregivers are funded.</p> <p>Responsible Agency: Department for the Aging</p>	DFTA is aware of the growing aging population and continues to fund programs in this CD, as well as advocate for increased Federal, State, and City funding to enable seniors to remain independent, and to support homebound frail seniors and their caregivers.
06	303201806E	<p>Request: Other facilities for the homeless requests</p> <p>Explanation: Funding for additional safe haven beds Explanation: Community Board 3 is currently experiencing a crisis with street homeless. There are not only more homeless, some of the beds previously designated for street homeless have been redesignated for subway homeless, which is also dramatically increasing. Safe haven beds are low-threshold housing that enable street homeless to transition to housing and have proven effective. Currently there are not always beds available and street homeless have had to wait for this form of shelter.</p> <p>Responsible Agency: Department of Homeless Services</p>	Implemented in March 2016, HOME-STAT is the nation's most comprehensive street outreach program, with nearly 500 workers to help transition homeless individuals from the streets and into shelters. Funding has also been enhanced for additional safe haven beds, drop in centers, and supportive housing units to ensure that those living on the streets have opportunities to come inside and connect to the support services they need.

07	303201807E	<p>Request: Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p>Explanation: COMPASS Explanation: CB 3 is home to more than 21,600 children under 18 years of age, many of whom need e programs like the Comprehensive After School System of NYC (COMPASS), which is made up of over 800 programs serving K-12. There are over 10 programs in the Lower East Side, but many of these have waitlists and there is a lack of funding particularly for neighborhood-based elementary as well as high school slots that need to be increased.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>Presently, there are a variety of agency-funded programs in the district for this target population. Additional programs are contingent upon available funding and will be distributed through an RFP process. Organizations are encouraged to apply.</p>
08	303201808E	<p>Request: Other senior center program requests</p> <p>Explanation: Fully Fund Senior Centers Explanation: A large number of senior centers are currently funded by DFTA. However, the senior centers that do not receive enough funding go to the City Council. In FY17, the City Council provided Senior Centers with over \$5 million with two Initiatives. DFTA should pick up the cost to fully fund all senior centers.</p> <p>Responsible Agency: Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.</p>
09	303201809E	<p>Request: Provide case management, cash assistance, or social services</p> <p>Explanation: Increased HASA funding for supportive housing for homeless people with AIDS Explanation: Benefits provided by HASA to people with AIDS were recently expanded to include anyone who is HIV positive. This eligibility expansion will mean that NYC will be the only jurisdiction in the country that will guarantee a rental subsidy to low-income people living with HIV regardless of if they are HIV+ or have an AIDS diagnosis. The City estimates that this change will impact upwards of 6,000 people at a cost of about \$60 million. It will have a significant impact on addressing the number of HIV+ people who are homeless.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>The Agency provides services for people who are eligible under certain guidelines.</p>

41	304201841C	<p>Request: Provide a new NYPD facility, such as a new precinct house or sub-precinct</p> <p>Explanation: Provide a new NYPD facility and precinct district for CD4: It is time to regroup all of MCB4 within a single precinct that incorporate all the new areas in development for commercial and residential use. These combined with the exponential influx of residents, commuters and businesses in and around Hudson Yards calls for the creation of a new precinct and a redistribution of territory. We request the remapping of our district from 4 precincts to 1 or at most 2 precincts</p> <p>Responsible Agency: Police Department</p>	This is not recommended for funding because it is not an efficient use of resources to open a new police precinct or substation. To establish an additional precinct requires splitting personnel resources (including additional administrative positions) between the existing precinct and the new precinct. Consequently, the net effect may result in a reduction of officers available for patrol in the precinct because the new facility would require adequate administrative and support staff.

22	304201822E	<p>Request: Other zoning and land use requests</p> <p>Explanation: Modify the special permit process for off-street parking in new residential buildings. The current methodology for calculating parking for special permit findings does not reflect the realities of CD4, particularly in West Chelsea. In this instance, the identified agency is NYPD. NYPD may consider expanding the available services it provides to handle these complaints. If the issue is not for NYPD, then the Office of Operations should determine the agency responsible to address sidewalk obstruction complaints. Once a determination has been made, 311 will update its content to reflect the correct routing of these types of complaints to the appropriate agency.</p>

01	306201801C	<p>Request: Provide more housing for extremely low and low income households</p> <p>Explanation: CB6 requests the preservation of existing and the development of NEW low- and moderate-income housing in CD6. Over the past 15-20 years, a loss of Mitchell-Lama, and loss of Section 8 housing, and loss of rent-controlled and loss of rent-regulated housing, have caused areas in CD6 to become increasingly more income segregated. In order to support and retain our existing population and promote economic diversity, we call upon the City to commit at least \$20 Million to provide new or reclaimed low-and moderate-income housing within our district in the forthcoming year.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.

A Memorandum of Understanding between New York State & New York City is now in place detailing the funding sources for construction of the esplanade from East 38th St. to East 59th St. Certain particulars of funding, such as UN Plaza-related dispositions are yet to be accomplished. 03	306201803C	<p>Request: Provide more housing for special needs households, such as seniors, or the formerly homeless</p> <p>Explanation: CB6 asks that additional housing units be built for the homeless mentally ill population in the spirit of the NY/NY supportive housing programs. Too many mentally ill people are on the streets, in shelters or in jails where they do not receive support or medications. For these individuals, supportive housing will sharply reduce shelter recidivism and greatly improve the City's quality of life. More NY/NY-type units are needed citywide. In light of the homelessness crisis, we ask that the final disbursements be made through the NY/NY III program and that funding be expedited towards Mayor De Blasio's new 15,000-unit City-led goal. We include a special note to New York State, asking for full funding of the Governor's 20,000-unit statewide commitment.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p> <p>Supported by: Mental Health Association of New York City</p>	<p>The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.</p>

05	306201805C	<p>Request: Provide a new or expanded health care facility</p> <p>Explanation: The Children's Comprehensive Psychiatric Emergency Program at Bellevue Hospital is the only psychiatric emergency care environment in New York State, and one of three in the world, dedicated solely to the care of children and adolescents. The C-CPEP census doubled from 2011 to 2012 and almost doubled again in 2013. With significant growth in volume, it is essential that Bellevue expand the physical space dedicated to these services. Space has been identified to enlarge the waiting area, add 4 consultation rooms for emergency evaluations and Interim Crisis Clinic visits, and to add office space for new staff. All that is lacking is the funding to make this possible. Project cost estimated at \$840,000.</p> <p>Responsible Agency: Health and Hospitals Corporation</p> <p>Supported by: Bellevue Hospital Center Community Advisory Board</p> <p>Location Site Name: Bellevue Hospital C-CPEP Address: 462 First Avenue</p>	<p>NYC Health + Hospitals will consider funding this capital need with future non-City capital financing.</p>
06	306201806C	<p>Request: Provide more housing for special needs households, such as seniors, or the formerly homeless</p> <p>Explanation: CB6 requests city dollars be committed to the development of additional permanent housing for homeless families within our district. There is an insufficient supply of housing for homeless families. HPD needs to allocate to homeless families just five percent (5%) more of the vacant units that become available annually from the city's existing affordable housing resources. These resources include public housing, Section 8 rent subsidies and units developed by HPD, and inclusionary zoning on rezoned manufacturing and Brownfield sites.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.</p>

Of first priority are the following: HVAC (33 tons), radiators, boiler and elevator replacement. There was misunderstanding as to funding status for this in FY2017. As it is not included in the capital budget, we would like for this to be revisited by the agency and City Council.</p> <p>Responsible Agency: New York Public Library</p> <p>Location Site Name: Kips Bay Library Address: 446 Third Avenue</p>	Further study by the agency of this request is needed.
08	306201808C	<p>Request: Other FDNY facilities and equipment requests</p> <p>Explanation: Provide a back-up generator to Manhattan's Engine 016/007. After Superstorm Sandy, New Yorkers became aware of how our first responders could be limited in carrying out their important work when first-line equipment fails due to flooding or blackouts. Engine 16 confirms the firehouse does not have a generator, even though they are located in the postSandy Manhattan power-loss zone.</p> <p>Responsible Agency: Fire Department</p> <p>Location Site Name: Engine 16/Ladder 7 Address: 234 E 29th Street</p>	Emergency generators are being installed throughout firehouses on a yearly basis, priority established by Fire Operations, funding is reliant on Federal Grants. Repairs and upgrades to facilities must be scheduled carefully so overall (and local/neighborhood) emergency response operations are not negatively impacted. Additionally, these requests must be prioritized so more critical issues (e.g., health and safety or operational response issues) are addressed first. We repair all facilities as resources and priorities allow.

09	306201809C	<p>Request: Renovate or upgrade existing precinct houses</p> <p>Explanation: CB6 requests that the 13th Precinct receive funds for a full renovation or replacement of the precinct house. With crime-fighting shifting more and more to technology-heavy approaches, precincts should be fully equipped with state of the art hardware that would increase the efficiency of uniformed and civilian staff. Precinct houses should not only function but also look like 21st Century policing facilities, with better layouts and access points that reflect modern departmental methods. NYPD management acknowledges the need and requested our support for this request.</p> <p>Responsible Agency: Police Department</p> <p>Location Site Name: 13th Precinct Address: 230 E 21st Street</p>	<p>This project was funded in a prior fiscal year and the scope is now underway.</p>
10	306201810C	<p>Request: Create a new, or renovate or upgrade an existing public library</p> <p>Explanation: The Epiphany Branch Library requires a partial interior renovation to meet ADA compliance and requires immediate replacement of its windows. The library envelope reconstruction is currently funded at \$1,080,000, but there is a shortfall of at least \$1 Million as per NYPL estimates. We ask that all work at the Epiphany Branch be fully funded, including interior ADA compliance and full window replacement, to guaranty its use by the widest possible audience.</p> <p>Responsible Agency: New York Public Library</p> <p>Supported by: New York Public Library</p> <p>Project Id(s): LNCA12EPH</p> <p>Location Site Name: Epiphany Library Address: 228 East 23rd Street</p>	<p>Further study by the agency of this request is needed.</p>

12	306201812C	<p>Request: Create a new senior center or other facility for seniors</p> <p>Explanation: The Board understands the lack of fed & state funds, but asks DFTA to aggressively advocate for such funds & seek city funds, in conjunction with other agencies, to ensure adequate services to our aging population. CD6 only has Stein Ctr & the Center at St. Peter's, a satellite location of Lenox Hill Houses. CB6 also notes DFTA's objective to provide innovative senior ctrs and the life-long learning concept clearly fits in the innovative approach. If an addtl physical location is not feasible now, we ask that centers in CD6 have these enhanced programs and that DFTA use future support programs for seniors in other spaces such as colleges & schools.</p> <p>Responsible Agency: Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Given the \$18 million the city and state allocated in 2015 to NYCHA for comprehensive security upgrades throughout its developments, we strongly request any uncommitted funds be used to replace all these doors entirely with layered access control (LAC) technology, including security key fobs, for all buildings within this local NYCHA development.</p> <p>Responsible Agency: Housing Authority</p> <p>Supported by: Pearl Stroud, Property Manager, Strauss Houses 344 East 28th Street Residents Association</p> <p>Location Site Name: Straus Houses and 344 E 28th St</p>	In order to fund this initiative contact local elected officials for appropriations.

20	306201820C	<p>Request: Renovate or upgrade an elementary school</p> <p>Explanation: The windows on the fifth floor of PS 40 are in poor condition, allowing heat to escape and creating extra expenses to air condition the school. Custodians must constantly reopen them when ventilation is needed, as they do not remain open on their own. Replacement of the windows would make the students and staff more comfortable and save the Department of Education some money on their heating and electric bills.</p> <p>Responsible Agency: Department of Education</p> <p>Location Site Name: PS 40 Address: 320 E 20th Street</p>	Unable to prioritize funding for this project request at this time.

With library usage at record highs, primarily by those seeking to use computers for job searches, college applications, grant and benefits research, and other essential reasons, branches should be equipped with additional and upgraded computer stations and fiber optic cabling. 22	306201822C	<p>Request: Reconstruct or upgrade a building in a park</p> <p>Explanation: Manhattan CB6 requests that all park comfort stations be made ADA compliant. In Stuyvesant Square Park, this requires complete rehabilitation of the comfort station. 26	306201826C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: CB6 requests that Dept of Parks and Recreation include an irrigation system at Sutton Place Park that ensures the longevity of new and existing landscaping. This cluster of institutions, in addition to university and training facilities, make our district ideal for construction of additional, affordable research lab space and tech-related incubators. The rising cost in the traditional office corridors discourages greater expansion of these industries in New York. Current levels of maintenance and operations staff are not adequate to maintain our parks, and our landscaping suffers from lack of gardening. It should be noted that non-governmental funding (i.e. conservancies) is not available for any parks in CD6. 05	306201805E	<p>Request: Enhance park safety through more security staff (police or parks enforcement)</p> <p>Explanation: Park Enforcement Patrol (PEP) officer presence reduces illegal or inappropriate behavior and increases the opportunity for peaceful and safe enjoyment of the parks by both children and adults. CB6 would like more frequent patrols in our district. Current levels of roving enforcement are not sufficient to address quality of life issues in our parks; more fixed patrols are needed. In this vein, we support funding of 1 additional sergeant and 8 additional PEP officers for Manhattan South.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
06	306201806E	<p>Request: Other NYPD staff resources requests</p> <p>Explanation: In light of recent staff increases, we request that the 13th Precinct, at a minimum, maintain its 2015 uniformed staff levels of 190 (requests for updated numbers have gone unanswered). Some enforcement issues, particularly those related to safety of our seniors, pedestrian safety, and quality of life issues cannot be aggressively monitored at prior, lower staff levels. We would like to see an increase in Police presence & enforcement against illegal and/or dangerous bike riding; expanded enforcement of noise violations; expanded number of bicycle-equipped officers; greater vigilance on issues arising from homelessness; and action against public nuisances and recent upticks in vagrancy near transit points, shelter facilities and parks.</p> <p>Responsible Agency: Police Department</p> <p>Location Site Name: 13th Precinct Address: 230 E 21st Street</p>	NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.

07	306201807E	<p>Request: Enhance home care services</p> <p>Explanation: Allocate Additional Funding for Home Assistance Programs for the Elderly in CD6. 15.6% of the population of the district is over age 65 and the mean age in the district is the oldest in the city. CB6 requests a higher level of attention to its elderly population. Increased availability of home assistance may become particularly important after the cutbacks in services at senior centers throughout the area. This method of care is far less expensive than subsidized nursing home care, which is typically the alternative.</p> <p>Responsible Agency: Department for the Aging</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.</p>
08	306201808E	<p>Request: Conduct traffic or parking studies</p> <p>Explanation: Intersections such as 23rd and 2nd Ave have had incidence of pedestrian-automobile collisions, 57th and 2nd Ave and 34th and FDR Dr have high general collision rates. Traffic jams plague CD6, particularly on approaches to the Midtown Tunnel, 59th St Bridge and the lengths of 2nd and 3rd Aves. Despite bus lanes, our buses are frequently stuck in traffic. Pedestrian-bicycle incidents are on the rise. A planned sanitation garage may bring dozens of trucks to sections of the district. As the Mayor continues to roll out the Vision Zero plan, a comprehensive traffic study in CD6 should be incorporated into the strategy. We are aware that an East Midtown traffic study was conducted and request that it and any other studies be made available to the Board as we await a district-wide survey.</p> <p>Responsible Agency: Department of Transportation</p>	<p>The agency will try to accommodate this issue within existing resources.</p>

09	306201809E	<p>Request: Enhance or expand noise pollution abatement and enforcement programs</p> <p>Explanation: Increase staffing of Noise Pollution Control Inspectors. In recent years, 311 and other reports show noise as #1 complain in the district. Aside from noise from late-night revelers and bars/restaurants, CD6 has also experienced increased complaints due to traffic congestion. Our roads are narrower due to bike/bus lanes and we have major approaches in our borders, such as the Queensboro Bridge and Queens Midtown Tunnel - the latter currently undergoing major shutdowns for improvements. We also host the 34th St Heliport and large construction projects that deserve monitoring. More inspectors would stay ahead of complaints with 24/7 monitoring, rather than the current after-the-fact on-site visits.</p> <p>Responsible Agency: Department of Environmental Protection</p>	The agency will try to accommodate this issue within existing resources.
10	306201810E	<p>Request: Reduce rat populations</p> <p>Explanation: Reports of rats increased significantly in 2014 and despite a multi-agency effort, rat control is still a problem. Increased construction planned in the district in the next few years will only exacerbate the problem. We also take note of the need to coordinate rat abatement activities through adequate park maintenance, litter enforcement, and increased sanitation pickups. Major infestations persist throughout the district and additional efforts are needed.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	DOHMH continues to increase the number of inspections performed annually and has expanded our successful rat indexing approach to Manhattan (which has more than one inspector). We also continue to respond to all 311 complaints and readily participate in walk-through events requested by the community in areas of concern. Feel free to contact us to request a walk-through. Additional services would be contingent upon available resources.

11	306201811E	<p>Request: Provide more community board staff</p> <p>Explanation: Increase funding for CB6 Office to hire an additional staff member in charge of special projects to organize, coordinate and promote programming for, among other things, youth and senior activities and services. The Board Office is already overburdened by district-wide issues as well as individual constituent cases that require followup and constant monitoring. They support the Board in various capacities not limited to communication with city agencies with which CB6 has ongoing business. The "special projects" staff member would not only concentrate on sub-specialty issues that require frequent offsite work, but can take on responsibilities as needed whenever the office's caseload is at its highest. It would enhance and streamline the way our Board interacts with our community.</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p> <p>Location Site Name: Community Board Six Office Address: 866 United Nations Plaza</p>	The community boards' budgets will be maintained in FY 2018.
12	306201812E	<p>Request: Assign additional traffic enforcement officers</p> <p>Explanation: We have elsewhere requested maintaining uniformed staff levels at the 13th Precinct and increasing staff at the 17th. This request is specifically directed at the need for increased enforcement of parking and traffic violations which is under a separate command in the NYPD. CD6 residents are mostly pedestrians. Vehicles in pedestrian crosswalks or traveling in a dangerous manner are a threat, particularly to our aging population, and cause congestion in a traffic-plagued district. In addition, drivers who cause air and noise pollution through excessive honking, unmuffled exhausts and idling should be penalized. Bike and bus lanes are not being respected. Many of these facets fall in line with the Mayor's Vision Zero plan and could be addressed with increased traffic officers.</p> <p>Responsible Agency: Police Department</p> <p>Location Site Name: 13th and 17th Precincts</p>	NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.

13	306201813E	<p>Request: Enhance park safety through design interventions, e.g. better lighting</p> <p>Explanation: A video security system at Bellevue South Park would increase security for people using the park and help identify and deter criminal activity. Manhattan CD6 board office continues to receive notices from residents about problems at this site.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Kips Bay Neighborhood Alliance</p> <p>Location Site Name: Bellevue South Park Address: 315 East 26th Street</p>	Further study by the agency of this request is needed.
14	306201814E	<p>Request: Provide programs for homeless veterans</p> <p>Explanation: The city is making strides towards eradicating this subset of the homelessness, encapsulated in the Veteran Service Unit (VSU). CB6 requests that those efforts continue to be funded so that we hit our target of zero veterans living on the street. Additional support to keep them housed is also warranted. This special population deserves our appreciation and attention.</p> <p>Responsible Agency: Department of Homeless Services</p>	The Agency has established Master Leasing to support homeless veterans which includes programs and services to address client's individual needs.

15	306201815E	<p>Request: Other traffic improvements requests</p> <p>Explanation: A paving crew should help with traffic conditions in CD6, while it would save money due to vehicular damage claims against the city. We have been informed by DOT sources that additional staffing is necessary to meet the needs of maintenance and repair of streets in our District. This would prevent lane closures, improve traffic in spots, and avoid damage to cars, trucks and city vehicles due to potholes and sinkholes. According to the Comptroller's Office, \$138 Million was spent on pothole claims in New York from 2010-2015 and wait time for pothole repairs as of July 2015 average 7 days.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Report from the Office of the Comptroller</p>	The agency will try to accommodate this issue within existing resources.
16	306201816E	<p>Request: Enhance programs for elder abuse victims</p> <p>Explanation: With an aging population comes a greater need for attention to crimes perpetrated that are particular to seniors. Combating elder abuse, whether physical (domestic) abuse or the financial kind is critical in a district that has over 15% of its population over the age of 65 (and growing). CB6 asks for additional funds to be devoted to specialized programs developed by the Department for the Aging to identify and prevent these situations. Additionally, more data on the extent of elder abuse in our city would be helpful in identifying needs in the district and citywide.</p> <p>Responsible Agency: Department for the Aging</p>	The agency will try to accommodate this issue within existing resources.
17	306201817E	<p>Request: Increase staff to expand enforcement and preservation efforts</p> <p>Explanation: There are currently 6 designated Historic Districts within the CD6 that need to be monitored and additional areas should be considered for designation. Current Landmarks Preservation Commission staffing levels are not sufficient to physically inspect properties nor to process new (or outstanding) landmark applications.</p> <p>Responsible Agency: Landmarks Preservation Commission</p>	The Landmarks Preservation Commission received funding for, and hired, 5 additional permit-issuing staff and 1 additional enforcement staff in FY 2016. The agency will accommodate this issue within existing resources.

18	306201818E	<p>Request: Enhance park safety through design interventions, e.g. better lighting</p> <p>Explanation: Install Video Camera(s) in the Garden Area of Dag Hammarskjold Park. District residents have reported criminal or offensive public behavior in the Park but PEP Officers and law enforcement are hindered by the need to actually observe the behavior when it occurs. Surveillance by video camera(s) would be a cost-effective means to identify incidents and deter future illegal activity.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Dag Hammarskjold Plaza Address: 831 1st Avenue Site Block: 1339 Lot: 27</p>	Further study by the agency of this request is needed.
19	306201819E	<p>Request: Provide, expand, or enhance job training</p> <p>Explanation: CB6 would like to see enhanced funding for job training programs in existence or under development by HRA and its partners. These programs seek to increase clients' skills, readying them for employment and facilitating their exit from public assistance. These programs and associated training materials should be free or low-cost so as not to deter clients from participating.</p> <p>Responsible Agency: Human Resources Administration</p>	HRA has issued an RFP for improving how the agency helps its clients develop job skills, obtain employment and build sustainable careers that provide a path out of poverty. The improved employment plan included Education, Training and increase Program Participation. With this plan, we can do a better job helping clients develop skills and find work that pays enough to support their families and leave public assistance for good.

20	306201820E	<p>Request: Provide, expand, or enhance preventive services</p> <p>Explanation: CB6 requests that funding be enhanced for preventive services that allow families to remain together while maintaining the welfare of children in the home. We understand these programs are effective in preventing children from entering foster care and can include services such as family or individual counseling, parenting classes, substance abuse treatment, domestic violence intervention, home care, and support for pregnant and parenting teens, among others. However, this funding must be coupled with additional staff and better training for caseworkers to ensure children's safety.</p> <p>Responsible Agency: Administration for Children's Services</p>	ACS does not anticipate a decrease in funding.
21	306201821E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: CB6 notes the value in providing jobs for our city's youth while they are out of class for the summer. It helps teens transition into the disciplinary structure of full-time employment and in many cases, adds much needed income to a household. We understand that the 2015 program was funded for approximately 50,000 participants, the stated goal, but that 100,000 youngsters applied - a major shortfall. Funding was increased for Summer 2016, which we welcome. We ask the city target populations within our district where possible.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	DYCD has increased funding in this service area.
22	306201822E	<p>Request: Increase inspection staff</p> <p>Explanation: We request that TLC increase its number of inspections of illegal idling, pickup, parking and other practices within CD6 and thereby, request an increase in inspection staff. The District includes the UN area and several corporate headquarters. Regulated for-hire vehicles (Black cars) appear to be disregarding traffic and parking regulations and drivers appear to be contributing to litter problems and public health concerns. In light of ride-sharing and car-sharing apps, and ever more participating drivers, additional inspections are needed.</p> <p>Responsible Agency: Taxi and Limousine Commission</p>	The agency will try to accommodate this issue within existing resources.

23	306201823E	<p>Request: Expand funding for fire prevention and life safety initiatives</p> <p>Explanation: Extend Funding of the FDNY CPR Initiative: Community Board 6 endorses this borough-wide initiative. We understand that funding constraints have, in the past, limited the full implementation of this important community program. While some non-governmental funds are available, for example, via the FDNY Foundation, the City should be responsible for any short-fall in funding.</p> <p>Responsible Agency: Fire Department</p>	The FDNY Foundation provides funds to assist the Department in meeting these needs.
24	306201824E	<p>Request: Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p>Explanation: CB6 requests the development of after-school youth services targeted at school children and teens in the district. The overcrowded conditions in our schools require that we provide every opportunity possible to focus on the needs of our school-age children. We recognize that federal and state funding are critical components for financing such projects but we ask that the city take greater responsibility for providing youth services and increase efforts to procure the necessary funding from both government and private-partner sources.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	Presently, there are a variety of agency-funded programs in the district for this target population. Additional programs are contingent upon available funding and will be distributed through an RFP process. Organizations are encouraged to apply.
25	306201825E	<p>Request: Invest in piers or other capital projects to improve access to the waterfront</p> <p>Explanation: Maintenance of CD6's precious few acres of open space is essential. Increased traffic along our waterfront and weather-related damage requires that certain segments be repaved or that brick pavers be replaced as needed. Of particular interest is the segment known as Patrick J. Brown walk, along the East River between 15th and 18th Streets. Please repair this memorial walkway.</p> <p>Responsible Agency: Economic Development Corporation</p> <p>Location Site Street: Patrick J. 01	307201801C	<p>Request: Enhance park safety through design interventions, e.g. better lighting</p> <p>Explanation: Cherry Walk, Riverside Park, 100th to 129th Streets, at the Hudson River, Path lighting (\$250K) The path was built several decades ago without lighting, and it is now very heavily used by cycling commuters, by other cyclists and by many pedestrians. In non-daylight hours, the outline of the path is difficult to discern, and it is often difficult for users to see other cyclists, etc., posing a hazard for commuting cyclists and all users. Illuminate at least the two linear edges of the path but ideally the entire width of the path: several free-standing solar-powered lights; lights attached to existing DOT poles used to illuminate the Henry Hudson Parkway (with DOT coordination); reflective paint; or new glow in the dark road surfacing materials,</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Riverside Park</p>	Further study by the agency of this request is needed.
02	307201802C	<p>Request: Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Kayak Dock, 72nd Street at Hudson River (\$250K) The kayak dock at 72nd Street and the Hudson in Riverside Park needs to be repaired in order to restore the free kayaking program that it serves. Over 90,000 people have participated in the free kayaking program. The program encourages New Yorkers to engage with the river, is a great source of free active recreation and is a natural site for education about safe boating and waterfront ecology. In the spring of 2016, one of the docks pilings failed, making the launching site unusable, and the free kayaking program had to be suspended pending restoration of the dock and its underwater infrastructure.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Riverside Park</p>	Department of Parks and Recreation funds are insufficient for this project. 03	307201803C	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: Fund street-scape safety improvements. Safety at many street intersections could be improved by simple-to-build street improvements. Bulb-outs with sidewalk extensions help decrease the turning radius to slow turning vehicles and shorten the crossing distance for the pedestrian. Starting with those improvements identified in CB7s Nelson-Nygaard study of the West 90s, reviewed and approved by CB7- traffic islands, curb extensions, and simple traffic guiding changes should be implemented to make this area safer.</p> <p>Responsible Agency: Department of Transportation</p>	This request includes more than one proposal. Since it was constructed a couple of decades ago, and particularly as other sections of the Greenway to the north and south of this segment have been opened, the number of cyclists using the Cherry Walk, both commuters and recreational cyclists, has exploded. The Cherry Walk is also heavily used by walkers and runners. It was built without lighting, which makes it dangerous after dark. Furthermore, it has suffered substantial deterioration because of its vulnerable location, unusual storms and its heavy use.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Cherry Walk Riverside Park</p>	Department of Parks and Recreation funds are insufficient for this project. The huge increase in street cuts for utility work, including fiber optics and cable, and construction has left CD7s streets in dire shape. Side streets and intersections are particularly rutted. 16	307201816C	<p>Request: Reconstruct or upgrade a building in a park</p> <p>Explanation: Renovate Dinosaur Playground, West 97th Street, (DPR) \$3.5M Capital Reconstruct the playground, including new play equipment and swings, safety surface, update of bathrooms in the adjacent comfort station, which would be made accessible for people with disabilities.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Dinosaur Playground</p>	<p>Department of Parks and Recreation funds are insufficient for this project. 17	307201817C	<p>Request: Repair or construct new sidewalks, curbs or pedestrian ramps</p> <p>Explanation: Replace Curb Cuts (DOT) TBD, Capital DOT does not have funding to repair existing curb-cuts/pedestrian ramps. CB7 is conducting a survey of all curb-cuts in the district. Phase One of the survey covering 57 curb-cuts from West 60th-89th Streets identified the following conditions: 10 super-bad; i.e.: basically impassable, require immediate fix; 23 severe cases; definitely high-priority and should be repaired as soon as possible; 15 bad but not yet terrible, yet if allowed to deteriorate would probably become severe cases; 9 not great but not good; bear watching.</p> <p>Responsible Agency: Department of Transportation</p>	<p>The agency will accommodate this issue within existing resources.</p>
18	307201818C	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: Fund Speed Cameras (DOT) TBD, Capital Speeding near schools continues to be a problem throughout the district, with some areas, such as West 95th/West 96th Street-with nearby entrances/exits to the Henry Hudson Parkway, a particular concern. Strategically placed speed cameras would make the areas close to schools much safer for children and all pedestrians.)</p> <p>Responsible Agency: Department of Transportation</p>	<p>Red Light Cameras are supported by NYCDOT; their placement locations are not disclosed to the public. 19	307201819C	<p>Request: Reconstruct or upgrade a building in a park</p> <p>Explanation: The Rotunda, West 79th Street in Riverside Park \$100M Federal, State and City funding are needed for the DPR portion of the restoration of the Rotunda, located at W79th Street in Riverside Park. The entire structure is in poor and structurally compromised condition. This joint DOT/DPR project will involve reconstructing the existing roadbed at the traffic circle at W79th Street, and the underlying vaulted ceiling, addressing significant drainage problems and other structural issues. Lighting and drainage infrastructure will be improved throughout the structure, and the inner and outer parapet walls will be reconstructed to meet current safety codes. The DPR portion of the work includes providing ADA access and restoration of park facilities.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Rotunda Riverside Park</p>	<p>Department of Parks and Recreation funds are insufficient for this project. 21	307201821C	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: Fund Red Light Cameras (DOT) TBD, Capital Failure to yield & running red/amber lights with the resultant vehicular/pedestrian accidents resulting in serious injury and/or loss of life - continues to be a serious concern throughout the district. The placement of red light cameras - particularly in areas known to be at a high risk for vehicular/pedestrian conflicts - would send a strong message to operators of vehicles that speeding and improper/illegal movements will not be tolerated, and violators will be prosecuted to the fullest extent of the law.</p> <p>Responsible Agency: Department of Transportation</p>	Red Light Cameras are supported by NYCDOT; their placement locations are not disclosed to the public. 22	307201822C	<p>Request: Reconstruct or upgrade a building in a park</p> <p>Explanation: Build the Green Outlook, Riverside Park (DPR) \$2.8M Capital Build the "Green Outlook" facility on the no longer needed south parking lot near the 96th Street tennis courts, including a landscaped overlook, a solar-powered comfort station using state-of-the-art compost technology and a sustainable parks maintenance building. This project would serve thousands of Greenway users, tennis players and other park users. 32	307201832C	<p>Request: Reconstruct or upgrade a building in a park</p> <p>Explanation: Restore perimeter sidewalk (DPR) \$400K/block Capital The Parks perimeter sidewalks along Central Park West have buckled and present tripping hazards. 01	307201801E	<p>Request: Other community board facilities and staff requests</p> <p>Explanation: Increase Community Board budgets (OMB) Community boards have not received a budget increase for non-personnel costs in more than twelve years. Meanwhile, costs and demands for services have increased dramatically. In 2014, DC37 agreed to a contract that modestly increases salaries of its members. Following the usual pattern, salaries of other unions and management will increase by the same amounts as DC37s. Board budgets, which are currently baselined at \$233,911, must be increased to reflect increasing OTPS costs. (FY08#4; FY09#6; FY10#1; FY11#1, FY12#1; FY13#1; FY14#1; FY15#1; FY16#1;FY17#1)</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p>	The community boards' budgets will be maintained in FY 2018.
02	307201802E	<p>Request: Improve trash removal and cleanliness</p> <p>Explanation: Solar trash compactors for Verdi Park (\$21K) Verdi Park is overrun with rats. It has an extremely high ratio of food consumption to square footage. Its benches attract a large number of homeless people, and its current plantings facilitate the establishment of rat burrows. Then-Council Member Brewer allocated \$50,000 in capital funds several years ago for the purchase of 10 solar trash compactors for Verdi Park, but those funds were never deployed. Six solar compactors purchased immediately as expense budget items at approximately \$3500 per unit would substantially improve the rat situation in Verdi Park, without regard to other future capital renovations also addressed to reducing the rat infestation. 03	307201803E	<p>Request: Other garbage collection and recycling infrastructure requests</p> <p>Explanation: Funding for a dedicated collection truck to service the street recycling cans. Green and blue recycling cans have been added to street corners in MCD7. DSNY services them once a week. In budget consultations, DSNY said they do not have funds for additional service. The recycling is overflowing and the cans are left open by people collecting cans. MCD7 is the pilot for this program, which is not working well given the lack of service. Service is needed at least 3 times a week, if not daily.</p> <p>Responsible Agency: Department of Sanitation</p>	The Department of Sanitation is in the process of evaluating the need and feasibility of this request.
04	307201804E	<p>Request: Assign additional uniformed officers</p> <p>Explanation: Restoration of the number of police officers in precincts and PSAs. The number of uniformed officers in our precincts and housing developments was modestly increased in FY2016. CB7 seeks 15 uniformed patrol officers to enforce traffic regulations in CD7 and restoration of the overall headcount to 50,000 and the number of uniformed patrol officers to 40,000, which would fully staff Vision Zero, community policing, sector patrols, enforcement of traffic and bicycle regulations, and special units.</p> <p>Responsible Agency: Police Department</p>	NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.
05	307201805E	<p>Request: Renovate or upgrade public housing developments</p> <p>Explanation: Add Skilled Trades Personnel for Public Housing Repair (NYCHA) TBD, Expense NYCHA developments in CD7 have a significant backlog of repair requests in residents apartments. Repairs are made when there are enough of them to warrant the issuance of a contract. Having skilled trades (plumbers, electricians, carpenters) do the work at these developments would result in timely repairs, a reduction of the backlogs and increased well-being for the residents. Furthermore, more resources need to be put into training NYCHA residents to fill the jobs that should be directed at addressing the backlog of repair requests.</p> <p>Responsible Agency: Housing Authority</p>	The agency will accommodate this issue within existing resources.

06	307201806E	<p>Request: Improve trash removal and cleanliness</p> <p>Explanation: Pest control personnel. \$50K Parks has only two exterminators for all of Manhattan. The rodent population in parks has exploded in recent years. In District 7, Verdi Square, Strauss, Theodore Roosevelt and Riverside Parks, the Broadway Malls, and several playgrounds have had extreme rodent infestations. An additional exterminator would allow Parks to address infestations through a variety of systematic and sustainable measures.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.</p>
07	307201807E	<p>Request: Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p>Explanation: Increase baseline funding for after-school and OST programs in MCD7. Afterschool programs ensure that children are safe in the hours between the end of school and the end of their families' work day, when they would otherwise be most vulnerable, and provide opportunities for remedial instruction, enrichment, and safe play. Certain of these same programs continue to provide these same safe and affirming environments during school breaks in the summer. While the FY15 purported to baseline funding for these programs at a sustainable level, funding for these programs was slashed between the release of the Mayors Preliminary and Executive Budget.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>Presently, there are a variety of agency-funded programs in the district for this target population. 08	307201808E	<p>Request: Other request for services for vulnerable New Yorkers</p> <p>Explanation: Funding for hunger - food insecurity outreach HRA administers \$3 billion in federal money for SNAP, which does not go through city budget. Since 2012 the number of applications has been down, with a reduction of 6% in 2014. The new Foodhelp.nyc program reaches out through CBOs and kiosks around town to enroll SNAP (Food Stamp) recipients, especially seniors and legal immigrants. Single adults without dependents now qualify for SNAP, and fingerprinting is no longer necessary. Faith based food pantries and community kitchens continue to feed the homeless with volunteer help and funding from their congregants and community. Community kitchens such as WSCAH also administer SNAP outreach, job training, and government funded benefits.</p> <p>Responsible Agency: Human Resources Administration</p>	The Agency provides services for people who are eligible under certain guidelines.
09	307201809E	<p>Request: Address air quality issues</p> <p>Explanation: Dedicated enforcement staff for anti-idling law The NYC idling law is intended to reduce pollution that harms our health. It also is addressed to limiting the use of non-renewable fossil fuels. The Upper West Side is particularly vulnerable to asthma and other health problems from pollution because of our high population density and the continued use of polluting fossil fuels for heating our buildings. DEP has no funds budgeted for enforcement of the anti-idling law, nor does NYPD or Traffic Enforcement.</p> <p>Responsible Agency: Department of Environmental Protection</p>	The agency will try to accommodate this issue within existing resources.

11	307201811E	<p>Request: Provide better park maintenance</p> <p>Explanation: Park Enforcement Personnel for Riverside Park and District 7. \$625K Community District 7 is covered by the eight city funded PEP that report out of North Meadow in Central Park. These PEP cover both the east and west sides of Manhattan from 59th Street to 115th Streets, and Riverside Park. They also help cover other calls that fixed post officers (there are ten fixed post officers in Central Park funded by the Central Park Conservancy) in Central Park cannot cover. While the FY15 budget provided funding for increased staff (Associate Park Service Workers, City Parks Workers, and Gardeners), additional funds are needed to rebuild the agency's permanent, year-round workforce, which has been substantially reduced because of budget cuts from its former baseline.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Riverside Park</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
14	307201814E	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: Thermoplastic street markings With many lane markings fading, as well as lane alignments shifting, it is vitally important for safety that the Department of Transportation have the requisite funds in their budget for painting and maintaining lane markings, pedestrian crossings, and no-parking zones. (New)</p> <p>Responsible Agency: Department of Transportation</p>	The agency will accommodate this issue within existing resources.
15	307201815E	<p>Request: Extend library hours or expand and enhance library programs</p> <p>Explanation: While the operation of branch and research libraries have been stabilized, and 6-day service at most locations has been restored, after the drastic cuts to the NYPL operating budget in prior years, those restorations were made by the City Council, and were not baselined. In addition, only in the last one- to two years have branches begun to have sufficient budget room to begin to replace the professional staff lost to reductions and attrition during the lean years. It is therefore critical that the lifeline that branch libraries represent to the entire community, from early childhood, struggling students, teens needing a safe environment outside school time, and adults learning skills or looking for work.</p> <p>Responsible Agency: New York Public Library</p>	With the support of the Community Boards, the Borough Presidents, the Mayor and the City Council, six day library service was restored in neighborhood libraries. In addition, without the availability of this work force, community-based organizations serving children and youth cannot meet their adult-to-child ratios, making those programs less effective.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	DYCD has increased funding in this service area.

21	307201821E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: Increase Staff for Tree Pruning and Stump Removal (DPR \$2M Citywide, Expense DPR has more than 8,400 street trees in District 7, not including does Central and Riverside Parks. Funding for emergency pruning and a 10-year pruning cycle would make it possible for Parks to respond more rapidly to requests for tree pruning and stump removal, and would reduce safety concerns.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
22	307201822E	<p>Request: Provide better park maintenance</p> <p>Explanation: Street Tree Bed Maintenance DPR has more than 8,400 street trees in District 7. This does not include the trees in Central and Riverside Parks. While DPR looks to adjacent building owners to maintain, including voluntary plantings, the beds of street trees, DPR itself does not have any service to maintain the tree beds. In many tree beds, the soil becomes so compacted that water and air cannot reach the tree roots. Parks planted the last of One Million Trees in October of 2015, and it should have a service that assures that this major investment will thrive. A program in MCD7 would demonstrate the importance of tree stewardship; the diversion of rain water away from sidewalks and sewers; and the value of disrupting rat borrows.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	Further study by the agency of this request is needed.

23	307201823E	<p>Request: Expand homelessness prevention programs</p> <p>Explanation: NY/NY4 City and State need to fund together NY/NY4 to provide more supportive housing, especially permanent supportive housing, with long term funding for support services. People are homeless due to disabilities requiring support services or financial difficulties that require monetary and employment help. Supportive housing is by far the most successful way to end homelessness for individuals and families living with physical and mental disabilities and other challenges. Providing housing first, gets homeless people back on their feet and allows them to pull their lives together more quickly. Research has shown a 50% decrease in alcoholism when homeless are housed.</p> <p>Responsible Agency: Department of Homeless Services</p>	In December 2016, the City awarded contacts to 11 organizations to provide 550 supportive housing units. The units are part of the Mayor's plan to create 15,000 units of supportive housing during the next 15 years
24	307201824E	<p>Request: Other educational programs requests</p> <p>Explanation: Increase funding for Physical Fitness Programs (DOE) \$55K/school Expense Regular exercise is acknowledged as necessary for both physical and mental well-being. School overcrowding and scheduling changes to accommodate curriculum requirements have reduced gym and recess time. CB7 advocates keeping at least two playgrounds open after school hours for children to play.</p> <p>Responsible Agency: Department of Education</p>	Further study by the agency of this request is needed.
25	307201825E	<p>Request: Reconstruct or upgrade a building in a park</p> <p>Explanation: Synthetic Turf Repair DPR has installed synthetic turf fields as park of several playground restorations, all of which experience heavy use throughout the year, as well as the effects of several severe winters. CB7 recommends that DPR contract for regular service to repair and maintain these synthetic surfaces to extend their useful lives and prevent injuries to the youth and adults who use them.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.

26	307201826E	<p>Request: Reconstruct or upgrade a building in a park</p> <p>Explanation: Synthetic Turf Field Installations (\$250K) Provide funds to purchase materials so that Parks staff can install synthetic turf fields, as was done last year at the Lions Gate Field in Sara D. Roosevelt Park. Installation by Parks staff has the potential to cost significantly less than installation by private contractors. (New)</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
27	307201827E	<p>Request: Other request for services for vulnerable New Yorkers</p> <p>Explanation: Accessibility. Compliance with the ADA needs to be monitored. All West Side residents should be able to enjoy its resources. All agencies should have staff insuring that: Traffic lights should reflect the pace at which the elderly and disabled are able to move. They should also alert the visually handicapped to red lights. Stores and public buildings should be accessible to wheelchairs. ADA compliance needs to be enforced. Resources for seniors and the disabled should be widely publicized. Playgrounds in schools and parks should include facilities for the disabled.</p> <p>Responsible Agency: Department of Transportation</p>	The agency will accommodate this issue within existing resources.
28	307201828E	<p>Request: Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Inclusive Playgrounds Playgrounds in schools and parks should consider children with disabilities in planning and building. 29	307201829E	<p>Request: Data Integration/Accessibility</p> <p>Explanation: Responsible agency: Department of Information Technology and Telecommunication (DoITT) TBD, Capital Since passage of the open data law in 2012, New York City agencies are now required to make data relevant to the public available online. The potential to use this data to inform public policy is enormous. However, much of the data is not in searchable format, nor can it be combined effectively with data from other departments. CB7 would like funds allocated to update and integrate data so it is searchable and useful in identifying trends and analyzing city policy. Priority #26. 30	307201830E	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: Fund placement of safety signage. (DOT) TBD, Expense There is a lack of signage where the Henry Hudson Parkway exits on to West Side streets, at the 79th Street & 95th-96th Street exits. As this may be the first place vehicles are actually on NYC streets from their point of origin, it is essential that New York City's rules & regulations be visible to motorists who may not be aware of them. "NYC Law-no right on red", "NYC Speed Limit 25mph unless otherwise posted" are especially important. Additionally, there is a paucity of speed limit signage throughout the West Side.</p> <p>Responsible Agency: Department of Transportation</p>	The agency will try to accommodate this issue within existing resources.

01	311201801C	<p>Request: Provide more housing for special needs households, such as seniors, or the formerly homeless</p> <p>Explanation: The increased cost of housing has drastically impacted seniors. They have fewer housing choices, particularly those that are mobility impaired and need access to elevators or more intensive assisted living arrangements. HPD and DFTA must identify local, State and Federal sources of housing subsidies to encourage the development of age-friendly affordable housing and a range of assisted living options in East Harlem. Residents should receive Community Preference for apartments in new Senior Housing being developed in their community, and targets should be set in other new developments to ensure that seniors can age comfortably and safely in place. Additionally, HPD should create a specific program that will regularly monitor and inspect the housing conditions of vulnerable seniors.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	The agency will accommodate this issue within existing resources.
02	311201802C	<p>Request: Provide more housing for extremely low and low income households</p> <p>Explanation: There remain many vacant properties or under-utilized residential buildings in East Harlem. It is imperative that the community, elected leaders and HPD work collaboratively to create the necessary incentive(s) for private property owners to upgrade and maintain their properties for active residential use. Newly developed or rehabilitated apartment buildings must include a balance of mixed-income units that also include a percentage of units for low and extremely-low income households. Further, the community should receive preference for 50% of the newly developed/rehabilitated housing to ensure local housing needs are addressed.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	Further study by the agency of this request is needed.

NYCHA tenants regularly complain about their inability to secure necessary repairs to their apartments. There must be more accountability and efficiency in how repairs are made. With long waiting lists of potential tenants, NYCHA must set aside capital funds to repair warehoused apartments that have been vacant for years.</p> <p>Responsible Agency: Housing Authority</p>	The agency will accommodate this issue within existing resources.

Tenants regularly complain about broken appliances, holes in floors/walls, no heat or hot water and erroneous eviction notices when rent has been paid. Community advocates must work together to secure funding to hire dedicated lawyers to provide legal representation for tenants that are being harassed by landlords. Sources of potential funding include elected officials and private fundraising. HPD and the DOB must increase code enforcement and inspections to ensure buildings are up to code and safe.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>HPD will accommodate this issue with existing resources as it pertains to the Housing Maintenance Code. 04	311201804E	<p>Request: Expand other incentive programs to catalyze new capital investment and growth of quality jobs</p> <p>Explanation: The lack of retail diversity along commercial corridors causes local residents to purchase certain goods and services outside of the community. East Harlems commercial corridors only capture 35% of the consumer expenditure potential of local residents and \$484 million in potential annual retail sales escape the community each year. There is a high demand for local stores that provide entertainment services such as a movie theater, fitness/recreational services, sporting goods, books, electronics/computer goods and supermarkets with better quality foods. Incentives should be provided to encourage the development of these businesses.</p> <p>Responsible Agency: Department of Small Business Services</p>	Sponsor group should apply to SBS through the funding process. These clients for the most part refuse to go to transitional shelter for a myriad of reasons. the public may see the clients on the street and may feel like nothing is being done because they seem them at the same location. In working with the street population it often takes time (months and in some cases years)to build trust with the individuals on the street. We need additional transitional opportunities to move those clients on the street who want to come in off the street.

Register of Community Board Budget Requests

For The Preliminary Budget
Fiscal Year 2018

Queens

The City of New York
Bill de Blasio, Mayor

FY 2018 Preliminary Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Preliminary Budget reports the FY 2018 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2018 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Preliminary Budget recommendation for each budget request.

31	404201831C	<p>Request: Improve streetscapes in business districts to attract / encourage commercial activity, e.g., lighting, sidewalk improvements</p> <p>Explanation: Requesting streetscape improvements to aid in the beautification of commercial corridors throughout the district specifically Junction Blvd. bet Roosevelt Ave. & 43rd Ave. and 82nd Street bet. Roosevelt Ave. & Baxter Ave. While the 82nd Street BID does in fact maintain the latter section, improvements to lighting, flood mitigation, benches, planters etc. would be a welcome addition to both sections of road in the hopes that local businesses would benefit from the beautification.</p> <p>Responsible Agency: Department of Transportation</p>	Standard street lights can only be replaced if the request is accompanied by funding to cover all equipment, construction, and additional electrical costs and a Maintenance Agreement is signed with a City Chartered organization willing and able to pay for the associated maintenance cost-i.e. Business Improvement District.

32	404201832C	<p>Request: Other affordable housing programs requests</p> <p>Explanation: While the Department of Housing Preservation and Development (HPD) provide loan programs the increased need for such programs can not be overlooked. Community Based Organizations (CBO's) such as Neighborhood Housing Services (NHS), do a great job in providing such services, but the demand for increased programs is exceedingly present specifically in low density (2-3 family) homes.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	This request includes more than one proposal. Funding for part is recommended.
33	404201833C	<p>Request: Maintain replacement cycle for trucks and equipment</p> <p>Explanation: In the wake of the Blizzard of 2014 several snow plows and utility vehicles underwent extensive damage. In order to meet current and future needs, funding is being requested to maintain the replacement cycle, for DSNY trucks and equipment.</p> <p>Responsible Agency: Department of Sanitation</p>	All Department of Sanitation heavy-duty equipment is on a normal replacement cycle.
34	404201834C	<p>Request: Provide technology upgrade</p> <p>Explanation: Many schools within our district strongly need tech upgrades such as whiteboards, laptops, calculators, tablets, etc. We are aware that the newer schools came with a lot of these tech upgrades already, so focus should be put towards the remaining pre-existing schools.</p> <p>Responsible Agency: Department of Education</p>	This capital project is included within an agency lump sum for the out years.

35	404201835C	<p>Request: Make infrastructure investments that will support growth in local business districts</p> <p>Explanation: Infrastructural improvements to commercial corridors throughout the district could help to stimulate local economy. Specific attention should be given to a stretch of road bet. Roosevelt Ave. and Baxter Ave.; a section of CB4Q's only Business Improvement District (BID) in need of flood mitigation. Similarly, Junction Blvd from Roosevelt Ave to 43rd Ave needs similar improvements. Businesses along these segments suffer endlessly from waterlogged basements, and sink holes along their streets. Requesting funding for assistance in identifying the issues present at these very important corridors.</p> <p>Responsible Agency: Department of Transportation</p>	Further study by the agency of this request is needed.
36	404201836C	<p>Request: Other FDNY facilities and equipment requests</p> <p>Explanation: The majority of the firehouses within our district already have generators in case of a power outage. However, Engine 289 in Corona does not. Funding is being requested to provide generators to any firehouse in the district lacking one.</p> <p>Responsible Agency: Fire Department</p> <p>Location Site Name: Engine 289 Address: 97-28 43rd Avenue</p>	Emergency generators are being installed throughout firehouses on a yearly basis, priority established by Fire Operations, funding is reliant on Federal Grants. Repairs and upgrades to facilities must be scheduled carefully so overall (and local/neighborhood) emergency response operations are not negatively impacted. Additionally, these requests must be prioritized so more critical issues (e.g., health and safety or operational response issues) are addressed first. We repair all facilities as resources and priorities allow.

38	404201838C	<p>Request: Provide more housing for special needs households, such as seniors, or the formerly homeless</p> <p>Explanation: With the homeless crisis sweeping throughout the city, many communities have been seeing an increase in the number of shelters popping up within their constituencies. CS	404201846C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: We must decide whether this should be a passive or active park. On any given morning, tai-chi practitioners can be seen using this park religiously between the hours of 7 and 10am. CS	404201849C	<p>Request: Expand child care services</p> <p>Explanation: In order to encourage higher education for the adults of CB4, a day care facility should be looked into. CS	404201850C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Louis Simeone Park was originally constructed as a passive park. Soccer and baseball games have worn out the grass in the center of the park. Redesign the park to maintain the passive nature that was intended for this location. The adjacent Mac Park is a heavily utilized playground with outdated exercise equipment that is used mostly by park goers from the adjacent Louis Simeone Park. We continue to support funding for both of these parks as a "package deal."</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Louis Simeone Park</p>	This project was funded in a prior fiscal year and the construction contract has been let.

CS	404201853C	<p>Request: Other NYPD programs requests</p> <p>Explanation: NYPD specialized task forces work well when they are present, but they are temporary. Roosevelt Avenue, 40 Ave. & 100 Street, LeFrak City, National Street and Baxter Avenue are high crime areas and would benefit from a permanent task force.</p> <p>Responsible Agency: Police Department</p>	NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. CS	404201854C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Residents of the Elmhurst community have been jogging along the outdoor perimeter of Newtown Field (92nd Street and 57 Avenue) for years as no official track exists within the area. However, a mere 2 blocks away, and sitting directly on the border of CB4, is Hoffman Park, a heavily utilized 3 acre park in need of renovation. In our opinion, this is a prime location for a proper jogging track. Ideally, funding can also be used to alleviate the prominent floor cracks that can be seen throughout the basketball, handball, and baseball fields. We will continue to support the renovation of this park, based on BP allocation of funds.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Hoffman Park</p>	This project was funded in a prior fiscal year and the final design contract has been let.

01	404201801E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: There is a backlog of requests for tree pruning. The current pruning cycle is far too long. Funding is needed to shorten this cycle, and to restore pruner and climber positions to the DPR. A shorter year pruning cycle will produce stronger, healthier, and better looking trees. A strong maintenance program is needed to care for existing trees and for the continuation of the million additional trees that are to be planted in NYC.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
02	404201802E	<p>Request: Study land use and zoning to better match current use or future neighborhood needs</p> <p>Explanation: CB4Q is experiencing overdevelopment at an alarming rate. Existing one and two family homes are demolished and replaced with high density buildings that are out of character with the surrounding neighborhood. The existing infrastructure was built mainly for low density housing and the additional units place an undue strain on our fragile infrastructure. Requesting that DCP evaluate the current zoning in CB4Q taking into account the current state of our infrastructure, and identify areas where zoning changes would improve the quality of life for our constituency.</p> <p>Responsible Agency: Department of City Planning</p>	Further study by the agency of this request is needed.
03	404201803E	<p>Request: Expand graffiti removal services on private sites</p> <p>Explanation: The ongoing problem of graffiti plaguing our district continues to grow. Homeowners affected by tree roots lifting sidewalks should not have to wait years before repairs are completed. Although funding has increased in the past, an additional increase in FY 2017 is requested to help complete the existing backlog of requests.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.

06	404201806E	<p>Request: Upgrade communication equipment to improve emergency response</p> <p>Explanation: Increase funding for maintenance of existing ERS boxes. While we understand that ERS boxes are somewhat outdated, they are still necessary. Existing ERS boxes should continue to be maintained and periodically inspected. Further emphasis should be put into the amount of time that damaged boxes are repaired. 08	404201808E	<p>Request: Increase enforcement of illegal posting laws</p> <p>Explanation: Several commercial corridors and their surrounding areas are infamous for illegal postings on utility poles, walls, and construction fences. The entire stretch of Roosevelt Avenue from 72nd Street to 114th Street and its adjacent side streets are havens for these postings. Business owners do their best to remove these flyers, but with zero enforcement, it is a losing and discouraging battle. 11	404201811E	<p>Request: Expand funding for fire prevention and life safety initiatives</p> <p>Explanation: The FDNY Fire Safety Educational Unit needs additional funding to provide smoke detectors and carbon monoxide detectors for distribution to the public. 12	404201812E	<p>Request: Create or promote programs to de-stigmatize mental health problems and encourage treatment</p> <p>Explanation: Funding request is to put emphasis into the de-stigmatization of mental and drug-related illnesses in multiple languages. People fear what they don't understand; this includes family members who in many cases don't know where to turn. Explanations, public campaigns, and a push for treatment should be more aggressively brought to our communities.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	DOHMH funds a variety of services related to mental health, alcohol, drug abuse, and depression. 14	404201814E	<p>Request: Expand tenant protection programs</p> <p>Explanation: Tenant protection services are designed to preserve affordable housing by detecting and curtailing patterns and practices of landlord fraud. With the dramatic growth seen within CB4 our constituency is in need of extensive services that would help them to preserve their quality of life. Funding is being requested for expansion of these programs.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.</p>
15	404201815E	<p>Request: Other animal and pest control requests</p> <p>Explanation: With mosquito-borne illnesses such as Zika, and West Nile within our communities, funding request would entail more staffing, and the continuation of public awareness campaigns to teach prevention in multiple languages. 17	404201817E	<p>Request: Create or promote programs for education and awareness on nutrition, physical activity, etc.</p> <p>Explanation: The communities of Elmhurst and Corona both see farmers' markets, and several campaigns geared towards condoning walking, and riding vs driving. Our communities would like to continue to see expansions of programs (WIC at farmers' markets, bike helmet giveaways, health insurance, etc.) Material and outreach should be emphasized in multiple languages.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	DOHMH is committed to helping New Yorkers live healthier lives and plans to continue funding for obesity and physical activity programming contingent upon available resources.
18	404201818E	<p>Request: Support BID formation planning</p> <p>Explanation: CBQ currently has a small BID stretching from Roosevelt Avenue to Baxter Avenue, however other sectors throughout the district would benefit from this initiative. 19	404201819E	<p>Request: Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p>Explanation: There is a tremendous need for after school programs for elementary school students grades k-5. At this early stage in the students' lives, it is important to have enriching programs that are both educational and fun. Said programs will also help parents who have limited work hours, will help the children with social skills, and give students an advantage as they progress in their education.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	Presently, there are a variety of agency-funded programs in the district for this target population. Additional programs are contingent upon available funding and will be distributed through an RFP process. Organizations are encouraged to apply.
20	404201820E	<p>Request: Provide new or expand green infrastructure, e.g. greenbelts, bio swales</p> <p>Explanation: Requesting more staffing for the maintenance of the recently implemented Green Infrastructure initiative. Currently DEP staff is scheduled to maintain and clean these sites on a weekly basis, but a majority of our sites go for weeks, possibly months with no visits. Additionally, CB4Q has reported several cases in which homeowners receive summonses for garbage in these bioswales. Current staffing is simply not enough. 23	404201823E	<p>Request: Increase enforcement of dirty sidewalk/dirty area/failure to clean area laws</p> <p>Explanation: Several areas of our district are seeing a substantial amount of garbage pile up, with little to no penalty to the property owners. Commercial corridors such as Queens Boulevard, Roosevelt Avenue, Junction Boulevard, Broadway, and National Street near Corona Plaza are infamously known for excessive littering, but enforcement is scarce. Inspectors have often been witnessed turning a blind eye to several establishments. The quality of life of our small businesses along these specific corridors are in need of a more cohesive campaign to clean up our streets.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.</p>

01	405201801C	<p>Request: Build new, expand or repair storm sewers</p> <p>Explanation: Redesign and Reconstruct Sewer System in Portions of the CB5Q Area. After heavy rains, CB5Q has received complaints of extensive street flooding & basement sewer backups in many parts of our communities. Aged sewer lines likely need to be replaced, enlarged or realigned to reduce flooding and resulting property damage. We look forward to completion of funded sewer projects in the Penelope Avenue area, in Middle Village, and along parts of 69 Street and Calamus Avenue, on the Woodside/Maspeth border. Our primary need now is solutions to reported sewer backups and street flooding in the Cooper Avenue area and in the 77 Avenue and 78 Avenue areas of Glendale. We thank NYC DEP and DDC for their efforts toward the start of building a better sewer system.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Glendale Property Owners Association</p>	This project is included in the ten-year plan.
02	405201802C	<p>Request: Build new, expand or repair storm sewers</p> <p>Explanation: Reconstruct Deteriorated Catch Basins and Provide New Catch Basins in the Community Board 5Q Area. There is an increasing need to replace deteriorated brick catch basins with pre-cast concrete structures. We have had many catch basins that have adjacent cave-in conditions, and/or where the structure is sunken. There is an on-going need for new catch basins to reduce street flooding during rainstorms. For example, there is a real need for basins to be installed in Edsall Avenue, from 71 Place to 73 Street, in Glendale.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Glendale Property Owners Civic Association Ridgewood Property Owners Civic Association</p>	Catch basin installations are determined in accordance with drainage plans promulgated by DEP according to our engineering standards, appropriate zoning and other variables. New catch basins are only installed as part of a capital project for an entire street or intersection.

03	405201803C	<p>Request: Plant new street trees</p> <p>Explanation: Provide New Street Tree Plantings and Provide Funding for Dead Tree Removals, Stump Removals, and for Planting Replacement Trees, Especially Considering Losses from the 2010 Macrobust, 2011 Hurricane Irene and 2012 Hurricane Sandy. The tornado that devastated portions of the CB5Q area on 9/16/2010 resulted in the loss of several hundred trees. Ongoing funding is needed for new street tree plantings, for the replacement of dead trees and the removal of street tree stumps. Hurricane Irene uprooted many additional trees. CB5Q has, for decades, pushed for new street tree plantings. Street trees reduce air pollution, asthma and other respiratory problems, and beautify city streets.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Ridgewood Property Owners & Civic Association Glendale Property Owners Association</p>	<p>Department of Parks and Recreation funds are insufficient for this project. Studies have been conducted but physical safety improvements have not been performed to improve pedestrian and vehicular safety at several Maspeth intersections. Funding is needed to physically improve safety conditions at these critical intersections. Pedestrians are especially at risk. We look forward to NYC DOT taking a leadership role to enhance pedestrian and motorist safety in the Grand Avenue/69 Street area of Maspeth, especially considering the Mayor's emphasis to greatly reduce traffic fatalities and serious injury.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Maspeth Chamber of Commerce</p> <p>Location Site Street: Grand Ave Cross Street 1: 69th Street Cross Street 2: LIE Eastbound Service Road</p>	<p>Capital funding constraints, project capacity and City-wide priorities preclude this project at this time.</p>

As a short term measure, 73rd Place was resurfaced from Metropolitan Ave to 70 Ave., as were several other area roadways. This areawide project will include replacement of water mains, sewer lines, sidewalks, curbs, street lighting and roadway reconstruction of all streets in area bordered by Metropolitan Ave to the north, the LIRR and Cooper Ave. No. Service Rd to the South, 80 Street to the east and 73 Place on the west, not including Metropolitan Ave & 80 Street.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Middle Village Property Owners Assoc.</p>	Capital funding constraints, project capacity and City-wide priorities preclude this project at this time.
13	405201813C	<p>Request: Reconstruct streets</p> <p>Explanation: Reconstruct Edsall Avenue from 71 Place to 73 Place in Glendale. A thorough sewer system study, including analysis of flow patterns to treatment plants, needs to proceed and be accomplished in the very near future so that street flooding and basement sewer backups can be greatly reduced. The jogging path around the ball fields is very narrow and there isn't any security lighting in this part of the park. These fields need to be reconstructed, and the best option for multiple sports use (such as baseball, soccer, football) is to install a safe artificial turf-type field surface which will give much better wear. 29	405201829C	<p>Request: Reconstruct streets</p> <p>Explanation: Reconstruct 75th Street from Eliot Avenue to Juniper Boulevard North, in Middle Village. Although the bureau of Highways crews have resurfaced 75th Street in the past 8 years, it is quite evident that this street needs reconstruction. Due to extensive roadway and sidewalk settlement, resurfacing is but a short-term solution. The portion of the roadway adjacent to the Learning Tree Day Care Center is higher than the sidewalk, causing unhealthy water accumulation.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Juniper Park Civic Association</p> <p>Location Site Street: 75th Street Cross Street 1: Eliot Avenue Cross Street 2: Juniper Boulevard North</p>	Capital funding constraints, project capacity and City-wide priorities preclude this project at this time.

A Phase II project is needed to rehabilitate the asphalt softball field, and consideration should be seriously given to upgrading the ball field with a safe synthetic surface, which could be used for several sports. Soccer has become extremely popular, and organizations like the Blau Weiss Gottscheer Soccer group have numerous teams that have to travel far to play outdoor soccer. This park is located adjacent to P.S. 68.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Ridgewood Property Owners & Civic Association Glendale Property Owners Association</p> <p>Location Site Name: Evergreen Park-Playground</p>	This project was funded in a prior fiscal year and the preliminary design contract has been let.

Residents have advocated for the establishment of a more permanent dog run in Juniper Valley Park in Middle Village. Recent cost estimates are projected to be somewhere in the range of \$750,000. It is questionable whether there is sufficient open space to accommodate a dog run inside Juniper Valley Park since there are so many competing uses there including seven (7) ball fields, a running track, two (2) children's playgrounds, a football/soccer field, bocce, tennis and basketball courts, and a roller hockey rink, in addition to landscaped areas. 01	405201801E	<p>Request: Assign additional uniformed officers</p> <p>Explanation: Assign Additional Personnel for the 104th Police Precinct Patrol Force. Within the last 5 years, the patrol strength of the 104th Pct. has dropped under 130 officers. In 1995, there were approx. 200 officers, exclusive of sergeants & lieutenants for Ridgewood, Maspeth, Middle Village, and Glendale. At least 170 officers are needed for the 104th Pct., plus supervisors, to cope with robbery, burglary, violent crime, domestic violence threats, inadequate response times, speeding, auto theft and rowdy youth conditions often caused by substance abuse. The new Atlas Park Shopping Development, which opened in Spring 2006, has put additional pressure on our already overloaded precinct.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: Numerous Local Civic Groups</p>	<p>NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. 03	405201803E	<p>Request: Assign additional building inspectors (including expanding training programs)</p> <p>Explanation: Hire Inspectors and Plan Examiners, in Sufficient Numbers, to Cope with Illegal Uses of Property and Questionable Construction. A separate afternoon/evening and weekend inspection team of 10 inspectors for Queens is critical because inspectors very often can't gain access in the daytime during the work-week. Communities throughout Queens have been plagued with illegal apartments posing dangerous conditions, school overcrowding and more pressure on limited City services. Construction inspectors and plan examiners in adequate numbers are needed to curtail contractors building homes larger than the zoning permits. Currently to our knowledge, Queens has only 27 plan examiners and 19 construction inspectors.</p> <p>Responsible Agency: Department of Buildings</p> <p>Supported by: Numerous Local Civic Groups</p>	This project was funded in a prior fiscal year and the scope is now underway.
04	405201804E	<p>Request: Provide more frequent litter basket collection</p> <p>Explanation: Provide Sanitation Department Cleaning Personnel, to Clean Illegal Dumping and for Litter Basket Collections. Illegal dumping and garbage drop-off locations are a consistent problem in District 5, Queens. In order to alleviate these very problematic conditions, which are potential health hazards and hamper business investment: 1. Restore Clean Team personnel to clean dump-out and drop-off locations on a regular basis, 2. Provide adequate personnel to empty litter baskets at least 6 days a week.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Ridgewood Local Dev't. Corp. 05	405201805E	<p>Request: Provide, expand, or enhance after school programs for middle school students (grades 6-8)</p> <p>Explanation: Provide Funding for Educational and Recreational Programs, for Children and Teens. Funding for after school, evening and weekend delinquency prevention programs should be maintained locally. This is especially critical at a time when far too many children and teenagers are unsupervised by parents or guardians after the school day ends and on weekends. These programs are very critical as they increase self-esteem levels of participants, thereby preventing substance abuse and delinquent behavior. While Beacon Programs are welcome, it is vital that funding for other quality "local" education and recreation programs be a priority. Thankfully, Mayor de Blasio and City Council Members have increased youth program funding substantially.</p> <p>Responsible Agency: Department of Youth & Community Development</p> <p>Supported by: Numerous Local Civic & Community Organizations</p>	<p>Presently, there are a variety of agency-funded programs in the district for this target population. Community District 5, Queens has a very large senior citizen population, many of whom are frail, without adequate care and living alone. The following are necessary programs to meet some of the needs of senior citizens: 1) Provide adequate funding for Meals-on-Wheels programs; 2) Provide adequate funding for congregate meals programs; 3) Provide funding for senior transportation programs; 4) Fund Health Care Programs for the Elderly and Senior Home Care; 5) Fund Emergency Food Programs for Seniors.</p> <p>Responsible Agency: Department for the Aging</p> <p>Supported by: Numerous Local Civics & Community Organizations</p>	<p>DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. 08	405201808E	<p>Request: Provide more frequent garbage or recycling pick-up for schools and institutions</p> <p>Explanation: Continue 5 Times Per Week Garbage Collection and Begin 5 Day a Week Recycling Collection for Schools. The reduction to 2 days per week garbage collection caused unsanitary conditions around many local schools. School collection, 5 days per week, is critical during the school year and during the Summer. It is also important that recycling collection at schools be increased. Five times a week recycling collection is needed for many public schools, as the current conditions result in recyclables crowding school sidewalks.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Ridgewood Property Owners & Civic Association</p>	<p>This is not a budget request. 09	405201809E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: Allocate Funds for the Operation and Enhancement of the Division of Forestry in Queens. There are extensive needs for pruning of trees on city streets and in city parks, which are too numerous for the Division of Forestry to keep up with. There are currently more than 20,000 street tree stumps that need to be removed in Queens. The following budget allocations are needed to address these conditions, and the need to remove dead trees and limbs on an emergency basis: \$2.5 Million for county-wide pruning contract; \$3.5 Million for removal of tree stumps in Queens; \$500,000 for removal of dead trees and limbs. Trees are aging, and risks of falling limbs and dead trees pose dangerous conditions.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Ridgewood Property Owners Civic Assoc. In order to have roadways along commercial strips and in residential communities repaired before dangerous conditions arise, the following requests need to be funded: provide one crew for cave-in repair; 2 crews for pothole repairs; 1 crew for concrete repair; 2 crews for curb replacement; and 1 crew for miscellaneous maintenance (ponding conditions, etc.) daily for Queens. Lawsuits against the City might be greatly reduced if repairs could be done more promptly.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Numerous Local Civic & Community Organizations</p>	The agency will accommodate this issue within existing resources.
12	405201812E	<p>Request: Extend library hours or expand and enhance library programs</p> <p>Explanation: Provide Six-Day-a-Week Service at Local Libraries. 13	405201813E	<p>Request: Other enforcement requests</p> <p>Explanation: Increase the Number of Sanitation Police and Enforcement Agents, Especially in Plain Clothes, to Significantly Reduce Excessive Abuse of Litter Baskets and Illegal Dumping. Because of previous lay-offs, there are now fewer Sanitation Police citywide for illegal dumping. Sanitation Police positions should be greatly increased for illegal dumping, especially since they are revenue producing, and dumping is severely hurting communities. One SEA agent is needed daily in Q5. Severe fines, vehicle impoundments and more publicity, such as frequent press releases to TV and radio stations and major newspapers, are needed to make an example of dumpers and curtail illegal dumping. The abuse of litter baskets on commercial strips has become deplorable, and needs to be better addressed.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Ridgewood Property Owners and Civic Assn. 14	405201814E	<p>Request: Provide better park maintenance</p> <p>Explanation: Assign Sufficient Personnel for Maintenance of Parks in District 5, Queens. Sufficient park workers are needed to meet work requirements for the cleaning and maintenance of the 229.7 acres of parks in CD5Q. Currently, there are only 12 Parks Dept. maintenance staff, including supervisors, assigned for this massive parkland. Skilled maintenance workers (there are only 2 for all of Queens Districts 5, 9, 10 & Forest Park) should be funded year-round. Depending almost totally on POP workers to maintain parks shows a lack of concern for what to many is a most important community asset. Reseeding, aerating and fertilizing ball fields and grassy areas need to be priorities so that large capital expenditures are not wasted. Funding is also needed to hire more seasonal workers.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Numerous Local Civic & Community Organizations</p>	<p>The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.</p>

17	405201817E	<p>Request: Other NYPD staff resources requests</p> <p>Explanation: Hire Traffic Control Agents, School Crossing Guards and Additional School Safety Officers. The City should earmark funding to hire additional traffic control agents: (Traffic Enforcement Agents-Level II), so that heavily travelled Queens intersections can be staffed. This will diminish the need to assign police officers, who are paid more. In consideration of dangerous traffic conditions, funding is needed to hire at least 2 additional school crossing guards for District 5, Queens schools. Most elementary schools have only 1 or 2 School Safety Officers; intermediate schools only have 3 officers, which in many schools is very insufficient.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: Juniper Park Civic Assn. Ridgewood and neighboring communities have seen an increase in the number of people struggling economically. At one point, there were only 4 climbers and pruners to care for more than 327,000 street trees in Queens. Queens needs at least 50 climbers and pruners to remove and prune trees posing dangerous conditions.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Ridgewood Property Owners & Civic Assn. Hurst Tools, Rabbit Tools, defibrillators, power saws, first aid equipment, etc., are needed to ensure the safety of local residents. Funding for Fire Fighters' face pieces is also an important need. Funding is also requested to purchase 10,000 smoke detectors, at a total cost of approximately \$100,000, and 10,000 carbon monoxide detectors, at a cost of \$200,000 for distribution to the public throughout the year. Funding is requested to purchase 10,000 new CPR kits for public training and distribution.</p> <p>Responsible Agency: Fire Department</p>	This request includes more than one proposal. 23	405201823E	<p>Request: Other foster care and child welfare requests</p> <p>Explanation: Fund Bureau of Child Welfare (B.C.W.) Satellite Office in Queens. 04	411201804C	<p>Request: Provide new or expand green infrastructure, e.g. greenbelts, bio swales</p> <p>Explanation: 411201602C - The neighborhood of Doug-Bay is on the shore of Little Neck Bay. Doug-Bay is in hurricane evacuation zones 1-6. During Superstorm Sandy, the area flooded. Residents, concerned with the event of future storms, have asked for flood mitigation along Little Neck Bay. In the 1997, the Port Authority enhanced the existing marsh habitat, removed phragmites, and redesigned the tidal inlets with berms. It was not to abate existing flood problems and the berms would not offer resistance. Due to the increase in severe storms and the vulnerability of the area, it is requested that a flood mitigation project be considered for this area.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Doug-Bay Residents</p> <p>Location Site Street: 233 St. Cross Street 1: 38 Drive Cross Street 2: 41 Ave.</p>	<p>This request will be reviewed as part of the recent MS4 Permit which requires the development of a Stormwater Management Program (SWMP) to reduce pollution reaching waterbodies through the MS4. Register of Community Board Budget Requests

For The Preliminary Budget
Fiscal Year 2018

Staten Island

The City of New York
Bill de Blasio, Mayor

FY 2018 Preliminary Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Preliminary Budget reports the FY 2018 preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2018 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Preliminary Budget recommendation for each budget request.

CS	502201809C	<p>Request: Repair potholes (resurface roads)</p> <p>Explanation: DOT needs to address the flooding that occurs due to streets built below grade level. The streets that have unlevel or low grade levels are the cause for many flood complaints. Attached above are photos that are examples of this problem. Multiple sites along Graham Avenue (i.e. Merrill Avenue and Graham Avenue; Graham Avenue between Victory Boulevard and Speedwell Avenue; Victory Boulevard- on the corner of Graham Avenue)</p> <p>Responsible Agency: Department of Environmental Protection</p>	More information is needed from the community board before making a funding decision. The community board should contact the agency.
CS	502201810C	<p>Request: Expand the frequency or hours of operation of ferries</p> <p>Explanation: It is imperative that commuters ease the already overburdened SI roads & travel more expediently by water. OMB approved a cost limitation of \$6million for the purchase of ferries for the expansion of the East River Ferry Service citywide. The service will consist of 5 new ferry routes and SI, the borough which heavily depends on ferry transportation, has not received additional service. In this realm, BP Oddo has introduced a unique idea to make the commute into Manhattan easier for SI residents. He suggests the possibility of creating another stop or 2 in Manhattan-one at 34 Street and another near South St. The obstacle is piers can't accommodate the size of the SI Ferry. We support the BP's idea and DOT's launching of the feasibility study.</p> <p>Responsible Agency: Department of Transportation</p>	Further study by the agency of this request is needed.

CS	502201811C	<p>Request: Improve access to a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Community Board 2 continues to support the request to open up the road system in Fresh Kills Park, which would connect Richmond Avenue to the West Shore Expressway through Nascent Park. The plan includes a four-lane road that would stem from the Yukon Avenue intersection at Richmond Avenue and traverse the East Park. This would help ease traffic in the surrounding community.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Borough President James S. Oddo Council Member Steven Matteo</p>	Further study by the agency of this request is needed.
CS	502201812C	<p>Request: Create a new senior center or other facility for seniors</p> <p>Explanation: There are vacant buildings on the campus of Sea View Hospital Rehabilitation Center and Home, which could be used for additional housing and services for the elderly and disabled. There are over 40 buildings and less than half are currently being used.</p> <p>Responsible Agency: Department for the Aging</p> <p>Supported by: Borough President James Oddo</p> <p>Location Site Name: Sea View Hospital Rehabilitation Address: 460 Brielle Avenue</p>	DFTA continues to advocate for increased funding to support aging services throughout the five boroughs. Presently, there is no additional funding available to increase program budgets or commence new initiatives.
CS	502201813C	<p>Request: Repair or construct new sidewalks, curbs or pedestrian ramps</p> <p>Explanation: Sidewalks need to be installed on city-owned property where there are none in order to maintain the safety of pedestrians. In addition, sidewalks that are in need of repair need to be repaired immediately. Sidewalks should be a top priority for Staten Island since it is a main form of transportation due to the lack of subway systems.</p> <p>Responsible Agency: Department of Transportation</p>	The agency will accommodate this issue within existing resources.

CS	502201814C	<p>Request: Reconstruct streets</p> <p>Explanation: Request funding to extend Father Capodanno Boulevard from Midland Beach to at least Ebbits Street. This would allow motorists to continue on Father Capodanno Boulevard to alleviate congestion on Hylan Boulevard from Midland Avenue to Ebbitts Street. An alternate route is needed to help alleviate congestion for our residents.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Site Street: Father Capodanno Boulevard Cross Street 1: Midland Beach Cross Street 2: to at least Ebbits Street.</p>	Approval of this request depends on sufficient Federal/State funds.
CS	502201815C	<p>Request: Build new, expand or repair sanitary sewers</p> <p>Explanation: There is a great need to provide additional funding for the installation of sanitary sewers in areas where septic systems still exist. DEP should not spend another penny on upgrades for any other borough's sewer system until ALL Staten Island residents have sanitary sewers.</p> <p>Responsible Agency: Department of Environmental Protection</p>	This request will be reviewed as part of the recent MS4 Permit which requires the development of a Stormwater Management Program (SWMP) to reduce pollution reaching waterbodies through the MS4. CS	502201817C	<p>Request: Provide a new, or new expansion to, a building in a park</p> <p>Explanation: Staten Island is the only borough in NYC that does not have a City-owned indoor swimming pool within their recreation center. Aquatic programs are a beneficial form of exercise for our seniors, while the year-round swimming will act as a positive community activity. For the past two years, CB2's capital budget request has been for the installation of an indoor swimming pool at the Greenbelt Recreation Center. Mayor de Blasio promised to give Staten Island \$50,000,000 for a public indoor swimming pool and we hope it will be in District 2.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Greenbelt Recreation Center</p>	<p>This capital project is included in the agency's departmental estimates for FY 2018. For details check the FY 2018 Preliminary Budget Statement for Capital Projects and/or the current Commitment Plan.</p>
CS	502201818C	<p>Request: Other transportation infrastructure requests</p> <p>Explanation: Community Board 2 supports Councilmember Steven Matteo's proposal to elevate a flood-prone stretch of Travis Avenue from Mulberry Avenue to Victory Boulevard to prevent the flooding that occurs when water from heavy rainstorms falls on the 375-acre nature preserve and collects on the road which causes very dangerous driving conditions. We desperately need to make Travis Avenue a safer roadway. This endeavor may be costly, but in the end, it will be cost effective, as wear and tear repairs will not be needed as frequently, and it will make for safer driving conditions.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Council Member Steven Matteo</p>	<p>Please contact the Borough Commissioner's office to discuss this request.</p>

CS	502201827C	<p>Request: Other transit infrastructure requests</p> <p>Explanation: The West Shore Light Rail system which could provide a reliable and attractive travel choice for Staten Island residents located in South Shore and Mid-Island communities. The light rail is an electric system able to operate single or multiple car train sets along shore or exclusive rights-of-way. The WSLR would extend New Jersey Transit's Hudson-Bergen Light Rail system (HBLRT) over the Bayonne Bridge and into western and southern portions of Staten Island and connect to SIRTOA service at the Richmond Valley Station. 01	502201801E	<p>Request: Assign more teaching staff</p> <p>Explanation: Due to the widespread of substance abuse among our youth, each high school should be assigned a Substance Abuse Prevention and Intervention Specialist (SAPIS) to reduce the prevalence of substance abuse and prevent the escalation of substance abuse behaviors among our youth.</p> <p>Responsible Agency: Department of Education</p>	Approval of this request depends on sufficient Federal/State funds.
02	502201802E	<p>Request: Other water supply system maintenance requests</p> <p>Explanation: There needs to be more frequent cleaning of the creeks to prevent flooding conditions. There is constant flooding in the below locations due to water overflow of the creeks.</p> <p>Responsible Agency: Department of Environmental Protection</p>	This request will be reviewed as part of the recent MS4 Permit which requires the development of a Stormwater Management Program (SWMP) to reduce pollution reaching waterbodies through the MS4. The SWMP plan is currently under development and will be submitted to DEC for approval by August 1, 2019.
03	502201803E	<p>Request: Clean catch basins</p> <p>Explanation: There is a great need to have the catch basins cleaned out regularly. It is important to maintain catch basins to prevent stormwater blockages and minimize the amount of pollutants entering the stormwater drainage system, which discharge into detention basins or directly into streams. Clogged catch basins can also cause water to pond along streets and into yards. This flooding can become a major nuisance to motorists and homeowners.</p> <p>Responsible Agency: Department of Environmental Protection</p>	In past five years (FY 2011 to FY 2015) catch basin complaints declined 16%. Based on recently passed legislation beginning in FY 2017, DEP's 148,000 catch basins will be inspected on a 1-year rotation, and will be cleaned and repaired as needed and also in response to 311 complaints. DEP anticipates that this new legislation will cost DEP an additional \$3-\$4 million per year (beginning in FY 17)

04	502201804E	<p>Request: Other educational programs requests</p> <p>Explanation: Due to the widespread of substance abuse among our youth, each high school should be assigned a Substance Abuse Prevention and Intervention Specialist (SAPIS) to reduce the prevalence of substance abuse and prevent the escalation of substance abuse behaviors among our youth. Also, an expansion of Borough President Oddos Too Good for Drugs Program would benefit the youth by encouraging abstinence from substances. Mentoring programs are effective in preventing drug abuse behaviors, as well as increasing the self-esteem of students and developing academic and personal goals that support a successful future. Perhaps additional mentoring programs within the schools will be beneficial for our youth and their future achievements.</p> <p>Responsible Agency: Department of Education</p>	Approval of this request depends on sufficient Federal/State funds.

06	502201806E	<p>Request: Improve bus cleanliness, safety or maintenance</p> <p>Explanation: MTA needs to increase the amount of wheelchair lift inspections to assure that they function so that disabled riders can utilize bus services. In addition, since express buses are a main source of transportation for many Staten Islanders and have an increase in fares, buses should be upgraded to better quality.</p> <p>Responsible Agency: Transit Authority</p> <p>Supported by: NYC Comptroller Scott Stringer</p>	For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.
07	502201807E	<p>Request: Extend library hours or expand and enhance library programs</p> <p>Explanation: City funding for libraries has been cut by nearly 20% over the past decade and library staff has been reduced by more than 1,000 workers. At the same time, program and class attendance has increased 87% in Staten Island. According to NYPL, libraries in CB2 had 247,470 visits in FY2015. Libraries receive more visits than all local sports teams and city-owned cultural institutions combined. There needs to be an increase in funding to hire additional library staff to accommodate the increase in library attendance.</p> <p>Responsible Agency: New York Public Library</p> <p>Supported by: New York Public Library</p>	NYPL supports this proposal as requested. However, city funded financial support is necessary to implement this project.
08	502201808E	<p>Request: Assign additional staff to address specific crimes (e.g. drug, gang-related, vice, etc.)</p> <p>Explanation: The request is to provide additional funding for additional narcotic officers, to help combat the drug epidemic plaguing Staten Island.</p> <p>Responsible Agency: Police Department</p>	NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. 09	502201809E	<p>Request: Provide more programs in parks or recreational centers</p> <p>Explanation: The high attendance of visitors to the programs at the Greenbelt Recreation Center shows a need for an expansion of the recreation Center to include additional programs and extended hours. 10	502201810E	<p>Request: Other traffic improvements requests</p> <p>Explanation: Traffic Signal Priority (TSP) has been introduced on buses traveling on Victory Boulevard. Buses in Staten Island are already fitted with emitters to trigger their approach at traffic signals for intersection priority. This should be expanded to other routes to make transit travel faster. Increasing communications between the buses and their schedules can help to reduce bus bunching (offering priority only when needed) and improve schedule adherence, particularly important for users connecting to ferry service.</p> <p>Responsible Agency: Department of Transportation</p>	Approval of this request depends on sufficient Federal/State funds.
11	502201811E	<p>Request: Enhance park safety through more security staff (police or parks enforcement)</p> <p>Explanation: We would like the Parks Department to enhance safety through additional security staffing (PEP) officers. 12	502201812E	<p>Request: Other street trees and forestry services requests</p> <p>Explanation: Community Board 2 is requesting additional funding to hire additional personnel to remove the backlogged 3,000 open tree stumps. Tree stumps are dangerous, especially for children and our senior population. They also attract pests and critters.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
13	502201813E	<p>Request: Other park maintenance and safety requests</p> <p>Explanation: The request is to increase funding for seasonal staffing at the NYC Department of Parks and Recreation. Seasonal staff assist in general maintenance work, including lawn mowing, edging, seeding, snow removal, cultivating, fertilizing, sod laying and hedge trimming, sweeping and raking of litter and emptying of receptacles. As we have mentioned previously, litter is an ongoing issue and seasonal staff can reduce the amount of litter. They are also responsible for cleaning and maintaining facilities including comfort stations and are responsible for performing safety checks on facilities and equipment.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency recommends funding this expense budget request in FY 2018, but at this time the availability of funds is uncertain.
14	502201814E	<p>Request: Address air quality issues</p> <p>Explanation: CB2 would like the DEP to monitor excessive engine idling. An hour of automobile idling burns approximately one-fifth of a gallon of gas and releases nearly 4 pounds of CO2 into the air. Excessive amounts of CO2 in the atmosphere can contribute to global warming as well as aggravate asthma, cause coughing and difficulty in breathing, decrease lung function, exacerbate cardiovascular problems and lead to chronic bronchitis.</p> <p>Responsible Agency: Department of Environmental Protection</p>	More information is needed from the community board before making a funding decision. They reduce sidewalk litter, and the recycling containers contribute to the sustainability of our community. The closed top design will prevent the overflow of garbage, which contributes to litter.</p> <p>Responsible Agency: Department of Sanitation</p>	This request is not recommended for funding.
16	502201816E	<p>Request: Install streetscape improvements</p> <p>Explanation: Community Board 2 would like a second permanent road crew on Staten Island to improve our roads. Our residents deserve expansion of these establishments to inspire pride in their cultural backgrounds. For example, The Chinese Scholars Garden in Snug Harbor could have educational programs in music, arts and crafts, dance, exercise and truly be a draw for tourism. The Chinese Scholars garden is one of two authentic scholars gardens in the United States.</p> <p>Responsible Agency: Department of Cultural Affairs</p>	Funding was approved by the Department of Cultural Affairs for FY 2018.
19	502201819E	<p>Request: Provide more funds for teaching resources such as classroom material</p> <p>Explanation: Bullying is a major concern at many schools. We need to stop it before it starts. Young people should be better educated on how bullying can effect students physical and emotional well-being. We need to provide funding for anti-bullying programs in our schools to give teachers and guidance counselors the tools and resources needed to recognize, and address this problem. Also, additional funding is needed to hire more school counselors and more guidance counselors.</p> <p>Responsible Agency: Department of Education</p>	The agency will accommodate this issue within existing resources.
20	502201820E	<p>Request: Assign more non-teaching staff, e.g., to provide social, health and other services</p> <p>Explanation: The youth population needs to have positive role models that demonstrate healthy lifestyles that are aimed towards success.
