FY 2011 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2011 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2011 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2011 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Council District(s): The City Council district(s) where the capital project is located.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

LAYOUT OF EXPENSE REQUEST PAGES

Column 1: Priority Number

Column 2: Tracking Code

01	104201101E	<p>Request: Increase funding for Community Boards and restore all recent and projected cuts to Community Boards.</p> <p>Explanation: The budgets for the community boards have remained flat for the last 15 years, seeing no cost of living increases except for union mandated wage adjustments. Now Community Boards are asked to implement several cuts over the next few years in an attempt to balance the budget. The amount of savings garnered (less than 1/10000th of a percent) is miniscule in comparison to the overall city budget, but devastating to the day-to-day operations of the individual community boards.</p> <p>And so we call for a \$350,000 annual budget due to increased costs in both salaries, purchases and contracts. We need the additional funds for our operating budget. 01	106201002E	<p>Request: Increase the community boards' funding to a minimum of \$350,000.</p> <p>Explanation: The work and responsibilities of the city's 59 community boards has increased dramatically while their base budgets have remained relatively static. Rising costs of such necessities as telephone service, supplies, duplication services and travel make it impossible for community boards to absorb proposed budgetary reductions. Moreover, in order that they may more fully meet their City Charter mandated duties, additional funding over and above their current allocation is warranted. The additional funds will be used to meet rising OTPS expenses and allow for the hiring of Planners and other personnel to assist in planning, service delivery and in some cases the preparation of 197-a plans. To that end, each community board's budget should be a minimum of \$350,000.</p> <p>Responsible Agency: Office of Management and Budget</p>	<p>In FY 2011, each community board's budget will be maintained at the adopted budget level.</p>
02	106201001E	<p>Request: Hire additional police personnel including uniform officers, narcotics enforcement officers, school crossing guards and clerical/administrative personnel.</p> <p>Explanation: The hiring of additional police personnel is needed in order to maintain and improve upon recent decreases in criminal activities within our district. As our district's population continues to grow in number, additional police personnel, including uniformed and plain clothes officers and specialized units (i.e. narctoic enforcement) are needed to keep pace with our changing demographics. Additional clerical/administrative personnel are needed to relieve uniform officers of clerical/desk functions that can be performed more inexpensively by civilians and which take officers away from more direct law enforcement duties such as street patrol and crime prevention. Additional school crossing guards are needed to ensure our students' safe travel to and from school.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: NYPD total staffing levels depend on decisions made in the Preliminary and Executive budget process. Allocation of uniformed personnel is scheduled by the NYPD only after graduation of Police classes from the Academy. Availability of civilian personnel is limited due to recent reductions to the civilian headcount.</p>

Additionally, residents perceive that the decrease in crime has come at the cost of addressing quality of life issues, which cannot be measured by Compstat but are important indicators for determining how safe one feels in the neighborhood. The decision by the Mayor to cancel the academy class to balance the budget is inappropriate and unwise, as history clearly shows that such measures end up costing the city much more in the long run. 25	107201014E	<p>Request: Restore Cuts Slated for All Community Boards Citywide and Provide Additional Funding to Fulfill Charter Mandated Responsibilities.</p> <p>Explanation: The budgets for the community boards have not had a cost of living increase for the last 16 years, except for union mandated wage adjustments. Community boards are being asked to implement several cuts over the next few years in an attempt to balance the budget. The amount of savings garnered (less than 1/10,000th of a percent) is miniscule in comparison to the overall city budget, but devastating to the day-to-day operations of the individual community boards.</p> <p>We ask that the city not decrease the community boards' budget and instead increase the boards' budget to \$350,000.00 each to assure that they can provide the mandated services to their districts.</p> <p>Responsible Agency: Office of Management and Budget</p> <p>Supported by: Local government advocates Community residents, businesses and institutions</p>	<p>In FY 2011, each community board's budget will be maintained at the adopted budget level.</p>

Register of Community Board Budget Requests

For The Executive Budget
Fiscal Year 2011

Brooklyn

The City of New York
Michael R. Bloomberg, *Mayor*
Office of Management and Budget

FY 2011 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2011 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2011 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2011 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Council District(s): The City Council district(s) where the capital project is located.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

LAYOUT OF EXPENSE REQUEST PAGES

Column 1: Priority Number

Column 2: Tracking Code

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

Column 3: Project Information

Request, Explanation, Responsible Agency,

Same as previously described for Capital Requests.

Column 4: Response

Same as preciously described for Capital Requests.

01	201199401E	<p>Request: Increase Funds for Community Boards. We strongly recommend that Boards' budgets be increased. The 59 CBs Citywide still woefully lack adequate funding. They need to be able to hire planners and other skilled professionals to evaluate development projects. The meager budgets provided do not keep pace with inflation & any increased operating costs.</p> <p>Explanation: Charter mandated Community Boards are vital cogs in the City's operating process. Community Boards play a formal role in decisions on land use, have input on capital & expense budgets, & monitoring of service deliver-essentially servings as little City Halls" for their communities. They are responsible sounding boards for the local elected officials and act in consultation with them. They provide constituents an opportunity to have their voices heard on numerous issues, including input at regular monthly meetings & public hearings. They respond daily to the citizenry's complaints and requests for assistance. Today, because of the suffering economy, there is an ever increasing demand for their services.</p> <p>Responsible Agency: Office of Management and Budget</p>	In FY 2011, each community board's budget will be maintained at the adopted budget level.

01	203198026C	<p>Request: Construct a Sanitation Garage in Community District #3 (S-186).</p> <p>Explanation: This request has been one of Comm. Board 3's priorities for the past 29 years. It is our contention that each community within the five boroughs of New York City have their own respective garage to meet the needs of the residents of that area. Bedford-Stuyvesant is no exception. To do this maximizes the man hours and services invested for the community. The less time and distance needed allows for more expedient service. The rapidity with which Bedford-Stuyvesant is being developed means an increase in the population, refuse, recycling, litter, dumping, code violations etc. We should take a proactive stance and be ready for the increase. The Brooklyn Community Board 3 request is that there be no further delays when resources are made available to get this project off the ground.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Council Districts: 34, 36, 41</p> <p>Budget Line: S-186</p> <p>Project Id(s): S-186-224</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates</p>
02	203200901C	<p>Request: Install an Elevator at the Utica Avenue Subway Station (Fulton Street).</p> <p>Explanation: The Utica Avenue subway station is one of the major transportation hubs within the Bedford-Stuyvesant catchements area. This station connects the "A" and "C" trains, the B25 and the B46 buses. It does not meet the needs of the entire population in the area. Persons that are elderly, disabled, or parents with strollers endure a hardship when using this station. Bus delays, malfunctions of equipment (kneeling buses) and other obstacles force the ridership to wait inordinate amounts of time for buses in all types of weather with no recourse. The ADA states that all persons have the right to gain access to public spaces. Therefore, CD3 is requesting that an elevator be constructed at the Utica Avenue subway station.</p> <p>Responsible Agency: Transit Authority</p> <p>Council Districts: 36</p>	<p>The agency will try to accommodate this issue within existing resources. The parks in the area are being or have been renovated thanks to Council members Vann and Mealy and the residents are able to come out and relax. The work is challenging and exciting. In order to serve the community, we must have resources for outreach, research and teaching moments so that the citizens of this community are informed and equipped for the fast paced technical times we live in.</p> <p>Responsible Agency: Office of Management and Budget</p>	<p>In FY 2011, each community board's budget will be maintained at the adopted budget level.</p>
02	203201101E	<p>Request: Hire Additional Manpower for the 81st Precinct.</p> <p>Explanation: Bedford-Stuyvesant's desire is to be the home of a safe and economically sound community for its residents to live, work and recreate. We work diligently with the precincts and community groups to strategize toward that goal. The 81st Precinct, under the leadership of Deputy Inspector Mauriello is committed to this goal as well. However, the precinct is short staffed. There needs to be more officers visible in the community as a deterrent to crime. With additional officers, the negative elements will know that this community has a zero tolerance for preying on its citizens, especially seniors and youth. The issues of gangs and guns can and will be defeated in this community if we are equipped with the appropriate tools and resources.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.</p>

03	203201102E	<p>Request: Fund a Dedicated Skywatch for the Bedford-Stuyvesant Community.</p> <p>Explanation: The impact of Skywatch in a neighborhood is dramatic. In known trouble spots where there is gun and gang violence, the difference in the level of incidents drops and in most cases becomes non-existent. It is a major deterrent. At the present time, Brooklyn North has just one and it is spread quite thin. Such a powerful weapon against crime should be readily available to a community rife with violence, gangs and guns. Areas are being burglarized and robbed consistently. Drugs are sold openly on the streets. In those areas, having the ability to have police presence while Skywatch is in the more violent areas is maximization of enforcement efficiency. We the Bedford-Stuyvesant community are working to stay on top of these issues.</p> <p>Responsible Agency: Police Department</p>	<p>Further study by the agency of this new request is needed. Therefore, OMB does not take any position.</p>
04	203201108E	<p>Request: Allocate Funding for Additional Staff for PSA (NYCHA).</p> <p>Explanation: PSA has an awesome task to provide law enforcement for NYCHA. It is imperative that the developments' residents are afforded the security and safety that adequate PSA staff will be able to provide. Many issues erupt from, or are traced back to NYCHA. Without enough staff, it is a difficult task at best and fosters poor community relations. With enough officers, the random stop/frisk procedures that take place because of inadequate staff would not be necessary. When you are short staffed and situations are crucial, there is a tendency to err on the side of perceived caution. The combined efforts of PSA and NYPD can have a major impact on crime in and outside NYCHA if the efforts are supported by adequate staff for both agency arms.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: NYPD total staffing levels depend on decisions made in the Preliminary and Executive budget process. Allocation of uniformed personnel is scheduled by the NYPD only after graduation of Police classes from the Academy. Availability of civilian personnel is limited due to recent reductions to the civilian headcount.</p>

05	203201103E	<p>Request: Ensure There Are No Cuts to Our Schools That Will Directly Affect the Classrooms.</p> <p>Explanation: While we recognize that the school administrators have control over how money is spent in their respective schools, it is imperative that there are no cuts implemented that will directly affect the classroom. The decision makers need to feel that if they create environments that support the students' abilities to be capable of competing in the markets of today and tomorrow, then they can feel safe supporting technology, the arts, academic assistance including after school programs and extended day programs as well. Frugality for the purpose of being secure in the event of cuts due to budget restraints is short-changing our youth of crucial skills that build tools for their future. If cuts have to be made, it should be a priority that the classroom itself is safe.</p> <p>Responsible Agency: Department of Education</p>	<p>OMB supports the agency's position as follows: Budget adjustments to schools are contingent upon funding levels determined by the City and/or State.</p>
06	203200502E	<p>Request: Hire Additional Manpower for Sanitation Enforcement.</p> <p>Explanation: Every community deserves to be maintained as a clean environment for its inhabitants. Sanitation Enforcement helps sustain that. However, there are too few enforcement officers to stay on top of the issues. Refuse and debris are being dumped in parks on corners in lots and in front of vacant buildings. Businesses are dumping their refuse in front of private property and on corners at litter baskets instead of the appropriate carting practices. More pets in the community with irresponsible owners create a walking hazard. These infractions are committed between midnight and dawn. Sufficient manpower for enforcement officers to operate effects positive change and eventual elimination of these issues. Zero tolerance is our policy.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

07	203201002E	<p>Request: Provide Funding for Additional Staff for Manual Sweeping Within the Confines of Bedford-Stuyvesant.</p> <p>Explanation: The deployment of manpower to manually sweep has made a major impact on our streets. At this time, only certain areas are serviced. The difference in these areas is evident and the corners are cleaner. This then prompts the property owners to keep their areas clean as well, when the refuse is not blowing from the corners back in front of their property. Debris that collects at catch basins is removed and the foul odor from decaying garbage is less. In the areas serviced by manual sweeping, there is little or no pooling on those corners after heavy rains. This is a service that directly affects the cleanliness in a community and we would like to see it expanded to cover the entire district.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>OMB supports the agency's position as follows: Although the Department of Sanitation supports restoration of this program, due to fiscal constraints the availability of funds is uncertain.</p>
08	203200902E	<p>Request: Increase the Number of Inspectors for Housing Code Compliance.</p> <p>Explanation: Development in Bedford-Stuyvesant is proceeding rapidly. The codes set by the Department must be monitored carefully. Shortcuts and careless practices can lead to unstable conditions for the future inhabitants of newly constructed buildings and surrounding communities. The fast pace of development today is an awesome undertaking for code enforcement regarding new construction, renovations and complaints. It is imperative there be enough manpower to stay abreast of any infractions for the safety of the community. Additionally, with so much construction, structural stability to existing edifices is crucial. Inspectors cannot perform effectively if they are stretched too thin. Compliance is not an option, it is mandatory.</p> <p>Responsible Agency: Department of Buildings</p>	<p>Further study by the agency of this new request is needed. 09	203200914E	<p>Request: Continue Funding for Obesity Prevention and Outreach Programs.</p> <p>Explanation: We must continue to fund Obesity Prevention and Outreach Programs. The problems caused by obesity are increasing. 29% and rising of adults in Central Brooklyn are obese, that is 3 in every 10 persons. Obesity can lead to other health challenges, i.e., heart disease and diabetes. Due to the prevalence of obesity in this community, 95% of diabetes cases are Type II, which is strongly associated with obesity. The harmful effects of diabetes can contribute to high blood pressure and high cholesterol, which are major factors in heart disease. Bedford-Stuyvesant is one of the leading communities to be afflicted with these particular issues, caused by poor diet, lack of exercise and a lack of health insurance. Our youth are being affected at a rapid rate.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>The agency will try to accommodate this request within existing resources.</p>
10	203201001E	<p>Request: Fund the Re-Institution of Root Slicing Throughout the Community.</p> <p>Explanation: There are many mature trees planted on the streets of Bedford-Stuyvesant. Some of these trees are huge with tremendous root systems. The roots are lifting sidewalks, destroying curbs, buckling streets and interfering with the sewer systems. Residents are required to maintain the pits around the trees but cannot impact on the tree if it is no longer desired. Our population is aging and everyone is in financial constraints like the rest of this City. It is an unnecessary hardship to property owners to maintain a street tree owned by the City for damages incurred. Root slicing should be re-instituted and the burden of upkeep should belong the City, not the residents.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates</p>

11	203201004E	<p>Request: Create a Program to Assist Small Business with a Matching Salary Grant within NYC.</p> <p>Explanation: Economic viability local communities directly impacts viability for the City at large, which is comprised of all five boroughs. However, merchants with small businesses are hard pressed to hire and keep qualified staff because they are unable to meet the competitive salary needs. These institutions need committed staff to operate at a level of efficiency that affords them the ability to provide needed services to the community at large. With the economy being strapped, it is difficult for businesses to maintain reliable staff. A matching salary grant would off-set the deficit in salary and attract more qualified and experienced staff persons. As our economy continues to be in dire straits and the cost of utilities escalates, proprietors cannot keep lights on at night. The lights offer consumers passing by after hours a chance to see what the business has to offer, as well as deter burglaries. This new street will not only provide additional capacity to handle the new traffic volumes destined for the cruise ship terminal under construction at Pier 12, but will also provide an alternative for the relocation of the Van Brunt Street leg of the City's local Truck Route network in Red Hook. It will ensure that the local street grid is not only not negatively impacted by the cruise terminal traffic but that it will benefit from relieving Van Brunt Street of trucks and removing the existing conflict by directing trucks closer to the industrial section of the neighborhood.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 38</p> <p>Supported by: NYC Economic Development Corporation</p>	<p>OMB supports the agency's position as follows: Capital funding constraints, project capacity and City-wide priorities preclude this project at this time.</p>

01	206199901E	<p>Request: Increase Operating Budget of Community Boards.</p> <p>Explanation: Funding in the amount of \$350,000 is requested in order for Community Boards to fulfill their Charter mandated roles to plan and advocate for neighborhood needs. An increase in funds will be used to fund the hiring of a planner, to keep pace with cost of living adjustments which have never been applied to Community Boards, to upgrade complaint systems software which was previously supplied and supported by prior Administrations and to expand District Office functionality with the purchase of additional equipment and supplies. COLLECTIVE BARGAINING INCREASES DO NOT ADDRESS THIS REQUEST.</p> <p>Responsible Agency: Office of Management and Budget</p> <p>Supported by: The Community Boards of New York City</p>	<p>In FY 2011, each community board's budget will be maintained at the adopted budget level.</p>
02	206200404E	<p>Request: Restoration of Police Patrol Strength Personnel.</p> <p>Explanation: Sufficient funds are requested to recruit and retain police patrol strength to safeguard the impressive strides in public safety over the past decade. Historically, as crime decreases and budget pressures increase, police staff suffers which begins the downward spiral of public safety and increasing crime. Maintaining a strong police force is even more necessary in the aftermath of 9/11 to ensure public safety and restore a high degree of confidence in keeping and attracting residents, businesses and tourists to the City - all essential to the City's economy. Over the past few years we have seen a dramatic decrease in the size of the police patrol strength at the precinct level and this has the community most alarmed.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Enhanced security systems in public and common areas within public housing are a necessary component to reducing crime, maximizing crime-fighting resources, and extending surveillance coverage to broaden the ability for enforcement officials to maintain quality of life for tenants of public housing. A commitment to install cameras at Wyckoff Gardens Houses and one building at Gowanus Houses was announced in Summer 2006, but no status on our request for all of our public housing buildings to be so equipped has been provided by the agency.</p> <p>Responsible Agency: Housing Authority</p>	<p>OMB supports the agency's position as follows: In order to fund this initiative contact local elected officials for appropriations.</p>
06	206200511E	<p>Request: Expanded Funding for Senior Centers.</p> <p>Explanation: Sufficient funding is requested to increase operating budget allocations in existing senior centers. At a minimum, additional funding is sought to help keep pace with cost of living increases which over time take more and more resources away from the base operating budgets from programming and salary monies. Effectively, by not providing for regular, modest increases the senior centers' budgets are being decreased over time as basic costs only go up. With shrinking government resources it becomes even more important to preserve institutions that cater to local community's needs by offering free educational and recreational programs and services that engage our most vulnerable populations, notably youth and seniors. Overflowing litter baskets create additional work for the department in discretionary cleaning, contributes to the clogging of catch basins, and results in the unfair issuance of summonses to victims of the strewn litter. 22	206200703E	<p>Request: Construction of a Districtwide Tourism Center</p> <p>Explanation: Sufficient funds are requested for the acquisition, planning and construction of a districtwide tourism center to provide a focal point for the growing tourism industry in our district. Such features as our historic brownstone residential communities (Carroll Gardens, Cobble Hill and Park Slope), Columbia Street, Gowanus and Red Hook waterfront features, Prospect Park, and other local points-of-attraction, are growing in popularity as tourists are flocking more and more to our district. A tourism center that would highlight the cultural, shopping, restaurants and other features of the district will help ensure that marketing and promotion of the district's amenities were fully leveraged.</p> <p>Responsible Agency: Economic Development Corporation</p>	<p>Securing funding for this request is outside of EDC's jurisdiction; please contact the agency if you have any questions about the EDC budget process.</p>
23	206199703E	<p>Request: Expansion of Waterfront Enforcement Division.</p> <p>Explanation: Sufficient funds are requested to hire additional Waterfront Enforcement Division personnel, currently 4 persons citywide, to ensure that adequate coverage of the City's 578 miles of waterfront will be preserved and protected. Waterfront Enforcement Division personnel are responsible for enforcing the City's building code for waterfront properties, some of the most valuable and sensitive properties in the City. This would be a good way to reverse the trend of neglect suffered by the City's lack of waterfront development policies over the past few decades, and signify a commitment to the renewed importance of the City's waterfront as an asset and resource to draw from.</p> <p>Responsible Agency: Department of Small Business Services</p> <p>Supported by: Metropolitan Waterfront Alliance</p>	<p>This request is more than ten years old. DSBS cannot respond without more current information. (This program cannot be funded at this time.) The agency is available to provide technical assistance to the proposed sponsor. Contact DSBS for a follow-up.</p>

Increasing the frequency of replacing fleet vehicles should ultimately lead to a more efficient use of vehicles that would be in service a greater portion of the time and require less maintenance over the life of the vehicle. Also, resale value of used vehicles would be higher, resulting in enhanced revenue for the City.</p> <p>Responsible Agency: Police Department</p>	<p>The agency will try to accommodate this request within existing resources.</p>

01	208200701E	<p>Request: Increase Funding for Community Boards.</p> <p>Explanation: The 59 Community Boards are vital in the City's operating process. However, Community Boards still woefully lack adequate funding. The City Charter mandates that a planner should be in each Community Board and that it is imperative to us to meet our Charter mandate and to evaluate development projects. The meager budgets provided for the boards do not keep pace with inflation and any increased operating costs. The costs for acquiring much needed newer technology, computer software, upgraded hardware as well as internet/web access capabilities is expensive. In order to continue delivering the most valuable mission per the 1989 revised City Charter, we staunchly advocate for increased budget allocations for all Community Boards in the amount of \$350,000.</p> <p>Responsible Agency: Office of Management and Budget</p>	<p>In FY 2011, each community board's budget will be maintained at the adopted budget level.</p>

Acquire the Air Rights Over the Long Island Railroad to House Trailers Which Can Then Be Used, After Construction, as a Parking Lot for the New 66th Precinct.</p> <p>Explanation: Although some construction has occurred at the Precinct, these modest renovations are only band-aid in nature. Much more is needed to improve working conditions. Good working conditions are conducive to fostering good police work. Additional space is needed to house police officers and civilians and can only be accomplished by demolishing the present site and building a new state of the art Precinct. Money saved by not having to acquire land will pay for a new building. There is no available land, private or City owned, in this district. Air rights over the LIRR can be used to house trailers during demolition and construction and then be used as a parking lot for personnel. 02	212200808C	<p>Request: Build a Sound Barrier in Back of the Annex Lot Which Will be Used as a Parking Lot for BK12 Trucks.</p> <p>Explanation: With the Annex building already demolished for the intended use of this now vacant lot for parking trucks, it is imperative that a sound barrier be built in back of this lot which abuts the private homes on Dahl Court. We have been inundated with complaints concerning noise and pollution from these trucks in the early morning hours when trucks are revving up. Many of these homes were purchased when the Annex was still on this lot and all trucks were housed there. Homes are expensive and owners put a lot of money into them. They were not aware that the Annex would be demolished and the lot would be opened for parking of Sanit. trucks. Without this sound barrier, noise pollution will become a major problem and will greatly affect the quality of life for these homeowners.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Council Districts: 44</p>	This project was funded in a prior fiscal year and the scope is now underway.
03	212200501C	<p>Request: Construct New Sewer Lines on 11th Avenue from 50th to 60th Street and on 14th Avenue from 45th Street to 55th Street.</p> <p>Explanation: During heavy rains, water backs-ups into the basement of homes causing extensive damage. Sewer lines are too small as well as ancient and cannot accommodate heavy rains, thus causing flooding into basements. Flooding occurs on an ongoing basis along these strips causing financial strain to the homeowners. This flooding has occurred over the last several years. Most complaints have been registered with 311.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Council Districts: 39, 44</p>	Further study by the agency of this new request is needed. 05	212200702C	<p>Request: Remove Bocci Court at Brizzi Park and Make This Park a Comfort Station Park/Maintenance Area.</p> <p>Explanation: The Bocci Court at this location is never used and because there are a number of homeless that use this Park, especially at night, the Court is used as a urinal and for defecation by the homeless. This Park is used by many children including those in a nearby school for children with autism. This Bocci Court is not conducive to a safe or healthy environment for those using the Park, especially children. As new families have moved into the area, this playground has become very popular. This Park needs to be made into a Comfort Station Park/Maintenance area which is staffed with full time personnel. This would greatly benefit the entire neighborhood and at the same time, allow the site to be a fixed post playground.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Council Districts: 39</p> <p>Supported by: Shema Kolainu - Hear My Voice School for Autism Council of Neighborhood Orgs.</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. 06	212200601C	<p>Request: Construct Public Restrooms in Playground Area of Col. Marcus Park - East 5th Street.</p> <p>Explanation: Numerous children and adults must cross East 5th Street to go to the other side of the Park in order to use the restrooms. This is a highly trafficked street and with a high volume of pedestrian traffic going back and forth to use the restrooms on the other side, a safety problem has been created. A restroom, especially for the children using this park, is an essential to this playground. This past year, more and more children and adults have been using the Ballfield. The need for a restroom inside the playground has become imperative and with the crossing back and forth of pedestrians, this has become a major safety issue for all.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Council Districts: 44</p> <p>Budget Line: P-1058</p> <p>Project Id(s): P-2121058</p> <p>Supported by: East 5th Street Block Assoc. Register of Community Board Budget Requests

For The Executive Budget
Fiscal Year 2011

Manhattan

The City of New York
Michael R. Bloomberg, *Mayor*
Office of Management and Budget

FY 2011 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2011 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2011 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2011 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Council District(s): The City Council district(s) where the capital project is located.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

LAYOUT OF EXPENSE REQUEST PAGES

Column 1: Priority Number

Column 2: Tracking Code

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

Column 3: Project Information

Request, Explanation, Responsible Agency,

Same as previously described for Capital Requests.

Column 4: Response

Same as preciously described for Capital Requests.

01	301198803C	<p>Request: Construct a Lower Manhattan bus parking facility for commuter and non-WTC tour buses and a WTC memorial tour bus facility</p> <p>Explanation: It is estimated that well over a thousand buses bring commuters in and out of Lower Manhattan every day. In addition, hundreds of tour buses circulate through our streets, a number expected to grow with the development of the World Trade Center Memorial Museum in coming years. These buses contribute significantly to traffic congestion and pedestrian hazards. Community Board #1 strongly endorses the proposal to create a bus parking lot for buses at the Battery Parking Garage site. It's time to build a bus storage facility at this site and elsewhere to get the hundreds of non-WTC buses off our narrow, congested streets.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 1</p> <p>Supported by: Alliance for Downtown New York Wall Street Rising</p>	<p>OMB supports the agency's position as follows: Bus parking is supported by NYCDOT, if developed in a manner that addresses community concerns and is sensitive to its surroundings. The requested project is under consideration by the Lower Manhattan Development Corporation, which would fund the proposed investment, if approved.</p>

02	301200702C	<p>Request: Construct new K-8 and high school in CB #1</p> <p>Explanation: The dramatic growth in our residential population mandates that we create additional local schools to serve the children of our district. Approximately 13,000 new residential units came on line in Community Board #1 since 2000 and we are aware of over 7000 additional units slated for construction over the next two years. Lower Manhattan is by far the fastest growing residential community in New York City, and we need a new middle school to keep up with the rapid growth in the number of school aged children in Community Board #1.</p> <p>Responsible Agency: Department of Education</p> <p>Council Districts: 1</p> <p>Budget Line: E-2362</p> <p>Project Id(s): A00019953</p> <p>Supported by: PS 234, PTA PS 89, PTA</p>	<p>This request includes more than one proposal. The agency has recommended funding for this request in part. OMB supports the agency's position.</p>
03	301200506C	<p>Request: Renovate Battery Park playground (one acre space designed by Frank Gehry), Peck Slip, Burling Slip, Titanic Park, Collect Pond Park, Pearl Street playground, DeLury Triangle, Barnett Newman Triangle and the northern part of City Hall Park, and proceed with the greening of Greenwich Street and the renovation and landscaping of two traffic islands located at the Manhattan Battery Tunnel approach</p> <p>Explanation: The creation of new and attractive parks is essential to the revitalization of Lower Manhattan. With the extraordinary growth in the residential population in Community Board #1, new and improved parks are essential. Each of these spaces should and must be funded and constructed.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Council Districts: 1</p> <p>Supported by: Friends of Greenwich Street Tribeca Community Association</p>	<p>OMB supports the agency's position as follows: This request includes more than one project. Moore Street (Greenwich/Varick), Franklin Street (Greenwich/Varick), Leonard Street (Hudson/West Broadway), Beach Street, Staple Street (Duane/Harrison), Vestry Street, Hubert Street, Collister Alley and Duane Street; and restore paving stones on Nassau Street</p> <p>Explanation: A major feature which characterizes Lower Manhattan is its cobblestone roadways which date back to the 1800's and early 1900's. Areas which contain cobblestone roads are some of the most vibrant parts of NYC. Residents, workers, thousands of visitors and movie production companies treasure these streets and want them preserved</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 1</p> <p>Supported by: Tribeca Community Association</p>	<p>This area is currently under study by DEP and DOT to resolve both drainage and roadway issues. It is in great need of reconstruction particularly to address pedestrian needs since it is a pedestrian mall between 11 AM-2 PM daily. The City plan to make major improvements along Fulton Street is currently in progress. Nassau Street also is an important retail artery in need of restoration and we hope that plans for this will be developed as well.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 1</p> <p>Supported by: Seaport Community Coalition Southbridge Towers</p>	<p>This project has been completed in a prior fiscal year. 01	301200701E	<p>Request: Maintaining current community board operating budget and increase Community Board budget to \$250,000</p> <p>Explanation: The current allocation is woefully inadequate to address the rapidly increasing needs faced by our Lower Manhattan Community Board. Community Boards play a critical role in providing local residents and workers with a voice in determining policies and priorities for their community. An increase would greatly assist us in fulfilling our important mission, at this time when Lower Manhattan is being redeveloped and the many major construction projects are challenging the quality of life of our residents and workers.</p> <p>Responsible Agency: Office of Management and Budget</p> <p>Supported by: All 59 Community boards</p>	<p>In FY 2011, each community board's budget will be maintained at the adopted budget level.</p>
02	301199602E	<p>Request: Increase personnel of 1st Pct. for quality of life issues such as bus idling, street vendors, crime, traffic enforcement, disruptive bars and clubs-related noise</p> <p>Explanation: Lower Manhattan has become a vibrant 24 hour community with a large and rapidly growing residential population. One of the effects of this growth is that residents often live adjacent to bars, nightclubs and other uses that disturb their quality of life. Additional coverage is needed at the NYPD to address this situation.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: Tribeca Community Association Seaport Community Coalition</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.</p>

Their large granite slabs have cracked and crumbled severely, never having conformed to the curvature of the street grading that is necessary for rain drainage into the corner catch basins. CB 2 is greatly concerned that the present condition is hazardous, which could result in serious injury by a pedestrian. In addition, in their present condition, the crosswalks appear unusable by someone using a wheelchair. Requested spaces can accommodate as many as sixteen bicycles and provide greater pedestrian safety. We request that before actually installing racks, at these locations or elsewhere, DOT should first check to ensure locations are not opposite food establishments that have sidewalk café licenses. In such cases, the addition of bicycles on the sidewalk creates a bottleneck badly impacting the flow of pedestrian traffic. However, as DOT is already aware as a result of the pedestrian ramp study that was completed in CD 2 in 2007, there are a high number of corners in our district either without a pedestrian ramp or with ramps that are unusable because they are degraded or are not even with the roadbed. 01	302201001E	<p>Request: Restore the Proposed Cuts to All Community Board Budgets.</p> <p>Explanation: It is both disappointing and disheartening that the City cut community board budgets in FY 2010 and will likely propose another cut in FY 2011. Community boards have not had an increase to their operating budgets in twenty years. Therefore, inflation has effectively been eroding our budgets during that period. To cut our budgets in such a draconian manner will result in staff layoffs and ensure that the boards will not be able to meet their City Charter-mandated responsibilities.</p> <p>Responsible Agency: Office of Management and Budget</p>	In FY 2011, each community board's budget will be maintained at the adopted budget level.

Currently, the Hudson Park Library opens its large community room to the toddlers from 1:00 p.m. to 4:40 p.m., Tuesday through Saturday. 06	302200904E	<p>Request: Allocate Funds for the Hiring of Additional Enforcement Agents to be Regularly Assigned to the Evening, Early Morning, and Weekend Shifts.</p> <p>Explanation: One of the weaknesses in the enforcement of the sidewalk cafe rules by the Department of Consumer Affairs (DCA) is that there are often no inspectors working when the violations are occurring. Currently, there are no inspectors assigned to work regular shifts on the weekends, in the evenings or after midnight in the early morning hours. DCA should have inspectors working every weekend and in the early morning hours to prevent sidewalk café violations during those times.</p> <p>Responsible Agency: Department of Consumer Affairs</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates</p>

DOT is Asked to Look at a Range of Both Short- and Long-Term Solutions, Such as More and Differently Timed Traffic Lights, "Stop" and "Yield to Pedestrians" Signs,</p> <p>Explanation: Vehicular traffic rushes through this corridor. It makes it difficult and dangerous for pedestrians to cross, both when traffic is proceeding directly from 6th Avenue to Broadway or turning from the south into West 4th Street/Washington Square South, as streets heading north hit the T-intersection at Washington Square Park. The high volume of pedestrian traffic from the NYU community, park users, and both adults and children in the surrounding community makes this a particularly vulnerable area.</p> <p>Responsible Agency: Department of Transportation</p>	This project was not recommended by the agency at the time of the Departmental Estimates

10	302200002E	<p>Request: Allocate Funds to Create Assisted-Living Services for Moderate and Low Income Elderly Citizens, Including Help with Shopping, Cleaning, Cooking and Other Everyday Functions.</p> <p>Explanation: Many seniors who strongly desire to remain independent and avoid institutionalization are hampered in their effort to live self-reliantly by the lack of a helping hand. Moreover, in a rental market where the ability of building owners to achieve substantial increases in income is often dependent on "turning over" apartments, the moderate incapacity of some elderly citizen may be used by some owners to leverage the removal of seniors from longtime domiciles and replace them with higher-paying tenants. The machines would be obtained and training offered by St. Vincents Hospital and the program would allow very rapid response to stabilize patients until EMS personnel arrive. Very often survival is decided by the number of minutes/seconds between onset and the administration of emergency care. 01	303201101E	<p>Request: Restore Community Board Budget.</p> <p>Explanation: Community Board 3 is one of the largest and most densely populated districts in the city. We have over 172,000 people. To serve this community with many needs, and to advocate for our community while it is going through many changes is very expensive. Our community has the dubious distinction of being the worst in the city in quality of life noise complaints. It takes a full time staff member to process SLA and related quality of life issues.</p> <p>The Community Board has been able to absorb a one-time hit this year because of good planning. However, if cuts are not restored it will be necessary to reduce staff at a time when, because of budget cuts, the community most needs Community Board services</p> <p>Responsible Agency: Office of Management and Budget</p>	<p>In FY 2011, each community board's budget will be maintained at the adopted budget level.</p>
02	303201102E	<p>Request: Restore NYPD uniform staff.</p> <p>Explanation: NYC has been losing uniform police every year due to budget cuts. There is a reduction of 3,000 for current year. There are not enough police in precincts to cover criminal and quality of life complaints that are under jurisdiction of police. In one of our 3 precincts, crime has already gone up over 5% in the last year even though we have not seen end of year statistics. CB 3 has the second highest number of quality of life complaints in Manhattan.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. The kids run errands and help seniors, which helps seniors be able to remain in their homes. It also teaches neighborhood kids skills and responsibilities and helps them with job readiness. This formerly was funded by DYCD- but their funding was totally cut. This is now a DFTA program and last year much of the funding for this was restored- but not in Community Board 3. 18	303201115E	<p>Request: Decibel meters- new meters that measure base to enforce noise law of July 2007 and training for staff.</p> <p>Explanation: In July 2007 NYC passed a new noise code that, among other things, included new compliance regarding base because the old noise code did not regulate adequately. NYPD has yet to purchase decibel meters and train staff to enforce this over 2-year old law. CB 3 continues to far exceed any other community board in number of NYPD commercial noise complaints. It is impossible for DEP to enforce the noise law every weekend in problem areas. It is necessary for NYPD to purchase decibel meters to enforce July 2007 noise code and train staff on up-to-date meters.</p> <p>Responsible Agency: Police Department</p>	<p>Each NYPD Patrol Borough possesses an adequate number of noise meters along with personnel trained in their proper use. The median age in the district was 39.4 and the mean age was 42, fifth oldest and oldest, respectively, for the city. The Community District is growing with over 2000 new housing units since 2000. 03	306200901C	<p>Request: Build an Adequate Number of Schools at the Appropriate Grade Levels from Pre-K to 12 to Meet the Needs of Community District 6.</p> <p>Explanation: The Community Board requests a comprehensive education construction plan throughout Community District 6. PS 116 is reported to be above 100% capacity, and other schools are near or above capacity. This condition is unacceptable. The anticipated school at the Solow property will only meet the increased demand created by the Solow units, so the current overcrowding will not be addressed. The Community District continues to add hundreds of housing units each year without the addition of school space for the increased number of residents. When residents find it necessary to relocate to find appropriate schools, property values fall. The city can no longer neglect the education needs of Community District 6.</p> <p>Responsible Agency: Department of Education</p> <p>Council Districts: 2, 3, 4, 5</p> <p>Supported by: School Construction Authority</p>	<p>Information on new housing projects is gathered from the Departments of City Planning Buildings and Housing Preservation and Development. This segregation is aggravated when 421a related construction transfers the affordable housing units to areas outside of Community District 6. In order to retain population diversity and avoid income segregation, Community Board 6 calls on the city to commit \$20 million to provide new or reclaimed low and moderate income housing within Community District 6 in the forthcoming year.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p> <p>Council Districts: 2, 3, 4, 5</p> <p>Supported by: HUD</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

15	307200511C	<p>Request: Dept. of Transportation 15. Increase funding for street and curb lane resurfacing.</p> <p>Explanation: There are 193.6 lane miles of paved streets in CD7, slightly more than 10% of the lane mileage of all of Manhattan. In FY06, DOT expects to resurface approximately 8.3 lane miles. The huge increase in street cuts for utility work, including fiber optics and cable, has left CD7's streets in dire shape. Many blocks on Broadway, Amsterdam Avenue and Columbus Avenue have ruts as deep as 6 inches in the parking lanes near the curbs. It is not clear why these ruts are developing. It may be due to infrastructure work. Water and run off from restaurant garbage collects in the ruts, and festers. However, the structure has substantially deteriorated since that time, and restoration costs have escalated. Both exterior and interior restoration and reconstruction are necessary. The exterior restoration, consisting of façade restoration and stage replacement, is currently budgeted at \$2,160,000, not including design fees. The interior renovation, consisting of architectural renovation, electrical upgrades and water and sanitary upgrades, is currently budgeted at \$525,000. 01	307200802E	<p>Request: OMB 01. Maintain Community Board Budgets.</p> <p>Explanation: Community boards have not received a budget increase for non-personnel costs in more than ten years. Salaries increases, which are based on DC37 contracts, have not kept pace with inflation and no allowances have been made for merit increases. The proposed budget cuts for FY2010 would have reduced board budgets by \$25,000. MCB7 would have had \$1,100 in OTPS funding. With the support of the City Council, the cuts were restored. With a \$5 billion gap in the 2011 budget, the boards may face similar proposed cuts. At the same time, demands and costs have increased, and we anticipate city services will be reduced, further increasing demands for community board services. Board budgets must be maintained minimally at the Fiscal Year 2010 level.</p> <p>Responsible Agency: Office of Management and Budget</p>	<p>In FY 2011, each community board's budget will be maintained at the adopted budget level.</p>

Schools will have to increase already-large class sizes to levels that violate contractual minimums and the Court of Appeals' interpretation on class size. Construction of family-friendly apartments plus a failure to plan proactively for increased enrollment & the use of metrics not based on actual experience, have led to a crisis. A new school cannot wait for the years needed to build a new facility. Provide funding necessary to sustain current programs for (1) DFTA's senior centers and NORCs, (2) Space for after school and child care programs, and (3) Community Center programming.</p> <p>Explanation: NYCHA faces a grim outlook with an unsustainable \$195M structural deficit, resulting from decreased operating subsidies from the Fed Govt & the State and City's failure to provide operating subsidies for NYCHA developments. Also, police services (\$68 million) are not reimbursed by government subsidy, and NYCHA is responsible for \$25 million in PILOT (payment in lieu of property tax) payments to the City even though most non-profits receive property tax exemptions. NYCHA's funding crisis jeopardizes human services provided to its residents, who will lose senior services, community centers, child care programs and after-school activities. 05	307201101E	<p>Request: Dept of Aging 5. Elder Abuse</p> <p>Explanation: At a time when people are growing older, the percentage of the aging population in New York is increasing, and the economic climate is driving more people into poverty, elder abuse is also increasing. In the current fiscal year, The Mayor's initial budget eliminated all funding for Elder Abuse Programs. This was changed during City Council negotiations, but not before those programs went through much distress about what would happen to the people who were their present and future clients. To eliminate that anxiety this year, the Mayor's budget should include funding for Elder Abuse programs with a guarantee that there will not be threats of non-funding each year.</p> <p>Responsible Agency: Department for the Aging</p>	Approval of this request depends on sufficient Federal/State Funds.
06	307199502E	<p>Request: Dept of Youth 6. Restore Funding for After-School Programs in Public Schools and in Neighborhood CBOs in MCD7.</p> <p>Explanation: After-school programs ensure that children of various ages are safe in the hours between the end of school and the end of their families' work day. The loss of afterschool programs hits the teen population as hard as it does younger children. These programs provide remedial instruction, enrichment, and safe play. They are funded by cobbling together public and private dollars. The restructuring of DYCD OST (out of school time) program resulted in the loss of funding in our District for ten+ programs, a loss of over \$1 million. This cut resulted in 1,000 children being deprived of after-school programs, including children in our public housing like Lincoln Square Neighborhood Houses. In addition, funds are needed for tutors, food, and transportation to sites that did receive City funds.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	OMB supports the agency's position as follows: Approval of this request depends on sufficient Federal/State funds.

Restoration of Sunday litter-basket service funding for additional basket service at night and on weekends and holidays.</p> <p>Explanation: CD7's 1,000 litter baskets are never empty and often they are overflowing. Continued basket service is essential, and additional service is needed on weekends and holidays. The current service helps keep streets and sidewalks clean, with fewer incidents of rodent infestation and clogged catch basins and street drains, and reduces floatables in the Hudson River. Additional service on the night shift, weekends and holidays would improve conditions when thousands of tourists are in the district.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>OMB supports the agency's position as follows: Although the Department of Sanitation supports restoration of this program, due to fiscal constraints the availability of funds is uncertain.</p>

Pedestrians often can't determine the amount of time they have to cross and can be in danger of being hit by an oncoming vehicle, especially on our major roadways. In addition, the rewards in building self-esteem and good work habits in impressionable teens have been proven to pay dividends for years to come. Changes in funding allocations resulted in significant funding decreases in our District. While DYCD targets neighborhoods with the highest needs, it should not do so by turning its back on the needs that would otherwise go unmet in our District. In addition, Head Start, universal pre-K and other pre-K programs are proven drivers of achievement in school for years to come. CB7 has demonstrated that while our District taken as a whole may on average had adequate child care opportunities, those statistics mask pockets of profound needs, such as at the Lincoln Square Neighborhood Center. 22	307200401E	<p>Request: NY Public Library 22. Increased funding at branch libraries for (i) materials in other languages, (ii) computers, and (iii) materials for teens</p> <p>Explanation: As the population in our District continues to grow more diverse, so does the need for materials in a variety of languages. Funding is needed to meet the needs of recent immigrants and children whose families speak other than English. Branch libraries are often a critical means of access for teens to computer research as well as books and hard-copy materials. Computer facilities and libraries in schools are notoriously overtaxed, and the branch libraries frequently are the only resource that stands between young adults and the denial of important opportunities for reading materials and other sources of information. Providing this capacity also has the ancillary effect of drawing more teens into a safe environment and away from mischief or worse.</p> <p>Responsible Agency: New York Public Library</p> <p>Project in Coordination with: Department of Youth & Community Development</p>	Restoring and/or increasing funding is needed for this request. It is recommended that this request be brought to the attention of your elected officials i.e. Borough President and/or City Council Member.

23	307200806E	<p>Request: Dept of Education 23. Keep DOE school playgrounds open to the public after school hours \$50K/school/year</p> <p>Explanation: In CD7 there are 25 playgrounds attached to schools that currently are not open to the public and remain unused after school hours. Especially given the decreases funding for afterschool programs and youth employment opportunities, and in light of limited opportunities for exercise and gym instruction during the classroom day, keeping school play yards open for use after school hours is an easy and important way to provide crucial opportunities for safe active play and exercise for children of school age. CB7 believes opening these playgrounds is desirable and recommends beginning with PS191, PS9, and PS75.</p> <p>Responsible Agency: Department of Education</p>	<p>OMB supports the agency's position as follows: The city's PLANYC includes a goal to open 290 school playgrounds to public use after school hours by 2030.</p>
24	307200516E	<p>Request: Dept of Parks 24. Playground associates \$4965/assistant/35 hours for 8 weeks</p> <p>Explanation: Six playground associates would provide valuable programming and supervision for children from April through August in Frederick Douglass Playground at Amsterdam Avenue and West 100th Street, Sol Bloom Playground at Columbus Avenue and West 91st Street, Tecumseh at Amsterdam Avenue and West 77th Street, Bennerson Playground on West 64th Street, and Neufeld Playground at 76th Street and Dinosaur Playground at 97th Street in Riverside Park</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>

25	307201003E	<p>Request: Dept of Aging 25. Case Management Services</p> <p>Explanation: Previously, local senior programs were funded for case managers who would interview clients to screen them for meals-on-wheels and other services. DFTA decided to centralize the program, and no one could receive the meals without going through an interview with a case manager who is no longer based near their home. This applied to old customers as well as new ones. There were inadequate funds provided for the new system, and many former consumers have not yet been interviewed,, as well as new applicants. Local recipients have gone down to 360 from 500. DFTA should fund this program at a level that will enable people to receive the services.</p> <p>Responsible Agency: Department for the Aging</p>	This request is partially funded.
26	307200520E	<p>Request: DSNY 26. Haulsters \$30K/vehicle</p> <p>Explanation: Side streets in CD7 are often congested with double parked vehicles during alternate side and with double-parked commercial vehicles. In addition, in Manhattan Valley and between West End Avenue and Riverside Drive, the side streets are narrow and hilly. Haulsters, which are smaller than traditional sanitation trucks, are able to navigate these streets to remove snow removal and spread salt. Two haulsters are needed in CD7.</p> <p>Responsible Agency: Department of Sanitation</p>	Any request for an increase in Department of Sanitation fleet size is an issue of service delivery and/or agency policy.

27	307200003E	<p>Request: Dept of Parks 27. Park Enforcement Personnel for Riverside Park and District 7. \$43K/Officer</p> <p>Explanation: Manhattan North above 59th Street (River to River, including Central and Riverside Park) is patrolled by 11 officers. In the summer, these officers do pool duty, so the numbers are effectively even fewer in summer, when the parks are busiest. (In addition four fixed-post officers, who are paid for under dedicated funding, patrol Riverside Park South and are available only for emergency conditions in Riverside Park.) An additional team of 6 officers for each of Manhattan North and Riverside Park above West 72nd Street (12 new PEP officers) would increase safety and help address graffiti and other vandalism, homeless, alcohol, off-leash, and other conditions throughout Riverside Park and in district parks and playgrounds on a steady basis.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	Due to fiscal constraints, the availability of funds is uncertain.
28	307200910E	<p>Request: Dept of Transportation 28. New signage</p> <p>Explanation: This includes signage around schools alerting motorists to slow down to 15 mph, signage for the Broadway Malls (STOP HERE ON RED) - with 8 proposed test locations to be suggested), and signs at every exit from arterial highways leading to/from Hudson River crossings (in our district - the Henry Hudson Pkwy) alerting motorists at exits (where this is their first entrance to NYC streets) that it is NYC law-No Right on Red.</p> <p>Responsible Agency: Department of Transportation</p>	This request includes more than one proposal. 29	307201005E	<p>Request: Dept of Youth & Community Development 29. Increase funding for Safe Haven program budget by \$35,000, allowing for a full-time coordinator to reach more children and parents with the Workshops, expand the number of locations, and offer technical assistance to other New York neighborhoods who want to replicate the program.</p> <p>Explanation: The Safe Haven program is a critical link in ensuring the safety of school-age children as they make their way to and from school and afterschool activities. All children in the District are taught to seek out the familiar yellow insignias on the windows of scores of local merchants whenever they feel unsafe or threatened. The position of Coordinator should be increased to full-time. The coordinator will conduct workshops for students and parents, and offer technical assistance to others who seek to replicate this program. This modest budget increase will pay dividends manifold in the safety of our children and the strength of the community it serves.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	Use the agency's application/RFP procedure. Contact the agency.
30	307200813E	<p>Request: Mayor's Office to Combat Domestic Violence - HRA 30. Funding for programs serving the victims of sexual violence.</p> <p>Explanation: Programs, such as St. Luke's-Roosevelt Outreach to Victims of Sexual and Domestic Abuse, have been developed to train volunteers to work with victims of sexual assault and domestic violence, but there are no City funds available to sustain them. Some programs have more than 100 volunteers who need training, administrative support, and supervision from paid staff. Volunteers provide the warm support needed by people suffering from trauma.</p> <p>Responsible Agency: Human Resources Administration</p>	This project will be approved if the City receives sufficient Federal and/or State funds.

32	307200907E	<p>Request: NYPD 32. Having Police Enforcement personnel available to either a)move the vehicles along, or b) ticket them would go a long way toward helping to un-congest our narrower, crosstown blocks.</p> <p>Responsible Agency: Police Department</p>	<p>The agency will try to accommodate this request within existing resources.</p>

34	307200108E	<p>Request: NYC Transit 34. Decrease headways/increase frequency on M104, M79, M86 and M96 buses.</p> <p>Explanation: Headways have been increased on these lines, resulting in longer wait-times between buses. Since the addition of articulated buses on the M79 and M86, headways have also increased. There are fewer buses, and loading and unloading of articulated buses take considerably longer than with standard buses. Headways on the M57, M72 and M11 are not acceptable. On the M96, there has been considerable growth in the use of this bus, so much so that the loading guidelines would most likely specify additional buses be placed on this route. Many customers cannot get on the first M96 that comes in certain peak periods. Additional buses are warranted on this line.</p> <p>Responsible Agency: Transit Authority</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates</p>

The remaining In-Rem housing stock needs to be monitored closely. HPD's various housing programs do not meet the housing needs of CB# 9 's low and moderate income families. The HPD \$150 million commitment for CD9's affordable housing, coincident with City Council's approval of Columbia University's rezoning application, should be scheduled and commenced with all haste. The Board's housing plan could serve as a pilot project to demonstrate the possibilities of providing permanent, affordable housing.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p> <p>Council Districts: 7, 9</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

Constantly repairing elevators which break-down frequently is a short term solution which does not work in the long run. The Housing Authority could instead save money by replacing those elevators which are chronically broken and serviced by contractors.</p> <p>Responsible Agency: Housing Authority</p> <p>Council Districts: 8, 9</p>	<p>OMB supports the agency's position as follows: This request includes more than one proposal. This additional wear and tear caused by non-residents is an undue burden on our community. The additional street repaving crew is needed to repave many of our community's worse-off roads.</p> <p>Responsible Agency: Department of Transportation</p>	<p>The agency will try to accommodate this issue within existing resources. 21	311200907E	<p>Request: Hire Additional Traffic Officers to Control Traffic at the Intersection of East 135th Street and Madison Avenue, Particularly During PM Rush Hour</p> <p>Explanation: Excessive PM rush hour traffic heading up Madison Avenue and merging onto the Madison Avenue Bridge at East 135th Street creates an unsafe pedestrian environment for local residents trying to cross the intersection. DOT has already conducted a traffic study and determined the traffic signal timing can not be shortened to allow more pedestrian crossing time. A traffic officer could more safely manage congestion and likely prevent motor vehicles from violating traffic regulations and risking the safety of crossing pedestrians.</p> <p>Responsible Agency: Police Department</p>	<p>The agency will try to accommodate this request within existing resources.</p>

Register of Community Board Budget Requests

For The Executive Budget
Fiscal Year 2011

Queens

The City of New York
Michael R. Bloomberg, *Mayor*
Office of Management and Budget

FY 2011 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2011 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2011 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2011 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Council District(s): The City Council district(s) where the capital project is located.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

LAYOUT OF EXPENSE REQUEST PAGES

Column 1: Priority Number

Column 2: Tracking Code

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

Column 3: Project Information

Request, Explanation, Responsible Agency,

Same as previously described for Capital Requests.

Column 4: Response

Same as preciously described for Capital Requests.

01	404199102E	<p>Request: Expand and Enhance Tree Pruning Contract.</p> <p>Explanation: There is a backlog of requests for tree pruning. Funds are needed to maintain the recently approved 7 year pruning cycle and to restore pruner and climber positions to the DPR. Additional funds are needed in order to reduce the pruning cycle to 5 years. A 5 year pruning cycle will produce stronger, healthier, and better looking trees. A strong maintenance program is needed to care for existing trees and for the million additional trees that are to be planted in NYC.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: CB #4Q Residents</p>	Due to fiscal constraints, the availability of funds is uncertain.
02	404199702E	<p>Request: Hire Additional Building Inspectors and Plan Examiners.</p> <p>Explanation: Although there was an increase in Inspectors for FY 2010, additional Inspectors are requested to do on-site inspections, issue violations, in a feasible amount of time and return to see if violations have been corrected. Additional Night and Weekend Inspectors are also needed. Increase Queens Plan Examiners, 4 new positions, due to the new Challenge Process.</p> <p>Responsible Agency: Department of Buildings</p>	The agency will try to accommodate this issue within existing resources. 03	404200902E	<p>Request: Study the Current Zoning Regulations Within CB #4Q</p> <p>Explanation: CB #4Q is experiencing overdevelopment at an alarming rate. Existing one and two homes are demolished and replaced with high density buildings that are out of character with the surrounding neighborhood. The existing infrastructure was built mainly for low density housing and the additional units place an undue strain on our fragile infrastructure. We request that DCP evaluate the current zoning in CB #4Q taking into account the current state of our infrastructure. Identify areas where zoning changes would improve the quality of life for our residents and protect the existing infrastructure.</p> <p>Responsible Agency: Department of City Planning</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
04	404200801E	<p>Request: Increase Staff for the Repair and Maintenance of Catch Basins.</p> <p>Explanation: Within CB #4Q there are numerous broken or collapsed catch basins. The repair or replacement of the damaged catch basins take months, sometimes years to complete. A significant increase in staff is necessary to complete the repairs or replacements in a timely manner.</p> <p>Responsible Agency: Department of Environmental Protection</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
05	404200901E	<p>Request: Increase and Maintain the Trees and Sidewalk Program.</p> <p>Explanation: Trees are a vital component of our environment. Homeowners affected by tree roots lifting sidewalks should not have to wait years before repairs are completed. Although funding has increased in FY 2010, an additional increase in FY 2011 is requested to help complete the existing backlog of requests.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>

06	404199701E	<p>Request: Hire Additional School Crossing Guards. Increase School Crossing Guard Quota</p> <p>Explanation: In FY 2010 the 110Pct. had a quota of 25 crossing guards. Within the last few years many of our schools have added additions, thus increasing student capacity. New schools have opened such as PS 28 and Q 307. For the safety of the students attending these schools the quota of crossing guards must be increased to reflect the actual student population. With the rapid population increase in CB #4Q comes more traffic making the crossing guards more of a necessity.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: NYPD's funding is currently available to maintain School-Crossing Guards. There is no funding to support increased staffing levels. The availability of future funding depends on decisions made in the Preliminary and Executive Budget process.</p>

21	404198803E	<p>Request: Establish Permanent Taskforce in CB 4 Area.</p> <p>Explanation: NYPD specialized task forces work well when they are present, but they are temporary. As soon as the task force leaves the area it's business as usual. A permanent task force will send the message that we are here to stay and criminal activity will not be tolerated. Roosevelt Avenue, 40 Ave. & 100 Street, LeFrak City, National Street and Baxter Avenue are high crime areas and would benefit from a permanent task force.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: Area residents</p>	<p>Specific crime problems, drug activity and quality of life conditions should be brought to the attention of the local Precinct Commander.</p>

A study to determine how this area of excellent potential could be better utilized, is well underway. CB5 recommends that the Reservoir be kept as a nature preserve. Principe Park in Maspeth.</p> <p>Explanation: The existing dirt baseball fields at Principe Park (formerly Maurice Park), which were reconstructed in the mid-1990's, have deteriorated significantly. The jogging path around the ballfields is very narrow and there isn't any security lighting in this part of the park. These fields need to be reconstructed, and the best option for multiple sports use (such as, baseball, football, soccer) may be to install a safe artificial field turf-type surface which reportedly will give much better wear. This request includes planning/implementation of better traffic facilitation, by cutting into curb areas (where possible) to enable trucks and buses to get to the curb. For the short term, we had Fresh Pond Road resurfaced two years ago.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 30</p> <p>Supported by: Ridgewood Property Owners Civic Association</p>	<p>OMB supports the agency's position as follows: Capital funding constraints, project capacity and City-wide priorities preclude this project at this time.</p>

Area residents have advocated that the City of New York purchase this property for use as a public park. 31	405199001C	<p>Request: Build a 104th Police Precinct Parking Facility .</p> <p>Explanation: This long-standing request of CB5Q, for a parking facility along Shaler Avenue in Glendale, was funded. The project has not moved to construction, primarily because of negotiations between the City of New York and the LIRR/NY and Atlantic Railway, as this hillside property is owned by the railroad (MTA). Unfortunately, the Police Department is now recommending that this parking facility not be built. We believe this off-street parking facility is still needed, to reduce the overcrowding of police department vehicles and the personal vehicles of police officers which greatly reduce residential parking opportunities.</p> <p>Responsible Agency: Police Department</p> <p>Council Districts: 30</p> <p>Budget Line: POC001</p> <p>Project Id(s): POC104PL</p> <p>Supported by: Ridgewood Property Owners Assoc. Examples include routes travelled by the Q58, Q39, Q38, Q29, Q18, B38, B13 and B20 buses. Concrete bases are needed for many of these roads that are not major arteries. Recent cost estimates are projected to be somewhere in the range of \$750,000. It is questionable whether there is sufficient open space to accommodate a dog run inside Juniper Valley Park since there are so many competing uses there, including seven (7) ballfields, a running track, two (2) children's playgrounds, a football/soccer field, bocce, tennis and basketball courts, and a roller hockey rink, in addition to landscaped areas,</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Council Districts: 30</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. Glenridge staff and directors have, for years, requested funding to renovate the upper floor (formerly a Masonic Lodge) for community use (youth programs, senior activities, family activities...) The Senior Center is located at 59-03 Summerfield Street, at Forest Avenue, in Ridgewood. The elevator, previously requested by CB5Q as part of this request, has been installed. In 1995, there were approx. 200 officers, exclusive of sergeants & lieutenants for Ridgewood, Maspeth, Middle Village, and Glendale. At least 20 additional officers are needed for the 104th Pct. to cope with robbery, burglary, violent crime, domestic violence threats, inadequate response times, speeding, auto theft and rowdy youth conditions often caused by substance abuse. The new Atlas Park Shopping Development, which opened in Spring 2006, has put additional pressure on our already overloaded precinct.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: Numerous Local Civic groups</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. 03	405199101E	<p>Request: Hire Inspectors and Plan Examiners, in Sufficient Numbers, to Cope with Illegal Uses of Property and Questionable Construction.</p> <p>Explanation: A separate afternoon/evening and weekend inspection team of 10 inspectors for Queens is critical because inspectors very often can't gain access in the daytime during the work-week. Communities throughout Queens have been plagued with illegal apartments posing dangerous conditions, school overcrowding and more pressure on limited City services. Construction inspectors and plan examiners in adequate numbers are needed to curtail contractors building homes larger than the zoning permits. Currently, Queens has only 21 plan examiners and 27 construction inspectors.</p> <p>Responsible Agency: Department of Buildings</p> <p>Supported by: Numerous Local Civic Groups</p>	<p>The agency will try to accommodate this issue within existing resources. 05	405199204E	<p>Request: Provide Funding for Educational and Recreational Programs.</p> <p>Explanation: Funding for after school, evening and weekend delinquency prevention programs should be maintained locally. This is especially critical at a time when far too many children and teenagers are unsupervised by parents or guardians after the school day ends and on weekends. These programs are very critical as they increase self-esteem levels of participants, thereby preventing substance abuse and delinquent behavior. 09	405198311E	<p>Request: Assign Sufficient Personnel for Maintenance of Parks in District 5, Queens.</p> <p>Explanation: Sufficient park workers are needed to meet work requirements for the cleaning and maintenance of the 229.7 acres of parks in CD5Q. Currently, there are only 12 Parks Dept. Maintenance staff, including supervisors, assigned for this massive parkland. Skilled maintenance workers (there are only 2 for all of Queens Districts 5, 9, 10 & Forest Park) should be funded year-round. Depending almost totally on WEP workers to maintain parks shows a lack of concern for what to many is a most important community asset. Reseeding, aerating and fertilizing ballfields need to be priorities so that large capital expenditures are not wasted. Funding is also needed to hire seasonal workers and playground associates during months of greatest park use.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>

Sanitation Police positions should be greatly increased for illegal dumping, especially since they are revenue producing and dumping is severely hurting business investment. One SEA agent is needed daily in Q5. Severe fines, vehicle impoundments and more publicity, such as frequent press releases to TV and radio stations and major newspapers, are needed to make an example of dumpers and curtail illegal dumping.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Ridgewood Property Owners and Civic Assn.</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>
14	405198704E	<p>Request: Allocate Funds for the Operation of the Division of Forestry in Queens.</p> <p>Explanation: Allocate funds for contractual pruning of street trees. Need approx. \$2 million/yr. for Queens county-wide pruning contract. Also need \$400,000 for dead tree removal and planting program, \$400,000 for county-wide removal of stumps and shafts remaining from previous partial emergency removals plus \$500,000 for county-wide removal of fully dead trees, numbering in the thousands in Queens. In-house forces cannot maintain services on level required to address these conditions. Dead trees and large, dead limbs and branches pose dangerous conditions throughout Queens and NY City.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Ridgewood Property Owners Civic Assoc. 15	405199508E	<p>Request: Provide Vehicles That Are in Good Working Condition for the 104th Police Precinct.</p> <p>Explanation: The following vehicles, in very good condition, are needed for the 104th Precinct's officers in order for police response to crime to improve: 14 radio motor patrol cars, at least 2 vans (one unmarked), one 4- wheel-drive vehicle, several three wheel scooters and several unmarked vehicles. A van is needed for the Conditions Unit and for special events. RMP's are needed to increase necessary patrol strength. Four-Wheel- Drive vehicles are needed in our extensive parklands and hilly areas.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: New equipment must be requested by the NYPD commanding officer. Vehicles are purchased on a replacement cycle. The Commanding Officer, Borough Commander and Chief of Patrol have input into the mix of replacement vehicles. 17	405199603E	<p>Request: Hire Traffic Control Agents, School Crossing Guards and Additional School Safety Officers.</p> <p>Explanation: The City should earmark funding to hire additional traffic control agents: (Traffic Enforcement Agents-Level II), so that heavily travelled Queens intersections can be staffed. This will diminish the need to assign police officers, who are paid more. In consideration of dangerous traffic conditions, funding is needed to hire at least 2 additional school crossing guards for District 5, Queens schools. Most elementary schools have only 1 or 2 School Safety Officers; intermediate schools only have 3 officers, which in many schools is insufficient.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: NYPD funding is currently available to maintain both the School Crossing Guards and School Safety Agents headcounts. There is no funding available to increase these staffing levels. The Department is unable at this time to increase the headcount of civilian personnel assigned as Traffic Control Agents. The availability of future funding depends on decisions made in the Preliminary and Executive budget process.</p>
18	405199507E	<p>Request: Continue Funding of Ridgewood Communicare Health Center.</p> <p>Explanation: The Ridgewood Communicare Health Center (formerly known as Maspeth Child Health Station) provides important health services to many children, families and senior citizens. Ridgewood and neighboring communities have seen an increase in the number of working poor and residents on public assistance. The need to expand services beyond the hours of Monday to Friday, 8:30am to 4:30pm, should be seriously considered. Saturday hours and evening hours should be a priority considering that working families with school-age children and teens are mostly low-wage earners who cannot afford to take time off from work for medical appointments.</p> <p>Responsible Agency: Health and Hospitals Corporation</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

19	407200101C	<p>Request: Establish an Additional Police Precinct for Community District #7.</p> <p>Explanation: Community Board #7 having the largest population of the 59 Community Boards, and one of the largest in geographic area, there is a need for an additional Police Precinct for our district. According to information the 109th Precinct is 4th in overall index crime complaints in the city and 1st in Queens for radio runs (approximately 6,000 per month). The Fair Share Allocation for manpower has to take into consideration the quality life issues that the precinct has to deal with. This requires time and manpower of which our precinct is being stretched far beyond their limit.</p> <p>Responsible Agency: Police Department</p> <p>Council Districts: 19, 20, 21, 24</p> <p>Supported by: Friends for Fort Totten Park Bay Terrace Community Alliance</p>	This is not recommended for funding because it is not an efficient use of resources to open a new police precinct or substation. To establish an additional precinct requires splitting personnel resources (including additional administrative positions) between the existing precinct and the new precinct. Consequently, the net effect may result in a reduction of officers available for patrol in the precinct because the new facility would require adequate administrative and support staff.

01	409200402E	<p>Request: Fund Park Enforcement Patrol Unit for Forest Park.</p> <p>Explanation: Forest Park is host to many athletic facilities, recreational programs and special events. It also has 411 acres of forest, which feature numerous hiking trails and a 4 mile equestrian path. Problems such as user conflicts, permit violations, crowd control, vandalism, deviant behavior and other enforcement issues are in need of attention. Often, PEP units are not available to respond to Forest Park's needs due to citywide distribution of their staff, and summer staffing of pools and beaches. This has created a rise in misuse of and vandalism to park facilities, damage to the landscape, criminal activity and mischief.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	Due to fiscal constraints, the availability of funds is uncertain.
02	409200705E	<p>Request: Fund Pruning Contract for Forest Park.</p> <p>Explanation: This is a safety issue. Branches have fallen during park concerts and events. It is only a matter of time before someone is seriously injured or killed. The 543 acre park has large mature trees that are up to 150 years old. We desperately need a PIP (Park Inspection Project) funded with pruning dollars.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	Due to fiscal constraints, the availability of funds is uncertain.

10	410198703E	<p>Request: Eliminate Opening Fees and Space Fees for Use of School Buildings During Evening Hours.</p> <p>Explanation: In CD #10, school buildings offer primary sources of space for youth programs. Schools should be open and free at all times.</p> <p>Responsible Agency: Department of Education</p>	<p>OMB supports the agency's position as follows: Space fees for use of school buildings are kept to a minimum to fund costs for custodial services and security where applicable.</p>

Register of Community Board Budget Requests

For The Executive Budget
Fiscal Year 2011

Staten Island

The City of New York
Michael R. Bloomberg, *Mayor*
Office of Management and Budget

FY 2011 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2011 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2011 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate

service needs by submitting expense budget requests with voted priorities.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2011 the community boards ranked 90 program activities provided by 24 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Council District(s): The City Council district(s) where the capital project is located.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

LAYOUT OF EXPENSE REQUEST PAGES

Column 1: Priority Number

Column 2: Tracking Code

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

Column 3: Project Information

Request, Explanation, Responsible Agency,

Same as previously described for Capital Requests.

Column 4: Response

Same as preciously described for Capital Requests.
