**DEBT SERVICE FUNDING
AGENCY EXPENSE BUDGET SUMMARY**

Prior to 1980, the City appropriated debt service due and payable to holders of City obligations for the 12-month period from July 1 through June 30. The City now makes payments to holders of certain bonds and notes of the City through a debt service fund administered by the State Comptroller. These payments must be appropriated and recorded as expenditures when transfers are made to the debt service fund rather than when payment is ultimately made to the holder of the obligations as had been the practice in prior years. The transfers to the debt service fund are made one or two months in advance of the payments of debt service to holders; transfers to the debt service fund for July payments to holders are made in May and June of the preceding fiscal year. Thus, transfers to the debt service fund during FY 2023 will equal debt service payments to be made to holders over the period August 2022 through July 2023.

The Adopted Budget amounts for Debt Service adjustments to conform the budget with the City's accounting and financial reporting practices. Certain revenues restricted for the payment of debt service are treated as reductions to Debt Service rather than as unrestricted revenues. Additionally, debt service on Transitional Finance Authority Future Tax Secured bonds is included in the debt service budget
