Thank you for your cooperation.

Workers' Compensation System (WCS) Course

The Workers' Compensation System (WCS) is a sub-system of the Payroll Management System (PMS). It is a computerized method of processing an agency's Workers' Compensation claims. With WCS, your agency and the New York City Law Department have online access to claims as they move through the Workers' Compensation process.

Course 8A1: WCS Overview

Instructor-led training to introduce new users to WCS.

Objectives:

- Overview of WCS.
- How to logon and exit WCS and access the Claim Processing Menu.
- Enter information from the Workers' Comp claim forms into WCS.
- Process a WCS claim occurrence.
- WCS claim occurrence correction.
- How to administer grants.
- Importance of coordinating WCS transactions with the agency PMS Payroll, Personnel and Timekeeping areas to ensure prompt and accurate payments.

Prerequisite:

1. Participants should be new or current users of the Workers' Compensation System who are responsible for entering claims, but have never attended formal WCS training.
2. Participants must be approved by their agency to attend WCS Training as part of their job responsibilities.

Length: 1 day

CEUs: None.

Assessment Methods: Instructor's observation, question and answer discussions, oral quiz, business case analysis and application.

Attendees **must** attend the entire class from start to finish in order to receive a Certificate of Completion.

Attendees **must** have access to CityShare (<https://CityShare.nycnet>) and be able to access Webex.

The above date/time is subject to change without notice.
