NEW YORK CITY WATERFRONT REVITALIZATION PROGRAM Consistency Assessment Form

Proposed actions that are subject to CEQR, ULURP, or other local, state or federal discretionary review procedures, and that are within New York City's designated coastal zone, must be reviewed and assessed for their consistency with the *New York City Waterfront Revitalization Program (WRP)*. The WRP was adopted as a 197-a Plan by the Council of the City of New York on October 13, 1999, and subsequently approved by the New York State Department of State with the concurrence of the United States Department of Commerce pursuant to applicable state and federal law, including the Waterfront Revitalization of Coastal Areas and Inland Waterways Act. As a result of these approvals, state and federal discretionary actions within the city's coastal zone must be consistent to the maximum extent practicable with the WRP policies and the city must be given the opportunity to comment on all state and federal projects within its coastal zone.

This form is intended to assist an applicant in certifying that the proposed activity is consistent with the WRP. It should be completed when the local, state, or federal application is prepared. The completed form and accompanying information will be used by the New York State Department of State, other state agencies or the New York City Department of City Planning in their review of the applicant's certification of consistency.

A. APPLICANT

1. Name: 606 W. 57th LLC

2. Address: c/o Carol Rosenthal, Esq.
Fried, Frank, Harris, Shriver & Jacobson LLP
One New York Plaza
New York, NY 10004

3. Telephone: 212-859-8495 Fax: 212-859-4000 E-mail: carolrosenthal@friedfrank.com

4. Project site owner: 606 W. 57th LLC

B. PROPOSED ACTIVITY

1. Brief description of activity:
The proposed land use actions, including a rezoning, text amendments, a special permit, and a zoning authorization, would facilitate the development of a new, mixed use building of up to approximately 1.2 million gross square feet (gsf) on a parcel of land controlled by 606 W. 57th LLC (the "applicant") on Manhattan block 1104 (the "project block"). The rezoning would also facilitate the redevelopment of a site on the project block not controlled by the applicant.

2. Purpose of activity:
The rezoning area, located in the northern portion of the Clinton neighborhood, is currently underdeveloped, and its designation for manufacturing uses reflects the former character of this part of Manhattan. The proposed actions would allow for development of a mixed-use building within a neighborhood currently following the citywide trend towards redevelopment of former manufacturing areas into vibrant mixed-use communities. Redevelopment within the proposed rezoning area would complement the existing and ongoing revitalization trends within the northern Clinton area, contribute to the vitality of the streetscape and retail environment, and reinforce the character of 57th Street as a major mixed-use corridor running through the heart of Manhattan. The proposed actions would also facilitate the development of new residential uses that work toward the goals of creating both affordable and market-rate housing in Manhattan and throughout the City.

3. Location of activity: (street address/borough or site description):
**Block 1104, Lots 25, 29, 31, 36, 40, 44, and 55, Manhattan.
Portion of the block bounded by West 56th and West 57th Streets and Eleventh and Twelfth Avenues.**

Proposed Activity Cont'd

4. If a federal or state permit or license was issued or is required for the proposed activity, identify the permit type(s), the authorizing agency and provide the application or permit number(s), if known:

N/A

5. Is federal or state funding being used to finance the project? If so, please identify the funding source(s).

The proposed project may use the New York State Housing Finance Agency's "80/20" program to finance the affordable housing component.

6. Will the proposed project require the preparation of an environmental impact statement?

Yes X No _____ If yes, identify Lead Agency: **New York City Planning Commission (CPC)**

7. Identify **city** discretionary actions, such as a zoning amendment or adoption of an urban renewal plan, required for the proposed project.

Zoning map amendment, text amendments, special permit, and authorization

C. COASTAL ASSESSMENT

Location Questions:

	Yes	No
1. Is the project site on the waterfront or at the water's edge?	_____	<u> X </u>
2. Does the proposed project require a waterfront site?	_____	<u> X </u>
