Special provisions for bulk modification

- (a) For a #general large-scale development#, the City Planning Commission may permit:
- (1) distribution of total allowable #floor area#, #rooming units#, #dwelling units#, #lot coverage# and total required #open space# under the applicable district regulations within a #general large-scale development# without regard for #zoning lot lines# or district boundaries subject to the following limitations:
 - (i) no distribution of #bulk# across the boundary of two districts shall be permitted for a #use# utilizing such #bulk# unless such #use# is permitted in both districts;
 - (ii) when a #general large-scale development# is located partially in a #Residence District# or in a C1, C2, C3 or C4-1 District and partially in other #Commercial# or #Manufacturing Districts#, no transfer of commercial #floor area# to a #Residence District# or to a C1, C2, C3 or C4-1 District from other districts shall be permitted;
 - (2) location of #buildings# without regard for the applicable #yard#, #court#, distance between #buildings#, or height and setback regulations;
 - (3) variation in the location of primary business entrances and #show windows# along frontages adjacent to #zoning lots# outside the #general large-scale development# without regard to regulations applicable near #Residence District# boundaries-; and
 - (4) the maximum #floor area ratio# permitted pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements provided that the #general large scale development# is located partially in a C6-1, C6-2, or C6-3 District and that a minimum of 50% of the required #open space# is provided within the #general large scale development#. Required #open space# for the purposes of this Section shall be calculated by utilizing the smallest #open space ratio# at the maximum #floor area ratio# pursuant to Section 23-142 for the applicable district.

- (b) ~~As a condition of granting~~ In order to grant a special permit pursuant to this Section for any #general large-scale development#, the Commission shall find that:
- (1) the distribution of #floor area#, #open space#, #dwelling units#, #rooming units# and the location of #buildings#, primary business entrances and #show windows# will result in a better site plan and a better relationship among #buildings# and open areas to adjacent #streets#, surrounding development, adjacent open areas and shorelines than would be possible without such distribution and will thus benefit both the occupants of the #general large-scale development#, the neighborhood, and the City as a whole;
 - (2) the distribution of #floor area# and location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the public #streets#;
 - (3) where a #zoning lot# of a #general large-scale development# does not occupy a frontage on a mapped #street#, appropriate access to a mapped #street# is provided;
 - (4) considering the size of the proposed #general large scale development#, the #streets# providing access to such #general large-scale development# will be adequate to handle traffic resulting therefrom;
 - (5) when the Commission has determined that the general large-scale development# requires significant addition to existing public facilities serving the area, the applicant has submitted to the Commission a plan and timetable to provide such required additional facilities. Proposed facilities that are incorporated into the City's capital budget may be included as part of such plan and timetable; ~~and~~
 - (6) where the Commission permits the maximum #floor area ratio# allowed pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements, #open space# is provided within the #general large scale development# that is of sufficient size to serve the residents of new or #enlarged buildings#. Such #open space# shall be accessible to and usable by all residents of such new or enlarged #buildings#, and have appropriate access, circulation, seating, lighting and paving. Furthermore, the site plan of such #general large scale development# shall include superior landscaping for #open space# serving the needs of residents of the new or enlarged #buildings#.
 - (6)(7) a declaration with regard to ownership requirements in paragraph (b) of the #general large-scale development# definition in Section 12-10 (DEFINITIONS) has been filed with the Commission.
