

Final Environmental Impact Statement (FEIS) for  
Hospital for Special Surgery Expansion for Modernization Including the River Building

TABLE OF CONTENTS

EXECUTIVE SUMMARY..... Page ES-x

A. Introduction..... Page ES-x

B. Description of the Proposed Actions..... Page ES-x

C. Renovation & Expansion Plan.....Page ES-xii

D. Need for the Proposed Project.....Page ES-xiii

E. The Proposed Project.....Page ES-xiv

F. Environmental Impacts of the Proposed Project.....Page ES-xvi

1.0 PROJECT DESCRIPTION.....Page 1-1

1.1 Introduction.....Page 1-1

1.2 Location and Existing Site Conditions.....Page 1-1

1.3 Renovation and Expansion Plan.....Page 1-2

1.4 Proposed Project Description.....Page 1-3

1.5 Need for the Proposed Project.....Page 1-15

1.6 Proposed Actions.....Page 1-15

1.7 Changes in Population.....Page 1-17

2.0 LAND USE, ZONING, & PUBLIC POLICY.....Page 2-1

2.1 Introduction.....Page 2-1

2.2 Development History.....Page 2-1

2.3 Existing Conditions.....Page 2-2

2.3.1 Land Use.....Page 2-2

2.3.2 Zoning.....Page 2-3

2.3.3 Public Policy.....Page 2-3

2.4 The Future Without The Proposed Project – 2010.....Page 2-4

2.4.1 Land Use.....Page 2-4

2.4.2 Zoning.....Page 2-4

2.4.3 Public Policy.....Page 2-5

2.5 The Future With The Proposed Project – 2010.....Page 2-5

2.5.1 Land Use.....Page 2-5

2.5.2 Zoning.....Page 2-5

2.5.3 Public Policy.....Page 2-5

3.0 SOCIOECONOMIC CONDITION.....Page 3-1

3.1 Introduction.....Page 3-1

3.2 Benefits to Socioeconomic Conditions.....Page 3-1

4.0 COMMUNITY FACILITIES.....Page 4-1

4.1 Introduction.....Page 4-1

4.2 Existing Conditions.....Page 4-1

4.2.1 Police Protection.....Page 4-1

4.2.2 Fire Protection.....Page 4-1

4.2.3 The Hospital for Special Surgery.....Page 4-1

4.3	The Future Without the Proposed Project – 2010.....	Page 4-2
4.3.1	Police Protection.....	Page 4-2
4.3.2	Fire Protection.....	Page 4-2
4.3.3	Hospital Services.....	Page 4-3
4.4	The Future With the Proposed Project – 2010.....	Page 4-3
4.4.1	Police Protection.....	Page 4-3
4.4.2	Fire Protection .....	Page 4-3
4.4.3	The Hospital for Special Surgery.....	Page 4-3
5.0	OPEN SPACE.....	Page 5-1
5.1	Introduction.....	Page 5-1
5.2	Methodology.....	Page 5-1
5.3	Existing Conditions.....	Page 5-2
5.3.1	Inventory of Open Space Resources.....	Page 5-3
5.3.2	Open Space User Population.....	Page 5-4
5.3.3	Analysis of the Adequacy of Open Space Resources.....	Page 5-5
5.4	The Future Without the Proposed Project – 2010.....	Page 5-5
5.4.1	Open Space Resources.....	Page 5-5
5.4.2	Open Space User Population.....	Page 5-5
5.4.3	Analysis of the Adequacy of the Open Space Resources.....	Page 5-5
5.5	The Future With the Proposed Project – 2010.....	Page 5-6
5.5.1	Open Space Resources.....	Page 5-6
5.5.2	Open Space User Population.....	Page 5-6
5.5.3	Quantitative Analysis of Adequacy of Open Space Resources.....	Page 5-6
5.5.4	Qualitative Analysis of Open Space Resources.....	Page 5-6
5.5.5	Direct Impacts.....	Page 5-7
5.5.6	Significance of Impacts.....	Page 5-10
5.5.7	Indirect Impacts.....	Page 5-10
5.5.8	Direct Impacts.....	Page 5-11
6.0	SHADOWS.....	Page 6-1
6.1	Introduction.....	Page 6-1
6.2	Resources of Concern.....	Page 6-1
6.2.2	Historic Resources.....	Page 6-2
6.3	The Future With the Proposed Project – 2010.....	Page 6-2
6.4	Determination of Impact.....	Page 6-5
7.0	HISTORIC RESOURCE.....	Page 7-1
7.1	Introduction.....	Page 7-1
7.2	Existing Conditions.....	Page 7-1
7.3	The Future Without the Proposed Project – 2010.....	Page 7-2
7.4	The Future With the Proposed Project – 2010.....	Page 7-2
8.0	URBAN DESIGN & VISUAL RESOURCES.....	Page 8-1
8.1	Introduction.....	Page 8-1
8.2	Existing Conditions.....	Page 8-1
8.3	The Future Without the Proposed Project – 2010.....	Page 8-2
8.4	The Future With the Proposed Project – 2010.....	Page 8-2
8.4.1	Building.....	Page 8-2
8.4.2	Streetscape Elements.....	Page 8-3

8.4.3	Visual Resources.....	Page 8-3
8.4.4	Natural Features.....	Page 8-4
9.0	NEIGHBORHOOD CHARACTER.....	Page 9-2
9.1	Introduction.....	Page 9-2
9.2	Existing Conditions.....	Page 9-2
9.3	The Future Without the Proposed Project – 2010.....	Page 9-6
9.4	The Future With the Proposed Project – 2010.....	Page 9-6
9.4.1	Land Use.....	Page 9-6
9.4.2	Socioeconomic Conditions.....	Page 9-6
9.4.3	Community Facilities.....	Page 9-7
9.4.4	Open Space.....	Page 9-7
9.4.5	Historic Resources.....	Page 9-7
9.4.6	Hazardous Materials.....	Page 9-7
9.4.7	Traffic & Parking.....	Page 9-8
9.4.8	Air Quality.....	Page 9-8
9.4.9	Noise.....	Page 9-8
9.4.10	Construction.....	Page 9-8
9.4.10.1	Open Space.....	Page 9-8
9.4.10.2	Traffic and Parking.....	Page 9-9
9.4.10.2.1	Air Quality.....	Page 9-10
9.4.10.2.2	Noise.....	Page 9-10
9.5	Determination of Impact.....	Page 9-11
10.0	NATURAL RESOURCES.....	Page 10-1
10.1	Introduction.....	Page 10-1
10.2	Existing Conditions.....	Page 10-1
10.2.1	Geology.....	Page 10-1
10.2.2	Groundwater.....	Page 10-1
10.2.3	Coastal Zone & Floodplain.....	Page 10-2
10.2.4	Water Resources – East River.....	Page 10-2
10.2.5	Aquatic Flora & Fauna.....	Page 10-3
10.3	The Future Without the Proposed Project – 2010.....	Page 10-4
10.4	The Future With the Proposed Project – 2010.....	Page 10-4
10.4.1	Geology.....	Page 10-4
10.4.2	Groundwater.....	Page 10-4
10.4.3	Coastal Zone & Floodplain.....	Page 10-4
10.4.4	Water Resources – East River.....	Page 10-4
10.4.5	Aquatic Flora & Fauna.....	Page 10-4
11.0	HAZARDOUS MATERIALS.....	Page 11-1
11.1	Introduction.....	Page 11-1
11.2	Site History.....	Page 11-1
11.3	Existing Conditions.....	Page 11-2
11.4	Phase I ESA.....	Page 11-2
11.5	Phase II ESA.....	Page 11-4
11.6	The Future Without the Proposed Project – 2010.....	Page 11-6
11.7	The Future With the Proposed Project – 2010.....	Page 11-6
12.0	WATERFRONT REVITALIZATION PROGRAM.....	Page 12-1

12.1	Introduction.....	Page 12-1
12.2	Existing Conditions.....	Page 12-1
12.3	Waterfront Revitalization Program Policies.....	Page 12-1
12.4	The Future With the Proposed Project – 2010.....	Page 12-5
13.0	INFRASTRUCTURE.....	Page 13-1
13.1	Introduction.....	Page 13-1
13.2	Existing Conditions.....	Page 13-1
13.2.1	Water Supply.....	Page 13-1
13.2.2	Sanitary Sewage.....	Page 13-1
13.2.3	Stormwater Disposal.....	Page 13-2
13.3	The Future Without the Proposed Project-2010.....	Page 13-3
13.3.1	Water Supply.....	Page 13-3
13.3.2	Sanitary Sewage.....	Page 13-3
13.3.3	Stormwater Disposal.....	Page 13-4
13.4	The Future With the Proposed Project-2010.....	Page 13-4
13.4.1	Water Supply.....	Page 13-4
13.4.2	Sanitary Sewage.....	Page 13-4
13.4.3	Stormwater Disposal.....	Page 13-5
14.0	SOLID WASTE.....	Page 14-1
14.1	Introduction.....	Page 14-1
14.2	Existing Conditions.....	Page 14-1
14.2.1	General Waste.....	Page 14-1
14.2.2	Medical Waste.....	Page 14-1
14.3	The Future Without the Proposed Project – 2010.....	Page 14-3
14.3.1	Medical Waste.....	Page 14-3
14.4	The Future With the Proposed Project – 2010.....	Page 14-3
14.4.1	Medical Waste.....	Page 14-3
15.0	ENERGY.....	Page 15-1
15.1	Introduction.....	Page 15-1
15.2	Existing Conditions.....	Page 15-1
15.2.1	Energy Use.....	Page 15-1
16.0	TRAFFIC & PARKING.....	Page 16-1
16.1	Introduction.....	Page 16-1
16.1.1	Purpose.....	Page 16-1
16.1.2	Project Description.....	Page 16-1
16.1.3	Project Location.....	Page 16-1
16.2	Existing Condition.....	Page 16-1
16.2.1	Street and Highway Network.....	Page 16-1
16.2.2	Key Intersections Studied.....	Page 16-2
16.2.3	Traffic Controls and Roadway Widths.....	Page 16-2
16.2.4	Analysis Methodology.....	Page 16-6
16.2.5	Existing Condition Analysis Results.....	Page 16-11
16.3	Future No-Build Condition.....	Page 16-20
16.3.1	Description of No-Build Condition.....	Page 16-20
16.3.2	Traffic Volumes.....	Page 16-21
16.3.3	No-Build Condition Analysis Results.....	Page 16-21

16.4	Future Build Condition.....	Page 16-26
16.4.1	Description of Build Design Condition.....	Page 16-26
16.4.2	Project-Generated Traffic Volumes.....	Page 16-27
16.4.3	Traffic Volumes.....	Page 16-32
16.4.4	Build Condition Analysis Results.....	Page 16-32
16.5	Determination of Impact Significance.....	Page 16-40
16.6	Parking Analysis.....	Page 16-41
16.6.1	Existing Condition On- and Off-Street Parking.....	Page 16-41
16.6.2	No-Build Condition.....	Page 16-41
16.6.3	Build Condition.....	Page 16-41
17.0	TRANSIT & PEDESTRIANS.....	Page 17-1
17.1	Transit.....	Page 17-1
17.1.1	Existing Conditions.....	Page 17-1
17.1.2	The Future Without the Proposed Project – 2010.....	Page 17-1
17.1.3	The Future With the Proposed Project – 2010.....	Page 17-2
17.2	Pedestrians.....	Page 17-3
17.2.1	Existing Conditions.....	Page 17-3
17.2.2	The Future Without the Proposed Project – 2010.....	Page 17-12
17.2.3	The Future With the Proposed Project – 2010.....	Page 17-12
17.2.4	Determination of Impact Significance.....	Page 17-16
17.2.5	Vehicle and Pedestrian Safety.....	Page 17-23
18.0	AIR QUALITY.....	Page 18-1
18.1	Introduction.....	Page 18-1
18.2	Pollutants Analyzed.....	Page 18-1
18.3	Air Quality Standards.....	Page 18-3
18.4	Methodology.....	Page 18-4
18.4.1	Mobile Sources.....	Page 18-5
18.4.1.1	Emission Calculations.....	Page 18-5
18.4.1.2	Line Source Dispersion Analysis.....	Page 18-8
18.4.1.3	Volume Source Dispersion Analysis.....	Page 18-9
18.4.1.4	Area Source Dispersion Analysis.....	Page 18-10
18.4.2	Stationary Sources.....	Page 18-11
18.5	Background CO Levels.....	Page 18-12
18.6	Analysis Results.....	Page 18-12
18.6.1	Existing Conditions.....	Page 18-13
18.6.2	No-Build Conditions.....	Page 18-14
18.6.3	Build Condition.....	Page 18-14
19.0	NOISE.....	Page 19-1
19.1	Noise Fundamentals and Methodology.....	Page 19-1
19.2	Existing Conditions.....	Page 19-2
19.3	Ambient Noise Survey.....	Page 19-2
19.4	The Future Without the Proposed Project – 2010.....	Page 19-3
19.4.1	Stationary Sources.....	Page 19-3
19.4.2	Mobile Sources.....	Page 19-4
19.5	The Future With the Proposed Project – 2010.....	Page 19-4
19.5.1	Stationary Sources.....	Page 19-4

19.5.2	Mobile Sources.....	Page 19-4
19.5.3	Mobile Sources.....	Page 19-4
20.0	CONSTRUCTION IMPACTS.....	Page 20-1
20.1	Introduction.....	Page 20-1
20.2	Construction Stages and Activities.....	Page 20-1
20.2.1	Excavation & Foundation.....	Page 20-1
20.2.2	Platform Construction.....	Page 20-2
20.2.3	Structure & Shell.....	Page 20-3
20.2.4	Interior Construction & Finishing.....	Page 20-3
20.3	Typical Construction Activities.....	Page 20-3
20.4	The Future Without the Proposed Project – 2010.....	Page 20-4
20.5	The Future With the Proposed Project – 2010.....	Page 20-4
20.5.1	Land Use.....	Page 20-4
20.5.2	Socioeconomic Conditions.....	Page 20-4
20.5.3	Community Facilities.....	Page 20-4
20.5.4	Open Space.....	Page 20-5
20.5.5	Historic Resources.....	Page 20-5
20.5.6	Hazardous Materials.....	Page 20-5
20.5.7	Traffic & Transportation.....	Page 20-6
20.5.8	Air Quality.....	Page 20-7
20.5.9	Noise.....	Page 20-7
21.0	PUBLIC HEALTH.....	Page 21-1
21.1	Existing Conditions.....	Page 21-1
21.2	The Future Without the Proposed Project – 2010.....	Page 20-1
21.2.1	Future Conditions.....	Page 20-1
21.3	The Future With the Proposed Project – 2010.....	Page 20-2
21.3.1	Future Conditions.....	Page 20-2
22.0	MITIGATION MEASURES.....	Page 22-1
22.1	Introduction.....	Page 22-1
22.2	Construction Impacts Mitigation Measures.....	Page 22-1
23.0	IRRETRIEVABLE & IRREVERSIBLE COMMITMENTS OF RESOURCES.....	Page 23-1
23.1	Introduction.....	Page 23-1
23.2	Evaluation.....	Page 23-1
24.0	ALTERNATIVES TO THE PROPOSED PROJECT.....	Page 24-1
24.1	Introduction.....	Page 24-1
24.2	The No-Action Alternative.....	Page 24-1
24.2.1	Land Use, Zoning and Public Policy.....	Page 24-2
24.2.2	Socioeconomic Conditions.....	Page 24-2
24.2.3	Community Facilities.....	Page 24-2
24.2.4	Open Space.....	Page 24-2
24.2.5	Shadows.....	Page 24-2
24.2.6	Historical Resources.....	Page 24-2
24.2.7	Urban Design & Visual Resources.....	Page 24-3
24.2.8	Neighborhood Character.....	Page 24-3
24.2.9	Natural Resources.....	Page 24-3

24.2.10	Hazardous Materials.....	Page 24-3
24.2.11	Waterfront Revitalization Program.....	Page 24-3
24.2.12	Infrastructure.....	Page 24-3
24.2.13	Solid Waste.....	Page 24-3
24.2.14	Energy.....	Page 24-3
24.2.15	Traffic & Parking.....	Page 24-3
24.2.16	Transit & Pedestrians.....	Page 24-4
24.2.17	Air Quality.....	Page 24-4
24.2.17.1	Mobile Source.....	Page 24-4
24.2.17.2	Stationary Source.....	Page 24-4
24.2.18	Noise.....	Page 24-4
24.2.19	Construction Impacts.....	Page 24-4
24.2.20	Public Health.....	Page 24-4
24.3	The Smaller/Lower Density Build Alternative.....	Page 24-4
24.4	Smaller Floor Plate Alternative.....	Page 24-5
25.0	UNAVOIDABLE SIGNIFICANT ADVERSE IMPACTS.....	Page 25-1
25.1	Introduction.....	Page 25-1
26.0	GROWTH-INDUCING ASPECTS.....	Page 26-1
26.1	Introduction.....	Page 26-1
26.2	Evaluation.....	Page 26-1
27.0	RESPONSES TO COMMENTS.....	Page 27-1
27.1	List of Individuals who commented on the Draft Environmental Impact Statement	Page 27-1
27.2	Comments and Responses.....	Page 27-2
27.2.1	Project Description.....	Page 27-2
27.2.2	Land Use, Zoning, & Public Policy .....	Page 27-7
27.2.3	Socioeconomic Conditions... ..	Page 27-8
27.2.4	Community Facilitie.....	Page 27-8
27.2.5	Open Space .....	Page 27-8
27.2.6	Shadows .....	Page 27-15
27.2.7	Historic Resources .....	Page 27-16
27.2.8	Urban Design and Visual Resources.....	Page 27-16
27.2.9	Neighborhood Character .....	Page 27-19
27.2.10	Natural Resources .....	Page 27-20
27.2.11	Hazardous Materials .....	Page 27-20
27.2.12	Waterfront Revitalization Program .....	Page 27-21
27.2.13	Infrastructure .....	Page 27-21
27.2.14	Solid Waste.....	Page 27-21
27.2.15	Energy .....	Page 27-21
27.2.16	Traffic and Parking... ..	Page 27-21
27.2.17	Transit and Pedestrian... ..	Page 27-27
27.2.18	Air Quality .....	Page 27-29
27.2.19	Noise.....	Page 27-29
27.2.20	Construction Impacts .....	Page 27-30
27.2.21	Public Health .....	Page 27-34
27.2.22	Mitigation Measures .....	Page 27-34

27.2.23 Irretrievable & Irreversible Commitment of Resources .....	Page 27-35
27.2.24 Alternatives to the Proposed Project ...	Page 27-35
27.2.25 Unavoidable Significant Adverse Impacts	Page 27-38
27.2.26 Growth-Inducing Aspects.....	Page 27-38
27.2.27 Additional Areas of Concern...	Page 27-38
