

Appendix B
LPC Correspondence

ENVIRONMENTAL REVIEW

Project number: DEPARTMENT OF CITY PLANNING / 77DCP277M
Project: LENOX TERRACE
Date received: 8/14/2017

Comments:

The LPC is in receipt of the EAS and Draft Scope of Work for EIS (DSOW) dated 7/7/17.

The Lenox Terrace complex (residential buildings and ancillary structures) appears to be National Register eligible, for its cultural associations with prominent African Americans in the Harlem community. The Metropolitan African Methodist Episcopal Church, which predates the complex, does not appear to be NR or LPC eligible due to its alterations.

There are no archaeological concerns.

The DSOW appears acceptable for historic and cultural resources.
