INTRODUCTION

The annual Statements of Community District Needs (CD Needs Statements) and the Community Board Budget Requests (Budget Requests) are Charter requirements and an integral part of the City's budget process. When developed through informed planning and careful consideration, CD Needs Statements and Budget Requests can play an important role in consultations of community boards with agencies, elected officials and other key stakeholders on a broad range of local planning and budget priorities. These tools also provide a valuable public resource for neighborhood planning and research purposes, and are used by a wide audience seeking information about New York City's diverse communities.

This year, for the first time, community boards electronically submitted a CD Needs Statement combined with their Budget Requests. The goal of these improvements is to simplify preparation of both documents for the community boards and to make the information community boards provide more easily accessible for City agencies and other stakeholders. Simplified and more efficient processes will allow all parties involved in the budget process to consider budget decisions more thoroughly, with better results for all New Yorkers.

This report represents Staten Island Community Board 1's Statement of Community District Needs and Community Board Budget Requests for Fiscal Year (FY) 2017. This report contains the formatted but otherwise unedited content provided by the Community Board which is displayed in italics.

Some community boards provided substantive supplemental information. This supportive material can be accessed by clicking on the links provided in the document or by copying and pasting them into a browser.

2. OVERVIEW OF COMMUNITY DISTRICT

Staten Island Community Board 1 provided the following overview of their district:

Community Board 1 represents Staten Island's North Shore neighborhoods and the Board focuses its attention on economic and waterfront development; sensible zoning to increase housing along transit corridors; transportation infrastructure improvement, including the expansion of mass transit; youth and senior services; public safety; a substantial increase in public health services; quality of life improvements; and, attention to the recovery of the North Shore's business community following "Sandy" with a focus on the hardening of the infrastructure, wave attenuation, surface water management; and reimbursement for losses the storm engendered. There is an increased vitality to the district that the aggregation of one billion dollars in private capital investment in St. George brings. However, unless the City commits to multifold infrastructure improvements the potential tax revenues from the NY Wheel, Lighthouse Point, the Navy Pier and Empire Outlets will be at risk. The streets require massive reinvestment to prevent quick deterioration and to provide sensible access to the venues and to downtown St. George, including the new court complex. Mass transit will be a must and has to consist of SIRT OA improvements, SBS and BRT service and a dedicated busway along Richmond Terrace. Zoning along the corridor from Snug Harbor to Stapleton needs to be amended from M to C4-2 which would allow the development of affordable housing. The funds provided by DFTA and DYCD require a substantial increase to the S.I. allocation to meet the needs S.I.'s expanding senior population and the needs of our now very diverse population of youngsters with special attention focused on drug addiction prevention and on increased recreational programming for the young ones. Since there is no HHC full service hospital in the borough, NYC needs to allocate a proportionally fair amount of tax levied funds to the two S.I. hospital systems. The Board has tasked our Health Committee with the job of working with the Borough President and our health care service providers to "create a culture of wellness." The Board also supports Deputy Speaker Rose's efforts to relocate the District 1 garage from amidst the residential New Brighton community, thus providing environmental justice to the residents therein. With the influx of residents, businesses and cash the proposed and hoped for economic growth will create, public safety will become more complex and there will be a need to increase NYPD staffing and build the new 120th precinct in Stapleton. There will be a need to ratchet up the number of surveillance cameras along the streetscape and a need to enhance Parks' PEP patrols. The quality of life for SICB1's district will be enhanced by providing DPR with an equitable base line capital budget to improve and upgrade all the parks in SICB1 and by developing the North Shore Greenway Heritage Trail to provide waterfront access. The North Shore Bluebelt and Victory Boulevard sewer need \$20-\$30 million to stop the endless flooding within the communities from Westerleigh to West new Brighton. And, lastly, the Board believes that there should be a moratorium on property tax increases and change in attitude from revenue collector to helper within those agencies that interact with the small business community.

3. MAIN ISSUES

As part of this year's process, community boards were asked to select from a list the three most pressing issues facing their district. Staten Island Community Board 1 identified the following three issues:

- *Street conditions*
- *Traffic*
- *Transit (buses & subways)*

Staten Island Community Board 1 provided the following explanation for their choices:

Staten Island roadways are dangerously cratered making driving hazardous and making our semblance of public transportation inefficient and slow. The lack of smart lights, coordinated signalization, crosstown streets and sufficiently wide major streets, coupled with the non-existence of mass transit has created permanent gridlock on the Island. Moreover, any incident on any of the bridges or on the major New Jersey roadways causes congestion on every Staten Island street. This is a great danger to our borough! Regarding mass transit, neither local fleet size nor the scheduling are sufficient to serve commuters and the general ridership. Moreover, insufficient express bus equipment and scheduling, coupled with the haphazard implementation of BRT and the refusal to implement SBS forces Islanders to their cars and makes the notion of public transportation usage untenable.

4. SUMMARY OF COMMUNITY DISTRICT NEEDS AND COMMUNITY BOARD BUDGET REQUESTS

Community Boards were asked to identify their district’s needs related to the following seven policy areas:

- Health Care and Human Services;
- Youth, Education and Child Welfare;
- Public Safety;
- Core Infrastructure and City Services;
- Land Use, Housing and Economic Development;
- Transportation; and
- Parks, Cultural and other Community Facilities.

Based on the needs identified, community boards then had the opportunity to make budget requests to address these needs.

The following sections describe the specific needs and budget requests of Staten Island Community Board 1 for FY 2017.

4.1. Health Care and Human Services Needs and Requests

Main Issue

Other|There is neither a full service HHC facility nor fair financing for the two SI systems.

The Community Board provided the following explanation for the above issue:

The lack of an HHC facility on the Island places the burden for all the services iterated above on our two non-profit systems. Since NYC unfairly does not supply sufficient capital to these systems, our residents' health is at-risk and, as well, our hospitals' financial stability also is at risk.

Community District Needs and Requests

4.1.1. Community District Needs and Requests Related to Health Care Facilities and Programming

The Community Board provided the following high level comments and background on the District's needs:

Again, as stated often in this section, the health care system on Staten Island does not receive equitable funding thus placing all residents at risk.

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

Capital Requests related to Health Care Facilities and Programming (as provided by the Community Board) Priority numbers apply to capital budget requests from all policy areas. A complete list of capital budget requests by this Board sorted by priority can be found in Section 5.1. of this document. CS in the priority column indicates the Board's Continued Support for a fully or partially funded project.

4.1.2. Community District Needs and Requests Related to Facilities and Programming for Older New Yorkers

The Community Board provided the following high level comments and background on the District's needs:
The two biggest needs in the district are affordable housing and abuse prevention programming.

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

Expense Requests related to Facilities and Programming for Older New Yorkers (as provided by the Community Board)

4.1. Health Care and Human Services Needs and Requests

4.1.3. Community District Needs and Requests Related to Facilities and Services for the Homeless

The Community Board provided the following high level comments and background on the District's needs:

Although the homeless population has increased and diversified, the resources given to our one agency are inadequate to provide housing, shelter, prevention, referrals and counseling.

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

Priority	Agency	Need	Request	Request Explanation	Location	Supporters
09	DHS	Homelessness prevention programs	Expand homelessness prevention programs	Staten Island has one service provider and funding does not allow enough resource allocation to preventing homelessness only servicing the currently homeless.		

4.1.4. Community District Needs and Requests Related to Services and Programming for Low-Income and Vulnerable New Yorkers

The Community Board provided the following high level comments and background on the District's needs:

Job training and employment programming and domestic abuse prevention are the most significant programs the district needs.

At this time, the Community Board does not have any budget requests for this need category.

4.2. Youth, Education and Child Welfare Needs and Requests

Main Issue

Capacity of educational facilities

The Community Board provided the following explanation for the above issue:

Unless there are sufficient pre- k through 14 school seats, in fully staffed facilities with teachers and counselors and nurses, all of the issues you have listed will never be able to be sufficiently addressed since the youngsters will be disadvantaged as a matter of course in a chaotic, crowded school system. Moreover, with the dissolution of the parochial system, the burden on public schools has become intense.

Community District Needs and Requests

4.2.1. Community District Needs and Requests Related to Educational Facilities and Programs

The Community Board provided the following high level comments and background on the District's needs:

The increased economic and housing activity in our district and the closing of most parochial schools is causing and untoward burden on a public system that already has most schools at over-capacity.

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

4.2.3. Community District Needs and Requests Related to Youth and Community Services and Programs

The Community Board provided the following high level comments and background on the District's needs:
The DYCD funding in the district is very parsimonious, limiting to contract agencies and unequally distributed with not enough attention on needs and location. The SYEP needs a ten-fold increase in jobs and the after school programs do not have enough locations and slots to serve the need.

At this time, the Community Board does not have any budget requests for this need category.

4.3. Public Safety Needs and Requests

Main Issue

General crime

The Community Board provided the following explanation for the above issue:

The increase in violent crime and the increase in substance abuse and addiction has started to erode the sense of safety in all our communities and has begun to impede the ease with which residents once traveled the district, including the commercial areas.

Community District Needs and Requests

4.3.1. Community District Needs and Requests Related to Policing and Crime

The Community Board provided the following high level comments and background on the District's needs:

There is a need for vertical patrols in our housing complexes and a need for CPOP-like patrols in our other residential and commercial communities,

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

4.3. Public Safety Needs and Requests

4.3.2. Community District Needs and Requests Related to Emergency Services

The Community Board provided the following high level comments and background on the District's needs:

The redevelopment of St. George and Stapleton along with the implementation of the Affordable Housing program as well as the increased response times caused by the awful traffic conditions is creating an urgent need for a new FDNY facility.

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

Capital Requests related to Emergency Services (as provided by the Community Board)

4.4. Core Infrastructure and City Services Needs and Requests

Main Issue

Water runoff and flooding

The Community Board provided the following explanation for the above issue:

In general, the items you have flagged are adequately serviced by DOS and DEP. However, the lack of storm sewers creates flooding that has, for decades, ruined both private and commercial sites.

Community District Needs and Requests

4.4.1. Community District Needs and Requests Related to Water, Sewers and Environmental Protection

The Community Board provided the following high level comments and background on the District's needs:

The North Shore Bluebelt and the Victory Boulevard and the Forest Avenue drainage areas must be sewerred to stop the endless flooding therein.

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

4.5. Land Use, Housing and Economic Development Needs and Requests

Main Issue

Zoning review and enforcement, and code enforcement

The Community Board provided the following explanation for the above issue:

All your listed items are predicated upon appropriate zoning and the district is lacking in that regard.

Community District Needs and Requests

4.5.1. Community District Needs and Requests Related to Land Use

The Community Board provided the following high level comments and background on the District's needs:

The district is an uneven collection of M zones within and beside R zones and the R zones are an uneven array of categories. Affordable housing, area stability and appropriate land use requires zoning reflective of good planning and careful needs assessment.

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.

Moreover, DCP should provide each CB with a dedicated planner and the personnel allocation for planners on SI be substantially increased.</i>		

4.5. Land Use, Housing and Economic Development Needs and Requests

4.5.2. Community District Needs and Requests Related to Housing Needs and Programming

The Community Board provided the following high level comments and background on the District's needs:

There is a great need for affordable housing and for senior housing.

The Community Board submitted the following budget requests:

4.5. Land Use, Housing and Economic Development Needs and Requests

4.5.3. Community District Needs and Requests Related to Economic Development

The Community Board provided the following high level comments and background on the District's needs:

The district is primed for about a one billion dollar private sector investment which will require the EDC to make corresponding investment to the infrastructure from the NY Wheel site to the Navy Pier site, including creating connectivity from Stapleton to the Homeport. Furthermore, the EDC will have to negotiate land swaps and ROW usages to create the North Shore Greenway Heritage Trail and to allow for the creation of an SBS or BRT dedicated route along the old ROW. The development of BID's and the support for small businesses, incubators and art oriented development will need to be a preeminent part of all future economic development plans.

The Community Board submitted the following budget requests:

Budget Requests are listed for informational purposes only. OMB maintains the definitive list that may have more updated information on request for agencies, published in its Register.
