

# Gowanus Neighborhood Study Engagement Approach

## Working Groups

The Department of City Planning and relevant City agencies work with residents and community stakeholders to develop specific recommendations that meet Study goals in five Working Groups:

**Housing**

**Arts and Culture**

**Public Realm**

**Industry and Economic Development**

**Resiliency and Sustainability**

## Final Deliverable

Mutually-prioritized list of recommendations to help inform the draft planning framework

## Public Workshops

Along with Working Group proposals and recommendations from targeted outreach, public workshops will be held, focusing on different topics and sites throughout the study area in order to:

- Illustrate how different uses can be accommodated at different densities
- Highlight key urban design challenges and opportunities
- Refine recommendations and proposals

## Targeted Outreach

City agencies engage residents and community stakeholders on specific topics in order to share information, solicit feedback, inform ongoing planning efforts, and develop recommendations in targeted areas, including: **SCHOOLS** **NYCHA** **TRANSPORTATION**

## Online Engagement

Community members can provide feedback online at their convenience through DCP's new online engagement tool located at: **planGowanus.com**
