

Expanding Employment Opportunities for People Living with HIV

Presented by :
Sylvester Askins, Jr. and Mark Misrok

Wednesday, February 18
10:00-11:30 AM ET

Training Description: The first in our monthly series of seven webinars, this training includes an overview of key topics and resources to be explored to expand employment opportunities for, and strengthen responses to, employment related needs of people living with HIV.

Intended Audience: HIV service providers, health or human services professionals, case managers, health home care managers, peer workers or anyone working with people living with HIV who are or could potentially be considering or looking for employment.
