

TAKE THE PLEDGE!

SAVE A LIFE-DONATE BLOOD

In partnership with the New York Blood Center, the Joseph P. Addabbo Family Health Center is proud to announce plans for an upcoming community blood drive!

TO SECURE OUR EVENT DATE AND MOVE FORWARD, WE NEED AT LEAST 50 VOLUNTEERS TO PLEDGE TO DONATE IN ADVANCE.

DONATING BLOOD IS SIMPLE.

It takes about one hour, and one donation can save up to THREE lives.

Your pledge could help a child fighting illness, an accident victim, a surgical patient, or someone in our own community who needs urgent care.

Let's come together and show the power of compassion, unity, and service. When we give, we save lives together.

Sign up today and be a hero for our community.

Your donation matters. Your pledge matters even more!
