In December 2023, the MTA released the next report in the Queens Bus Network Redesign initiative, the Proposed Final Plan. MTA stated that this Plan will further refine the Queens bus network to address the needs of stakeholders while balancing trade-offs and using network redesign strategies to achieve their customer priorities: Reliable Service, Faster Travel, Better Connections, and Simplified Service.

Information regarding proposed changes for the Rockaways and Broad Channel, which the Transportation Committee will discuss with the MTA can be found at:
