ANY QUESTIONS OR DETAILS!

2025 CONGRESSIONAL APP CHALLENGE

The Congressional App Challenge encourages middle and high school students to learn how to code to create their own app for the opportunity to receive national recognition!

HOW TO PARTICIPATE

1. REGISTER

Students who either live or attend school in the NY-07 Congressional District can now register at **CongressionalAppChallenge.us**. The Challenge will run until October 30th, 2025.

2. BRAINSTORM

Would you like to create a digital project that involves gaming? Or solve a social equity problem? Whether it's an app, website, AR/VR experience, or robotics project; as long as you are coding for your project, the sky is the limit!

3. DESIGN

How do you envision project's design and functionality? What should the user experience be like and what key features should it include?

4. CREATE

You can work on your own, or as a part of a team of up to four students. Find resources to help you at: **CongressionalAppChallenge.us**.

5. SUBMIT!

Submit your creation anytime before October 30th, 2025. Winners will be announced in December.
