RE: Request for a Feasibility Study at 61st Street, Woodside Station for Bicycle Safety Infrastructure and Bicycle Parking, Improved Lighting and Improved Sidewalks and Waiting area for Q70 LaGuardia Link & Q53 SBS

Dear Commissioner Garcia:

At the April 7, 2025, meeting of the Transportation Committee, a motion was made and seconded to request DOT conduct a Feasibility Study at the 61st Street, Woodside Station for Bicycle Safety Infrastructure and Bicycle Parking, Improved Lighting and Improved Sidewalks and waiting area for Q70 LaGuardia Link & Q53 SBS, as it is the gateway to NYC for people coming from LaGuardia. Currently, there is inadequate infrastructure for people on foot and for those who bike to access a major transit hub.

All were in favor of the motion with none opposed and no abstentions.

Community Board 2 is respectfully requesting the NYC Department of Transportation conduct a feasibility study at the noted location in order to improve the overall safety of the public.

Thank you for your consideration of this request.

Sincerely,

Debra Markell Kleinert
District Manager, CB 2
