

GREEN BOOK
for HEALTH

Introducing **The Green Book for Health**

Our Guide Towards Wellness. By us. For us.

The Green Book for Health survey turns lived experience into guidance for safer care. Too many Black Americans experience discrimination or mistrust in healthcare.

Community knowledge saves lives

The original Negro Motorist Green Book helped Black travelers navigate unsafe systems. The Green Book for Health carries forward that legacy today, but in healthcare.

Help shape safer healthcare for our community.

Every survey completed helps Black patients find safe, affirming care and builds a national resource rooted in lived experience.

**The more people who complete our survey,
the stronger the resource becomes!**
