AGENDA

Guest Speaker: Michael Carlier, Director of Community Boards, Queens Borough President's Office will provide an update on the importance of becoming a Community Board member.

1. OTI Partnership Follow-Up - Establish committee schedule to follow up with the District Manager on OTI outreach. Goal is to secure OTI attendance at an upcoming meeting to discuss cloud computing resources, partnership opportunities, and overall collaboration. As far as I'm aware, we are the only Community Board with a tech committee, so it's important for us to foster a strong collaboration with OTI.
2. Website Newsletter Signup Repair - Coordinate OTI fix for broken newsletter signup links on CB2 website (reported by Michael).
3. District Technology Innovation Competition - Launch a community competition where residents propose tech solutions for local challenges. Need committee input on theme, target participants, judging criteria, and recognition event.

“Serving the Communities of Long Island City, Sunnyside, Woodside, and Maspeth”

4. Technology Training Resource Directory - Proposal to create a directory of tech training resources for district residents, cataloging programs at libraries, adult education centers, and workforce development organizations.
