Mr. Cooper stated that we have accepted the concept of the bike lanes on Skillman Avenue and 43<sup>rd</sup> Avenue however, we are unable to accept the problems caused by the reduction of two travel lanes to one for approximately four blocks. This has created unsafe conditions such as accidents for bikes and vehicles, as well as, problems for the New York City Fire Department being unable to make turns and that traffic comes to a complete standstill especially with deliveries.

Mr. Williams has been briefed on this issue and will get more information about this matter and announced that he will be speaking to the Council Member concerning this matter. He asked how many supported the bike lanes and how many did not support the bike lanes.

Ms. Keehan-Smith stated it is not only about the bike lane but the reduction from two lanes to one lane.

The applicant was present at the meeting and provided the following information.

- This is a new application for an outdoor cafe.
- The applicant has six restaurants, and this is the first in LIC.
- The hours of operation are as follows: Sunday through Thursday from 12:00 noon until 10:00 pm and Friday and Saturday 12:00 to 11:00pm Friday and Saturday.

**COURT SQUARE BLOCK 3 TEXT AMENDMENT- 23-10 45<sup>TH</sup> AVENUE - CEQR: 19DCP038Q**

The applicant Tavros Capital, which through Court Square 45th Ave LIC is the owner of the properties a block south of the Citigroup Building at 23-10 – 23-16 45th Avenue and 45-03 – 45-09 23rd Street. This is an application for a zoning text amendment to change the height and setback regulations applicable to the property's block in order to allow a shorter and more efficient building to be constructed, with a taller base but a shorter tower. Under current height and setback regulations, a 70-story building would be built, while under the proposed zoning text amendment, a 45-story building would be constructed. The building would be approximately 256,000 square feet (15 FAR) and have ground floor retail, offices on floors 2-8, and apartments above. While not technically a downzoning, since the as-of-right building would also be 15 far, the proposed building would be 25 stories shorter.

Jay Segal, attorney for Greenberg Traurig, representing Tavros Capital provided the following information:

- This is on a block where the zoning resolution allows 15 FAR with 2 provisos; that the zoning lot is 10,000 square feet and that they do a subway improvement.
- Initial subway improvements for this 3-block court square area was specified in the initial zoning resolution. This is an additional subway improvement.
- Met with MTA and City Planning to come up with the improvement. City Planning stated the shorter building was better as it would be more efficient.
- The plan is to build condos.
- The library lease at the Citibank building ends and they are renegotiating their lease. Savannah the new owner is seeking to renegotiate the lease.
- Tavros has reached out to the library as their lease at one Court Square expires in August. If the library does not come, they are open to other Queens centric not for profits.
- Signed an agreement with 32BJ.
- Was not comfortable discussing the pricing of square footage.
- Prepared to offer 5000 square feet to a library or Queens centric not for profit.
- Have not chosen a builder.

Mr. Segal entertained questions.
