COMMUNITY ADVISORY NOTICE

**BORDEN AVENUE PUMP STATION UPGRADE
PROJECT # CSO-NC-4**

Borough: Queens

September 2022

DEP STARTS BORDEN AVENUE PUMP STATION UPGRADE

On/about the MONTH of September 2022

Installation of Project Signage
Survey and Layout on Borden Avenue
Test Pits along North/South side of Borden Avenue
Demolition of surface features on Borden Avenue
Utility Relocation Work at Borden Avenue
Installation of Jersey Barriers/fencing

Beginning in early September 2022, the City of New York Department of Environmental Protection (DEP) will begin a construction project to expand the pump station footprint, reline the existing force main, as well as site work in the area. This project has an anticipated completion date of Spring 2024.

WHERE WILL WORK BE PERFORMED?

Work will be performed on Borden Avenue between Review Avenue and 29th Street

WHAT WORK WILL BE DONE?

Work scheduled on this project includes site demolition, removal and replacement of all structures and equipment, expansion of the current pump station, relining of the existing force main, and restoration of pavement, curbing, and sidewalks at the site.

WHAT ARE THE COMMUNITY IMPACTS?

The DEP is committed to maintaining a work site that is safe and clean. However, dust, noise and heavy equipment are common elements of construction and we ask for your patience during the project. There may be, at times, limited parking spaces on Borden Avenue and in the vicinity of the work area. There also may be limited street access on Borden Avenue, Review Avenue and 29th Street, however, deliveries to commercial and residential properties and emergency vehicle access will be allowed. In addition, the DEP will be baiting the construction zone on a regular basis to control rodent populations.

Water Service Interruptions

During the course of this project, temporary water service disruptions will be necessary in order to reline the existing force mains. If it is necessary for DEP to turn off your water service, you will receive written notice by 4 p.m. the day before service interruption. Water service will be restored everyday by 6pm. If additional shut downs are required you will receive a new notice daily until work is completed.

Bureau of Public Affairs and Communications

Pedestrian / Traffic

- ❖ Pedestrian access will be maintained at all times.
- ❖ Street closures may be required; warning signs will be posted in advance.
- ❖ Flagmen/Traffic attendants will be at construction site.
- ❖ Driveway access may be temporarily interrupted in order to complete construction.

WHAT ARE THE HOURS OF WORK?

The project working hours are between the hours of 7:00 AM through 3:00PM, Monday through Friday. Night and weekend work may also occur; however, advance notice will be given of any work outside of typical daytime hours.

WHO TO CONTACT FOR MORE INFORMATION?

- Please call MD Rahman, Construction Community Liaison, at 347-763-5396 or email (BordenAve.CCL@gmail.com)
- Visit the NYCDEP web site at www.nyc.gov/dep
- During non-construction hours, please contact the New York City Government Services and Information Hotline at 311.

We appreciate your cooperation and thank you for your patience while we rebuild NYC's infrastructure.
