IMPORTANT NOTICE

Dear Stakeholder,

Please be advised that the National Weather Service has issued a hazardous weather outlook for the NYC area for tomorrow, February 13, 2024, with snow accumulation up to 8 inches expected. In the interests of safety, the NYCDOT has determined that: **On Tuesday, February 13th, there will be no reversal of Manhattan-bound lanes on the Queensboro Bridge Upper Roadway to allow for the removal of snow. As a result, there will be only one Queens-bound Lane on the Upper Roadway during the evening rush hour tomorrow.** Motorists are advised to take note and plan accordingly.

If you have any questions or concerns, please do not hesitate to reach out.
