Notify NYC - Winter Storm Warnings

Always use caution when walking, biking or driving

As we head into the colder weather, here are some important tips:

Before an Outage: Charge cell phones, gather supplies, turn refrigerator/freezers to a colder setting.

During an Outage: Stay clear of downed power lines, turn off all appliances, do not use generators indoors; keep refrigerator/freezer doors closed to prevent food spoilage. If you have a disability/access needs, or use Life Sustaining Equipment and need immediate assistance, dial 911.
