Fire Protection Inspector

Fire Protection Inspector Exams

Qualified Fire Protection Inspector should file for Civil Service status during open filing periods. Civil Service candidates receive preferred status in hiring. Formal announcements for open competitive Civil Service Fire Protection exam are posted in the Chief Leader newspaper or at the New York City Department of Citywide Administrative Services website (nyc.gov/dcas) and the New York City Fire Department's official website (nyc.gov/fdny).

Hiring Requirements

To be appointed as a Fire Inspector, you must:

- Be a minimum of 21 years of age.
- Have a driver's license that is valid in the State of New York.

Education and Experience Requirements

1. Three years of satisfactory full time-experience in one or any combination of the following areas:
 - a. design, installation, operation, repair, testing or inspection of fire suppression, fire alarm and/or extinguishing systems; and/or refrigeration or air conditioning system with a minimum of 5 horsepower; or
 - b. installation and repair of fuel oil heating systems; or
 - c. formulation, enforcement, or implementation of safety standards and programs in the manufacture and/or storage of materials which are potential fire hazards; or
- d. inspection of premises where materials which are potential fire hazards are manufactured or stored to detect the potential for fire and/or explosion; or
- e. inspection of facilities for compliance with fire and building codes and other safety standards and enforcement of these codes and standards for governmental agencies; or
2. Three years of satisfactory full-time experience as a NYC Certified Fire Safety Director, or Construction Site Fire Safety Manager, at least on year of which involved regularly performing any combination of the duties described in "1" above; or
3. An Associate's Degree in any major from an accredited college or university; or
4. A high school diploma and 20 semester credits from an accredited college or university with at least 9 semester credits in physical sciences; fire science technology; fire protection engineering; chemical, civil, mechanical, environmental, electrical, or marine engineering; chemistry; police science; construction technology; or construction management; or
5. A certificate of completion from an approved union-sponsored plumbing apprenticeship program or satisfactory completion of a course of study in plumbing from an approved trade school, technical school, or vocational high school and two years of satisfactory full-time experience in general plumbing involving water supply, drainage and gas appliance installation, or the areas described in "1" above, or
6. A satisfactory combination of education and/or experience that is equivalent to "1," "2," "3," "4," or "5" above. College credit in the areas listed in "4" above may be substituted for experience on the basis of ten (10) semester credits from an accredited college or university for one year and six months of the experience described in "1" above.
