Important Notice

The NYC DOT Division of Bridges will conduct routine monthly testing of the Roosevelt Island Bridge. As a result, intermittent 15-minute closures will take place on Friday, March 17 and 24 from 10:00 a.m. until 2:00 p.m. A second test may occur only after the first full test is concluded and any queued traffic has dissipated.

Testing requires a complete closure of the bridge to all vehicular and pedestrian traffic during lifts.
