The Census Bureau produces timely local data that is critical to emergency planning, preparedness, and recovery efforts for all types of emergencies

NYC, Prepare with The Census

Recovery organizations like FEMA rely on data collected by Census Bureau in order to assist people, homes, and businesses in each affected areas.

Without Census Bureau data, it would be impossible to predict who needs help. When we have a detailed representation of what our community looks like, we are able to plan better evacuation and emergency scenarios.

After completing the Census 2020, you can enter the Commonpoint Queens Raffle for a chance to win a \$100 Gift Card! Enter at:
