Happy Earth Month Celebrate with Us!

April is Earth Month, a time to celebrate our planet and take action to protect it. Earth Day, which is celebrated annually on April 22nd, is the largest civic event in the world, with over a billion people participating each year!

This month long celebration is an extension of **Earth Day**, and was acknowledged as such with the intent on raising awareness on energy conservation, green infrastructure, and all things green in our communities.

Together, let's welcome the warm weather to yet again showcase our community gardens, and all things green in our community.

PLANNING

City of Yes for Economic Development Workshop

As many of you will recall, late last year our Board reviewed, discussed, and voted on the **City of Yes for Economic Development** which was only the second part of a 3 part proposal.

There will be a workshop happening tomorrow night explaining:

City of Yes For Housing Opportunity "Diverse Housing Types (ADUs, Conversions, & Shared/Small Homes)"

As Board Members, I highly recommend that you try your best to attend these info sessions, or watch the recordings and slides on Dept of City Planning's (DCP's) website.

You will also find numerous materials on the Housing Opportunity proposal available here:

<https://www.nyc.gov/site/planning/plans/city-of-yes/city-of-yes-housing-opportunity.page>.

Some of these materials are more detailed, while others are more general depending on your preference.

This particular link is really helpful:

These sessions will run from **6:30 pm-8:30 pm** and will be livestreamed on DCP's [YouTube channel](#) , or you can sign up to join the virtual meetings by clicking **HERE**.

The next and final workshop will be held
