QUEENS PUBLIC LIBRARY

There is a **Heat Advisory Notice in Effect**, and with the summer upon us, we can expect many more of them.

This means that now more than ever, you should do all you can to stay safe and cool during the next few weeks.

Be sure to visit [New York City Emergency Management's \(NYCEM\)](#) page for tips and resources on how to stay cool this summer.

And remember that if you need to stay cool, and can't be home, all open [Queens Public Library](#) branches are also cooling centers, so stop by your local branch for great books, programs, and more, and stay for the air conditioning!

For a list of open branches near you, [click here](#), or visit queenslibrary.org
