## Minutes of CB5Q Board Meeting on December 13, 2017

Board Chairman Vincent Arcuri called the monthly Board Meeting to order at 7:15pm, following the Salute to the Flag. He announced the first item on the Board Agenda as:

**PUBLIC HEARING      RE: BSA Cal No. 2017-294 BZ for 55-27 Myrtle Avenue, Ridgewood  
(formerly Ridgewood Theatre)**

IN THE MATTER OF an Application to the NYC Board of Standards and Appeals by Rothkrug, Rothkrug & Spector LLP, Attorneys at Law, on behalf of Theatre Building Enterprises LLC, the owner of record, for a Special Permit, pursuant to Sections 73-36 and 32-10 of the NYC Zoning Resolution, to allow a physical culture establishment/gym in portions of the first floor and Cellar at **55-27 Myrtle Avenue**, BLOCK: 3451; LOT: 7, in Ridgewood, Queens, in a C4-3A Zoning District.

On behalf of the owner of record, Michael Nacmias, of Rothkrug, Rothkrug & Spector LLP, Attorneys at Law, explained that his client is seeking a Special Permit to allow a new gym, Blink Myrtle Avenue Inc., to operate on a portion of the 1<sup>st</sup> Floor and Cellar space of this multiple story mixed-use building that is currently under development at 55-27 Myrtle Avenue, in Ridgewood. He said that this building is located on the north side of Myrtle Avenue, between Madison Street and Putnam Avenue, along the shopping corridor in Ridgewood that includes a C4-3A Zoning District.

Mr. Nacmias explained that this mixed-use development consists of a 5-story portion that fronts onto Cypress Avenue at Madison Street, and a 3-story portion that fronts onto Myrtle Avenue. An illustration of the proposed facility was on display as he spoke. He said that the approved building plans permit the construction of 50 apartments in the residential portion of this building.

Mr. Nacmias said that the new gym, Blink Myrtle Avenue Inc., would occupy a total of 14,138 sq. ft. of the interior space at this site. He said that on the first floor, the new facility will consist of an entry lobby fronting on Myrtle Avenue, the front desk, strength and equipment areas, and office areas. He said that the total number of staff at this location is estimated at 30, including management, sales personnel and front desk personnel. He explained that the staff would work in shifts, so that there would be 15 staff members on site at one time. He estimated that the gym would have approximately 5500 regular members, with patron visits of 550 to 650 per day. He said that their proposed hours of operation would be from 5:30AM to 11:00PM on Monday to Saturday, and from 7:00AM to 9:00PM on Sundays.

The Board Chairman opened the floor to questions and comments. He said that the front façade and lobby of this building were landmarked by the Landmarks Preservation Commission years ago, and should be restored in connection with the building's mixed-use development. For example, he said, the ticket booth of the former Ridgewood Theatre was removed and should be replaced. Mr. Nacmias said that he would inform the property owner.

The Board Chairman referred the matter to the Zoning and Land Use Review Committee for further consideration and review.

He pointed out areas where the lighting along the proposed walkway and bike lanes should be improved, and expressed concerns from committee members about the width of the shared bike lanes and path of the walkway.

The Board Chairman said that the committee should consider the need for security cameras to be installed along the walkway, as well as locations where blue light stations could be installed. Kathy Masi asked if decorative lighting could be installed along the walkway, similar to the fixtures that have been installed in Eastern Glendale this year. She also requested stations for dog walkers inside the Park.

Fred Haller pointed out the fencing between the Forest Park Golf Course and the path of the walkway should be raised to 16 feet, in order to protect pedestrians from being struck by errant golf balls.

Mr. Fiedler said that the committee would review all of their suggestions at the next committee meeting.
