**PUBLIC FORUM**

The public will now be able to state or read their comments during the zoom meeting. All requests for public comment must be submitted via email to [QN06@CB.NYC.GOV](mailto:QN06@CB.NYC.GOV) by 3pm on the day of meeting. Public comments submitted by Friday at 5pm, will be included in the minutes.

***Roland Meier***

*My name is Roland Meier, I am a resident of FH since 1977. My wife Ellen is a FH native who went to PS 101, like our three children we have been privileged to raised here. Both Ellen and I are volunteers in neighborhood organizations.*

*My subject refers to GOOD AND WELFARE OF THE CB 6 DISTRICT.*

*I would like to ask for your guidance and support, not only of the upcoming votes of NY Assembly Bill A5375 and NY Senate Bill S1113 eliminating the use of gas-powered leaf blowers from May 1- Sep 13, but how we can work to mitigate the health hazards caused by these devices who severely impact the quality of life in our communities.*

*I am working from home and have been a victim of constant gas leaf blower noise, fumes, and dust for the past 12 years. Now, with Covid, and many more residents working and studying from home, there is a growing number of neighbors who share my experience and frustration.*

*Whereas leaf blowers have initially been used only for spring cleanup and fall leave removal, these devices are now used constantly from March to December. With probably 90% of homeowners contracting with landscape companies we are subjected to 80+ decibel noise basically 6 to 7 days a week from 8am to 7pm. As a result,*

- *It is difficult to concentrate on our work*
- *We must close our windows to reduce the noise and avoid the dust & toxic fumes*
- *We cannot engage in telephone calls and zoom meetings unless hiding in the basement*
- *We cannot enjoy the outdoors or our backyard*
- *Students doing their classes from home cannot concentrate and are unable to hear what a teacher is saying.*

*The toxic pollution caused by gas leaf blowers have a major impact on climate change.*

- *According to the CA Air Resources board, 1 hour use produces the same amount of air pollution as driving a Toyota Camry 1,100 miles, the distance from New York to Orlando.*

*In fact, the agency estimated that in the early 2020s, pollution from leaf blowers and lawn mowers would surpass pollution from passenger cars in Southern California, as newer, more efficient cars hit the road.*

- *According to the EPA, they produce 300X more asthma-inducing, smog-causing pollutants than a pickup truck.*

*At this time over 30 States and close to 400 municipalities have recognized the huge drawbacks to gas leaf blowers and implemented restrictions and the number is increasing. For example:*

*Effective April 01, 2021, the city of Oakland, CA (Pop. 440,000) bans the use of leaf blowers, chainsaws, mowers, trimmers, and other lawn equipment that rely on combustion engines citing health and climate change concerns.*

*Effective January 01, 2022 Washington D.C. (Pop. 715,000) bans the sale and use of gas-powered leaf blowers*  
*Effective January 01, 2019, Palm Springs, CA prohibited the use of gasoline-powered leaf blowers to improve air quality and reduce noise pollution. Additionally, the ordinance prohibits blowing of leaves and debris into the street or onto adjacent properties. In the meantime, the landscaping industry has adjusted with more environmentally friendly practices using brooms, rakes, and battery powered blowers. Where bans are in place, landscaping companies are still in business and prices have not increased.*

*The current Assembly & Senate Bills are our local solution:*

*PURPOSE OR GENERAL IDEA OF BILL: To prohibit the use of gas-powered leaf and lawn blowers from May first and September thirtieth. This bill aims to cut down on the careless usage of leaf blowers by restricting its usage as a landscaping tool in the non-fall months.*

*In addition to creating an awareness within CB6, I would like to close with two questions:*

- a) How can we help and work with you to give your support to Assembly Bill A5375 and Senate Bill S113 which seek to regulate the use of leaf blowers?*
- b) How can you help us diminish the impact of these machines on our quality of life?*

*Thank you.*

Chair Weitzman expressed to the Board that all public comments are taken seriously and are followed up with personal emails from the Chair and/or various committee chairs.

## **MINUTES**

The minutes of February 10, 2021 were accepted as written.

## **CHAIR'S REPORT**

Chair Alexa Weitzman took a few minutes to acknowledge that this is the anniversary of our last in person meeting. She acknowledged those that we lost in our community to COVID. There have been 752,000 COVID cases in New York City and approximately 29,000 deaths. In addition, she mentioned the rising hate crimes against Asians / Asian Americans. Queens CB 6 takes this very seriously and stands with these individuals. As part of its Diversity, Education and Community Engagement Committee, CB 6 will be looking into ways to address this further. Chair Weitzman welcomes feedback regarding how the Community Board can help with these issues and make this community better and more accepting.

Chair Alexa Weitzman asked everyone to remember CB 6 Members: Dr. Karl Newman, Christopher Collett and Joseph Hennessy as well as all the members of the community that were lost this year with a moment of silence.

Chair Weitzman mentioned that an Ad Hoc Committee (Diversity, Education and Community Engagement) was formed with Tania Padgett as the Chair and Kevin Ly as the Co-Chair. If any Board Members are interested in taking part, they can let her know.

Chair Weitzman acknowledged the following CB Members that will not be renewing their CB Membership this year and thanked them for their service: Naomi Altman, Soumaly King, Norman Leibowitz, Gloria Ferreras, Jeremy Golant. There have been over 50 people that have applied to be on the board this year. The Executive Committee will be taking a look at the role of the public members on Committees.

Chair Weitzman reminded everyone that there is now a google calendar on our CB 6 website, [www.nyc.gov/cb6q](http://www.nyc.gov/cb6q). This will contain all the links to sign up for meetings and events. Also, you can subscribe to the calendar and the CB events will show up on your google

calendar. Also, Alexa reminded everyone that David Schneier is working on a proclamation about COVID. If you want to work with David on this, please reach out via the office.

Last, Chair Weitzman thanked the Board Members and the CB 6 Staff for all the work they do.

## **DISTRICT MANAGER'S REPORT**

District Manager Frank Gulluscio announced that there are about 10 openings on CB 6, so if you don't get on the board this year, don't get discouraged because you can still participate in our community.

DM Gulluscio announced that he participated in a rally at Borough Hall regarding the hate going on in our community with Asian Americans.

As a follow up on legislation that Frank spoke about last month with respect to Zoning that was introduced by Speaker Johnson, this isn't being voted on at this time.

District Manager Gulluscio mentioned Conflicts of Interest. This is to ensure that "public servants do not use or appear to use your public position to benefit your private interest, those of your family or associates". If you are unsure if a situation is a conflict of interest, we can find out.

District Manager Gulluscio announced that the status of further budget cuts is unknown at this time. We are waiting for more information following the city and state budget.

Last, DM Gulluscio announced that York College is a great location to get a COVID Vaccine. He mentioned that 18% of Queens residents have received their first dose. Also, they are hiring individuals to work at Vaccine locations. There are a lot of different jobs there, not just those administering the vaccines.

One of the first things the committee would like to do is make a list of resources for anti-hate, anti-profiling (advocacy groups, non-profits, city government, etc). The goal of this list is to make it available for CB members and members of the public. If anyone has any suggestions, please email them to the CB office.

Kevin also reported that he is a delegate to the Queens General Assembly, and they are planning a Hate Crime Forum in conjunction with Queens Borough Hall on May 25, 2021. He feels that there are a lot of overlapping themes between the Queens General Assembly and the CB's DECE Committee.

## **GOOD & WELFARE**

Board Member Jean Silva emailed the following statement to be read by Chair Alexa Weitzman and put into the minutes:

*I have been on the board for over eight years now and have never had so much confusion come from the chair and the executive committee. The lack of respect for Frank, Christine and staff for all the hard work they have done over the years is incredible.*

*The email put out on Feb 8, 2021, was a put down to Joe Hennessey & the many years he was Chair of CB#6.*

*Giving the Parks Chair a protocol for how to run a Committee is a personal insult.*

*You have been on the board for four years now, two years as a board member and chair 2 years as chair. You really don't have the understanding or knowledge to run a Chair*

*In my opinion and seeing how many of our Board members are leaving us this year I'm not alone in the above statement.*

There was much discussion regarding this. It was decided that this isn't the place to discuss this type of issue and if anyone wanted to continue the conversation, it could be done in a more private setting thinking about how we can move forward with the betterment of the community at the root of our action.

Heidi Chain announced that the 112<sup>th</sup> Precinct Community Council Meeting will be on Wednesday March 17, 2021 at 7:00pm. RSVP and send questions for Captain Cappelmann to [council112@yahoo.com](mailto:council112@yahoo.com)

Mark Laster announced that the FH Green Team, reached an agreement with the Parks Department to start composting at Macdonald Park. They will be partnering with the Queens Botanical Gardens and the Friends of Macdonald Park.

Brendan Griffith announced that on March 25, 2021 at 6:00pm, the NYC Central Labor Council, Workers United SEIU and the Remember the Triangle Fire Coalition will be holding a Commemorative Event to honor the 146 immigrant women that died in the Triangle Shirtwaist Fire.

Edwin Wong announced that the FH Asian Association will be working on different projects in the Community to bring awareness to the Anti-Asian sentiment that is taking place in our city.

## MAYOR'S COMMUNITY AFFAIRS UNIT

Jessica Schabowski announced the following:

- Over the past weekend 100,000 New Yorkers were vaccinated. We have the capacity for 500,000 dosages per week, but the city doesn't have the supply. However, now that the Johnson and Johnson Vaccine was approved, the city expects an increase over the next few weeks. The best vaccine to take at this time, is the one that is available to you.
- NY continues to track variants more than any other city
- DFTA has been identifying homebound individuals to get them vaccinated. These vaccines are being done by FDNY.
- Sunday March 14 will be COVID-19 Day of Remembrance. If you lost someone you to COVID-19, you can share their name and photo to be displayed during the event.
- Vaccine for all Corp is hiring individuals to assist with the Vaccine effort. There are clinical roles as well as support and administrative roles.

## NYS SENATOR JOSEPH P. ADDABBO JR.

Sarah Spellman announced the following:

- The month of March, all offices are drop off locations for E-Waste Recycling
- On April 6, there will be a Virtual Event with DCAS regarding Civil Service Jobs
- Happy to co-host the Small Business Webinar with CB 6
- If you have issues with unemployment or vaccines, feel free to contact the office

## ASSEMBLY MEMBER DANIEL ROSENTHAL

Ricky Malone announced the following:

- Assemblyman Rosenthal is working on a bill to provide greater transparency in Ranked Choice Voting
- Assemblyman Rosenthal is happy to head the Task Force on Food, Farm & Nutrition Policy and increase the Nourish New York Program. This will save farms and bring food to people in NY that need it.

## COUNCIL MEMBER KAREN KOSLOWITZ

Michael Cohen spoke briefly about the Triangle Shirtwaist Factory. He also spoke about changes to 2 zoning applications that the Community Board voted on. In December, the city abrogated the AIRS Senior Affordable Housing Program. This will affect the following applications: 91-32 63<sup>rd</sup> Drive and 68-19 Woodhaven Boulevard. The number of units were reduced and therefore the number of affordable units would also have to be reduced. The Council Member pushed for the developer to keep to their promise of increased affordable housing.

## ASSEMBLY MEMBER ANDREW HEVESI

Michael Carlier announced that the Assemblyman is working on the following:

- Assembly Bill 3146 – Recalculation of Empire State Child Tax Credit

- Assembly Bill 4109 – Relates to providing support and services for youth suffering from adverse childhood experiences (ACE’s), which have increased since the pandemic and lockdown. He would also like to bring awareness to ACE’s
- Rent Supplements

Assemblyman Hevesi is continuing weekly mask giveaways on Sundays at the FH Greenmarket.

#### NYC COMPTROLLER SCOTT STRINGER

Haris Khan introduced Katrina Asante, Director of Community Affairs and announced the following:

- MWBE University Series: M/WBE University Series is designed to expand access and opportunities for minority and women-owned business enterprises (M/WBEs) seeking to do business with the City. MWBE University is a year-long series of workshops designed to help MWBEs get certified with the City, navigate the procurement process, and gain access City contracts.
- Budget Season: Comptroller Stringer is highlighting immediate needs for residents and overspending from agencies

Meeting adjourned at 9:10 PM.

Respectfully submitted,
