

REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Adopted Budget Fiscal Year 2022

Queens 8

The City of New York
Bill de Blasio, Mayor

FY 2022 Adopted Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Adopted Budget reports the FY 2022 adopted budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2022 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Adopted Budget recommendation for each budget request.

04	408202204E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: Increase funding for summer youth employment programs. Every year the percentage of funds allocated to meet the needs for the program has been diminished. 14	408202214E	<p>Request: Increase transportation services capacity</p> <p>Explanation: We have a multi-ethnic population. In recent years, we have seen an increase in people who identify as Asian. As such, the services provided for seniors need to meet that change. When services are not readily available for one ethnic group, transportation to neighboring centers that do is desirable. While the population is not necessarily homebound but the frail senior population does have issues with using mass transit. For those that are homebound, they need to interact with people from the outside world. This could possibly mean using technology to help them stay connected. They can participate in senior activities remotely (i.e. through Skype).</p> <p>Responsible Agency: Department for the Aging</p> <p>Supported by: Fresh Meadows Homeowners' Civic Association</p>	<p>Further study by the agency of this request is needed.
