AGENDA

The New York City Economic Development Corporation will give an update on the Tompkinsville Esplanade and Pier.

New York City Housing and Preservation & Development and the New York City Housing Authority will speak on its releasing an RFEI to identify partners to make comprehensive improvements to the West Brighton I & II developments through the PACT program. The project will also include the demolition of two vacant and uninhabitable NYCHA buildings on the southwestern corner of the campus. These buildings will be replaced with a new HPD-financed building with approximately 100-120 rental units. The RFEI will be released this month (December 2021), and designation is anticipated to occur in late 2022. Site plans for the proposed building will be shared once this designation occurs. Renovations will begin in late 2023 or early 2024, followed by the groundbreaking of the new building.
