Dr. Cleve is a fair honor

and principal leader who is truly
40
00:03:07.405 --> 00:03:10.445
devising in his PO of his position.
41
00:03:11.275 --> 00:03:14.765
He's dedicated intelligently, undoubtedly serving
42
00:03:14.825 --> 00:03:17.045
as the CCRB and the city as well.
43
00:03:17.735 --> 00:03:20.165
Again, thank you, Dr. Thank you.
44
00:03:25.505 --> 00:03:29.565
We have a presentation from the Army Corps of Engineers.
45
00:03:42.905 --> 00:03:45.765
Hi, good evening. Good evening.
46
00:04:13.085 --> 00:04:17.545
Hi. Good. My name is Kathy GaN
47
00:04:21.215 --> 00:04:24.865
this project, I'll be presenting the first I'd like to.
48
00:04:31.125 --> 00:04:33.585
Hey, Kathy. Thank you. Uh, hello everyone.
49
00:04:33.595 --> 00:04:36.825
Appreciate the, uh, the opportunity to, to brief the, uh,
50
00:04:36.825 --> 00:04:38.905
community board here for the overall Staten
51
00:04:38.905 --> 00:04:40.305
Island, uh, project.
52

00:04:41.065 --> 00:04:43.185
I think most people are familiar with the projects.
53
00:04:43.285 --> 00:04:46.905
Um, like we know the, the details of, uh, the large scale,
54
00:04:47.765 --> 00:04:50.065
uh, coastal storm risk management project that
55
00:04:50.665 --> 00:04:51.665
construct on Stack Island.
56
00:04:52.525 --> 00:04:54.505
And today we're, you, we're starting
57
00:04:54.505 --> 00:04:55.985
with the very first contract,
58
00:04:56.005 --> 00:04:57.545
the interior drainage contract.
59
00:04:57.725 --> 00:05:00.785
We, we call Area E That's in the South Beach area.
60
00:05:00.925 --> 00:05:03.105
So we're, we're proud to kind announce that
61
00:05:03.125 --> 00:05:04.465
and get the, uh,
62
00:05:04.465 --> 00:05:07.465
community process started on the specific contract.
63
00:05:08.405 --> 00:05:10.185
Um, Kevin, could you go to the next slide?
64
00:05:15.325 --> 00:05:15.865
All right. And,
65
00:05:21.565 --> 00:05:21.865
All right.
66
00:05:21.865 --> 00:05:23.705
So again, familiarity with no project.
67
00:05:23.865 --> 00:05:25.945
I think we, we've done some briefing before.
68
00:05:26.285 --> 00:05:28.905
Um, and we'll obviously continue as we,
69
00:05:28.965 --> 00:05:31.945
as we continue our design efforts on the overall project.
70

00:05:32.085 --> 00:05:35.065
But we all know the large portion of the project is going
71
00:05:35.065 --> 00:05:36.985
to become the, the large seawall structure
72
00:05:37.365 --> 00:05:40.305
that's gonna run from, for Bosworth area all the way
73
00:05:40.305 --> 00:05:44.545
through, uh, Midland, through bdo, all to Oak Beach.
74
00:05:45.215 --> 00:05:48.425
Alright. That's still an effort that is still under design.
75
00:05:48.575 --> 00:05:49.705
Alright? You don't know that
76
00:05:49.705 --> 00:05:52.145
that's still taking a little bit more effort to, to get
77
00:05:52.145 --> 00:05:53.745
that ready for construction.
78
00:05:54.245 --> 00:05:57.925
Um, but today we are starting with the first interior range
79
00:05:58.445 --> 00:05:59.485
contract specifically.
80
00:05:59.895 --> 00:06:01.845
Again, we called area in South Beach.
81
00:06:02.425 --> 00:06:05.485
That's the area bound by Sand Lane, father Capano
82
00:06:06.065 --> 00:06:07.085
and, uh, quintard.
83
00:06:07.475 --> 00:06:09.525
Alright. I think most people are familiar with that area.
84
00:06:09.555 --> 00:06:11.565
That contract has been awarded. Alright?
85
00:06:11.565 --> 00:06:12.605
That's the first contract
86
00:06:12.605 --> 00:06:15.765
that the overall project for Staten Island.
87
00:06:16.465 --> 00:06:19.205
Um, we look, except we're gonna be starting those efforts
88

00:06:19.345 --> 00:06:20.965
coming up in the springtime
89
00:06:21.555 --> 00:06:23.725
with actual full construction right now.
90
00:06:23.725 --> 00:06:27.605
There's a lot of, uh, initial upfront work being done, um,
91
00:06:27.755 --> 00:06:31.205
between the core, the city, the state, and the contractor.
92
00:06:31.345 --> 00:06:32.965
The prep, uh, old work
93
00:06:32.965 --> 00:06:35.405
that's gonna be happening on site here.
94
00:06:35.985 --> 00:06:40.125
Uh, just a reminder, area E is a, is a collaboration,
95
00:06:40.945 --> 00:06:44.645
um, ponding area that, that basically takes the core
96
00:06:44.645 --> 00:06:47.085
of engineers version of interior drainage.
97
00:06:47.365 --> 00:06:51.085
Remember the core's version of the plan is to, uh,
98
00:06:52.485 --> 00:06:54.645
maintaining water during high level events
99
00:06:54.755 --> 00:06:56.005
such as Hurricane and Sandy.
100
00:06:56.545 --> 00:06:59.645
And we've combined that with what the DEP does, where they,
101
00:06:59.645 --> 00:07:03.245
they're looking for more day to day, uh, alleviation of, of,
102
00:07:03.265 --> 00:07:06.125
of, of, uh, stormwater management in that area.
103
00:07:06.145 --> 00:07:08.165
And that's the unified plan that we put together.
104
00:07:08.385 --> 00:07:09.965
Uh, specifically for area E.
105
00:07:10.545 --> 00:07:13.565
Uh, you're gonna see similar things happening, what we call,
106

00:07:13.745 --> 00:07:18.045
uh, area C in New Creek, uh, area B in, uh,
107
00:07:18.625 --> 00:07:21.165
in Oakwood once those contracts get awarded.
108
00:07:21.185 --> 00:07:23.365
But for now, focus is area E.
109
00:07:23.365 --> 00:07:24.845
That's the one that's gonna be moving forward.
110
00:07:25.625 --> 00:07:28.205
Um, captain, next slide please.
111
00:07:33.025 --> 00:07:36.845
It takes us back to the, okay,
112
00:07:38.025 --> 00:07:39.485
you can go to the overview there.
113
00:07:39.705 --> 00:07:41.245
He would ate that.
114
00:07:46.895 --> 00:07:51.485
There you go. Yeah. So again, familiarity, sand lane
115
00:07:52.195 --> 00:07:56.965
fall, the cap down, uh, Linard Street basic concept here.
116
00:07:57.345 --> 00:08:01.205
Uh, two large, uh, open ponding areas connected.
117
00:08:01.705 --> 00:08:04.325
Uh, you see there's gonna be various drainage structures
118
00:08:04.385 --> 00:08:08.765
around the perimeter of the, of the, uh, interior area.
119
00:08:09.505 --> 00:08:12.685
Um, and then there's gonna be the two connections at Quincy
120
00:08:12.745 --> 00:08:14.805
and down by Father Capano that both
121
00:08:15.475 --> 00:08:19.045
connect the ponding areas into the existing sand lane
122
00:08:19.075 --> 00:08:20.405
outflow structure, right?
123
00:08:20.405 --> 00:08:23.725
So that's the overall concept of the, of this plant.
124

00:08:23.785 --> 00:08:25.765
And again, this is the interior area
125
00:08:25.865 --> 00:08:26.965
for this specific reach.
126
00:08:27.895 --> 00:08:30.405
Eventually it'll work in tandem with the,
127
00:08:30.625 --> 00:08:33.725
the dependency wall that will come, um, very shortly.
128
00:08:33.945 --> 00:08:37.565
But, uh, again, so today is really the introduction, uh,
129
00:08:37.625 --> 00:08:41.565
for the community, uh, about the start of work at, uh,
130
00:08:41.665 --> 00:08:44.325
at air a e and how we're gonna, you know,
131
00:08:44.325 --> 00:08:46.205
introduce the community liaison.
132
00:08:46.535 --> 00:08:49.245
We'll basically be working in collaboration
133
00:08:49.245 --> 00:08:50.645
with the homeowners there and,
134
00:08:50.645 --> 00:08:53.205
and the public to keep everybody up to date in terms of,
135
00:08:53.225 --> 00:08:55.660
you know, what's happening and how things are proceeded.
136
00:08:55.955 --> 00:08:58.125
Alright, the overall of the project
137
00:08:58.425 --> 00:09:01.725
and all the other pieces are all under design and,
138
00:09:01.745 --> 00:09:04.525
and we're continuing all those efforts, uh, to,
139
00:09:04.525 --> 00:09:07.285
to move forward and get those into construction, um,
140
00:09:07.475 --> 00:09:08.525
over the next couple of years.
141
00:09:08.525 --> 00:09:10.005
Alright, so we'll, we'll continue
142

00:09:10.005 --> 00:09:13.525
to update the community board as we advance, uh,
143
00:09:13.605 --> 00:09:14.805
those other efforts as well.
144
00:09:15.395 --> 00:09:17.925
Alright, so that's my just rough introduction.
145
00:09:18.265 --> 00:09:21.045
Um, I'll turn it over back to Kathy Hogan to,
146
00:09:21.065 --> 00:09:22.605
to work us through the presentation.
147
00:09:23.255 --> 00:09:26.495
Thank you. Thank you. Thank you again. Correct.
148
00:09:27.755 --> 00:09:30.055
Um, so again, my name is Kathy Hogan. I'm Ms.
149
00:09:30.135 --> 00:09:34.775

south Shore Staten Island program,
151
00:09:37.655 --> 00:09:39.695
interior drainage area project.
152
00:09:40.475 --> 00:09:43.695
We have with us snip also, um, in the core
153
00:09:44.205 --> 00:09:48.335

154
00:09:48.395 --> 00:09:52.015
and Robert Norman, New York City, DPP Deputy Chief.
155
00:09:52.155 --> 00:09:54.335
You like to introduce yourselves? Thank,
156
00:10:01.035 --> 00:10:02.035
Uh, sure. Hi, uh,

good evening everyone. My name is Bill Wright.

Good evening. This is, I'm engineer for island,
161
00:10:17.705 --> 00:10:18.805

Thank you. So the agendas night
167

as about the project Mr. Frank just reviewed with you.
168
00:10:37.245 --> 00:10:40.045
Project location, construction overdue
169
00:10:40.625 --> 00:10:43.085
during construction activities, community impact
170
00:10:43.645 --> 00:10:45.125
outreach and notification.
171
00:10:47.255 --> 00:10:50.445
Again, you can see the yellow highlighted area in which
172
00:10:50.445 --> 00:10:51.525
we're speaking about tonight.
173
00:10:53.435 --> 00:10:55.165
Some points of facts about the project.

00:10:55.745 --> 00:10:58.405
The notice of proceed is July 30th, 2024.
175
00:10:58.825 --> 00:11:01.565

176
00:11:01.675 --> 00:11:04.365
project completion winter 2028.
177
00:11:05.225 --> 00:11:07.445
The contractors try on construction for
178

00:11:07.825 --> 00:11:10.645
and total budget is 133 million.
179
00:11:14.305 --> 00:11:17.965
The RAE project locations, again, as Frank mentioned,
180
00:11:17.965 --> 00:11:20.005
that will be affected by
181
00:11:20.525 --> 00:11:23.285
sanitary installation.
182
00:11:23.455 --> 00:11:26.005
Storm stormwater installation of Watergate installations,
183
00:11:26.785 --> 00:11:30.605
ARD Street, north Mallory Avenue, Agnes Place,
184
00:11:31.565 --> 00:11:34.885
Pearsall Street, McLaughlin Street North,
185
00:11:36.905 --> 00:11:41.605
As well as Andrew Street, Quincy Avenue Wentworth Avenue.
186
00:11:42.515 --> 00:11:45.005
Oceanside Avenue Street.
187
00:11:45.935 --> 00:11:48.725
Again you can see in the legend on the lower right hand
188
00:11:48.835 --> 00:11:51.565
side, the orange is
189
00:11:53.615 --> 00:11:56.505
installations, green storm water installations
190
00:11:56.845 --> 00:11:58.745
and the water administration.
191
00:12:00.085 --> 00:12:02.145
And finally, father Pat down on Boulevard.
192
00:12:04.845 --> 00:12:08.585
The construction overview, the preliminary work
193
00:12:09.655 --> 00:12:12.985
that is to be done and needs being done underway.
194
00:12:13.255 --> 00:12:17.785
Utility coordination, community outreach, permits
195
00:12:17.785 --> 00:12:22.745
and scheduling construction, pre-construction photographs,
196

00:12:23.685 --> 00:12:26.385
street guards and pruning, street markings,
197
00:12:26.615 --> 00:12:28.465
soil samples and test kits.
198
00:12:28.835 --> 00:12:32.225
Storm water pollution prevention tree removals.
199
00:12:32.815 --> 00:12:34.985
Regarding the pre-construction photographs.
200
00:12:35.665 --> 00:12:39.305
I will be out in the community very soon
201
00:12:39.485 --> 00:12:42.505
and seeing all of you to start that
202
00:12:43.525 --> 00:12:44.665
pre-construction survey.
203
00:12:46.315 --> 00:12:50.505
Continuing to the in-ground work for DEP work pond
204
00:12:51.055 --> 00:12:54.545
including water quality, DMPs, water main
205
00:12:54.545 --> 00:12:57.465
and fire hydrants, sanitary sewer replacement,
206
00:12:58.035 --> 00:13:01.545
storm sewer installation, catch basin street cutting,
207
00:13:01.755 --> 00:13:05.665
Andre set up and layer above ground DOT work.
208
00:13:05.975 --> 00:13:09.305
Current sidewalks restoration where needed.
209
00:13:09.915 --> 00:13:14.385
Pedestrian ramps trench restoration, asphaltic overlay,
210
00:13:14.625 --> 00:13:17.705
DOT easement markings, post-construction, SWIFT measures
211
00:13:20.845 --> 00:13:24.705
during construction traffic patterns, the contractors
212
00:13:25.415 --> 00:13:29.905
will be maintained following personnel, signage
213
00:13:30.965 --> 00:13:33.465
and safe work site for pedestrians and vehicles.
214

00:13:34.005 --> 00:13:35.785
The pedestrian access to buildings
215
00:13:35.785 --> 00:13:39.105
and sidewalks will be maintained keeping a minimum width
216
00:13:39.125 --> 00:13:42.185
of five feet for access to sidewalks and crosswalks.
217
00:13:42.715 --> 00:13:44.985
There will be flaggers to assist with traffic.
218
00:13:45.885 --> 00:13:48.985
Bus stop relocations when within the work zone
219
00:13:51.415 --> 00:13:52.545
community impacts
220
00:13:52.685 --> 00:13:55.825
and mitigations, we'll be working
221
00:13:55.825 --> 00:13:58.585
with DEP within the DEP noise code
222
00:13:58.725 --> 00:14:00.105
and bus control regulations.
223
00:14:00.945 --> 00:14:04.065
I will provide 72 hour notice to impacted areas
224
00:14:05.175 --> 00:14:09.185
post advanced contractors 24 hour notice in the impacted
225
00:14:09.195 --> 00:14:12.945
areas for parking restrictions and confirm water shutdowns.
226
00:14:14.515 --> 00:14:17.665
We'll keep storage site and MPT area clean
227
00:14:17.665 --> 00:14:22.065
and safe professional voting control inspector
228
00:14:22.365 --> 00:14:23.825
to monitor and maintain room
229
00:14:26.415 --> 00:14:29.905
parking may be temporarily restricted When necessary signs
230
00:14:29.925 --> 00:14:33.905
to be posted in advance garbage pickup may be affected
231
00:14:34.365 --> 00:14:35.785
and I'll be able to coordinate
232

00:14:35.785 --> 00:14:36.985
with the appropriate stakeholders.
233
00:14:38.175 --> 00:14:41.865
Individuals with special needs should contact the CCL myself
234
00:14:42.885 --> 00:14:44.145
and the core
235
00:14:44.285 --> 00:14:47.785
and DEP field staff will work to minimize the inconvenience
236
00:14:48.965 --> 00:14:50.865
in order to expedite the completion of work.
237
00:14:51.605 --> 00:14:56.045
Driveway access may be restricted to our who working hours.
238
00:14:59.765 --> 00:15:02.075
Again, I am community construction liaison
239
00:15:03.615 --> 00:15:05.555
and um, our corps
240
00:15:05.575 --> 00:15:08.235
and CEP has assigned me to this project
241
00:15:09.215 --> 00:15:11.275
as your dedicated point of contact.
242
00:15:12.295 --> 00:15:15.955
You can see on the screen my email address in which if you
243
00:15:15.955 --> 00:15:17.235
reach me your phone number
244
00:15:17.975 --> 00:15:20.675
and if you have a moment you'd like to scan the QR code
245
00:15:21.255 --> 00:15:23.115
may be easier to just add to your phone
246
00:15:26.655 --> 00:15:29.435
as well as, um, as I said,
247
00:15:29.545 --> 00:15:30.915
I'll be seeing you in the community
248
00:15:31.135 --> 00:15:34.235
to gather your preferred forms of contact.
249
00:15:35.455 --> 00:15:37.675
And as another option as well.
250

00:15:37.705 --> 00:15:41.035
This evening I prepared a Google form
251
00:15:41.305 --> 00:15:43.715
that if you have an opportunity to scan this form,
252
00:15:44.575 --> 00:15:45.875
you can begin to contact
253
00:15:46.095 --> 00:15:50.795
me again.
254
00:15:51.315 --> 00:15:53.155
I am your first, first point of contact
255
00:15:53.615 --> 00:15:56.115
and maintain onsite presence and communication.
256
00:15:57.035 --> 00:15:58.875
I will help identify, resolve
257
00:15:59.095 --> 00:16:01.995
and proactively address issues and inquiries.
258
00:16:02.375 --> 00:16:06.235
Any questions, distribute advisory updates
259
00:16:06.235 --> 00:16:08.355
and weekly construction activity newsletters.
260
00:16:08.535 --> 00:16:12.275
And I will provide 72 hour and 24 hour confirmation
261
00:16:12.295 --> 00:16:15.155
or cancellation advisories for work
262
00:16:15.295 --> 00:16:17.995
and past by email or door to door.
263
00:16:19.105 --> 00:16:20.475
Your preferred method of contact
264
00:16:23.225 --> 00:16:25.715
here are some examples of communication.
265
00:16:26.615 --> 00:16:29.835
Um, a project information card will become available.
266
00:16:30.785 --> 00:16:34.475
It's an example of advisory notices such as room closures,
267
00:16:34.765 --> 00:16:37.395
water start offs, newsletter.
268

00:16:37.575 --> 00:16:38.675
We prepared quarterly
269
00:16:39.735 --> 00:16:43.595
and there'll be a weekly bulletin instruction bulletin.
270
00:16:46.565 --> 00:16:48.915
Thank you very much and thank you again for your time.
271
00:16:52.365 --> 00:16:52.835
Thank you.
272
00:17:02.215 --> 00:17:03.995
I'm gonna turn it over to the public session.
273
00:17:07.375 --> 00:17:08.595
Can We ask the question? Excuse me?
274
00:17:08.595 --> 00:17:10.675
Can we ask any questions of the representatives?
275
00:17:10.865 --> 00:17:12.315
Yeah, we have some questions from the
276
00:17:12.315 --> 00:17:13.395
board members only. Yes,
277
00:17:13.685 --> 00:17:14.685
Steve? Um,
278
00:17:14.685 --> 00:17:16.875
this is for GaN.
279
00:17:17.215 --> 00:17:20.595
Um, I was just wondering with the preconstruction plan,
280
00:17:20.595 --> 00:17:23.995
whether you've, uh, planned the public asset, uh,
281
00:17:24.255 --> 00:17:27.555
to the whole site, not just to ADE on the
282
00:17:27.555 --> 00:17:31.395
outside like they did in on Boulevard first, uh, near, um,
283
00:17:32.195 --> 00:17:34.255
in Hill by Fields first,
284
00:17:34.255 --> 00:17:35.815
they just gonna allow from the street,
285
00:17:36.035 --> 00:17:39.295
but there should be access to the entire site public
286

00:17:39.395 --> 00:17:40.695
for hiking and bike.
287
00:17:44.205 --> 00:17:45.655
Have you put that into your plan?
288
00:17:48.355 --> 00:17:49.765
Ms. Hogan, did you hear me?
289
00:17:51.305 --> 00:17:52.125
Can you go to the mic?
290
00:18:00.185 --> 00:18:03.555
This question is for Ms. Hogan. Can you hear me?
291
00:18:04.795 --> 00:18:06.275
I can hear you now. Oh, thank
292
00:18:06.275 --> 00:18:07.275
You. Um, I'm
293
00:18:07.275 --> 00:18:07.915
just wondering,
294
00:18:07.915 --> 00:18:10.675
with pre construction plans in place, have you planned
295
00:18:10.695 --> 00:18:14.075
for public access to most of the, uh, site as white, uh,
296
00:18:14.215 --> 00:18:15.835
hiking, uh, pads,
297
00:18:15.835 --> 00:18:18.595
walking past bike paths throughout the entire site?
298
00:18:18.655 --> 00:18:20.755
Access on the exterior from the sidewalk?
299
00:18:26.585 --> 00:18:27.585
I'll Bring that
300
00:18:27.635 --> 00:18:28.635
Question back to the team.
301
00:18:30.425 --> 00:18:32.795
Okay. Because, uh, we'd like to see that in all the, uh,
302
00:18:32.795 --> 00:18:34.635
wetland preservations and, uh,
303
00:18:34.895 --> 00:18:37.355
and these things that are sent to keeping us from flooding.
304

00:18:37.535 --> 00:18:39.035
So, uh, while you're at it,
305
00:18:39.035 --> 00:18:41.955
there's this beautiful access box there, so I'd like to see
306
00:18:41.955 --> 00:18:44.435
that I rest please. Thank
307
00:18:44.435 --> 00:18:45.435
You.
308
00:18:45.445 --> 00:18:50.165
Thank you. And I just have one question. Yes, please.
309
00:18:50.185 --> 00:18:51.405
Go the microphone please.
310
00:18:57.275 --> 00:18:57.935
The contractor
311
00:18:58.255 --> 00:18:59.575
Handling this job, did he handle any
312
00:18:59.575 --> 00:19:01.015
of the previous Blue Belt jobs that was
313
00:19:01.015 --> 00:19:03.015
Completed from Olympia To Autumn?
314
00:19:09.045 --> 00:19:10.175
I'll answer that. No, he,
315
00:19:10.195 --> 00:19:12.255
he is a different contractor from what the,
316
00:19:12.675 --> 00:19:15.455
the previous contracts were for the city. So this is a new
317
00:19:15.455 --> 00:19:16.455
Contractor.
318
00:19:18.925 --> 00:19:20.175
Anybody else from The board
319
00:19:30.125 --> 00:19:31.095
pass the question?
320
00:19:31.675 --> 00:19:36.055
The interior project going to be a started spring next year
321
00:19:36.395 --> 00:19:38.095
and finished 2028.
322

00:19:38.635 --> 00:19:40.135
But what about the sea wall?
323
00:19:40.285 --> 00:19:43.455
When the sea wall will be stock, then when will be finished?
324
00:19:45.575 --> 00:19:49.265
Yeah, like I said, the sea wall is still under design
325
00:19:49.485 --> 00:19:52.105
and it's still gonna be a few more years of design required
326
00:19:52.125 --> 00:19:53.785
to get those contracts up and running.
327
00:19:54.305 --> 00:19:57.825
I mean, those are large scale, um, contracts
328
00:19:57.935 --> 00:20:00.625
with significant design still required.
329
00:20:01.545 --> 00:20:02.825
Actually, if you look, uh, if you,
330
00:20:03.045 --> 00:20:05.665
if you notice the last couple of weeks we've had our
331
00:20:06.225 --> 00:20:09.145
geotechnical crews out, down by the boardwalk area.
332
00:20:09.705 --> 00:20:11.945
'cause again, we're still obtaining additional, uh,
333
00:20:11.945 --> 00:20:14.705
geotechnical information, uh, et cetera.
334
00:20:14.765 --> 00:20:18.665
So seawall is coming, but it's still a few years away.
335
00:20:18.925 --> 00:20:20.545
Um, the idea is to start with some
336
00:20:20.545 --> 00:20:21.985
of the interior contracts first
337
00:20:22.125 --> 00:20:23.785
and then to be followed with the,
338
00:20:24.295 --> 00:20:25.345
with the seawall structure.
339
00:20:25.845 --> 00:20:27.105
Um, very
340

00:20:27.105 --> 00:20:29.025
Shortly that, you know, I asking
341
00:20:29.025 --> 00:20:32.065
because the US Army works presented 10 years ago,
342
00:20:32.165 --> 00:20:35.905
the project and the design you're talking right now was a
343
00:20:35.905 --> 00:20:37.305
design is just start.
344
00:20:38.735 --> 00:20:41.025
Well now again, design is being refined.
345
00:20:41.345 --> 00:20:43.185
Remember I think you talked about, I had bought this last
346
00:20:43.185 --> 00:20:45.545
time that there were some substantial changes
347
00:20:45.615 --> 00:20:47.285
that were required to the design.
348
00:20:47.905 --> 00:20:50.485
Uh, so that was a little bit of a, of a, a slow down.
349
00:20:50.505 --> 00:20:52.165
But we, we've kind of recovered here
350
00:20:52.165 --> 00:20:55.005
and we're back on on case to, to complete the designs.
351
00:20:55.265 --> 00:20:57.725
But again, we will take, it will take a couple more years
352
00:20:57.725 --> 00:20:59.565
here to, to get those designs in places
353
00:20:59.585 --> 00:21:01.845
to get those construction contracts up and running.
354
00:21:03.275 --> 00:21:07.325
Okay. Any other board
355
00:21:07.325 --> 00:21:08.445
members have any questions?
356
00:21:09.985 --> 00:21:10.985
Yes.
357
00:21:12.315 --> 00:21:13.485
Okay, this is Sean.
358

00:21:14.425 --> 00:21:15.965
Um, so will you guys be coming
359
00:21:16.065 --> 00:21:18.645
to our meetings regularly to give us updates?
360
00:21:18.765 --> 00:21:20.885
I know you mentioned that quarterly newsletter and whatnot.
361
00:21:21.785 --> 00:21:24.245
Are you going to be coming to our meetings
362
00:21:24.465 --> 00:21:26.085
to give us those updates as well?
363
00:21:30.625 --> 00:21:32.425
I think that's something we still have to, we have
364
00:21:32.425 --> 00:21:34.545
to just talk internally and how we want to handle that.
365
00:21:34.715 --> 00:21:36.585
We'll get with the, with the city, uh,
366
00:21:36.605 --> 00:21:38.545
and the state of New York as well, who's also the sponsor.
367
00:21:38.845 --> 00:21:41.945
Um, I I, I think we can do something like that.
368
00:21:42.305 --> 00:21:44.585
I think we just want to get started with the work and,
369
00:21:44.765 --> 00:21:47.025
and then we'll coordinate how we'll we'll work back.
370
00:21:47.445 --> 00:21:50.025
Got it. And then also with, um, you mentioned
371
00:21:50.255 --> 00:21:51.745
that driveways would be blocked too.
372
00:21:52.005 --> 00:21:55.865
So is that during work hours or would that be overnight?
373
00:21:55.875 --> 00:21:57.065
Would that be a long term?
374
00:21:58.005 --> 00:21:59.665
And how would that be communicated
375
00:21:59.665 --> 00:22:01.385
to those, those effective?
376

00:22:04.805 --> 00:22:06.505
Uh, it depends on the operation.
377
00:22:06.505 --> 00:22:08.425
Sometimes we would have to, um,
378
00:22:08.915 --> 00:22:10.585
block driveways for few days.
379
00:22:11.365 --> 00:22:14.785
Um, it depends on what we, um,
380
00:22:16.245 --> 00:22:20.565
uh, through streets it would communicated through
381
00:22:20.705 --> 00:22:24.485
to the candidate to, it would be, um,
382
00:22:25.075 --> 00:22:27.845
72 hours notices provided to everybody.
383
00:22:29.065 --> 00:22:33.805
And if there was anyone with usually, um, assist with
384
00:22:33.805 --> 00:22:36.165
that situation to provide them access
385
00:22:36.185 --> 00:22:37.525
to the driveway all the time.
386
00:22:39.665 --> 00:22:40.965
Do you mind repeating that?
387
00:22:41.165 --> 00:22:44.405
'cause it kind of wasn't clear in the middle.
388
00:22:46.255 --> 00:22:50.525
Right. Um, so there's some,
389
00:22:50.755 --> 00:22:55.685
some operations it requires that we log driveways for ities.
390
00:22:56.355 --> 00:22:59.165
It's not gonna be like a same day, especially
391
00:22:59.185 --> 00:23:01.365
for the solution of secondary and storm work.
392
00:23:01.945 --> 00:23:05.605
Um, for what mean would be just the work hours for the day.
393
00:23:05.985 --> 00:23:09.925
Um, usually when there's someone who's any kind
394

00:23:09.925 --> 00:23:13.645
of disabilities we will talk to, we will reach out to Kathy
395
00:23:13.865 --> 00:23:17.245
and Kathy will coordinate with the contractor
396
00:23:17.265 --> 00:23:19.765
and us to provide them access all the time.
397
00:23:20.715 --> 00:23:22.205
Alright, so just two More questions. Is that
398
00:23:22.205 --> 00:23:23.205
There? Yeah. Two
399
00:23:23.205 --> 00:23:23.725
more questions.
400
00:23:23.785 --> 00:23:27.285
So those, you're gonna reach out to those affected.
401
00:23:27.425 --> 00:23:30.485
So all those, um, residents in those areas determine,
402
00:23:30.625 --> 00:23:32.525
or they'll let you know when you meet with them
403
00:23:33.035 --> 00:23:35.565
whether there's in disability or something going on
404
00:23:35.585 --> 00:23:36.885
and they would talk to you.
405
00:23:36.945 --> 00:23:38.045
Is that what I'm understanding?
406
00:23:39.555 --> 00:23:42.005
When Kathy took care of the survey,
407
00:23:42.265 --> 00:23:44.885
she would be surveying the reaching out
408
00:23:45.425 --> 00:23:46.645
all the residents there.
409
00:23:47.225 --> 00:23:50.365
Uh, we will get this information collected if there is
410
00:23:50.365 --> 00:23:51.805
anyone with any kind disability.
411
00:23:51.985 --> 00:23:54.765
But when we reach out to each block separately
412

00:23:55.025 --> 00:23:58.765
for the upcoming operation, the block, which is already, um,
413
00:23:58.985 --> 00:24:00.685
in the presentation here, um,
414
00:24:01.095 --> 00:24:03.005
where the residents will be affected,
415
00:24:03.005 --> 00:24:05.485
which looks exactly Alright. So, um,
416
00:24:06.475 --> 00:24:07.475
Yeah. And the last question
417
00:24:07.475 --> 00:24:09.965
is, um, with this construction,
418
00:24:10.095 --> 00:24:14.805
let's say there's, we see like rodents that are in that area
419
00:24:14.915 --> 00:24:17.565
that may be disturbed as a result of the construction.
420
00:24:17.575 --> 00:24:20.565
Maybe, uh, there may be, um, some that are hidden there.
421
00:24:20.565 --> 00:24:22.285
We don't know, whatever it may be.
422
00:24:22.555 --> 00:24:24.205
They may just be disturbed by this work.
423
00:24:24.815 --> 00:24:27.605
Would there be like an increased amount of inspection
424
00:24:27.865 --> 00:24:29.285
or control that will happen
425
00:24:29.385 --> 00:24:31.445
as a result of this construction?
426
00:24:31.445 --> 00:24:33.405
Just just in case that there's wildlife
427
00:24:33.405 --> 00:24:34.845
or whatever that's there that we're
428
00:24:34.845 --> 00:24:35.925
bothering as a result of this?
429
00:24:37.625 --> 00:24:40.015
There would be able in control, uh, as part
430

00:24:40.015 --> 00:24:41.855
of the contract and the contractor will
431
00:24:41.855 --> 00:24:42.895
perform that as needed.
432
00:24:43.475 --> 00:24:46.455
We much monthly. But if, if you see like a lot
433
00:24:46.455 --> 00:24:48.575
of orders everywhere and um,
434
00:24:49.115 --> 00:24:52.335
and need to scale it in like biweekly
435
00:24:52.335 --> 00:24:53.655
or weekly basis, you move.
436
00:24:54.565 --> 00:24:56.055
Okay. That was my last question. Thank you.
437
00:24:56.905 --> 00:24:59.175
Thank you Scott. Anybody else from the board?
438
00:25:06.755 --> 00:25:08.265
Thank you. Am I on?
439
00:25:08.725 --> 00:25:11.545
You talk about reaching out to people who are affected
440
00:25:11.645 --> 00:25:13.545
by whatever work you're doing at any given time.
441
00:25:14.125 --> 00:25:15.745
How are you reaching out? We can understand.
442
00:25:16.365 --> 00:25:18.905
We have no idea. You're gonna send flyers,
443
00:25:18.905 --> 00:25:19.905
you're gonna knock on doors.
444
00:25:20.175 --> 00:25:21.705
What is it? Thank you.
445
00:25:23.735 --> 00:25:25.745
Well, I'm gonna be knocking on doors.
446
00:25:26.295 --> 00:25:28.585
I'll be be in your neighborhood. Okay.
447
00:25:29.085 --> 00:25:31.865
As in addition to that, there will be flyers
448

00:25:31.865 --> 00:25:33.305
and notifications as mentioned.
449
00:25:33.305 --> 00:25:34.305
Ms.
450
00:25:36.455 --> 00:25:40.425
Anybody else from the board? Okay. Thank you very much.
451
00:25:43.475 --> 00:25:44.825
Thank you. Thank you.
452
00:25:44.975 --> 00:25:47.825
Jerry's gonna do the public sessions. Okay.
453
00:25:47.925 --> 00:25:49.665
Uh, first we have surgery.
454
00:25:57.385 --> 00:25:57.505
I,
455
00:26:03.685 --> 00:26:04.865
Uh, good everybody.
456
00:26:05.045 --> 00:26:06.825
Uh, my name is, uh, Sergio.
457
00:26:07.625 --> 00:26:10.505
I represent, uh, New York City Controller's office.
458
00:26:11.125 --> 00:26:13.345
I'm a new court of contact for
459
00:26:13.975 --> 00:26:16.025
home matters related to our office.
460
00:26:16.545 --> 00:26:17.585
I introduce myself
461
00:26:18.525 --> 00:26:22.065
and, uh, uh, every time when I go to meetings,
462
00:26:22.065 --> 00:26:23.665
everybody ask, oh, are you controller?
463
00:26:23.885 --> 00:26:27.185
No, bread land is out controller.
464
00:26:27.565 --> 00:26:30.265
So everybody, uh, knows this face.
465
00:26:31.165 --> 00:26:34.065
And, uh, second question, I, we've got, oh,
466

00:26:34.095 --> 00:26:35.145
control against money.
467
00:26:35.725 --> 00:26:40.345
No, uh, control watches over money house,
468
00:26:40.645 --> 00:26:41.785
uh, city agencies.
469
00:26:42.365 --> 00:26:46.885
And, uh, if the contract spend money, we not give money.
470
00:26:47.465 --> 00:26:51.885
Uh, you know, controller is chief auditor, chief person
471
00:26:52.545 --> 00:26:54.965
for, uh, New York City.
472
00:26:55.185 --> 00:27:00.045
And we also, um, dealing with all the, uh,
473
00:27:00.265 --> 00:27:03.765
New York City employees pension, uh, pension plan of
474
00:27:04.545 --> 00:27:06.325
former New York employees, one
475
00:27:06.325 --> 00:27:08.125
of the largest in, uh, United States.
476
00:27:08.345 --> 00:27:11.965
So we do all this stuff, which helps people
477
00:27:12.145 --> 00:27:14.205
to keep their pension coming.
478
00:27:15.025 --> 00:27:18.485
And, uh, I used to come to different meetings, uh,
479
00:27:19.075 --> 00:27:23.445
with a lot of, uh, brochures about recent reports or not,
480
00:27:23.505 --> 00:27:24.765
but now we try to save.
481
00:27:25.345 --> 00:27:27.205
So I'll name just a few things
482
00:27:27.385 --> 00:27:31.365
and all of these we can find on our website.
483
00:27:31.865 --> 00:27:33.205
Uh, city controller.
484

00:27:34.785 --> 00:27:39.285
So by, uh, city Charter, we, uh, do audit
485
00:27:39.425 --> 00:27:42.805
of every city agency once every four years.
486
00:27:43.665 --> 00:27:46.485
And also doing a report of some, uh,
487
00:27:47.235 --> 00:27:51.805
most critical things like we did some report about nycha uh,
488
00:27:52.065 --> 00:27:54.085
in October we heard the report,
489
00:27:54.305 --> 00:27:58.205
or actually some, uh, the reason
490
00:27:58.265 --> 00:28:01.725
for the report about micro vulnerability was a large
491
00:28:02.645 --> 00:28:05.965
increase in complaints to 3 1 1 about those, you know,
492
00:28:06.245 --> 00:28:09.925
electrical bikes, scooters like that and so forth.
493
00:28:09.985 --> 00:28:13.645
So about safety, this so feel unsafe, a lot of incidents.
494
00:28:14.145 --> 00:28:18.525
So we had this, uh, strategic plan for street safety in the,
495
00:28:18.705 --> 00:28:22.405
uh, this area of micro mobility on our website.
496
00:28:23.065 --> 00:28:27.525
Uh, we, uh, did a report, uh, about the 12th,
497
00:28:27.865 --> 00:28:30.445
uh, university of San uh,
498
00:28:30.545 --> 00:28:33.845
how safe is the city right now in terms
499
00:28:33.925 --> 00:28:35.445
of upcoming hurricanes.
500
00:28:35.825 --> 00:28:38.485
We found a lot of, um, shortcomings.
501
00:28:39.025 --> 00:28:40.805
We, you issued some recommendations.
502

00:28:41.185 --> 00:28:42.325
And that's a big report.
503
00:28:42.345 --> 00:28:45.045
So again, go to, please go to our website.
504
00:28:45.625 --> 00:28:48.685
And also in addition to, uh, these critical reports,
505
00:28:48.745 --> 00:28:52.525
we have a dashboard, dashboard about climate change,
506
00:28:52.795 --> 00:28:56.885
climate dashboard, how New York agencies perform,
507
00:28:57.665 --> 00:29:01.205
and, uh, many other things you can find.
508
00:29:01.825 --> 00:29:05.925
And the last, uh, about we have what we call, uh,
509
00:29:05.925 --> 00:29:07.125
community Action Center.
510
00:29:07.555 --> 00:29:10.245
When people have any issues, concerns,
511
00:29:10.745 --> 00:29:12.605
we can give an email to us.
512
00:29:13.145 --> 00:29:14.885
Action atr.
513
00:29:15.275 --> 00:29:19.405
Invoice this on front.
514
00:29:19.715 --> 00:29:24.485
4 0 2 1 2 6 6 9 3 9 1 6.
515
00:29:27.875 --> 00:29:32.685
Have any questions? Thank you. And thank you.
516
00:29:32.685 --> 00:29:36.565
Thank you Grace.
517
00:29:40.545 --> 00:29:41.545
Two minutes please.
518
00:29:48.975 --> 00:29:51.045
Sorry, this is my first time at this meeting
519
00:29:51.185 --> 00:29:55.605
and I didn't know how or what you're gonna speak about.
520

00:29:56.265 --> 00:29:57.965
Uh, my concern is,
521
00:29:59.505 --> 00:30:01.165
and I told, I'm supposed to make a statement
522
00:30:01.165 --> 00:30:05.125
that the question is, parking is getting very bad.
523
00:30:05.235 --> 00:30:06.605
It's getting very dangerous
524
00:30:07.235 --> 00:30:09.285
because if there's a piece of land,
525
00:30:09.285 --> 00:30:10.325
they're putting a house on it.
526
00:30:11.225 --> 00:30:13.885
And so now there is no place to park anywhere.
527
00:30:13.945 --> 00:30:17.805
So people are double parking or blocking areas.
528
00:30:18.945 --> 00:30:21.605
Is there gonna be away? Or how can they be away?
529
00:30:21.635 --> 00:30:25.605
What can we do? Can we park on our own lawns, so to speak?
530
00:30:25.605 --> 00:30:27.525
Because I was told that you can't park on the lawn
531
00:30:27.525 --> 00:30:30.125
because it's an environmental such and such.
532
00:30:30.425 --> 00:30:32.125
So that is not technically correct
533
00:30:32.125 --> 00:30:34.485
because right underneath six inches of dirt, a bunch
534
00:30:34.485 --> 00:30:37.645
of clay, you know, so I, I don't know
535
00:30:37.645 --> 00:30:38.845
what the purpose of that is.
536
00:30:39.465 --> 00:30:43.285
And my other concern is we were
537
00:30:44.195 --> 00:30:46.285
told that we had to buy the garbage pails.
538

00:30:46.715 --> 00:30:48.045
They were \$50 a piece.
539
00:30:48.625 --> 00:30:52.125
And the problem is, is that 3 1 1, the Department
540
00:30:52.125 --> 00:30:55.605
of Sanitation, the garbage ma the individual sanitation
541
00:30:55.605 --> 00:30:58.085
departments, nobody had an answer
542
00:30:58.465 --> 00:31:00.725
to give when it says November 29th
543
00:31:00.905 --> 00:31:02.325
and now it's January something.
544
00:31:02.385 --> 00:31:06.285
And then so what's happening is you pay for garbages
545
00:31:06.355 --> 00:31:07.645
that are now as the garbage
546
00:31:07.785 --> 00:31:11.675
and driving by a car comes behind them and takes garbage.
547
00:31:12.775 --> 00:31:14.755
All the little brown garbages are disappear.
548
00:31:15.175 --> 00:31:17.675
People should getting the tax rebate or something for that.
549
00:31:18.555 --> 00:31:20.035
I mean, we are mandated to do it
550
00:31:20.035 --> 00:31:21.795
because we can't use our own new garbage pills
551
00:31:21.795 --> 00:31:23.875
that we've had and now we have to get these.
552
00:31:24.615 --> 00:31:27.475
So I think some consideration should be made
553
00:31:28.695 --> 00:31:31.875
for us people if we don't have a salary, given what a piece
554
00:31:31.875 --> 00:31:34.635
of salary for 20, I pay for garbage bill.
555
00:31:34.655 --> 00:31:36.275
You know, and they're stealing them.
556

00:31:37.175 --> 00:31:40.475
So my goal would be for the parking in the driveway
557
00:31:40.615 --> 00:31:42.875
or patch of land, whatever it is.
558
00:31:43.175 --> 00:31:45.635
If you have property space, we should be allowed to do that.
559
00:31:46.455 --> 00:31:48.315
And I don't know who else to speak to.
560
00:31:49.695 --> 00:31:52.435
You have a specific area that you're talking about?
561
00:31:53.215 --> 00:31:56.195
Um, I, I guess I live in Mid Island. That's what,
562
00:31:56.455 --> 00:31:57.455
Mid island. Okay. Thank
563
00:31:57.455 --> 00:31:57.675
you.
564
00:32:01.465 --> 00:32:02.515
What street you talking about?
565
00:32:03.695 --> 00:32:08.515
Oh, you go to Han Grassed. Um, tra uh, Travis.
566
00:32:08.825 --> 00:32:10.195
Okay. Double park.
567
00:32:10.625 --> 00:32:13.915
Alright, thank you. Yes,
568
00:32:15.685 --> 00:32:16.685
Thank you.
569
00:32:29.295 --> 00:32:30.395
Hi everybody. My name's.
570
00:32:30.895 --> 00:32:33.075
I'm a representative here from assembly member
571
00:32:33.135 --> 00:32:34.155
to your sister's office.
572
00:32:34.935 --> 00:32:36.435
Um, I don't have any updates,
573
00:32:36.535 --> 00:32:38.635
but I just wanted to say that I will be here the end
574

00:32:38.635 --> 00:32:40.845
of the meeting if you guys have any concerns that
575
00:32:41.385 --> 00:32:42.525
our office can help you with.
576
00:32:42.905 --> 00:32:45.245
Um, and I just wanted to wish everybody happy holidays.
577
00:32:45.415 --> 00:32:46.725
Thank you. Thank you.
578
00:32:58.235 --> 00:33:00.725
Good evening everyone. Jennifer Miller, New York City Parks.
579
00:33:00.745 --> 00:33:02.685
Um, just a few quick updates on events
580
00:33:02.685 --> 00:33:04.365
that are happening in the next couple of weeks.
581
00:33:05.105 --> 00:33:08.445
On December 22nd, uh, at the Green Belt Nature Center,
582
00:33:08.585 --> 00:33:10.725
the Urban Park Rangers are gonna lead, uh,
583
00:33:10.725 --> 00:33:11.965
best ugly sweat our height.
584
00:33:12.385 --> 00:33:13.805
So if you're interested in coming out
585
00:33:13.805 --> 00:33:16.885
for this festival event, uh, it's gonna start at 11:00 AM
586
00:33:17.625 --> 00:33:21.045
In addition to that, on December 24th, Christmas Eve, um,
587
00:33:21.045 --> 00:33:24.485
at 1:00 PM at the Ocean Breeze Pier, um,
588
00:33:24.485 --> 00:33:27.085
there's gonna be a winter coastal ecology for kids.
589
00:33:27.385 --> 00:33:28.445
Uh, discover the nature
590
00:33:28.505 --> 00:33:31.605
and beauty of the Ocean Breeze Park on a winter exploration
591
00:33:31.605 --> 00:33:33.565
hike with the Urban Park Rangers.
592

00:33:33.905 --> 00:33:36.285
Winter brings changes to local Florida
593
00:33:36.345 --> 00:33:38.005
and Fauna along their shoreline.
594
00:33:38.665 --> 00:33:41.245
Uh, in addition to that, on December 26th,
595
00:33:41.555 --> 00:33:43.245
there's gonna be a winter bingo
596
00:33:43.245 --> 00:33:45.245
for kids at Fresh Hills North Park.
597
00:33:45.705 --> 00:33:49.285
That's gonna start at 11:00 AM Explore your curiosity while
598
00:33:49.285 --> 00:33:51.165
trying to score five items in a row
599
00:33:51.165 --> 00:33:52.565
as you learn all about things.
600
00:33:52.565 --> 00:33:54.325
Winter at Fresh Coast Park,
601
00:33:56.635 --> 00:33:59.085
There's also gonna be a New Year's Day hike, um,
602
00:33:59.145 --> 00:34:02.565
on January 1st at, uh, deer Park in the green belt.
603
00:34:02.945 --> 00:34:06.615
That's gonna start at 11:00 AM And then in addition to that,
604
00:34:06.695 --> 00:34:07.775
I know it's winter, uh,
605
00:34:07.875 --> 00:34:10.415
but we are talking about lifeguards, uh,
606
00:34:10.615 --> 00:34:13.495
'cause we are currently, uh, doing the qualifying tests
607
00:34:13.715 --> 00:34:15.215
for, uh, lifeguards.
608
00:34:15.215 --> 00:34:16.895
There will be some locations in
609
00:34:16.895 --> 00:34:18.095
Staten Island to take the test.
610

00:34:18.635 --> 00:34:19.775
Uh, qualifications.
611
00:34:20.275 --> 00:34:22.575
You must be at least 16 years of age by the start
612
00:34:22.575 --> 00:34:26.015
of employment, have at least 2030 vision in one eye
613
00:34:26.015 --> 00:34:28.335
and 2040 in the other without corrective lenses.
614
00:34:29.075 --> 00:34:31.975
Uh, be able to swim 50 yards in 45 seconds
615
00:34:32.035 --> 00:34:33.695
or less with proper form.
616
00:34:34.195 --> 00:34:35.855
Um, and that's all the updates I have.
617
00:34:35.855 --> 00:34:37.695
If anybody has any questions, feel free to,
618
00:34:37.755 --> 00:34:39.135
to reach out to me after the meeting.
619
00:34:39.145 --> 00:34:43.215
Thank you. Thank you, Ryan, please.
620
00:34:48.825 --> 00:34:49.175
Hello
621
00:34:49.535 --> 00:34:50.535
Everyone. I know you're used to
622
00:34:50.535 --> 00:34:51.815
Sophie, but she's visited the
623
00:34:51.815 --> 00:34:53.455
holidays, uh, visiting her family
624
00:34:53.475 --> 00:34:54.535
for the holidays this season.
625
00:34:54.635 --> 00:34:55.775
So I'm just filling in tonight.
626
00:34:56.035 --> 00:34:58.615
And as promised, uh, we'll be bringing in a DA to all
627
00:34:58.615 --> 00:35:00.655
of our meetings, uh, to give a little bit of a feel about,
628

00:35:00.835 --> 00:35:02.335
you know, a little bit outside the courtroom,
629
00:35:02.335 --> 00:35:03.375
the people that they're representing.
630
00:35:03.375 --> 00:35:05.295
So, want to introduce a DA Gianna?
631
00:35:06.835 --> 00:35:08.855
Hi everyone, my name's Gianna Ello.
632
00:35:08.975 --> 00:35:11.175
I represent Michael McMahon at the Staten
633
00:35:11.175 --> 00:35:12.215
Island District Attorney's Office.
634
00:35:12.765 --> 00:35:13.935
I've only been there a few months.
635
00:35:14.415 --> 00:35:16.415
I am here for any questions you may have.
636
00:35:16.575 --> 00:35:18.735
I I can't promise that I, I know 'em,
637
00:35:18.735 --> 00:35:20.695
but I'll be sure to try to find that.
638
00:35:21.305 --> 00:35:22.305
Thank you.
639
00:35:22.755 --> 00:35:24.815
Uh, and now let's just jump really quickly into some
640
00:35:24.815 --> 00:35:26.015
successful prosecution.
641
00:35:26.165 --> 00:35:28.735
This past month, uh, we've been working on our trial
642
00:35:28.755 --> 00:35:32.255
for about four years, uh, for Ms uh, jihad Hansey,
643
00:35:32.255 --> 00:35:34.335
who unfortunately was the victim of, uh,
644
00:35:34.345 --> 00:35:36.655
blind shooting into a music studio in Stapleton
645
00:35:36.655 --> 00:35:37.765
about four years ago.
646

00:35:38.145 --> 00:35:40.125
Um, there were three co-conspirators for this.
647
00:35:40.305 --> 00:35:42.365
Uh, one of the individuals, Darren Boyd.
648
00:35:42.705 --> 00:35:45.165
Um, we put him, uh, through trial
649
00:35:45.345 --> 00:35:47.725
and offered his lawyer 43 and a half years.
650
00:35:48.185 --> 00:35:49.845
Um, his lawyer thought that, uh,
651
00:35:49.845 --> 00:35:51.045
he could get a lesser sentence.
652
00:35:51.045 --> 00:35:52.925
So our adas worked double time in the courtroom.
653
00:35:53.305 --> 00:35:56.805
Our narcotics investigation bureau was able to get 48
654
00:35:56.805 --> 00:35:59.365
and a third to 51 years to life.
655
00:35:59.785 --> 00:36:01.845
Um, so it's safe to say that Boyd is going
656
00:36:01.845 --> 00:36:03.085
to be spending the oppressed of his life
657
00:36:03.085 --> 00:36:04.245
behind bars for his actions.
658
00:36:04.705 --> 00:36:06.565
Um, any instance of gun violence in the island,
659
00:36:06.655 --> 00:36:08.325
we're gonna hit with the fullest extent of the law.
660
00:36:08.505 --> 00:36:10.325
So we hope this serves as a deterrent for those
661
00:36:10.325 --> 00:36:12.165
that consider the use of illegal firearms
662
00:36:12.725 --> 00:36:14.245
a little bit more on scams.
663
00:36:14.525 --> 00:36:16.365
'cause unfortunately, our seniors are being targeted.
664

00:36:16.785 --> 00:36:19.405
We recently had a case with defendant, um, ak.
665
00:36:19.905 --> 00:36:22.365
Um, he tricked a senior lady into giving over
666
00:36:22.365 --> 00:36:24.045
\$40,000 in cash.
667
00:36:24.545 --> 00:36:26.965
Um, a lot of the times our economic crime bureau works
668
00:36:26.965 --> 00:36:28.365
really hard on these cases, but it's
669
00:36:28.365 --> 00:36:29.485
hard to get that restitution.
670
00:36:29.785 --> 00:36:31.765
But in addition to a hefty prison sentence,
671
00:36:31.785 --> 00:36:32.925
who are actually able
672
00:36:32.925 --> 00:36:36.005
to have the defendant pay back in the full amount.
673
00:36:36.345 --> 00:36:39.165
Um, so no money was lost. He was forced to pay restitution.
674
00:36:39.545 --> 00:36:41.165
And just let this serve as a reminder.
675
00:36:41.185 --> 00:36:43.245
Always be wary of who you're talking to on the phone.
676
00:36:43.705 --> 00:36:45.925
Uh, if someone claims to be your bank or your,
677
00:36:45.945 --> 00:36:48.885
or your employer, uh, always just verify their information.
678
00:36:49.465 --> 00:36:51.925
And of course, uh, we also have some gifts
679
00:36:52.115 --> 00:36:53.525
that we like to give everyone today.
680
00:36:53.655 --> 00:36:54.925
Check washing is on the rise,
681
00:36:54.985 --> 00:36:56.685
but if you use gel based ink,
682

00:36:56.745 --> 00:36:58.005
you're safe from check washing.
683
00:36:58.145 --> 00:37:00.165
So we have some pens, some pet calendars,
684
00:37:00.345 --> 00:37:02.565
and some Christmas ornaments to celebrate the holidays.
685
00:37:02.865 --> 00:37:04.085
Uh, if you have any questions
686
00:37:04.085 --> 00:37:05.005
for us, we're here till the end
687
00:37:05.005 --> 00:37:05.965
of the meeting. Thank you so much.
688
00:37:06.575 --> 00:37:10.365
Thank you. We have some people online.
689
00:37:10.625 --> 00:37:13.405
Uh, Robert from Senator Lance's office.
690
00:37:16.215 --> 00:37:17.275
Hey, evening everybody.
691
00:37:17.565 --> 00:37:18.915
Sorry I can't see you on the screen.
692
00:37:19.355 --> 00:37:21.595
I don't have anything to report out. Just wish.
693
00:37:21.805 --> 00:37:23.115
Happy holidays. And I'm
694
00:37:28.115 --> 00:37:31.285
Nick from, uh, assemblyman Paris Zola's office.
695
00:37:32.955 --> 00:37:35.245
Good evening everyone. I hope you're all doing well.
696
00:37:35.425 --> 00:37:37.285
On behalf of Assemblyman Rizzolo
697
00:37:37.285 --> 00:37:39.165
and our entire office team, one wish issue,
698
00:37:39.165 --> 00:37:40.365
a very happy holidays.
699
00:37:41.025 --> 00:37:42.965
Uh, Merry Christmas. Happy Hanukkah.
700

00:37:42.965 --> 00:37:44.525
Happy Kwanza, happy New Year.
701
00:37:45.305 --> 00:37:48.565
Uh, we look forward to getting back in session next month.
702
00:37:48.665 --> 00:37:50.965
So if you have any legislative priorities you'd like
703
00:37:50.965 --> 00:37:52.005
to address with our office,
704
00:37:52.385 --> 00:37:54.085
please feel free to reach out at any time.
705
00:37:54.295 --> 00:37:55.295
Thank you all very much.
706
00:37:56.455 --> 00:37:59.525
Thank you Jean from, uh, Travis.
707
00:38:05.045 --> 00:38:06.045
Jean, are you witness?
708
00:38:07.955 --> 00:38:11.255
Yes. Thank you. Uh, I have two questions.
709
00:38:11.515 --> 00:38:13.655
Uh, one is, uh,
710
00:38:13.795 --> 00:38:16.855
on the race the road project of Travis Avenue.
711
00:38:17.255 --> 00:38:18.855
I was wondering if there was a more up
712
00:38:18.855 --> 00:38:20.895
to date PowerPoint presentation.
713
00:38:21.395 --> 00:38:24.695
Uh, the one that I got, I recently, uh,
714
00:38:25.095 --> 00:38:26.935
reference dates back in 2017.
715
00:38:27.175 --> 00:38:29.095
I think that was the inception of the idea.
716
00:38:29.835 --> 00:38:32.495
And, uh, it really, uh, seems very outdated.
717
00:38:32.755 --> 00:38:36.365
So, uh, if there is a more up to date, uh, PowerPoint
718

00:38:36.365 --> 00:38:38.885
Presentation, if I could be sent that
719
00:38:38.985 --> 00:38:42.125
And I could distribute it to my contacts in Travis.
720
00:38:42.905 --> 00:38:46.285
Uh, my second question Is, has there been any
721
00:38:46.605 --> 00:38:49.205
Movement on the ion battery site?
722
00:38:50.145 --> 00:38:52.565
Uh, proposed
723
00:38:52.825 --> 00:38:55.885
for Victory Boulevard? Uh, we
724
00:38:55.885 --> 00:38:57.005
Got 11 acres of land
725
00:38:57.005 --> 00:39:01.485
Over there and, uh, people are very nervous about, uh, the
726
00:39:01.485 --> 00:39:03.165
Potential of the ion battery
727
00:39:03.395 --> 00:39:07.405
Site or 650 megawatts going on to that site.
728
00:39:07.845 --> 00:39:10.125
I read in the paper, uh, about a fire
729
00:39:10.945 --> 00:39:12.965
Staten Island Tech this past week,
730
00:39:13.585 --> 00:39:16.925
Uh, as a, because of an ion battery, uh,
731
00:39:16.925 --> 00:39:19.005
that they were using in one of their projects.
732
00:39:19.425 --> 00:39:21.245
And it took almost the entire fire
733
00:39:21.245 --> 00:39:22.685
Department to come and put that,
734
00:39:23.115 --> 00:39:24.365
That thought out.
735
00:39:24.545 --> 00:39:25.645
So imagine
736

00:39:25.755 --> 00:39:30.005
what would happen in a 650 megawatt ion battery site.
737
00:39:30.295 --> 00:39:33.705
Thank you. And happy hug. Thank you very much.
738
00:39:33.775 --> 00:39:34.825
That concludes the
739
00:39:34.825 --> 00:39:36.585
Public session speaking. Thank
740
00:39:36.585 --> 00:39:37.585
You. Thank you.
741
00:39:37.585 --> 00:39:40.065
Jerry. Standing committee
742
00:39:40.085 --> 00:39:41.545
report the capital expense.
743
00:39:41.645 --> 00:39:45.145
Ron ey No report. No report. Thank you, your Honor.
744
00:39:45.975 --> 00:39:49.585
Environmental, Mr. Zico? No report. Okay.
745
00:39:51.285 --> 00:39:55.705
Um, traffic transportation. Mr. Torres, no report.
746
00:39:56.255 --> 00:40:00.745
Okay. You services, Sandy, no report.
747
00:40:01.915 --> 00:40:05.265
Thank you very much. Hold
748
00:40:05.545 --> 00:40:09.425
business, new business.
749
00:40:11.285 --> 00:40:12.545
Oh, I wanna go back
750
00:40:12.545 --> 00:40:15.265
to the old business just real quickly for the board members.
751
00:40:15.915 --> 00:40:18.465
Again, please be advised of all board meetings.
752
00:40:19.085 --> 00:40:23.385
Are you person? We have no new business. All motion.
753
00:40:24.055 --> 00:40:27.945
Make a motion. Ajour. Is
754

00:40:27.945 --> 00:40:30.185
It, are the elected officials still on the
755
00:40:30.185 --> 00:40:31.225
site with us now?
756
00:40:33.415 --> 00:40:37.025
Yeah. Okay. Just to everybody knows back has been increased.
757
00:40:37.205 --> 00:40:37.425
Oh,
758
00:40:43.315 --> 00:40:43.945
We've been reading.
759
00:40:44.055 --> 00:40:45.545
This is for the elected officials.
760
00:40:45.805 --> 00:40:47.745
And I wonder if you could get back to us on this.
761
00:40:48.045 --> 00:40:49.985
Uh, we've been reading a lot about the drones.
762
00:40:50.145 --> 00:40:51.505
I haven't personally witnessed it,
763
00:40:51.725 --> 00:40:54.385
but also there's an increase of helicopters.
764
00:40:54.385 --> 00:40:56.025
I've heard from people in Travis.
765
00:40:56.175 --> 00:40:59.025
I've heard people in New York, um, Richmond town,
766
00:40:59.025 --> 00:41:01.625
they say every evening from maybe four to eight,
767
00:41:01.695 --> 00:41:04.585
that every 15 minutes another helicopter goes by
768
00:41:04.765 --> 00:41:06.465
and people saying their houses are shaken.
769
00:41:06.485 --> 00:41:08.625
So, uh, I don't know what's going on with that,
770
00:41:08.725 --> 00:41:10.025
but it really is noticeable.
771
00:41:10.405 --> 00:41:12.185
And I'm just wondering if anybody, uh,
772

00:41:12.415 --> 00:41:15.865
with our elected officials are getting in touch with the FAA
773
00:41:16.005 --> 00:41:17.865
and have they received a lot of complaints?
774
00:41:18.935 --> 00:41:21.025
It'd be nice if they were here to answer that.
775
00:41:28.335 --> 00:41:29.785
Yeah, so, uh, we have been
776
00:41:29.875 --> 00:41:31.465
Aware of the situation for the past year.
777
00:41:31.525 --> 00:41:32.825
I'm representing D McMahon.
778
00:41:33.025 --> 00:41:35.845
Um, we have, uh, monitored a lot of flight patterns.
779
00:41:35.885 --> 00:41:37.565
A lot of 'em are coming out of Lyndon jersey.
780
00:41:37.905 --> 00:41:40.205
So we wrote a letter of support to the mayor there to try
781
00:41:40.205 --> 00:41:42.725
to crack down on what's going on and what the situation is.
782
00:41:43.185 --> 00:41:46.045
Um, unfortunately it does seem like they're within FAA
783
00:41:46.045 --> 00:41:47.765
regulation, so we've been working with some elect,
784
00:41:47.765 --> 00:41:50.165
other elected delegation to try to, you know,
785
00:41:50.165 --> 00:41:51.805
crack down on the helicopter noise.
786
00:41:51.945 --> 00:41:54.205
But unfortunately, um, it's, uh,
787
00:41:54.205 --> 00:41:56.485
it seems like it's from coming over from Jersey.
788
00:41:56.545 --> 00:41:58.485
So we're gonna need cooperation from our other states.
789
00:41:59.185 --> 00:42:00.245
The helicopter? Mm-hmm.
790

00:42:00.325 --> 00:42:01.725

Yeah, the helicopters, not the drones.

791

00:42:01.745 --> 00:42:02.885

I'm speaking on helicopters.

792

00:42:04.095 --> 00:42:08.965

Thank. Okay. Thank you. Make a motion to adjourn.

793

00:42:09.235 --> 00:42:14.085

Okay. Thank you everybody for coming. See.
