NOTICE: Woodside Inspection Facility Reconstruction Begins 12/5/22

The Taxi and Limousine Commission's (TLC) Woodside Inspection Facility, located at 24-55 Brooklyn Queens Expressway West, Woodside, NY 11377, is undergoing construction to better serve licensees. Improving service efficiency and reducing inspection time, this project will create an additional inspection lane to accommodate increasing appointments and expand inspection queuing, preventing congestion and streamlining traffic patterns at the facility's entrance and exit. The TLC anticipates the reconstruction process to take approximately four years.

The inspection facility will remain open, operating at a modified capacity during normal business hours. TLC strongly encourages licensees to arrive on time for their appointments.

Beginning on December 5, 2022, and continuing throughout the reconstruction process, licensees should anticipate the following changes at the inspection facility:

- Changing traffic flows; drivers should not wait on the street.
- Reduced inspection lanes; you will be directed where to exit the property.
- Temporary relocation of the Hacksite to the modular office; no vehicle access is allowed.
- Relocation of inspections for hack-ups, visuals, and notices of violation.
- Modified schedule for some inspections.
- Limited capacity in the customer waiting room.
- Changes to public restrooms.

Please drive slowly when at the facility and pay attention to signs and directions given. We appreciate your patience and cooperation during this time and will communicate any changes impacting operations.

If you have questions about the reconstruction, please email tlcexternalaffairs@tlc.nyc.gov.

Sincerely,

Taxi and Limousine Commission
